# COUNCIL PROCEEDINGS

## SPECIAL SESSION.

Special session of the Council, held for the purpose of organization, at the Council Chamber, City Hall, on Monday, January 2, 1911, at 12 o'clock noon.

The Clerk called the Board to order.

Present—Councilmen Anderson, Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pfugh, Volk and Wren.

Absent—None.

The following communication from His Honor Mayor Gonzales was presented, read and received:

Mayor's Office,

Hoboken, N. J., Dec. 31, 1910.

Mr. James H. Londrigan, City Clerk:

Dear Sir—You will please call a meeting of the Council for Monday, January 2, 1911, at 12 o'clock noon, for the purpose of organization and the transaction of such other business as may come before it.

Respectfully yours,

GEORGE GONZALES,

Mayor.

The Clerk stated the first business in order would be the election of a permanent Chairman of the Council for the ensuing year.

Absent—None.

The following report was presented and read:

The Committee to whom was referred the annual message of His Honor the Mayor, do respectfully report that said annual message be read by the Clerk, spread in full on the minutes of the Council, and that five hundred copies thereof be printed for public distribution.

PATRICK H. DUFFY,  
BERNARD McFEELY,  
JAMES G. LARKIN,

LOUIS H. BELLOFF,  
GEORGE LA POINTE.

On motion of Councilman Wren the report was received and the recommendation adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The second annual message of His Honor Mayor Gonzales was presented, read and received:

January 1, 1911,

To the Council,

"Gentlemen—On January 1, 1910, in my previous annual message, I submitted to the Council for its consideration, suggestions and recommendations in reference to the conduct of the city's business. After reading the message in the formal way, as usual, there have been few suggestions or recommendations acted upon during the past year, although I have tried in every possible way to bring about the recommendations benefiting the city government, as stated in my previous message.

"It is well to state, although it has been repeated, that the Mayor of the City of Hoboken has but a limited power, not sufficient to compel an efficient and economical government unless the Council and the committees of the Council have the interest of the city at heart, so that all good measures for the benefit of the citizens would be acted upon earnestly and with a sincere desire of benefiting the public, and not with a view of helping a political party or any set of politicians, to their advantage. In the past, it has been a business of politics and not a business for the benefit of the City of Hoboken.

"This city, as now governed, with the powers distributed among the numerous boards and committees, cannot have that careful supervision which would bring about a thorough, economical and businesslike administration, and I recommend that the charter of the City of Hoboken be so amended as to have the powers of the government of the City of Hoboken centralized into a small commission, and also a finance board, so that the finances of the city will not be kept in the antiquated and obsolete fashion, as has been done in the past, and which is evidenced from the report of the expert accountant, and which, I am satisfied, was done when I accepted office; I have tried to bring about some

system whereby the finances of the city could be properly guarded.

"There are no doubt that there are a number of persons or citizens and taxpayers in the City of Hoboken who are absolutely contented with the government as it has been in the past, and who have not exerted themselves to inquire into the methods now used or which have been used. It occurs to the average taxpayer and citizen to merely watch his tax bill. A raise in the amount of his tax bill over the previous year seems to be his only guide as to how the city is being governed. Further than this, he does not concern himself. I am satisfied, if the citizens were to co-operate, as they have in other matters in which I was interested, they would be enthusiastic in bringing about a betterment of the conditions.

"The City of Hoboken has lost, as is well known, during previous administrations, our most valuable assets, such as the water fronts and franchises granted to the corporations which have taken all and given the city nothing in return. I call the attention of the Council to this for the purpose of making reference to it in connection with the law department and to guard against the grab of the corporations. There is but little left to the citizens of Hoboken, and it is my desire to save what is left, small as it is.

#### FINANCE DEPARTMENT.

"During the past year there has been at work on the books in the different departments in the city an expert accountant to change the methods and system employed in the conduct of the city affairs, which have been found to be, as before stated, antiquated, the different departments using the same system which has been in use since the incorporation of the city. The accountant found in some departments, that it was impossible to ascertain the correct data from said departments.

"The new method makes it possible to ascertain at once, from the books of the City Comptroller, the results of the operation of the budget and the balances of all departments, requirements and obligations; the condition of the various sinking funds; the future requirements of the said funds necessary to redeem all the bonds when due; the bonds in which the said funds are invested, the amount of interest necessary to be earned during the life of each of the funds. Now, the system

requires the Comptroller to keep the entire records of the city as the law directs. Now, the Treasurer has control of the cash in each and all of the various banks of deposit, and is able, at any time of the day, to show the balances in the banks.

"The Treasurer is now depositing cash in the banks in separate funds. This system closely follows the requirements of the United States Government for a city of twenty-five thousand inhabitants or more, and is approved of, so I am informed by Mr. Shinn, the accountant, by the National Association of Municipalities, and I feel confident that everything is being done to safeguard the interest of the city.

"The complaint of the citizens of the large and growing tax assessment in the City of Hoboken is a just complaint, and there should be a reason given by me for this increase in the tax rate. I call the attention of the taxpayers to the fact that our County Board of Freeholders has wasted money extravagantly, and it would be well for them to watch the present county government.

"The expenditure of a million dollars for a viaduct at Fourteenth street is one of the most extravagant expenditures that has ever occurred in this county, and if the taxpayers were to consider that the City of Hoboken pays about thirty-eight per cent. of the cost of all the county public improvements, they would begin to realize how their money is being expended, and further, the City of Hoboken is not benefited one iota by this viaduct crossing over the upper part of the city, and the viaduct now, as built, if the city will allow the county to raise the grade of the streets, so as to meet the approach to the viaduct will damage all the surrounding properties, and, as yet, there has not been a proposition presented whereby these property holders will be compensated.

"In the city the past administrations have not provided, as the law required, for the laying aside of sufficient money to meet outstanding liabilities. In former administrations, the Chief Executive, notwithstanding the law requiring a fund to be set aside to meet certain bonds and other liabilities, obtained an opinion which is of record, from a former city counsel, by which he advised that the fund apparently required to be laid aside yearly need

not be laid aside to meet the yearly obligations as they accrue, so, by reason of this opinion and the actions of the former administrations, a large amount of debt has accumulated which must be provided for. There is no doubt that this evasion of the requirements of the law was done for the purpose of reducing the taxes at the time, the taxpayers of the present being obliged to suffer.

"I have thought it my duty not to let this matter linger and try to avoid the responsibility of this debt, and made provisions for it so that future administrations will be guided by the action of our present administration, and the burden will be carried on in installments yearly, and hereafter we will not have a large accumulation for some other administration to meet in one year.

#### LAW DEPARTMENT.

"This is one of the most important departments of our city government, and I spoke of the necessity of having a law department, having its offices in the City Hall, with a competent lawyer continually in attendance.

"The City of Hoboken has become so large that consultations with the law department are required hourly and daily, and as our law department is now constituted we have a counsel, who has his own offices and a large practice, and cannot, for the small compensation, give the city his entire time, and a number of times he would have clients whose interests conflict with the city's interest. We also have a city attorney who should be in attendance, but as he is paid a small compensation he cannot give the city his entire time, and under these circumstances has represented clients whose interests are opposed to that of the city, which is a sad state of affairs for a city as large as Hoboken.

"A municipality of the size of Hoboken should not require men or standing in the profession to give their entire time for the small compensation now paid, and it would be better for the government to have in attendance one man, properly compensated and competent to take charge of the city's business, with an office fully equipped at the City Hall, so that he may not only be consulted, but undertake the important business required of him immediately. There are times when immediate action is necessary, and to go about the city of Hoboken looking for the city counsel or the city

attorney (who is likely be on business of his own) for the purpose of protecting the city's interest, is uncalled for and is economizing in the wrong direction.

#### STREET CLEANING DEPARTMENT

"The business people on Washington street have for some time agitated the paving of Washington street. I hope, before this paving is done, that proper provisions will be made to have all wires laid underground and that as many of the objectionable poles now on the streets and posts encumbering the sidewalks be removed.

"At present, in First street, there is a new concrete sewer being laid, to replace the old wooden-box sewer, which has become useless. This street is also to be repaved, which will require the expenditure of a large amount of money. The work and materials furnished should be good and substantial, but to obtain such work as the city is paying for requires wise and honest supervision.

"The street cleaning department should be supervised by your committee more strictly as to expenditures, and I shall in the future, from time to time, recommend such supervision and economies in this department, to the end that this department obtain its equivalent for the amount of moneys spent.

"The adoption of the uniform by the street cleaning department was a needed improvement and beneficial.

"My intention was to make room for the street cleaning department in the City Hall, so that this important department could be under the direction and supervision of the committee and of the street commissioner, who has offices in the City Hall.

#### POLICE DEPARTMENT.

"I feel that only words of praise and commendation can express the work done by this department. Almost without exception, the officers and men comprising the department, give unselfishly, their time and ability to make their branch of the city government one of the best, if not the best, in the State. I am afraid I should not do justice to the department if I failed to point with pride to the work accomplished during several weeks of the past few months when the express company employees were out on strike.

"Other cities adjoining Hoboken were scarcely able to cope with the disorders that arose, but here in Hoboken, the

headquarters of the trouble, our men, under the command of competent officers, took the matter in hand and without injustice to any one person, kindly, but firmly, showed how thoroughly an efficient department can accomplish that which it sets out to do. I earnestly hope to see the police department given larger quarters when we have the use of the entire building for city purposes.

"I would suggest the advisability of creating a new department of the police, to be known as the "traffic squad," be considered. The enormous growth of traffic in Hoboken, and the possibility of a still greater growth should compel us to make some provision for present and future conditions. Other cities that have not attained the proportions of our city in this special line, have seen fit to pass ordinances regulating traffic, which have proven beneficial and have shown the need of such regulations. We frequently hear of accidents in our city and in a number of cases, which have come under my observation, the cause has been, to my mind, a lack of proper regulations concerning vehicles.

#### FIRE DEPARTMENT.

"Our fire department is as fine and well equipped as any in the State. The fire commissioners, officers and men are to be complimented upon the small loss by fire in the past year in a city so congested with frame buildings.

"I recommend the following improvements be made in the department: That a combination auto engine be purchased for No. 4. Engine, and a full company be established and that the fire commissioners have a bill for a bond issue introduced in the Legislature, authorizing the purchasing of ground, the erection of a suitable building and the establishment of a new hook and ladder company to be located in the vicinity of Sixth and Washington streets, so that two truck companies may respond to the first alarm. While our city has been lucky in this matter, sooner or later the need of this company will be brought home to us by a loss of life.

"The old fire house on First street should be sold, as the property has become so valuable in First street that money enough would be derived from such sale, together with the money appropriated by the tax commission, to purchase ground and build an up-to-date engine house in the neighborhood of Second and Monroe streets, where all accidents to men and apparatus by

cars and narrow streets, would be avoided.

"A merit system should be introduced for the promotion of the men and not the way promotions are now made. The older men should be given the easier positions and special duties. A high grade training school should be established, in charge of an officer of the department. The erection of twenty-family houses makes this need more apparent each day.

#### POORMASTER.

"The beneficial effects of the department acting with the executive of the city has been proven in this branch, and it affords me much pleasure to give this branch of the city government a word of praise.

"This office is now run on a business basis. The system formerly in vogue of granting poor orders upon presentation of a blank signed by a Councilman, has been superseded by a new order of things. At the present time, the poor-master is the sole judge of all applicants, and it is only after a proper investigation by him, that poor orders are granted.

"A comparison of the work of this office for the years 1909 and 1910 may be interesting. The number of poor orders issued in 1909, from January 1 to December 17, was 1,303, at \$3 each, amounting to \$3,909; for the same period 1910, there were 643 poor orders issued at \$3, amounting to \$1,929, which means that over \$2,000 have been saved in 1910 in this department.

"Former applicants have become better and more reliant citizens, depending upon their own efforts for sustenance, rather than upon the city. This gives me better satisfaction and I am sure, gratifies our people more than the mere saving of the money.

#### LIBRARY.

"During the year 1910 the library building has been thoroughly cleaned, repaired, painted and put into first class condition.

"The trustees succeeded in having the premium rate for fire insurance reduced; on contents, over fifty per cent.; on building, over forty per cent.; thereby causing a very material saving to the city and the library fund.

"There has been created a juvenile department upon the open shelf system, allowing the children more scope in their selection of books. A department of reference and delivery of books

to those unable to personally call at the library has been instituted. During the year just closed about five thousand new books have been added to the library, and it is now properly fitted to meet every want of our citizens. This subject is covered more fully and in detail in the annual report.

### PUBLIC PARKS.

"Although I have done my best to show some improvement in the park department, I am afraid very little can be seen. The reason for this is: the employees of this department are under the impression that the positions of parkkeepers and so forth are really only sinecures to pay political debts.

"It is the duty of the park superintendent and also of the committee to make reports. I have endeavored to have this law lived up to, but for lack of the co-operation of the members of the committee I have been able to do very little in this respect. Work has been done in the parks, and the superintendent, when asked, could give little or no satisfactory answer pertaining to same. I believe the law intended that the superintendent keep a correct record of his department, so that there would be no trouble to turn back at any time to find out just what work was done on a certain day. I ask that this be one of the matters to receive the immediate attention of your honorable body.

"My recommendation made last year that park employes be compelled to wear a white uniform has not been adopted as yet. The street department has uniformed its men, and I doubt if there is a person in the city who does not say it is an improvement.

"Our parks are kept in the most deplorable condition of any city I have visited. The fault lies with the committee, as a little more severity at times, both with the superintendent and parkkeepers, would soon show better results.

### PUBLIC GROUNDS AND BUILDINGS.

"The time has certainly arrived when our city must provide better facilities for the transaction of public business. The resolution that the upper floor of our City Hall be used as a gymnasium, which has just been passed by the last Council, is unwarranted and not in the interest of the citizens. I again urge the eviction of the company. An armory has been provided in Jersey City for which the people of this city

pay their proportionate share, and I believe that is the proper place for drills. I would again urge prompt action, as the obtaining of said floor would give the required room so badly needed for city purposes.

"I cannot at this time condemn too strongly the lack of interest (or I might say worse) shown by the last Council in failing to do their duty in this matter. There has been no attempt made by them to show that the stand taken by them was from proper motives. I might add that in this and in other matters, there has been no consideration shown me or the people of the City of Hoboken. It may be satisfactory to the outgoing members to know that they had the required votes to pass over my veto, but I believe that when a matter is returned to them the mere passing without any explanation is unsatisfactory to our people.

"In the last annual message I recommended that there be an inland bath with public laundry facilities attached. To have the recommendation a reality, I had introduced in the last Legislature a bill giving power to the city authorities of the city of Hoboken to erect said bath and laundry. The bill was favorably considered in the House, but was voted down in the Senate.

"Since then a public-spirited body, the Board of Trade of the city of Hoboken, have taken this matter up, and, with the assistance of the trades unions (whom I request to give influence and assistance in passing this bill, as was done by the trades unions of the city of Boston), show their interest in the bettering of the conditions of the working classes in this city. If the unions, together with all persons who should be interested, were to join and make it known and be a unit in pressing this measure before the next Legislature, there is no question but that the public bath and laundry would be established in this city, but there must be some interest taken in this matter by the citizens.

### GAS AND ELECTRICITY.

"That a department of electricity be created for the care and maintenance of the police and fire department systems, also the inspection of all interior wiring of all factories, public and private buildings where a certificate of the fire underwriters is now required, the fee should be nominal, but sufficient to make the office self-sustaining, thereby saving the city all moneys now expended for police and fire systems.

"If, in your judgment, the recommendation contained in the foregoing electrical department meets with your approval, and such a department be installed, I would earnestly urge the appointment of practical men who are members of some electrical union, as these men pass examinations in order to be admitted to the union, and there would be no question as to their qualifications.

"I would also recommend that conduits for the use by all the public corporations, such as the Public Service Corporation and the telephone companies, be built throughout the city at the city's expense, the city, in turn, leasing the conduits. This should be a source of profit to the city, and should not be taken by the different corporations, and they, in turn, have the sole benefit of the franchises and the rights which we should possess.

"It should be insisted upon by this council that the obstructions of the sidewalks by the corporations, such as telephone, electric lighting and the telegraph companies, be removed, as they are nuisances; the streets by reason of these poles and other obstructions have a poor appearance, and there should be some means whereby at least the telephone and telegraph companies' poles be removed and the wires placed underground.

### WEIGHTS AND MEASURES.

"There has been quite a discussion of late in regard to the protection of our people in the purchase of supplies. I would recommend that the obsolete ordinance respecting the appointment of an inspector of weights and measures be abolished and superseded by a new measure.

"I would suggest that the matter be given your early consideration, not with the view of rewarding some political worker, but with the idea of benefiting the people.

### SCHOOLS.

"Our public school system is, without doubt, the best in the State, and it is with pleasure that I call your attention to the fact that every child attending our schools is receiving full tuition; not one part time or half session class.

"In a few months our new High School will be completed, and it is our duty to provide the best system possible. A commercial school has been suggested by a number of our citizens in which a pupil may graduate within

a shorter time than the two years now required. The reason for this, seemingly, is that a number of parents who are unable to continue the support of the children, desire that the time now taken for this course be one year instead of two, which I consider worthy of a thorough investigation.

"The truant school has been doing good and effective work.

"I request that the Board take into consideration that there are pupils attending school who are rather backward in their studies, because of the rapid growth of the body while young and apparently, by reason of this rapid growth, their brain not receiving sufficient nourishment, they appear stupid.

"They are rather slow to learn and are inclined to be backward in their studies. I am informed that in New York City this class of pupils is separated or divided and given such studies as they can comprehend, and when they have developed their minds and brains sufficiently they are placed with the other pupils, or probably it may be that teachers may select pupils of this kind and endeavor to give them such opportunities as will allow them to be equal with the other pupils in their studies.

### BOARD OF HEALTH.

"The Board of Health of this city, as constituted, has recommended, from time to time, improvements for the benefit of the health of the citizens of this city, and has had such supervision regulating the sanitary conditions of the city as it best could, and there have been matters which I think have been overlooked by our Board, and in particular, the cars which go to and from the Hill and the cars on the different lines in the city of Hoboken.

"There have been numerous complaints of the filthy condition of the cars which travel through the city, known as the White Line cars, and also the cars on the Willow avenue and Washington street lines—a number of passengers having refused to enter the cars because of their filthy condition, the floors of which have never been cleaned since the cars were originally constructed. I believe that the Board of Health has full power to regulate and inspect and insist upon the cars being in a clean and healthy condition, and if this Board will take up this matter and use its power and insist upon the Public Service Corporation

having its cars in a clean and sanitary condition, there is no doubt that they will not only have the support of this administration, but also of the citizens of the City of Hoboken.

"I again call the attention to the need of a physician to accompany the ambulance in its calls. It appears to me to be a little short of a crime to allow unfortunate persons for whom a hurry call has been sent, to have to wait until they arrive at the hospital before medical attendance can be given. At a small outlay, I am satisfied some of our rising young physicians would be only too well pleased to accompany the ambulance for the experience that would be derived from same.

"There has been a widespread movement throughout the country to prevent accidents in celebrating the Fourth of July. The previous Council recognized the need of regulating the celebration and passed an ordinance which did much to abate and present the objectionable features of previous Fourths. I would suggest that as a substitute for former noisy, dangerous celebrations, that the plan as proposed by a civic organization be considered, and steps taken to co-operate with them and other citizens for the proper and sane celebration of the day we all love and cherish.

"In conclusion, I beg to say that while the improvements made during the past year have not been up to the ideals I set, upon assuming the office of Mayor, still I can say with pride, that conditions to-day are better than ever before.

"I am about to enter upon my second year as Mayor of Hoboken, with the firm conviction that with your full co-operation, Hoboken, can be made a place well worth living in

"GEORGE GONZALES,  
"Mayor."

The following preambles and resolutions were presented and read:

The Committee to whom was referred the communication of His Honor the Mayor, appointing Mr. Robert R. Reiser as Playground Commissioner, do report the following resolution:

Whereas, The term of Julius Lichtenstein, Esq., as member of the Playground Commission, expired January 1, 1911, and in connection with the highly satisfactory attainments of the Playground Commission, we fully recognize the important and worthy services rendered by Mr. Lichtenstein in behalf of this city and its numerous children; and

Being mindful of the valuable time taken from his busy law practice and generously

given to the city without recompense or pecuniary return, to the great gain of the public, but to his own great loss; and

Being desirous of signifying our gratitude for the great sacrifice made by Mr. Lichtenstein for the benefit of our city and thankful for the work done by him in the formation of the Playground Commission and in the construction, erection and maintenance of the city's playgrounds and buildings, and

Deeply regretting and deploring that His Honor the Mayor did not see the wisdom of reappointing Mr. Lichtenstein as Playground Commissioner in order that he might continue the splendid work so generously and enthusiastically given by him in the past; and

Being still hopeful that the city and the Playground Commission may be benefited by the knowledge, skill and many accomplishments possessed by Mr. Lichtenstein,

Be is resolved, by the Common Council of the City of Hoboken, that we do hereby request His Honor Mayor Gonzales to withdraw the appointment of Mr. Robert R. Reiser as Playground Commissioner, and send to the Council for confirmation the reappointment of Mr. Julius Lichtenstein in his place and stead, assuring His Honor and the public that the Council will take great pleasure in the confirmation of an appointment which manifests the public's sincere gratitude for splendid work done in its behalf, and thereby rendering to Mr. Lichtenstein the only return

and reward it can possibly make him; and be it further

Resolved, That we extend our appreciation to the members of the Playground Commission who have co-operated with Mr. Lichtenstein in the past, and if there be any truth in the rumor that they contemplate resigning on account of the failure to reappoint Mr. Lichtenstein, we urge that they do not tender their resignations, but that they join with the Council in its endeavors to prolong the services of our highly-respected and greatly esteemed citizen; and

Be it further resolved, That the Clerk forward to each member of the Board of Playground Commissioners a copy of these preambles and resolutions.

The following communication from His Honor Mayor Gonzales was presented and	

read:

January 11, 1911.

To the Council:

Gentlemen—I return without my approval the enclosed claim for \$90, for Mr. Cannon, for services as City Hall janitor.

This claim should be paid by the janitor who has just been appointed.

GEORGE GONZALES,

Mayor.

Councilman Wren moved that the claim be ordered paid notwithstanding the veto of His Honor Mayor Gonzales.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Plugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor Mayor Gonzales was presented, read and received:

To the Council.

Gentlemen—At your last meeting you presented to me a resolution requesting the appointment of Mr. Julius Lichtenstein as Playground Commissioner.

It appears to me that it was an interference on the part of your Board with the duties imposed upon me. If the appointment made by me to succeed Mr. Lichtenstein was not a proper and fit person to take that appointments, as appointments made by your Board without consultation with me in the past, thence your resolution would receive consideration, but as Mr. Rieser is a proper person and competent and fully able and has had the confidence of the officials of the City of Hoboken, having filled positions of honor before, I consider the resolution sent to me uncalled for, and since I have nominated Mr. Rieser, I am now more fully convinced that my nomination is a proper one in the place of Mr. Lichtenstein.

I therefore return your resolution.

GEORGE GONZALES,

Mayor.

Dated January 11, 1911.

The following communication from His Honor Mayor Gonzales was presented and read:

To the Council.

Gentlemen—I return the enclosed claims for work supposed to be done by laborers in the parks.

The employment of additional help in the parks, if not a wanton extravagance on the part of the officials who employed them, must have been for the purpose of furnishing amusement, or companionship for the park keepers and assistant park keepers, now in the employ, so that they could while

away their leisure hours at the tool houses, which are their assembly rooms.

GEORGE GONZALES,  
Mayor.

Dated January 11, 1911.

Councilman Wren moved that the claims be passed notwithstanding the veto of His Honor Mayor Gonzales.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Plugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication was presented, read and received:

January 11, 1911.

The Honorable Mayor and Council, Hoboken, N. J.

Gentlemen—On account of the death of one of my sureties, it will become necessary for me in the near future to furnish your Honorable Body with a new bond.

I therefore take this opportunity of handing you a bond of the National Surety Company for the full amount.

Yours respectfully,

JAMES SMITH,  
City Treasurer.

The following communication was presented, read and received:

Hoboken, N. J., January 2, 1911.

The Mayor and Common Council of the City of Hoboken.

Gentlemen—I beg to inform you that I have this day appointed Alexander E. Kittredge Clerk of the Hoboken Recorder's Court for the official term of three years.

Respectfully yours,

JOHN J. McGOVERN,  
Recorder.

The following communication was presented, read and referred to the Committee on Finance and Saaries:

To the City Council, Hoboken, N. J.

Gentlemen—In order to carry out the system and method designed by us to provide a uniform system of accounts for the city, and that the Comptroller may have original data from each department to enable him to have a ready, complete and proper check on the financial transactions of the city, and that all forms used may be of the same character and design, will you, under authority of law given you, kindly instruct the Collector of Revenue to use the form of receipt provided for his department for the receipt and deposit of monies, the same to date as all other departments, from the beginning of the fiscal year, May 2, 1910.

Very respectfully,

EUGENE SHINN.

Hoboken, N. J., December 21, 1910.

The following communication was presented, read and referred to the Committee on Sewers, in conjunction with the Corporation Attorney and City Engineer Smith:

Hoboken, N. J., January 11th, 1911.

The Hon. the Mayor and Council of the City of Hoboken.

Gentlemen—In a letter addressed to your Honorable Body by Mr. Thomas Canavagh, the contractor for the First street sewer improvement, from Park avenue to Marshall street, Mr. Cavanagh asks for an extension of the time for completing his said contract. I herewith endorse his request and ask that your Honorable Body grant him the extension of time sought.

As to the matter of the omission of the piling in the two blocks of sewer already built, this was done only after full consideration of the whole proposition by me and with a view to economizing on the cost of the improvement, and was done with the full consent of the Chairman of the Committee on Sewers.

Respectfully yours,

EUGENE SMITH,

City Surveyor and Engineer in Charge.

The following communication was presented, read and referred to the Committee on Sewers, in conjunction with the Corporation Attorney and City Engineer Smith:

Hoboken, N. J., Jan. 11, 1911.

To the Honorable, the Mayor and Council of the City of Hoboken.

Gentlemen—I respectfully petition your honorable body for an allowance of additional time within which to complete the work for the improvement of First street sewer from Park avenue to Marshall street, in accordance with the plan and specifications relating thereto.

I entered into a contract with the city on August 1, 1910, for the work in question. In and by said contract it is provided that I was to complete the said work within one hundred and twenty working days, and said period is now about to expire. I have met with considerable difficulty in connection with said work, due principally to the great flow of water, and notwithstanding that I employed several centrifugal pumps. I had much difficulty in controlling the inflow of water, sewer water particularly. I am desirous of continuing said work so long as the weather permits, and therefore request of your honorable body that I be allowed one hundred days additional time within which to complete the work. If the weather permits me to continue the work from day to day from the date hereof, I feel confident that I

will be able to complete the entire work within six weeks.

I regret that there has been any misunderstanding between myself and his honor, the Mayor, the Chairman of the Committee on Sewers and the Engineer in charge of said work. The engineer and said Chairman of the Committee on Sewers informed me during the progress of the work, that they considered, after investigation, that, in their opinion, it would be an unnecessary and a useless expenditure of money to follow the specifications strictly in the matter of piling and timber work, and they requested me to omit the requirement of the specifications in this regard between that part of the work lying between Jefferson and Monroe streets, and the Engineer and the Chairman of the Committee on Sewers insisted that I should make an allowance from my contract price for the piling and timber thus omitted. This I agreed to.

I assure you that for the balance of the work I shall follow the plan and specifications strictly, unless your honorable body by resolution, regularly adopted, shall require me to do otherwise.

I have this day continued work in anticipation of your granting to me the extension of further time as herein applied for.

Respectfully,

THOMAS CAVANAGH.

Report of Recorder McGovern, on the collection of fines for the month of December, 1910, was presented, read and received.

Report of Inspector of Buildings Cummings for the month of December, 1910, was presented, read and received.

The following report of Inspector of Buildings Cummings was presented, read and received:

Office of Inspector of Buildings,

Hoboken, N. J., Jan 11, 1911.

To the Honorable, the Mayor and Council.

Gentlemen—I herewith submit an inspection report of buildings in the city of Hoboken, with respect to their fire escape equipment.

No. 100 Hudson street. A frame building. Three stories and basement in front and one story and basement in rear. In front the basement is occupied by a saloon; the first floor a restaurant; the two upper floors as living rooms. In the rear the basement is occupied as a restaurant and the upper floor as a paint shop. From a fire point of view, this building is dangerous. No fire escapes on building. Notified owner to place fire escapes on the building.

No. 110 Hudson street. A three-story and basement hotel building. No fire escapes.

Notified owner to place fire escapes on building.

No. 112 Hudson street. A four-story hotel. This hotel is equipped with modern fire escapes on front of building; exit is made through front window in sleeping rooms, which, at the time of inspection, were open. Notified owner to give access to fire escapes from public halls.

No. 130 Hudson street. (Salvation Army Lodging House). A brick building, three stories in front and two stories in rear. Fire escape on rear. Partition wall between front and rear. Rear windows, first floor, covered with wire screens. Stairway in front of building. Would suggest placing fire escapes on front of building. Notified owner to the above effect.

No. 115-117 Court street. A three-story factory building. Fire escapes on front of building.

No. 118 Court street. A three-story sawage factory. Outside iron stairway from second floor to street. Would suggest placing iron ladder on outside from second to third floor. Notified owner to the above effect.

No. 132 Court street. Three-story storage building.

No. 120 Washington street. A four-story lodging house. Stairway in front of building. Floors run through building; no partitions. Fire escapes are located on rear of building. Signs giving location of fire escapes are displayed on each floor.

No. 127 Washington street. A four-story building. The first floor occupied as a concert hall, the second floor as a balcony, and the two upper floors as living apartments. Fire escapes on front of building.

No. 125 Washington street. A four-story building. The first floor, occupied as a saloon and hall, the second as club rooms, the two upper floors lodging rooms. No fire escapes. Notified owner to place fire escapes on this building.

No. 111 Washington street. A four-story building. The first floor, occupied as a store, and the three upper floors as storage rooms. No fire escapes.

No. 130 Washington street (Cordts Building). A four-story building, with five-story extensions. Stores on two floors. Storage on upper floors. No fire escapes.

No. 101 Garden street. A three-story building. Stores on two floors. Storage on top floor. No fire escapes.

No. 101 Park avenue. A three-story building. Stores on two floors. Storage on top floor. No fire escapes.

No. 113 Willow avenue. A four-story stor-

age building. Stable on ground floor. No fire escapes.

No. 218 Bloomfield street. A three-story, brick building, with a one-story brick extension. First floor used as wagon-making establishment, the two upper floors as living apartments. No fire escapes. Notified owner.

No. 224 Bloomfield street. A three-story frame building. A wagon-making establishment on the first floor and living apartments on two upper floors. No fire escapes. Notified owner.

Nays—None.

Councilman Volk presented the following, which was read and referred to the Committee on Streets and Assessments:

Whereas, The consensus of public opinion is that the Public Service Street Railway Company, operating throughout the City of Hoboken, in charging to the traveling public a fare of five cents throughout the limits of the city, is exacting an unreasonable fare therefor; and

Whereas, The territorial limits of the City of Hoboken is only a little more than a mile square in area; and

Whereas, It is the consensus of opinion of the citizens of the City of Hoboken that a fare of not more than three cents should be charged by said Railway Company (without the issue of transfers) for the rate of fare for

conveyance over said line throughout the limits of the City of Hoboken;

Resolved, That the Corporation Attorney be and he is hereby requested to submit to the Council, at the next regular meeting, an opinion as to what course of action should be taken by the Mayor and Council of the City of Hoboken to effectuate such change in the interests of the people of the City of Hoboken.

Councilman Volk presented the following, which was read and referred to the Committee on Sewers, in conjunction with the Corporation Attorney and City Engineer Smith:

Resolved, That the City Engineer and Inspector in charge of the improvement of First street sewer, from Park avenue to Marshall street, be and they are hereby directed to submit to the Council, at the next regular meeting, a detailed report of the work thus far performed by the contractor for said improvement, and stating particularly whether or not the said improvement has been thus far done and performed in strict compliance with the plan and specifications therefor.

Councilman Duffy presented the following:

Resolved, by the Common Council of the City of Hoboken, That we do hereby give utterance to our deep grief and true sorrow caused by the sad death of Mr. Robert Davis, whose private and public life was replete with great and noble deeds, and whose uprightness and integrity, benevolence and charity, combined with great skill and marked ability gained for him the respect, admiration and love of his fellow men; and be it

Resolved, That the Common Council attend his funeral services in a body, and that for such purpose we meet at the City Hall on January 12, inst., at 9 o'clock a. m., and be it further

Resolved, That we now adjourn this meeting out of respect for the memory of the deceased.

On motion of Councilman Duffy the above resolution was adopted by a rising silent vote.

JAMES H. LONDRIGAN,  
City Clerk.

The following communication from His Honor Mayor Gonzales was presented, read and referred to the Committee of the Whole:

Mayor's Office,

Hoboken, N. J., Jan. 15, 1911.

To the Council:

Gentlemen—The enclosed communication was received by me. I herewith refer same to your Honorable Body for such action as you may deem advisable.

Respectfully,

GEORGE GONZALES,

Mayor.

Office of Publicity Committee,

New York, Jan. 9, 1911.

To the Mayor of Hoboken:

My Dear Mr. Mayor—As you know, the Child Welfare Committee is preparing an exhibit to be held in this city from January 18 to February 12, 1911. This exhibit will show the results of many months of the study of all phases of the child question by more than three hundred skilled investigators, and will involve the expenditure of \$60,000 and upwards. It will deal with housing, home life, playgrounds, education, health, moral and civic safeguards—in fact, with all agencies that affect child welfare.

Recognized experts from all parts of the United States will consider the data gathered for this exhibit, and a series of important conferences will endeavor to crystalize the findings into a definite program for child betterment. We earnestly hope that representatives of your city will attend these conferences and that we may have your sympathy and co-operation in the undertaking.

We respectfully suggest that you (or the legislative body) appoint one or more of your citizens to be special delegates to attend the exhibit. We also urge that your Commissioner of Health, Park Commissioner, Superintendent of Schools, and probation officers be given an opportunity to attend and study this exposition of child needs.

We shall be glad to send your delegates full information of our plans. We shall also send you, from time to time, further information as to the scope and significance of this movement.

Faithfully yours,

CHARLES F. POWLISON,

General Secretary.

The following communication from His Honor Mayor Gonzales was presented, read and referred to the Committee on Streets and Assessments:

Gentlemen—It is a duty, from time to time, to send a message to the Council, calling attention to matters concerning the welfare of the people of the city, and I call your attention to the fact that the city's streets have been and are now in a filthy and deplorable condition. The manner in which they have been kept clean around the ferry entrances to the city may be, in the estimation of those in charge, a proper method to deceive the public, but it is evident from the complaints which have been made to me that the street cleaning department is not doing its duty, and it can be likened to a person keeping the outside of a house clean and inside filthy dirty.

There is no apparent reason why the city itself at large should not be kept clean; the appropriation now is larger than ever, and under former administrations of street department the streets of the city were kept in a good, clean condition.

I also desire to call your attention to the large amount of money which has been expended upon repairs, and the number of suits which have been brought for repairs to the city's streets, and it is your duty to investigate thoroughly the amount of money spent for repairs to the city's streets, because the streets now, as far as the paving is concerned, are in a condition which would call for censure upon any city government,

and there appears to be no regulation by the department, notwithstanding we are top heavy with different inspectors and watchers. The Public Service Corporation tear up the streets and fail to replace the pavement thoroughly and properly as it was before they had originally torn it up, and I would suggest that a bond be given by the Public Service Corporation, or anybody in connection with it, to replace the streets in as good a condition as they were before they began tearing them up, and all other individuals tearing up our streets, and that the street department insist upon the repaving and replacing of same. In other cities they are obliged to put up an amount of money which would cover the cost of repaving the street and replacing same in as good condition as they were formerly. Possibly this may be a good way.

There is another matter I desire to call your attention to, and that is the method used in pay employes of the street cleaning department. The men call at the Treasurer's office on Saturday mornings, using the whole morning to obtain their salary, which time should be given to their duties, and which loss of time of all employes is at the city's expense, and the system of paying is by money from the Treasurer's office and there is no reasonable business check upon the employes. I therefore would advise that a different method be adopted of paying these employes, and that they collect their money at their own time, and a different method used, so there can be a proper check upon the employes of this department.

GEORGE GONZALES,

Mayor.

The following report from the Board of Water Commissioners was presented, read and received:

Water Commissioners' Office,  
Hoboken, N. J., Jan. 25, 1911.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—Herewith please find the report of the business of this office for the year ending December 31, 1910.

Yours very truly,

The Board of Water Commissioners,  
GUSTAV BACH,

The following communication was presented, read and referred to the Committee on Laws and Ordinances:

Board of Police Commissioners,

Hoboken, N. J., Jan. 24, 1911.

To the Honorable Mayor and Council, City of Hoboken, N. J.:

Gentlemen—Attached hereto you will please find a copy of an ordinance recommended by the Board of Police Commissioners to your Honorable Body, for your consideration.

At the stated session of the Board of Police Commissioners, held on Monday, January 23, 1911, I was directed to forward the same to your Honorable Body.

Respectfully yours,  
DANIEL J. McCARTHY,  
Clerk.

## AN ORDINANCE.

An ordinance to regulate street traffic and requiring drivers of vehicles to comply with certain rules in order to facilitate traffic, prevent blockades and avoid accidents.

The Mayor and Council of the City of Hoboken do ordain as follows:

PASSING, TURNING, CROSSING AND STOPPING.

Section 1. A vehicle, except when passing a vehicle ahead, shall keep as near the right hand curb as possible.

Section 2. A vehicle meeting another shall pass to the right.

Section 3. A vehicle overtaking another shall pass on the left side of the overtaken vehicle and not pull over to the right until entirely clear of it.

Section 4. On a street divided longitudinally by a parkway, walk, sunkenway or by an obstruction, vehicles shall keep to the right of such divisions.

Section 5. A vehicle turning into another

near the right hand curb as practicable. street to the right shall turn the corner as

Section 6. A vehicle turning into another street to the left shall turn around the centre of intersection of the two streets.

Section 7. A vehicle crossing from one side of the street to the other shall do so

## THIS WAY

## NOT THIS WAY

## NOT THIS WAY

Section 8. No vehicle shall stand backed

up to the curb except when actually loading or unloading, and if said vehicle is horse drawn and has four wheels, the horse or horses must stand parallel to the curb and faced in the direction of traffic, but no vehicle shall stand so backed up if it interferes with or interrupts the passage of other vehicles or street cars.

Section 9. No vehicle, unless in an emergency, or to allow another vehicle or a pedestrian to cross its path, shall stop in any public street or highway except near the right-hand curb thereof, and so as not to obstruct a crossing.

Section 10. No vehicle shall back to make a turn in any street, if by so doing it interferes with other vehicles, but shall go around the block or to a street sufficiently wide to turn in without backing.

#### SIGNALS.

Section 11. In slowing up or stopping, a signal shall be given to those behind by raising the whip or hand vertically.

Section 12. In turning, while in motion, or in starting to turn from a standstill, a signal shall be given by raising the whip or hand, indicating with it the direction in which the turn is to be made.

Section 13. Before backing ample warning shall be given, and while backing vigilance must be exercised not to injure those behind.

Section 14. Vehicles and street cars must stop so as not to interfere with the passage of pedestrians at the crossings.

Section 15. No vehicle shall be used on any street unless provided with lights or sound signals as prescribed by law.

#### RIGHT OF WAY.

Section 16. Police vehicles, Fire Department apparatus, Traffic Emergency Repair vehicles, United States mail wagons and Ambulances shall have the right of way in any street and through any procession.

Section 17. Subject to Section 16 of this ordinance, all vehicles and street cars going in a northerly or southerly direction shall have the right of way over all vehicles and street cars going in an easterly or westerly direction.

Section 18. Subject to Section 16 of this ordinance, street cars shall have the right of way between cross streets, over all vehicles; and the driver of any vehicle proceeding upon the track in front of a street car shall immediately turn out upon signal by the motorman or conductor of the car.

Section 19. No vehicle or street car shall so occupy any streets as to interfere with or interrupt the passage of other street cars or vehicles.

Section 20. The driver of a vehicle on the

approach of a fire engine or any other fire apparatus, shall immediately draw up said vehicle as near as practicable to the right hand curb, and parallel thereto, and bring it to a standstill; the motorman of a street car, on the approach of a fire apparatus, shall immediately stop the said car and remain stationary until the fire apparatus have passed to a safe distance.

Section 21. The driver or motorman of a street car shall at all times bring his car to a full stop at the end of every block, whether there are passengers to take on, let off or not. The stop must be made at the nearest crosswalk and he must not cross the intersection to stop at the crosswalk farthest from him at the street intersection.

#### SPEED.

Section 22. No vehicle shall proceed at any time at a greater speed than the law allows and is safe and proper under the conditions then obtaining.

#### CONTROL OF HORSES.

Section 23. No horse shall be left unattended in any street or highway unless securely fastened, or unless the wheels of the vehicle to which he is harnessed are securely tied, fastened or chained, and the vehicle is of sufficient weight to prevent its being dragged at a dangerous speed with the wheels so secured.

Section 24. No horse shall be unbridled in any street or highway, and left unattended, unless secured by a halter.

Section 25. No one shall remove a wheel, pole, shaft, whistle-tree, splinter-bar or any other part of a vehicle or any part of a harness likely to cause accident if the horse or horses start, without first unhitching the horse or horses attached to said vehicle.

Section 26. No one shall cease to hold the reins in his hand while riding, driving or conducting a horse.

#### VEHICLES.

Section 27. No one shall drive or conduct any vehicle in such condition, so constructed or so loaded as to be likely to cause delay in traffic or accident or injury to man, beast or property.

Section 28. No one shall so load a vehicle, or drive a vehicle so loaded, with iron or other material that may strike together without its being properly "deafened," so as to cause no unnecessary noise.

Section 29. No one shall drive a public, licensed or business vehicle who is less than sixteen years of age.

Section 30. No one shall ride upon the rear end of any vehicle without the consent of the driver, and when so riding no part of the person's body shall protrude beyond the

limits of the vehicle.

#### CONDITION AND TREATMENT OF HORSES.

Section 31. No one shall ride or drive a horse, not in every respect fit for use, and capable for the work upon which it is employed and free from lameness or sore, calculated to cause pain, or vice or disease, likely to cause accident or injury to person or property.

Section 32. No one shall ill-treat, overload, overdrive, override or cruelly or unnecessarily beat any horse.

Section 33. No one shall crack or so use a whip as to annoy, interfere with or endanger any person or excite any horse other than that which he is using.

#### DEFINITIONS.

Section 34. The word vehicle includes equestrians, led horses and everything on wheels or runners, except street cars.

Section 35. The word horse includes all domestic animals.

Section 36. The word driver includes the rider and driver of a horse, the rider of wheels and the operator of a motor vehicle or street car.

#### OBEEDIENCE.

Section 37. Drivers of vehicles and street cars must at all times comply with any direction by voice or hand, of any member of the Police Force, as to stopping, starting, approaching or departing from any place; the manner of taking up or setting down passengers or loading or unloading goods in any place.

#### PENALTY.

Section 38. Any person or person offending against or violating any of the provisions of this ordinance shall on conviction thereof pay a penalty of not more than twenty-five dollars, the amount of such penalty to be left to the discretion of the Recorder before whom complaint will be made.

Section 39. All ordinances or parts of ordinances inconsistent with this ordinance be and the same are hereby repealed.

The following report was presented, read and received:

Honorable Mayor and Council, City of Hoboken, N. J.

Gentlemen—Your committee on sewers begs to report that the tidal valve placed at the outlet of the Third street sewer is in first-class working order. The committee highly recommends this style of sluice gate and hopes that they will be placed at all the outlets throughout the city.

On investigation we find that since this valve was put in the sections that were formerly flooded at every high tide have been dry. This valve will only let the sewerage out and checks the tide from flowing in.

The Third street sewer has a 4x5 feet outlet, and at every high tide the weight of the water from the river forced its way through this opening until the tide receded. After receding it did not have the same amount of pressure to force it out. This proved that two-thirds of the water that came through this opening twice daily, remained in the low sections, and has been doing so for many years.

Very truly yours,

AUGUST T. PFLUGH.  
Chairman.

The following report was presented, read and received:

Honorable Mayor and Council, City of Hoboken, N. J.

Gentlemen—Your committee on sewers begs to report that the extension of time asked for by the contractor on the First

street sewer construction is entirely beyond reason.

The property owners on First street are complaining about the way the work is being delayed; interfering with traffic and business, and therefore the committee thinks that the extension of time should be no longer than 45 days.

We also claim that the engineer in charge should strictly comply with the plans and specifications, and see that the work will be finished on the time allowance.

In regard to the omitting of the foundation between Jefferson and Monroe streets, as recommended by the engineer, we wish to say that he comply with the plans and specifications, that say (he shall report any changes to be made to the Mayor and Council at a regular meeting) and not to any one member of this committee, as he claims to have done.

We also insist that he report the amount of money to be refunded to the city for the omitting of the foundation by an itemized bill at the next regular meeting of this Council.

We also wish to inform the public through the Mayor and Council, that we feel justified in our action in regard to this matter. And if the engineer can prove that the old foundation is sufficient and good enough to carry the new sewer, we see no reason why the old foundation should not be used and the amount be saved by the city.

The committee has the confidence of all the property owners and deplores the action of some members of this Honorable Body who have tried to create a scandal for reasons we ask the public to judge for themselves.

Very truly yours,

AUGUST T. PFLUGH,  
Chairman.

The following communication from His Honor the Mayor was presented, read and referred to the Committee on Streets and Assessments:	

To the Council.

Gentlemen—In a previous communication I called your attention to the fact that the streets in the City of Hoboken are not properly cleaned by the Street Cleaning Department, and so as to make no mistake about what I have said in relation to the filthy condition of our streets, I would suggest that a committee of your honorable Council make an inspection of the city and convince yourselves that the citizens of the City of Hoboken are not making complaints without foundation, and I believe that after such notices have been received; and it being your duty, as individuals or as street commissioners, that in case of accidents, the individual councilmen may be held liable.

GEORGE GONZALES,  
Mayor.

Dated February 8, 1911.

The following communication from His Honor the Mayor was presented, read and referred to the Committee on Finance and Salaries:

To the Council.

Gentlemen—There have been a number of bills laying in the pigeonholes for the different committees of the Council to act upon, either to approve of or to reject, and I have, from time to time, called the attention of the Council to the fact that bills which have been pigeonholed for from one to five years look suspicious; they are suddenly brought forward, and the cause for laying them aside or having them in the pigeonholes has been forgotten, and these bills, possibly, and, I believe, in a great many instances, were wrongfully contracted or dishonest in some respects, and afterwards they had been passed. I call your attention to the suit now pending by the Barber Asphalt Company for \$8,000. This bill has laid in the pigeonholes for over two years without any action, and the Barber Asphalt Company has brought suit; and there is still another bill upon which they recovered judgment in the Circuit Court for nearly \$800. There is absolutely no defense, although at the time there was a reason for laying these bills aside.

This is not the only time I have called attention to the bills laying in pigeonholes. If dishonest, or if there is a cause for not paying them, there should be a statement attached by the committee on the bills in the pigeonholes as to why they are not paid. They should be acted upon at each meeting or between times.

It is evident to me that a man having a bill against the city will not wait a year or

two for its payment, if his merchandise was of the quality or the work done was of an honest character; and if this holding up bills for an unseemingly long time is not corrected I shall take it upon myself to advertise every bill that is in the pigeonholes, and if the merchant or workmen who have such bills are honest, to bring suit at once, so that we may have the committee's reasons now why said bills are not paid, and a contest upon each suit to know the reason they have not been paid promptly.

I have called, also, the attention of your honorable body to the fact that the offices in all the city departments are crowded. There is not sufficient room, and sufficient room could be made in the City Hall as it is now built provided the Armory was put to use for business purposes instead of for a playground.

The Honorable Frederick J. Stuhr was obliged to call the attention of your honorable body to the fact that in his offices there is not sufficient space to properly conduct the business of the District Court. If this matter had been given attention there would be no need for the Judge of the District Court to call the attention of the Council to the fact that more room is necessary.

GEORGE GONZALES,  
Mayor.

Dated February 8, 1911.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—I hereby return without my approval, the warrant of James Cannon for janitor's services at the City Hall.

It occurs to me that this is an unnecessary office.

GEORGE GONZALES,  
Mayor.

Dated February 2, 1911.

On motion of Councilman Wren the communication was received and the claim pass notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—As there has been some question as to the legality of our building code, and it is now under consideration by the courts, I therefore disapprove of the payment of the inspectors in the building department until such times as the courts have

decided as to whether the code and the appointments thereunder are legal or illegal.

It is apparent to me, no matter what the decision of the courts may be, that an assistant is an unnecessary appointment. One person could not possibly be overburdened with work, when, by the records, it is shown since January 11th, the department has collected \$22, and why there should be another assistant in the office for that purpose I am unable to understand.

GEORGE GONZALES,  
Mayor.

Dated February 2, 1911.

On motion of Councilman Wren the communication was received and the resolutions pass notwithstanding the veto of His Honor the Mayor:

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—In your last resolution approving of the payment of salaries, I find that I cannot approve of the salary list as sent to me for services, which I do not consider have been rendered to the City of Hoboken. There are a number of claims "audited paid," and until such time as the list is properly corrected, I shall be obliged to withhold the warrants.

GEORGE GONZALES,  
Mayor.

Dated February 1, 1911.

On motion of Councilman Wren the communication was received and the resolution pass notwithstanding the veto of His Honor the Mayor.

Nays—None.

Declining to vote—Councilman Volk.

The following communication from His Honor the Mayor was presented, read and referred to the Committee on Appointments:  
To the Council.

Gentlemen—Subject to your confirmation, I hereby appoint Mr. Christian F. Guth as Assessment Commissioner, to fill the unexpired term of Patrick J. Ryan, deceased.

Respectfully yours,  
GEORGE GONZALES,  
Mayor.

Dated February 8, 1911.

The following communication was present-

ed, read and referred to the Committee on Laws and Ordinances:

February 8, 1911.

To the Honorable the Mayor and Council of the City of Hoboken.

Gentlemen—Your Committee on Streets and Assessments has submitted to me a resolution presented to your Honorable Body at the meeting of January 11, 1911, and referred to said committee, which reads as follows:

Whereas, The consensus of public opinion is that the Public Service Street Railway Company, operating throughout the City of Hoboken, in charging to the traveling public a fare of five cents throughout the limits of the city, is exacting an unreasonable fare therefor; and

Whereas, The territorial limits of the City of Hoboken is only a little more than a mile square in area; and

Whereas, It is the consensus of opinion of the citizens of the City of Hoboken that a fare of not more than three cents should be charged by said railway company (without the issue of transfers) for the rate of fare for conveyance over said line throughout the limits of the City of Hoboken.

Resolved, That the Corporation Attorney be and he is hereby requested to submit to the Council at the next regular meeting an opinion as to what course of action should be taken by the Mayor and Council of the City of Hoboken to effectuate such change in the interests of the people of the City of Hoboken.

In my opinion the City of Hoboken is without authority to effectuate the desired change, that is, to compel the Public Service Street Railway Company to charge a fare of three cents instead of five cents. Whatever change may be effected in this regard, if any, must come through the action of the Board of Public Utility Commissioners for the State of New Jersey, under the authority of Chapter 41 of the laws of 1910, entitled "An act to create a board of railroad commissioners for the State of New Jersey, and to prescribe its powers and duties," approved May fifteenth, one thousand nine hundred and seven, by enlarging the powers of said commission and extending its jurisdiction over the other public utilities of the State," approved March 24, 1910. Section four of said act provides that said Board of Public Utilities Commissioners shall have jurisdiction over all public utilities, which term is therein defined to include street railway companies operating within the State of New Jersey for public use, under privileges granted by the State or by any municipality

thereof.

The Public Service Street Railway Company in the operation of part of its lines throughout this city is doing so under and by virtue of privileges granted by the Legislature of the State of New Jersey to the North Hudson County Railway Company. Our Supreme Court in the case of North Hudson County Railway Company vs. The Mayor and Council of the City of Hoboken, 12 Vroom, page 71-82, declared that the North Hudson County Street Railway Company did not need any authority from the City of Hoboken to legalize the running of cars and operating its railroad, and that adequate authority for that purpose was derived from the several acts of the Legislature relating to said company. The Court in the aforesaid case further declared that said street railway company had no subsisting grant of franchise privileges from the City of Hoboken and that it required none such for the reason that its franchise privileges were derived from the Legislature direct.

I advise you, therefore, that in order to effectuate the desired change in rate of fare to be charged by the Public Service Street Railway Company throughout the limits of the City of Hoboken, a petition should be presented to the Board of Public Utility Commissioners for the State of New Jersey, setting forth the desired change in rate of fare and the reasons to be advanced in support thereof.

Respectfully,

JOHN J. FALLON,  
Corporation Attorney.

The following bond was presented, read and referred to the Committee on Laws and Ordinances:

The following communication from His Honor the Mayor, enclosing a writ of execution of the Canadian Feed Company, plaintiff, vs. James Padavano, defendant, was presented, read and referred to the Committee on Laws and Ordinances in conjunction with the Corporation Attorney:	

February 23, 1911.

To the Council:

Gentlemen—The enclosed was received by me. I refer same to your Honorable Body for such action as you may deem necessary.

Respectfully,  
 GEORGE GONZALES,  
 Mayor.

The following communication from His Honor the Mayor was presented, read and referred to the Committee on Sewers:  
 To the Council.

Gentlemen—I have called your attention to the fact that there have been numerous complaints about the condition of streets of the City of Hoboken, and the street cleaning department during the past month has spent the sum of nine hundred and ninety dollars for cleaning receiving basins, and the sum of four thousand, five hundred and seventy-eight dollars and eighty-two cents from December 2, 1910, to February, 1911. This does not include maintenance, so that we have the sum of five thousand, five hundred and sixty-eight dollars and eighty-two cents disbursed since December 2, 1910, for cleaning streets and taking care of receiving basins, and notwithstanding this the receiving basins are not clean, and it appears to me that the sum of nine hundred and ninety dollars disbursed must have been for the purpose of cleaning out the receiving

basins where the matter must have been solid frozen ice.

The singular part of the bill for cleaning receiving basins is that on eleven respective dates during the past nine weeks, each bill is for \$90, so it is fair to assume that it cost \$90 apiece for cleaning the receiving basins.

In the past the appropriation for the street cleaning department for the whole year did not exceed the amount spent for the past nine weeks by this department, notwithstanding the City of Hoboken covers the same amount of territory and area as it covered formerly, so that I deem it my duty to call the attention of the Council to this, for the purpose of having this Council make an investigation.

This communication or investigation should not be referred to a committee and there lay as other things have lain for years; just as soon as it gets into the committee's hands, the committee, to use the ordinary term, will "smother it," but there should be an investigation, such as will clear this department of any suspicion.

GEORGE GONZALES,  
 Mayor.

Dated February 23, 1911.

The following communication from His Honor the Mayor was presented, read and referred to the Committee on Public Grounds and Buildings:

To the Council.

Gentlemen—Since I have been in office I have called the attention of the previous Council and this Council to the fact that they have allowed bills to remain in the pigeon holes for months and years.

I am unable to understand why the Council does not pass claims presented for payment, which were lawfully contracted, and which are legitimate claims, or give a reason for the rejection of same at once. The long delays in not paying claims which are legal claims against the city are not beneficial to the credit of the city, and I am in the hopes that this Council will awaken to this fact.

I annex herewith a communication of the Union Dry Dock and Repair Company.

GEORGE GONZALES,  
 Mayor.

Dated February 23, 1911.

Weehawken, N. J., February 20, 1911.

Hon. George Gonzales, Mayor of the City of,  
 Hoboken, City Hall, Hoboken, N. J.

Sir—I feel that our company has exercised more than ordinary courtesy in the matter of the collection of our bill of July 16, 1910, for the sum of eleven hundred and

ninety-seven (\$1,197.51) dollars, for certain repairs and betterments to the free floating bath of the City of Hoboken. Our representative has made repeated calls on several of the public officials who were charged with the approval of the bill, but payment is not yet forthcoming. Many months have passed since we gave the entire facilities of our plant, working our mechanics and foremen through the twenty-four hours of the day in order to give the citizens of Hoboken the use of the bath without any delay. We have done our part and we feel that we have been very shabbily treated and must insist upon the payment of this bill at once. We feel warranted in taking summary action, but in order to continue neighborly relations this letter is written as our last request for payment.

Yours very truly,

UNION DRY DOCK & REPAIR CO.,

JOHN F. WALSH, JR.,

President.

The following report was presented, read and referred to the Committee on Finance and Salaries:

Hoboken, N. J., February 23, 1911.

The Honorable Mayor and Council, City of Hoboken, N. J.:

Gentlemen—I have this day filed with the City Clerk lists of delinquent taxpayers, both real estate and personal, for the year commencing May 2, 1910, and ending May 1, 1911, for the five wards of the City of Hoboken, as the same appear of record this day.

Respectfully submitted,

RICHARD BOWES,

Collector of Revenue.

Collector of Revenue.

The following communication was presented, read and received:

February 23, 1911.

The Honorable Mayor and Council, Hoboken, N. J.

Gentlemen—I beg to notify your Honorable Body that I have received from the Hoboken Land and Improvement Company and the North German Lloyd Steamship Company the sum of twenty-five hundred dollars each, being their proportionate share of rent for water front property, as per agreement with the Mayo and Council.

Yours respectfully,

JAMES SMITH,

City Treasurer.

The following report was presented, read and referred to the Committee on Sewers:

Hoboken, N. J., February 23, 1911.

To the Hon. the Mayor and Council:

Gentlemen—I in accordance with your reso-

lution, passed January 11, 1911, requesting that a detailed report of the work on the contract for the improvement of First street sewer, between Park avenue and Marshall street, be submitted to your Honorable Body, I report as follows:

That part of the improvement from Park avenue to Jefferson street, namely, the part requiring to be cleaned, was cleaned during August and September of last year; there were also built a few additional manholes thereon. The part from Jefferson street to Marshall street, being the part in which a new concrete sewer on a pile and timber foundation was to be constructed, has been partly completed. The sewer in the two blocks from Jefferson street to Monroe street was constructed without putting in a new pile and timber foundation, as the old foundation was considered to be amply sufficient to carry the new sewer. West of Monroe street the meadow deepens appreciably, and from here on a new pile foundation is being put in. This part is where the old sewer had sunk away owing to the insufficiency of the supporting piling. At present piles have been driven as far as Harrison street, while the concrete sewer has been completed nearly to the centre of Jackson street. This work is all in accordance with the specifications. On the part from Jefferson street to Monroe street, the cost of the piling and timbering (which has not been done by the contractor) will be deducted from the contractor's bill, making a saving to the city, on that part of the work, as already stated in my letter to your Honorable Body, dated January 11, 1911, and also by the contractor in his statement of the same date.

The length of sewer built without piling was 560 lineal feet, which length spaced 6 feet 6 inches on centres, needed 172 piles.

For ashore pile, such as would have been required in that part of the street. I find that \$4 is a fair price per pile. The total board measurement for timber for the above distance is 19,636 feet B. M. For timber we have the bid of the contractor for \$10 per M. board feet, for which he agreed to furnish and put in new timber for repairing the present box sewer.

From the above we have:

172 piles, at \$4.00.....	\$658.00
19,636 ft. B. M. timber, at \$40	
per M. ....	786.24

\$1,474.24

This sum of \$1,474.24-100 is to be deducted from the contractor's payment as allowance to the city for the work not done by

him.

The work progresses as rapidly as conditions permit, much trouble having been had in checking the inflowing water, not only that from the sewers but also that coming out of the ground, First street having been filled in with much stone or rock filling, which lets the water pass unobstructed.

At present, however, the water is held well in control, and with fairly favorable climatic conditions the whole work should be completed by April 15th of this year.

Respectfully yours,

EUGENE SMITH,

City Surveyor and Engineer in Charge.

The following report was presented, read and referred to the Committee on Sewers:

TO the Honorable Mayor and Council:

Gentlemen—Pursuant to your resolution of January 11, 1911, calling for a report of the progress of the improvement of First street, between Park avenue and Marshall street, I report as follows:

The work has been carried on according to the plans and specifications and also the instructions of the engineer in charge, under whose direct supervision I am and from whom I receive my orders during the progress of the work.

Where the piling has been driven, it has been driven to a resisting bottom. All timber used in the construction of the foundation is new timber and of the required quality. The concrete work is made of the proper mixture as called for and is carefully inspected as it is being built. Inflowing water has been the main cause in delaying the work.

Respectfully submitted,

P. LONDRIGAN,

Inspector.

ing:

Whereas, The Common Council of the City of Hoboken deem it advisable and in the best interests of the city that the Annual Tax Ordinance, providing for the raising of moneys by taxation for the coming fiscal year, should contain only such items as are necessarily required for the municipal administration.

Resolved, That all city officers and heads of municipal departments be and they are hereby directed to file with the City Clerk within ten days from the date hereof, a statement of the amount of moneys which said city officers and heads of departments deem requisite and necessary for the administration of municipal affairs for the coming fiscal year, and that the City Clerk present the several statements so filed with him to the Common Council at the next regular meeting of said Council; and be it further

Resolved, That the City Clerk be and he is hereby directed to forthwith serve upon each of the city officers and heads of municipal departments a copy of this resolution.

Adopted by the following vote:

Ayes—Councilmen Belloff, Duffy, LaPointe, Larkin, Pflugh, Volk, Wren and Chairman Anderson.

Nay—Councilman Delaney.

Absent—Councilman McFeely.

Councilman Belloff presented the following:

Whereas, The ruinous, delapidated and fallen down condition of the retaining wall of the property belonging to the Stevens Institute, on the easterly side of Hudson street, causes a large quantity of dirt, waste and rubbish to be carried from the property of the Stevens Institute into the sewer basins along said Hudson street, and thereby to clog up and stop up said sewers, and through the leakage and seepage of waste, soil and water through said defective and broken down retaining wall, causes the sidewalk along the easterly side of Hudson street to be covered with water and mud, and to be a great nuisance and inconvenience to pedestrians; therefore

Be it Resolved, That the Corporation Attorney cause to be served upon the Stevens Institute sufficient and proper notices to abate such nuisance, and that he be and is hereby instructed to take such legal steps as may be necessary to compel the abatement of said nuisance.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, Pflugh, Volk, Wren and Chairman Anderson.

The following communication from His Honor the Mayor was presented, read and referred to the Committee on Streets and Assessments:	
To the Honorable the Common Council.	

Gentlemen—In previous communications I have called the attention of your Honorable Body to the unsatisfactory condition of the streets of this city, notwithstanding the fact that vast amounts of money are expended by our Street Department. For the week of February 25th to March 2d (six days), the sum of \$376.50 was paid for street cleaners. Add to that the sum of \$41.66 for a Street Commissioner; \$31.25 for an Assistant Street Commissioner; \$16.25 for a foreman; four drivers at \$15 each; a stableman at \$15; an assistant stableman at \$12.50. The total is \$553.16. Then add the cost of maintenance, feed and shoeing of horses. Let me ask you, gentlemen (to use a slang expression), where will the city get off at?

I ask that this matter be investigated.

Respectfully yours,

GEORGE GONZALES,

Mayor.

March, 1911.

The following communication from His Honor the Mayor, vetoing the claim of Richard Buckley, for \$15.55, insurance on voting booths, etc., was presented and read: To the Honorable the Common Council, Hoboken, N. J.

Gentlemen—I return the enclosed claim without my approval for the reason that I believe that when your Honorable Body passed this claim you forgot that there were

paving blocks stored on Jackson street. There is about as much reason or necessity for insuring paving blocks as there is reason or necessity for insuring polling booths. This delay in approving the claim will give the Council the opportunity of covering the blocks (which were unintentionally overlooked by your Honorable Body) in the same policy as the polling booths.

Respectfully yours,

GEORGE GONZALES,

Mayor.

March 1, 1911.

On motion of Councilman Delaney the communication was received and the claim be ordered paid notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh, Volk and Chairman Anderson.

Nays—None.

Absent—Councilmen LaPointe and Wren.

The following communication from His Honor the Mayor, vetoing the resolution to pay Joseph H. Cummings \$50, being balance for salary as Inspector of Buildings for February, 1911; also the resolution to pay Michael F. Dorsey \$100, for salary as Assistant Inspector of Buildings for February, 1911, was presented and read:

To the Council.

Gentlemen—The enclosed resolutions I return without my approval.

Respectfully,

GEORGE GONZALES,

Mayor.

Resolved, That the City Clerk be and he is hereby directed to draw a warrant on the Contingent Fund for the sum of \$100, in favor of Michael F. Dorsey to pay salary as Assistant Inspector of Buildings for the month of February, 1911.

AUGUST T. PFLUGH.

Resolved, That the City Clerk be and he is hereby directed to draw a warrant on the Contingent Fund for the sum of \$50, in favor of Joseph H. Cummings, to pay balance of salary as Inspector Buildings for the month of February, 1911.

AUGUST T. PFLUGH.

On motion of Councilman Delaney the communication was received and the resolutions be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilmen LaPointe and Wren.

The following communication from His Honor the Mayor, vetoing the resolution that the Board of Education submit to the Council at a meeting to be held March 1, 1911, for an itemized statement showing how the sum of \$28,000 was made up, was presented and read:

To the Council.

Gentlemen—I return the enclosed resolution for the following reason:

The Board of Education refuse to recognize the right of the Council to question any expense incurred by them, as under the law it is mandatory upon the Council to transfer from the City Treasurer to the Custodian of School Monies the amount assessed, levied and collected for school purposes upon requisition from the Board; at the same time they are willing to furnish your Honorable Body in public meeting, or any citizen, full information regarding the expenses of their Board.

Respectfully,

GEORGE GONZALES,

Mayor.

Dated March 1st, 1911.

Whereas, James Smith, Custodian of School Moneys, has requested the Mayor and Council to have a warrant drawn on the School Fund for the sum of twenty-eight thousand dollars to pay current expenses of the Board of Education; and

Whereas, The resolution required for expenses of the said Board of Education for the preceding month was for \$27,000; and

Whereas, It thus appears that the sum now asked for in aforesaid is for one thousand dollars in excess of the preceding requirement, and no explanation has been given therefor;

Resolved, That the Board of Education be required to submit to the Council at an adjourned meeting to be held March 1 next, an itemized statement showing how the aforesaid sum of \$28,000 is made up, and to the end that the Council may determine whether the said increase of \$1,000 in one month has been caused by the junketing trip which the Mayor and certain members of the Board of Education made recently to Philadelphia.

THOMAS J. WREN.

On motion of Councilman Delaney the communication was received and the resolution be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Plugh and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilmen LaPointe and Wren.

Councilmen Pflugh, Delaney and Belloff

presented the following:

Whereas, The method of paying interest on the bonded debt of the city now in use, does not give the greatest degree of safety to the city, in that the coupons are not checked by the bank, but are paid by the bank on the certificate of the City Treasurer that the coupons are in the envelope presented by the holder of the coupons, which can not be entirely satisfactory to the banks, and

Whereas, At the present time the payment of interest is not under the control of the Common Council, in that all payments of registered interest are made on checks signed by the Mayor, Chairman of the Finance Committee, City Treasurer and City Comptroller, and coupon interest paid on order of the City Treasurer only, the Common Council not directing any of the payments by resolution, the Treasurer acting under the provisions of the old charter, which says "no money should be paid out of the Treasury, except on warrants signed by the Mayor or Acting Mayor, and countersigned by the City Clerk, except for the payment of bonds for the city, and certificates of indebtedness for improvements given by the city and interest on the same, and moneys paid into the City Treacury for the redemption of property sold for taxes and assessments," and

Whereas, The law also says, "That the Treasurer shall receive, safely keep, and disburse, under the direction of the Council, all moneys belonging to or under the control of the city," and also "and no warrant shall be drawn on the Treasurer, by said officers (signed by the Mayor and countersigned by the City Clerk), except in pursuance of an order of the Council, passed at a stated meeting of the Board, and entered in their minutes," now, therefore, be it

Resolved, That the City Treasurer shall each month report to the Common Council the amount due for interest on the bonded debt for the next ensuing month, and that the Common Council then direct that a warrant be drawn for the required amount, dated the first day of the next ensuing month, payable to the order of the City Treasurer to pay said interest, and be it further

Resolved, that the City Treasurer shall deposit the said warrant in a separate account in one of the authorized banks of deposit and draw special checks signed by the City Treasurer and countersigned by the City Comptroller, to pay interest on registered bonds, and that upon the presentation

of coupons at the office of the City Treasurer, the said Treasurer shall draw a special interest check, signed by the City Treasurer and countersigned by the City Comptroller, for the amount of the coupons so presented, and shall then cancel the coupons. All checks shall be charged against the separate cash account for the month's interest, and the account must be balanced at the end of each fiscal month.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh, Volk and Chairman Anderson.

Nays—None.

Absent—Councilmen LaPointe and Wren.

Councilmen Pflugh, Delaney and Belloff presented the following:

Resolved, That the Treasurer be and he is hereby authorized to call in all certificates of indebtedness issued for the improvement of Madison street, between Eighth and Ninth streets, as the assessments for and said improvement have been collected by the Collector or Revenue sufficient to redeem said certificates; be it further

Resolved, That the Treasurer call in Certificate No. 349, Tivy and Smith. \$965 65  
 Certificat No. 350, Jas. Harksen.... 70 01  
 Certificate No. 351, C. F. Guth..... 70 01  
 issued March 25, 1909, and that he report as to Certificate No. 1467, issued to Tivy and Smith, June 28, 1890, and No. 7, issued to P. H. Flaherty, Jr., February 10, 1898, and ascertain, if possible, as to whether they are still in possession of the parties issued to, and be it further

Resolved, That the Comptroller shall give notice to the Treasurer of the collection of an assessment for any purpose in the future, and that the Treasurer shall call in and pay all certificates of indebtedness as soon and in such sums as shall come into the hands of the Treasurer, in amounts of fifty dollars or more, as provided upon the stub of the certificates issued, and that the City Clerk in drawing up improvement certificates in future provide that the interest thereon shall cease at any time when called in within two years from date of issue.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh, Volk and Chairman Anderson.

Nays—None.

Absent—Councilmen LaPointe and Wren.

Councilmen Pflugh, Delaney and Belloff presented the following:

Whereas, It is necessary to pay the street laborers upon weekly pay rolls; and

Whereas, Council meets regularly upon the second and fourth Wednesday of each

month; and

Whereas, Under the law, the Treasurer has no funds to meet the demand of said pay rolls; and

Whereas, It has been the custom of the Treasurer to meet the pay rolls as presented according to law by the Street Department, by withholding and not depositing part of the collections of the Collector of Revenue, City Clerk and other departments; and

Whereas, The law directs that the Treasurer deposit within twenty-four hours all monies received from whatsoever source; and

Whereas, It has not been possible to readily audit the receipts and deposits of money by the method formerly in use; and

Whereas, The Treasurer is under a sufficient surety bond to meet all requirements of the proposed change in the method of handling the cash to meet the said pay rolls; and

Whereas, It has been necessary in the past for the Treasurer to hold the accumulated pay rolls for quite a length of time before being reimbursed for the cash advanced.

Now, therefore, in order that the Treasurer may be able to conform to law and at once deposit all receipts, thus giving absolute safety to the city's money, and in order to meet the necessity of promptly paying the pay rolls under consideration, be it

Resolved, That a warrant be drawn to the order of the City Treasurer for the sum of seven thousand dollars, the same to be charged on the books of the Comptroller to the account of the said City Treasurer, to be held as a fixed charge against him until returned by him to the city, the same to be considered as a Petty Cash Fund to pay the amounts due on the pay rolls of the Street Commissioner or other properly authorized claims when presented to the City Treasurer in accordance with the ordinance; and be it further

Resolved, That the City Treasurer shall present the said pay rolls to the City Council as now provided by ordinance, and when Council authorizes a warrant to be drawn to reimburse the said Treasurer, he shall deposit the same to his petty cash fund, so that it will be possible to at all times readily audit this account, in which must be either the full amount of seven thousand dollars or properly receipted vouchers for money paid out by him as above.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh, Volk and Chairman Anderson.

Nays—None.

Absent—Councilmen LaPointe and Wren.

Councilmen Pflugh, Belloff and Delaney presented the following:

Whereas, The receipts of moneys from the collection of taxes, assessments, licenses and other sources was formerly deposited in the banks as one cash account without reference to the funds or specific purpose for which it was received, said moneys being drawn upon by warrant without due consideration as to the legal right to use the same; and,

Whereas, In order to bring the handling of cash better under the control of Council, this method has been changed, and receipts are now deposited in the designated banks of deposit to the credit of the proper funds and kept by said banks in special accounts, such as: First, General Cash, from which is paid all claims and salaries for the current operation of the government; second, Tax arrearage Cash, from which is paid all claims on account of temporary loan bonds or other obligations, principally under the control of the Sinking Fund Commission; third, Assessment Cash, from which is paid all claims for assessable public improvement; fourth, Excise Cash, from which is paid all obligations on account of the Excise Department, and for transfer of funds to other city departments; fifth, Hoboken Cemetery Cash, from which is paid all claims against said cemetery; sixth, special accounts from bond issue; seventh, money received from any other special source; and,

Whereas, The Collector of Revenue gives his own check for collections to the Treasurer, and the remaining departments give their collections to the Treasurer as received; and,

Whereas, It is necessary to regulate, facilitate and confirm the handling of cash so as to further control it; and,

Whereas, It is necessary to carry out the law on the subject and divide and deposit the money received as per the cash books and receipt books now in use; now, therefore, be it

Resolved, That the Collector of Revenue be and he is hereby directed to give to the City Treasurer

First—A separate check for the money collected on account of current yearly tax from the beginning of the collection of said current taxes in November or December of each year to the close of said fiscal year in the following May, so that the money may be deposited in the General Cash Account for the operation of the city government during that period;

Second—A separate check for the money collected on account of taxes for all other tax years, so that said money may be de-

posited in the Tax Arrearage Cash Account;

Third—A separate check for all money received on account of assessable improvements, so that said money may be deposited in the Assessment Cash Account; and be it further

Resolved, That all other departments deposit with the City Treasurer receipts on account of their departments in the manner now in use; and be it further

Resolved, That the City Treasurer deposit the said money in the banks to the credit of these said funds, taking from the said banks a duplicate receipted slip of deposit, and deposit the same with the City Comptroller, and that the said Treasurer balance his accounts with the banks under this classification of cash at the close of each month.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh, Volk and Chairman Anderson.

Nays—None.

Absent—Councilmen LaPointe and Wren.  
Councilmen Pflugh, Belloff and Delaney presented the following:

Whereas, The City Treasurer has received from the Comptroller of the Treasury of the State of New Jersey the following communication:

"State of New Jersey.

Office of Comptroller of the Treasury.  
Trenton, March 7, 1911.

James Smith, Esq.,

Treasurer, Hoboken, N. J.:

Dear Sir—The warrants to which your letter of the 6th inst. refer are for, on account:

Tax assessed 1907, payable 1908,

Morris & Essex R. R. .... \$37,742.51

Tax assessed 1908, payable 1909,

Morris & Essex R. R. .... 42,714.98

Tax assessed 1909, payable 1910,

Morris & Essex R. R. .... 52,285.20

Very respectfully,

E. I. EDWARDS,  
Comptroller."

And, whereas, the City Treasurer did receive from the State Treasurer's office, approved by the State Treasurer and Comptroller

Warrant No. 2168 for \$37,742.51,

Warrant No. 2170 for \$42,714.98,

Warrant No. 2172 for \$52,285.20,

all made payable to the order of James Smith, City Treasurer; and,

Whereas, It has always been customary for the Comptroller of the Treasury to deposit with the City Treasurer State taxes collected as above; and,

Whereas, The Comptroller of the Treasury,

Mr. Edwards, did orally say to the Treasurer that this is in strict conformity to law; and,

Whereas, The City Treasurer has credited on his books the above amounts to the various tax years designated; and,

Whereas, It is necessary for the Collector of Revenue in whose office the record of taxes is now kept to also credit the said amounts on his books; and,

Whereas, The money having been collected by the State collection department taking it out of the hands of the City Collector of Revenue, now therefore to give the City Collector authority to credit the sum which has not passed through his hands; be it

Resolved, That the Collector of Revenue be and he is hereby authorized and empowered to credit to the tax years of 1907, 1908 and 1909 the amounts as reported on the Treasurer's form of "Collections of City Treasurer" now in use.

The following communication from His Honor the Mayor was presented and read:	
To the Council:	

Gentlemen—The annexed bills I hereby return. The fund appropriated by the Tax Board for the purpose of paying these bills is exhausted, and I call the attention of your honorable body to the fact that there have been seventeen hundred dollars spent for shoeing and feeding seven horses during the past ten months.

Dated March 22, A. D. 1911.

GEORGE GONZALES,

Mayor.

Claim of Mrs. M. Clark, shoeing horses, etc., for Street Department	\$35 00
Claim of Mrs. James Brock, feed furnished city stable.....	28 19

On motion of Councilman Wren the communication was received and the claims be paid out of the Street Supply Fund notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pfugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—I return without my approval, resolution, directing the City Clerk to advertise the sale of two horses belonging to the city, now used by the Street Department, and I also return, without my approval, resolution, directing the City Clerk to advertise for the purchase of two horses to be used in the Street Cleaning Department.

I would call your attention to the fact that the Tax Commissioners are now in session and the application for the purchase of additional horses should be made to the Tax Commissioners, they making the appropriation for such purpose, and the money appropriated by them, if it is found necessary.

GEORGE GONZALES,  
Mayor.

Dated March 22, 1911.

Resolved, That the City Clerk be and he is hereby directed to advertise for the purchase of two horses for the use of the Street Department.

JOHN J. DELANEY.

Resolved, That the City Clerk be and he is hereby directed to advertise for sale two horses belonging to the city and now used by the Street Department.

JOHN J. DELANEY.

On motion of Councilman Wren the communication was received and the resolutions be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pfugh, Volk, Wren and Chairman Anderson.

Nays—None.

The following communication from His Honor the Mayor was presented, read and received:

To the Council:

Gentlemen—I do not approve of the resolution that the Committee on Public Grounds and Buildings be authorized to obtain an estimate of the cost of making repairs to the building, 537 First street, and to furnish same for the occupancy of the Exempt Firemen's Association. My reason for not approving of this is that the property is far too valuable. This building should be sold and the proceeds applied to building a fire house. The Exempt Association is very well located just at present and would be put to an un-

necessary expense to have to move. If this city could obtain possession of the entire City Hall building then the city could provide for the ambulance and the Bloomfield street building turned over to the Exempt Association, which would make a more convenient place for the Exempt Firemen's Association. There is no question but that if we could become possessed of the City Hall the question of our right to use the whole City Hall was removed, we could then so arrange the present City Hall as to make room for all the necessary departments and have them all in one building, and it would be well for your honorable body to take up the matter of proceeding to oust the company now occupying the City Hall armory. No matter how we may turn or what improvements we may desire to make in the present City Hall (the grounds are sufficiently large enough to accommodate all the departments for a number of years to come) there would always be that question of the right of the armory occupying a large part of our City Hall.

Dated March 22, 1911.

GEORGE GONZALES,

Mayor.

Resolved, That the Committee on Public Grounds and Buildings be and they are hereby authorized to obtain an estimate or estimates of the cost of making repairs to the building at 557 First street, Hoboken, to render the same suitable for the purposes and requirements of the Exempt Firemen's Association of Hoboken, and that said committee appear before the Tax Board at the next regular meeting and present such information thereat and request an appropriation for the purpose of making said repairs.

P. H. DUFFY,

LOUIS H. BELLOFF.

The following communication from His Honor the Mayor was presented and read:

Gentlemen—I return the enclosed resolution without my approval for the payment to Mr. Patrick Londrigan and to Mr. Eugene Smith, the Inspector and engineer on the sewer in First street, for the reason that had the inspector and engineer done their duty and followed the plans and specifications for the laying of this sewer, the sewer would have been laid properly, and I am of the opinion that the inspector and engineer have not served the city in such a manner that they are entitled to pay, notwithstanding that he chairman of the Street and Sewer Committee should be, and it was his personal business, being a resident right near the section of this sewer, to see that the plans and specifications were complied with.

I charge the inspector and the engineer with the fault of the evasion of the plans and specifications by the contractor on the First street sewer.

Dated March 22, 1911.

GEORGE GONZALES,

Mayor.

Resolved, That the City Clerk be and is hereby directed to draw a warrant for two hundred and fifty-two dollars (\$252.00) in favor of Patrick Londrigan, inspector on the improvement of First street sewer between Park avenue and Marshall street, as per certificate of Eugene Smith, city surveyor, presented February 8, 1911, and reported correct this date.

AUGUST T. PFLUGH.

Resolved, That the City Clerk be and is hereby directed to draw a warrant for two hundred and twenty-eight dollars and eighty cents (\$228.80) in favor of Eugene Smith, engineer on the improvement of First street sewer between Park avenue and Marshall street, as per certificate of Eugene Smith, city surveyor, presented March 8, 1911, and reported correct this date.

AUGUST T. PFLUGH.

On motion of Councilman Wren the communication was received and the resolutions be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication was presented, read and referred to the Committee on Streets and Assessments:

March 22, 1911.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—The City Clerk has submitted to me the following papers which were served upon him, to wit:

An order made by Frederick J. Stuhr, Esquire, Judge of the District Court of the City of Hoboken, in the matter of the suit of Henry Schall, plaintiff, vs. James Padavano, defendant, restraining the Mayor and Council of the City of Hoboken, the City Treasurer, and the City Clerk from paying to James Padavano the sum of \$960.00, alleged to be due to said James Padavano under a certain contract between the said defendant, James Padavano, and the City of Hoboken, and restraining the said James Padavano from collecting said debt or any portion thereof, or from transferring the said money to or from the said James Padavano, or any third person, until the further

order of said court. The aforesaid restraining order is dated February 28, 1911.

Also, an order made by the Hudson County Circuit Court, dated May 6, 1911, in the suit of Mary Brock, plaintiff, vs. James Padavano, defendant, restraining the said James Padavano from collecting the sum of \$960.00, or thereabouts due to him from the Mayor and Council of the City of Hoboken, as set forth in the petition filed with the court in said cause, and forbidding the Mayor and Council of the City of Hoboken to pay the sum or any part thereof to the said James Padavano, or to any third person, and forbidding the said James Padavano and the Mayor and Council of the City of Hoboken from delivering any money or property in possession of the Mayor and Council of the City of Hoboken, or held in trust for the said James Padavano, to any person whatsoever until the further order of said court.

Also, an assignment made by James Padavano to Francesco Burgo of the sum of \$960.00 payable to said Padavano by the Mayor and Council of the City of Hoboken for the removal of ashes and garbage for the month ending March 25, 1911, which assignment is dated March 6, 1911.

By reason of the aforesaid restraining orders, I advise you that you are not permitted to make payment of any moneys to the aforesaid James Padavano, or to any one in his behalf, other than a receiver duly appointed by the court, until the further order of the aforesaid courts. I further advise you that you should not honor the aforesaid assignment made by James Padavano to Francesco Burgo, because of the issue by the courts of the aforesaid restraining orders.

I am informed that James Padavano, who has the contract with the City of Hoboken for the removal of ashes and garbage, contemplates making application to your Honorable Body for leave to assign his said contract to a corporation to be formed by him and some other persons, and I hereby advise you that you should not give your consent thereto, at least until the said contractor shall have made settlement of the matters in difference between him and the parties mentioned in the aforesaid suits, and until the further order of the courts made therein.

There have been a number of judgments obtained in the courts of this county against the said James Padavano and in number thereof discovery proceedings have been instituted and had, as a result of which orders have been made by the courts restraining the said James Padavano from collecting certain moneys alleged to be due and owing to him from divers parties, and restraining

the said divers parties from making payment thereof to the said James Padavano. By reason thereof it is manifest that the said contractor, James Padavano, in making application to your Honorable Body for leave to assign his aforesaid contract for the removal of ashes and garbage, is doing so with the object and purpose in view of an endeavor to defeat his judgment creditors from obtaining satisfaction of their respective judgments against him. The City of Hoboken should not be a party to to such a dishonest purpose, and, furthermore, should not by consenting to the assignment of the contract in question become enmeshed in the financial difficulties of said contractor.

Respectfully,

JOHN J. FALLON,  
Corporation Attorney.

The following communication from His Honor the Mayor, enclosing an order on contract of Louis Cohen, trading as the Canadian Feed Company, against James Padavano, also communication from James Padavano, that he is unable to fulfill his contract for the removal of ashes and garbage, was presented, read and referred to the Corporation Attorney:

Mayor's Office,  
Hoboken, N. J., March 29, 1911.

To the Council:

Gentlemen—The enclosed was received by me. I refer same to your Honorable Body for such action as you may deem necessary.

Respectfully,  
GEORGE GONZALES,  
Mayor.

Hoboken, N. J., March 27, 1911.

Hon. G. Gonzales, Mayor of City of Hoboken, N. J.:

Hon. Sir—As I am unable to get my money for removing the ashes and garbage, I can not go ahead with the contract. I therefore notify you that I can not carry out my contract for the removal of ashes and garbage and that I must abandon it.

I wanted to pay Mrs. Brock something each month, but she insists on pushing me to the wall, so that I cannot go ahead any further.

Respectfully yours,  
JAMES PADAVANO.

The following communication from His Honor the Mayor was presented and read:

Mayor's Office,  
Hoboken, N. J., March 29, 1911.

To the Council:

Gentlemen—The enclosed resolutions are returned with out my approval.

Respectfully,  
GEORGE GONZALES,  
Mayor.

Resolved, That the City Clerk be and he is hereby directed to draw a warrant on the Contingent Fund for the sum of \$100, in favor of Michael F. Dorsey, to pay salary as Assistant Inspector of Buildings for the month of March, 1911.

LOUIS H. BELLOFF.

Resolved, That the City Clerk be and he is hereby directed to draw a warrant on the Contingent Fund for the sum of \$50 in favor

of Joseph H. Cummings, to pay balance of salary as Inspector of Buildings for the month of March, 1911.

LOUIS H. BELLOFF.

Councilman Wren moved that the communication be received and the resolutions be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman Delaney.

The following communication from His Honor the Mayor was presented, read and referred to the Corporation Attorney:

To the Common Council of the City of Hoboken:

Gentlemen—I herewith send to your Board a summons and complaint issued out of the Court wherein the Barber Asphalt Paving Company is plaintiff and the Mayor and Council of the City of Hoboken are defendants, in a suit to recover \$15,510.95, together with lawful interest on same from June 30, 1909.

I call your Board's attention (as I have in numerous communications to your Board) to the fact that the reason for suits of this kind is because the Board, or its Committee, have neglected to take from the pigeonholes the claims presented against the city, and have allowed them to remain there for years without any action, and this is the result of that business method of the Board in the past, and this present Board apparently pursues the same methods.

A large part of this bill, to wit: amounting to five thousand dollars, was contracted by the Committee on Streets and the Street Commissioner in excess of the appropriation made for repairs of two thousand dollars, and I desire to particularly call your attention to this: that if the Committee and the Street Commissioner have contracted debts for the city in excess of the appropriation made for that specific purpose, to have the City Attorney render an opinion as to the liability of the Committee, together with the Street Commissioner, for the action which they have taken, and if they have exceeded their authority your Board should take such steps as advised and which will meet the case. There is no doubt, if the claims as set forth in this suit are properly defended there can be a good defense made; for the recent repairs made by this company should be thoroughly inspected, especially those on Hudson street, by competent persons or expert persons, to prove that the work is not

the quality of work as charged for.

GEORGE GONZALES,  
Mayor.

Dated March 29, 1911.

The following communication from His Honor the Mayor was presented and read:

Hoboken, N. J., March 29, 1911.

To the Council:

Gentlemen—I would respectfully ask your Honorable Body to refer the enclosed to the Corporation Attorney as to the legality of same.

Respectfully,  
GEORGE GONZALES,  
Mayor.

Your Committee upon Public Grounds and Buildings, to whom was referred the matter of obtaining an estimate of the cost of making repairs to the building 557 First street, Hoboken, to render the same suitable for the purposes and requirements of the Exempt Firemen's Association, do respectfully report that they have made such inquiry and obtained such estimates, and they report that it would cost between three thousand dollars and four thousand dollars to make the requisite repairs sufficient to place such building in suitable shape and condition for the uses of said Exempt Firemen's Association, and we further report that we have obtained estimates of the cost of making the repairs necessary to the building 213 Bloomfield street sufficient to render the same suitable for the uses of said Association, and to provide a proper building for said Exempt Firemen's Association of Hoboken, and find that such repairs could be made at an expense or cost of twelve hundred dollars, and therefore recommend that the repairs be made to the building 213 Bloomfield street, and further recommend that your Committee be authorized to appear before the Tax Board at the next regular meeting and present the aforesaid matter thereat and request an appropriation of twelve hundred dollars for the purpose of making the aforesaid repairs to the building 213 Bloomfield street and placing the same in proper condition for said Exempt Firemen's Association of Hoboken.

Councilman Wren moved that the communication be received and that the claim of Mrs. James Brock, for \$28.19, for feed furnished city stable, and the claim of Mrs. M. Clark, for \$35, for shoeing horses, etc., for

Street Department, be ordered paid out of the Contingent Fund.

Adopted by the following vote:

Ayes—Councilmen Belloff, Duffy, LaPointe, Larkin, McPeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman Delaney.

ordered to lay on the table:

To the Common Council of the City of Hoboken:

The following communication from His Honor the Mayor was presented, read and Gentlemen—I return without my approval the claim of \$1,200 of Mr. Richard Lamb, as claimed, for work done on pavement on First street.

It appears to me strange that this claim of \$1,200 should be presented to me at this time for approval. The last payment made to Mr. Lamb for the paving of First street was on the 14th day of December, 1910, and should have been final, if the engineer and your Committee were properly attending to their duties. The last payment should have been payment up to the time that he ceased work, and I can't find where Mr. Lamb has done any work since the last payment received by him on First street.

I believe it is the duty of your Committee to have the street in readiness for instant work as soon as the weather permits, as the people in that neighborhood have suffered inconvenience and loss, to my mind, long enough. Apparently there is not a block in readiness to lay, nor a load of filling brought there as yet.

GEORGE GONZALES,

Mayor.

Dated March 29, 1911.

The following communication was presented, read and received:

Hoboken, N. J., March 29, 1911.

To the Honorable The Mayor and Council of the City of Hoboken:

Gentlemen—I am informed that James Padavano, who has the contract for the removal of ashes, garbage, &c., under contract dated August 1, 1910, to commence on September 25, 1910, and to expire September 25, 1911 (see Section 4 of contract), has, or is about to notify the Street Commissioner that he cannot or will not fulfill his aforesaid contract. If said contractor notifies your Honorable Body that he cannot or will not fulfill his aforesaid contract, you should at once advertise for proposals for bids for the removal of ashes, garbage, etc., for the remainder of the aforesaid contract period, that is, to September 25, 1911.

Section eleven of the specifications for

the removal of ashes, garbage, paper and rubbish, street sweepings, &c., which form part of the Padavano contract, provides that the Committee on Streets and Assessments of the Common Council reserves the right to direct the Street Commissioner to hire men and wagons to remove said ashes and garbage, paper and rubbish, street sweepings, &c., upon the failure of the contractor to remove same in accordance with said specification, and the cost and expense of said removal shall be deducted from any moneys due or about to become due said contractor.

Section three of the Padavano contract provides that the contractor shall give his personal attention to the fulfillment of the contract, and he shall not sublet the same or any part thereof, but keep the same under his control, and he shall not assign, by power of attorney or otherwise, any of the moneys payable under said contract, except by and with the consent of the Mayor and Council of the City of Hoboken, to be signified by endorsement upon said contract.

I am informed that the contractor has violated the aforesaid provision, in that he has assigned, by power of attorney to one Burgo, moneys payable under said contract, without the consent of your Honorable Body, as required by the aforesaid provision.

Section four of the aforesaid contract provides that if the work to be done thereunder shall be abandoned, or if the contract shall be assigned otherwise than as therein specified, or if at any time the Committee on Streets and Assessments shall be of opinion, and shall so certify in writing, to the Mayor and Council of the City of Hoboken, that the work thereunder, or any part thereof, is unnecessarily delayed, or that the contractor is wilfully violating any conditions or covenants of the contract, or executing said contract in bad faith, the Mayor and Council shall have the power to notify the contractor to discontinue all work, or any part thereof under said contract, and thereupon the contractor shall cease to continue said work, or such part thereof as the Mayor and Council may designate, and the Mayor and Council shall thereupon have power to complete the work, and provide all materials and labor necessary therefor, and charge the expenses thereof to the contractor, the expense so charged to be deducted and paid by the contractor out of any moneys due or which may become due to him, under and by virtue of said contract, and in case such expense is less than the sum which would have been payable under the contract, if the same had been completed by the contractor, then the contractor shall

be entitled to receive the difference, and in case such sum shall exceed the sum payable under said contract, then the contractor shall pay the amount of such excess to the City of Hoboken, on notice from the Mayor and Council of the excess so due.

The contractor, James Padavano, as principal, and the American Bonding Company of Baltimore, as surety, entered into a bond with the City of Hoboken, in the sum of ten thousand dollars, for the faithful performance of the aforesaid contract, and the contractor and the surety should be held to a strict compliance with the contract.

I have advised you heretofore, and I now again advise you, that you cannot lawfully give consent to the assignment of the aforesaid contract, or permit the contractor to transfer or dispose thereof, until the further order of the Hudson County Circuit Court made March 6, 1911, in the suit of Mary Brock, plaintiff, against James Padavano, defendant, in which said suit an order was made by the court, and copy thereof served upon your Honorable Body, restraining you from delivering any money or property in your possession belonging to said James Padavano, to any person whomsoever until the further order of the court.

Respectfully,

JOHN J. FALLON,  
Corporation Attorney.

Councilman Volk was excused from the meeting.

The following communication was presented, read and referred to the Committee on Finance and Salaries:

Hoboken, N. J., March 29, 1911.

To the Mayor and Common Council.

Gentlemen—The books of the City Treasurer on May 2, 1910, showed a balance on that date to the credit of the Contingent Fund of \$14,275.53.

The books of the City Comptroller on the same date showed a balance of \$4,936.87 and additional balances in separate accounts, which the Treasurer had treated as one account instead of separate accounts.

An adjustment of these various accounts carried as separate accounts by the Comptroller showed that the Comptroller's account and Treasurer's account on May 2, 1910, should have had a balance of \$7,469.66, instead of \$4,936.87, with proper adjustment of outstanding warrants.

Considering the \$7,469.66 as the proper balance forward May 2, 1910, there is now in the Contingent Fund available for use \$2,624.94.

Under the same analysis and adjustment the balance available for use in the Public Ground and Building Fund is \$641.30.

There are other funds where adjustments indicate changes of less amount to be entered.

Respectfully submitted,  
FREDERICK KAUFMANN,  
Comptroller.

Approved.

EUGENE SHINN.

The following report was presented, read and the action of the Street Commissioner concurred in:

Hoboken, N. J., March 29, 1911.

To The Honorable the Mayor and Council of the City of Hoboken.

Gentlemen—The attached communication from Mr. James Padavano, the contractor for the removal of ashes, garbage, rubbish, paper, street sweepings, etc., giving notice that he can not go on with his contract, which was received on March 27, 1911, at 3:30 o'clock p. m.

I immediately notified your Committee on Streets and Assessments to meet together, with His Honor the Mayor on March 28, at 10 o'clock a. m., at the Mayor's office.

Your Committee on Streets and Assessments did meet on March 28, 1911. Messrs. McFeely, Wren and Duffy being present, the attached resolution was adopted by your Committee on March 28, 1911, directing me to engage men and carts to perform the work until further notice.

I have received the attached bid from the Hudson Contracting Company for the removal of ashes, garbage, etc., in accordance with Section 11 of the Contract and according to the resolution of your Committee I have employed the Hudson Contracting Company to perform all work and furnish all carts, etc., substantially the same as the contract calls for at the rate of \$40 for each working day.

The amount to be paid is about the same figure as the contract price.

Awaiting your further action in the matter, I am

Respectfully,

P. R. GRIFFIN,  
Street Commissioner.

Hoboken, N. J., March 27, 1911.

Mr. P. R. Griffin, Street Commissioner,  
City, Hall, Hoboken, N. J.

Dear Sir—As I am unable to get my money for removing the ashes and garbage, I can not go ahead with the contract. I therefore notify you that I can't carry out my contract for the removal of ashes and garbage, and that I must abandon it. I wanted to pay Mrs. Brock something each month, but she insists on pushing me to the wall, so that I can not go any further.

By respectfully yours,

JAMES PADAVANO.

Resolved, That the Hudson Contracting Company furnish and supply to the Street Commissioner, Patrick R. Griffin, Esquire, six (6) horses and carts, with drivers, and one (1) horse and carriage for the use of the said Street Commissioner, and also six (6) trucks, with teams and drivers, and six (6) lifters, for the removal of ashes and garbage from the streets and public places in the City of Hoboken for the sum of Forty (\$40) dollars a day. The Hudson Contracting Company is to furnish a place to dump the said ashes and garbage, the same to be the property of the Hudson Contracting Company. Be it further

Resolved, That the President submit a copy of this resolution to the Street Commissioner.

We hereby certify that the above resolution was regularly passed by the Board of Directors of the Hudson Contracting, at a special meeting of said Board held March 28, 1911.

W. JEISPEI,  
President.

ROBT. PADOVANO,  
Secretary.

Whereas, James Padavano has abandoned his contract for the removal of ashes and garbage from the streets and public places in the City of Hoboken, and has failed to remove said ashes and garbage, and has given notification in writing to the Mayor and Council of his abandonment of said contract. Be it

Resolved, By the Committee on Streets and Assessments of the Common Council in committee meeting assembled, that pursuant to the authority reserved and the terms provided in Section 11 of the specification annexed to the contract for the removal of ashes and garbage, your Committee does hereby direct the Street Commissioner, Mr. Patrick R. Griffin, to hire men and wagons to remove said ashes and garbage, paper, refuse and street sweepings, etc.

THOMAS J. WREN,  
BERNARD McFEELY,  
P. H. DUFFY.

Report of the Board of School Estimate, District of Hoboken, was presented, read and referred to the Board of School Estimate of the Council:

Hoboken, N. J., March 28, 1911.

To the Honorable the Mayor and Council of the City of Hoboken, N. J.:

Gentlemen—This is to certify that in accordance with Article VI, Section 76, of the

State School Law, the Board of School Estimate of the District of Hoboken, County of Hudson, State of New Jersey, met at the rooms of the Board of Education on Monday evening, March 27, 1911, and upon the presentation of a statement from the Board of Education, setting forth the necessity of a further appropriation in order to properly equip the new High School building with the necessary furnishing and paraphernalia and embodying an estimate of such sum required for this purpose, and after due deliberation and careful consideration, fixed and determined that the sum of forty thousand dollars (\$40,000) is necessary for the purpose named, and we therefore ask that your Honorable Body appropriate and borrow the sum so specified and secure the same by the issue of bonds to be designated "School Bonds."

By order of the Board of School Estimate,  
GEORGE GONZALES,

President.

JOHN H. SHERIDAN,  
E. F. MUZZI.

The following communication from His Honor the Mayor was presented and read:	
To the Council:	
Gentlemen—I return the claims for repairing the clock annexed hereto, without my approval.	
I attach the following amounts for repairs since July 27, 1910, which have been paid, viz.:	
July 27, 1910.....	\$10 00
July 27, 1910.....	10 00
July 27, 1910.....	22 50

February 8, 1911.....	10 00
February 8, 1911.....	10 00
January 25, 1911.....	10 00
August 24, 1910.....	10.00
August 24, 1910.....	10.00

and the following, which are on file, unpaid, viz.:

January 6, J. Ritter.....	22 50
January 18, Chas. Roerecke.....	3 00

It appears to me that the clock at the City Hall, requiring continual repairs at the rate that we are paying, it would be advisable to either take the clock down and place a weather vein in its stead, which would be of some use to some persons, rather than to have poor time or no time at all.

GEORGE GONZALES,  
Mayor.

Dated April 12, 1911.

On motion of Councilman Wren, the communication was received and the claims No. 7,795, claim of Frank Becht, for repairing clock in City Hall tower \$23 60 No. 7,794, claim of Frank Becht, for attending clock in City Hall tower 10 00 passed notwithstanding the veto of His Honor the Mayor.

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

The following communication from His Honor the Mayor was presented, read and received:

To the Council:

Gentlemen—I return resolution without my approval, which requires the placing of iron plates and the painting of trolley poles. It appears to me that this is all uncalled for and unnecessary legislation upon matters which have already passed the Council in the shape of an ordinance requiring this work to be done. If you would, instead of passing resolutions of this kind, which are superfluous, instruct the Street Commissioner to do his duty in this respect, it would be more effective.

Dated April 12, 1911.

GEORGE GONZALES,  
Mayor.

Resolved, Pursuant to Section 352 of the Ordinances of the City of Hoboken, revised and recompiled in the year 1901, that all telegraph poles erected within the City of Hoboken shall, within sixty (60) days from the date hereof, be painted, and kept well painted, in two colors, the first eight feet above the sidewalk in dark brown, the remaining portion in white; and be it further

Resolved, Pursuant to Section 352 of the Ordinances aforesaid, that all telegraph poles

erected within the City of Hoboken shall, within sixty (60) days from the date hereof, have cast iron plates placed thereon, indicating by what company the same are erected; and be it further

Resolved, That a copy hereof, duly certified by the City Clerk, be served upon the respective companies within five (5) days from the date hereof.

P. H. DUFFY.

The following communication from His Honor the Mayor was presented, read and received:

To the Council:

Gentlemen—Your Council is so constituted that you have what you call a "Committee on Streets," and you also have a Street Commissioner and an Assistant Street Commissioner, who is supplied with a horse and buggy to inspect and keep inspected, as I suppose, daily, the streets of the City of Hoboken. It is evident, from the appearance of First street, and the long time it has remained in its present condition, that the Committee on Streets and the Street Commissioner, together with his assistant, have either "fallen by the wayside" or have become progressive statesmen and have duties outside the of city, that they are unable to see or to report or to assist in having this street in a decent condition.

I do not feel called upon to call all parties connected incompetent, but it would be wise, as you have employed inspectors in the past on various small jobs, to have in addition to your overloaded department an inspector especially appointed to clean up and have First street so that the business men on First street can properly transact their business. This appointment being, of course, a person who, after you have considered his qualifications for such appointment, to be a person who has the qualities necessary to follow up the contractors, so that the work may be completed, and so as not to continue the past performances of delay, that there may be some time set for the completion of this work.

Dated April 12, 1911.

GEORGE GONZALES,  
Mayor.

The following communication from His Honor the Mayor was presented, read and received.

To the Council:

Gentlemen—The enclosed claim is again returned to your Honorable Body without my approval.

The Street Department has, long before this bill was presented, exhausted the funds amounting to \$1,700, for shoeing and feeding

horses for the years 1910 and 1911. In a little over nine months' time this fund was completely used up, and to pay the excess bills the Council intends to apply to me to draw money from the contingent fund. This is not only a bad practice, but I consider it unlawful. If all funds in the city were exhausted it would be well to have a fund which is now called the "contingent fund" rechristened, and call it the grab bag fund," so that each department would be encouraged, and this would be an encouragement for each department to exhaust its appropriations as soon as, and in as short a time as possible, so that they may then return to the so-called "contingent fund" and exhaust that. Why the necessity of having appropriations made for each department if this contingent fund is going to be so handy, to be used for all purposes?

Dated April 12, 1911.

GEORGE GONZALES,  
Mayor.

Claim of Mrs. M. Clark, \$26 for shoeing horses for Street Department.

The following communication from His Honor the Mayor was presented, read and received:

To the Council:

Gentlemen—Your Honorable Body has in the past, and has from time to time passed claims of all descriptions in this Council without the care which it is evident that you should charge yourselves with, and I respectfully call your attention to the fact that your Honorable Body should, and especially the committees to which claims are referred, charge themselves with the responsibility of inquiring into the details of claims, and not, hereafter, pass unlawful claims over my veto; and it places me in a position whereby I am obliged to defend myself at my own expense. In the instance of the Evening Journal Association: This claim was passed, notwithstanding my veto and a mandamus was issued, as there has been in other cases. When a mandamus is issued against me, I am obliged, in each instance, to pay the cost of the proceedings myself, which I have done in the past cases, notwithstanding the assistance of Mr. Horace Allen, rendered in contesting the cases; and it is evident to me that your Honorable Body has no regard for any expense that I may be put to personally, and if it had been one of your own members who was charged with any ordinary or extraordinary expense, for the city, the nine members of the Council would break their necks to see that their fellow members were not injured.

I am not asking for the return of the

money I have expended in the past, but I do ask that you be more careful in the future.

Dated April 12, 1911.

GEORGE GONZALES,  
Mayor.

Report of Inspector of Buildings Cummings, for the month of March, 1911, was presented, read and ordered on file.

Report of Recorder McGovern, on the collection of fines for the month of March, 1911, was presented, read and ordered on file.

The following report was presented, read and referred to the Board of School Estimate of the Council:

Hoboken, N. J., April 3, 1911.

To the Honorable the Mayor and Council of the City of Hoboken, N. J.:

Gentlemen—This is to certify that in accordance with Article VI., Section 76, of the State School Law, the Board of School Estimate of the District of Hoboken, Estimate of the School District of Hoboken, County of Hudson, State of New Jersey, did meet at the rooms of the Board of Education on Monday evening, April 3, 1911, and upon the presentation of a preamble and resolution, adopted by the Board of Education on April 3, 1911, in which is set forth the necessity of making provision for a settlement of a claim of the Calumet Construction Company against the Board of Education for work done on Public School No. 9, ordered by the Court of Chancery, payment to be made to Abel R. Corbin, receiver, in the sum of twelve thousand seven hundred and fifty (\$12,750) dollars, also to provide for the payment of the costs of the settlement, estimated at one thousand (\$1,000) dollars, and after careful consideration and due deliberation, fixed and determined that the sum of thirteen thousand five hundred and fifty (\$13,550) dollars is necessary for the purposes named.

We, therefore ask your Honorable Body to appropriate the amount so specified and borrow the same by the issue of bonds, to be designated "School Bonds."

By order of the Board of School Estimate.

GEORGE GONZALES,  
President.

JOHN H. SHERIDAN.  
GEORGE LA POINTE.  
E. F. MUZZI.

Attest:

WM. A. KERR,  
Secretary.

Hoboken, N. J., April 3, 1911.

To the Honorable the Mayor and Council of

the City of Hoboken, N. J.:

Gentlemen—This is to certify that in accordance with Article VI., Section 76, of the State School Law, the Board of School Estimate of the School District of Hoboken, County of Hudson, State of New Jersey, at a meeting held on Friday, March 31, 1911, in the rooms of the Board of Education, and upon the presentation of a preamble and resolution adopted by the Board of Education, at a session of said body, held on February 27, 1911, setting forth the necessity for a new school building and the purchase of lands to form a part of plot on which to erect said building, to take the place of the present School No. 1, embodying a statement of the amount estimated to be necessary for said purposes, did carefully consider the same, and after due deliberation, fixed and determined that the sum of sixty thousand dollars (\$60,000) is necessary for the purchase or condemnation of lands to form a plot whereon to erect a building to take the place of the present School No. 1, and that the sum of one hundred and fifty thousand dollars (\$150,000) is necessary for the erection and equipment of a school house to take the place of the present school house known as No. 1.

We, therefore, ask your Honorable Body to appropriate the said amounts so specified, in separate amounts, and borrow the same by the issue of bonds, to be designated "School Bonds."

By order of the Board of School Estimate.

GEORGE GONZALES,  
President.

JOHN H. SHERIDAN.  
E. F. MUZZI.

Attest:

WM. A. KERR,  
Secretary.

Councilmen Larkin, LaPointe and Belloff presented the following:

To the Honorable the Mayor and Council.

Gentlemen—Your Committee on Public Grounds and Buildings to whom was referred the several proposals for the laying

of drain pipe and water pipe in Elysian Park, beg leave to report that they have carefully examined the same and find the one of John Kivlon to be informal, and not in compliance with the advertisement for proposals and therefore recommend that the said proposal of John Kivlon be rejected; and we further report that the proposal of James A. Marnell is the lowest responsible bid for said work, and would therefore offer the following:

Resolved, That the contract for the laying of drain and water pipe in Elysian Park be and the same is hereby awarded to James A. Marnell at the prices named in his proposal, and, further

Resolved, That the Corporation Attorney be and he is hereby directed to prepare the necessary bond and agreement for doing said work, and also that the City Clerk be directed to place all other proposals for doing said work on file.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman McFeely.

Councilmen Pflugh and Wren presented the following:

Resolved, That the City Clerk be and is hereby directed to draw a warrant for \$710 in favor of Michael Catello, contractor on the improvement of tide gate in Third street sewer outlet, as per certificate of Eugene Smith, City Surveyor, presented April 12, 1911, and reported correct this date.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman McFeely.

Councilman Volk presented the following:

Whereas, The City of Hoboken has not published the annual financial statement for the past five years, and

Whereas, This Honorable Body has advertised for bids for the publication of a financial report of the city's finances, and the Hudson Observer was awarded the contract for the publishing of same last May, being the lowest bidder, therefore be it

Resolved, That the City Clerk be instructed to immediately complete the necessary information for the Hudson Observer, so that the financial statement will be published.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy,

LaPointe, Larkin, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman McFeely.

Councilman Volk presented the following:

Whereas, The Public School Commissioners are seriously considering the erection of a new building in place of the one now occupied by Public School No. 1, and

Whereas, There have been objections raised as to the advisability of purchasing additional land for this purpose, and

Whereas, Some of our taxpayers believe that the walls of the present building are in good condition and that the building could be altered and made into an up-to-date school, and

Whereas, This Honorable Body will be requested to raise the necessary funds for the erection of a new building, the purchase of land or for alterations of the old building, therefore be it

Resolved, That a competent builder be appointed to make a thorough examination of Public School No. 1 and report immediately as to the actual strength of the walls and the general condition of the rest of the structure and as to the advisability of altering this building in order to make it useful for school purposes.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman McFeely.

Councilman Volk presented the following:

Whereas, On May 25th, 1910, Eugene Shinn was appointed as expert accountant, to make a thorough investigation of the finances of our City under the direction of this Honorable Body under certain conditions and from time to time was to make reports as to his investigation, to the Committee of the Whole (which was not done), and to receive instructions from the Council, and

Whereas, He has from time to time made promises as to when this examination would be completed, and

Whereas, The Finance Committee of this Honorable Body has been instructed to look into this matter and report as to the actual condition of this examination and completion of this work, and

Whereas, The Finance Committee has not made any report nor has any report been received from the accountant, therefore be it

Resolved, In order to bring this investigation to an end in a proper manner as it should be and that the Council be informed

as to the actual conditions of this examination, that a committee of three be appointed to investigate and to advise this Honorable Body as to how to proceed in order to have the examination finished at once.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman McFeely.

Chairman Anderson appointed as such committee, Councilmen Pflugh, Delaney and Belloff.

Councilman Volk presented the following:

Whereas, On March 23d, 1910, bids were received for the cleaning of the First street sewer, also for the constructing of a new section of the same, and

Whereas, On May 25th all bids that had been received were rejected and it was resolved to readvertise for new bids on this work for the reason that bids received on March 23d were too high, and

Whereas, On June 22d bids were again received and which were still higher than those previously received, and

Whereas, On July 13th the work on the First street sewer was awarded to Thomas Cavanagh in accordance with plans and specifications drawn by Eugene Smith, engineer, and on file in the City Clerk's office, and

Whereas, This work has been going on, and from time to time payments have been made by the Council, certified to by the engineer and the Committee on Sewers, and

Whereas, These payments have been made in accordance with the contract and we now find that the plans and specifications covering this work have not been lived up to, therefore be it

Resolved, That a special committee of three members of this Honorable Body be appointed by the Chairman for the sole purpose of making a thorough investigation and examination into all matters in connection with this First street sewer improvement, and especially as to the violation of the plans and specifications, so that this whole matter will be placed in an intelligent manner before the Mayor and Council and the citizens of this city.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—The enclosed claim of twenty-four dollars (\$24) for glass broken in the Armory, was returned without my approval. The said glass was broken by people using the Armory while playing games

and not be the city. If your Council gives permission to use the Armory for the purpose of playing basketball and other games, such persons participating in said games and destroying glass, etc., should pay for such destruction.

GEORGE GONZALES,  
Mayor.

April 15, 1911.

Claim of George Pinner, for \$24, for glazing at City Hall.

On motion of Councilman Belloff, the communication was received and the claim be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nays—None.

Declining to vote—Councilman Volk.

The following communication from His Honor the Mayor was presented, read and referred to the Corporation Attorney:  
To the Council.

Gentlemen—The enclosed resolution and requisition by which the Playground Commissioners charged to the bond issue the items in the requisition. It seems to me that the items so charged in this claim should not be charged as against the bond issue. But as there is some question as to whether it should be charged to the bond issue or to the appropriation of maintaining the ground, I ask that it be referred to the Corporation Counsel for his opinion before payment.

GEORGE GONZALES,  
Mayor.

April 15, 1911.

Your Committee on Finance and Salaries: to whom was referred the requisition from the Board of Playground Commission for the sum of \$281.36, to pay current expenses of the said Board, report the same correct, and therefore offer the following:

Resolved, That the City Clerk be and is hereby directed to draw a warrant on their bond issue for the sum of \$281.36, in favor of Mrs. C. B. Alexander, Treasurer of the Board of Playground Commission, to pay current expenses of Board of Playground Commission.

AUGUST T. PFLUGH,  
LOUIS H. BELLOFF,  
JOHN DELANEY,

Committee.

Hoboken, N. J., March 21, 1911.

To the Honorable Mayor and Council of the City of Hoboken.

At a regular meeting of the Board of Playground Commissioners of the City of

Hoboken, held March 13th, 1911, I was directed to draw on your Honorable Body for the sum of two hundred and eighty-one dollars and thirty-six cents (\$281.36), to pay the expenses of said Board, to be charged to the bond issue.

Annexed hereto is a statement of the bills making up the amount above required by us.

Very truly yours,

BOARD OF PLAYGROUND COMMISSIONERS,

By JULIUS LICHTENSTEIN,

President.

Statement of bills making up amount required:

A. G. Spalding & Bros., Indian clubs, dumbbells, etc., furnished Jefferson Street Playground.....	\$29 48

\$281 36

The following communication from His Honor the Mayor was presented, read and referred to the Committee on Streets and Assessments:

To the Council.

Gentlemen—I call your attention to the ordinance granting to the Jersey City, Hoboken and Rutherford Electric Railroad Company the use of our streets, Section V. you will find to read as follows: "Said company shall pave with Belgian blocks, not exceeding forty-two to the square yard, or, if required by the city, with such other pavement as the city may place from time to time in such streets; to keep and maintain in good order and repair all that part of the carriageway of the street in which its tracks shall be laid, lying between the outer rail of its track or tracks and to extend eighteen inches beyond the said outer rails on said tracks; said pavement and all the rails thereof to be laid with sharp sand, etc."

The reason for calling your attention to this section and the railroad company is that our streets along the tracks are in a

wretched condition, and now that the Legislature has adjourned, the Street Commissioner has time to give the City of Hoboken some attention. I call upon you again to give this matter particular attention, and not to ignore my communication in the usual brazen way as in the past.

I also call your attention to the Section 352 of the ordinances, which interests one of your Councilmen, Mr. Duffy in particular, that the telephone and telegraph companies have not painted the poles to make them presentable, nor placed the iron plates, as called for by said section, and it will be well to have the objectionable poles encumbering our streets at least looking well. This matter should be pressed at once, so as not to be forgotten.

GEORGE GONZALES,

Mayor.

April 26, 1911.

The following communication was presented, read and received:

Hoboken, N. J., April 26, 1911.

To the Honorable Mayor and Council.

Gentlemen—I enclose herewith a communication from the Secretary of State, being Sections 1 and 2, Chapter 183, Laws of 1911, relative to the changing of the boundary lines of all election districts in the City of Hoboken which have polled more than four hundred votes at the last general election, and directing your Honorable Body to examine the registry lists and to immediately change and readjust the boundary lines of the election districts so that no election district shall contain over three hundred and fifty registered voters. I would advise your Honorable Body that you employ a competent engineer to immediately make a map of the city showing the respective votes in each street of each square block in the city.

Respectfully submitted,

JAMES H. LONDRIGAN.,

City Clerk.

The following report was presented, read and referred to the Committee on Sewers:

Hoboken, April 26, 1911.

To the Hon. the Mayor and Council.

Gentlemen—I hereby report to your honorable body, that Mr. Thomas Cavanaugh, contractor on the improvement of First street sewer, from Park avenue to Marshall street, has completed his contract in accordance with the plans and specifications, excepting for the two blocks between Jefferson and Monroe streets, in which blocks new piles and timbering were omitted as being unnecessary. This has been already reported to your honorable body under date of Feb-

ruary 23, 1911, and I estimate that a reduction of one thousand four hundred and seventy-four and twenty-four one hundredths dollars (\$1,474.24) should be made from his total completed contract for such omission.

Respectfully yours,

EUGENE SMITH,

City Surveyor and Engineer in Charge.

The following report was presented, read and received:

Hoboken, N. J., April 26, 1911.

To the Mayor and Common Council, Hoboken, N. J.:

Gentlemen—Your Special Committee, to whom was referred the question of the condition of the work of auditing and systematizing the affairs of the city, beg leave to submit the following:

The work of auditing is complete for the four years considered.

The system is all designed.

The report of the entire work which it is necessary for the Council to approve, together with the accompanying financial schedule, is being typewritten, and will be finished within a very few days.

We also find as follows:

That the work for the entire current year under the new system is all entered up to date and ready to be drawn off into the annual report as soon as the year closes.

The entries at the close of the last fiscal year overlapped into the entries of the present year, and we think it advisable that the work be continued to the close of current year, May 1, 1911, so that the work of the Comptroller will be complete.

This will produce the result and balance of the work for the four years omitted to be reported upon and give the result of the past year's work so that the report may be in the hands of the printer within a short time.

All to be completed not later than May 31, 1911.

Respectfully submitted,  
AUGUST T. PFLUGH,  
JOHN DELANEY,  
LOUIS H. BELLOFF.

The following report was presented, read and received:

To the Council:

Gentlemen—The undersigned, appointed at a meeting of the Council held April 12, 1911, as a Special Committee for the purpose of making a thorough investigation and examination into all matters in connection with the First street sewer improvement, and especially as to violation of plans and specifications, so that the matter be placed in an intelligent manner before the Mayor and Council and the citizens of the city, do hereby report that we have investigated, examined and inquired into said matter as thoroughly as we were able to from our observation, inquiry and examination, do respectfully report that said improvement has been completed in accordance with the plans and specifications, with the exception of that portion of the improvement lying between Jefferson and Monroe streets, and as to such blocks we report that as a result of our inquiry and investigation be of opinion that said part of the improvement was not done in conformity with the plans and specifications. The engineer in charge of the improvement informed your Committee that he had directed the contractor that he might omit certain piling and timbers because of the engineer's determination that the old foundation was of sufficient strength to carry the new sewer, and that said contractor should make due allowance to the city for the piles and timber so omitted, which the contractor agreed to. Your Committee further report that the engineer in charge of said improvement should report to the Council what, in his opinion, would be a reasonable allowance for the work and materials which said contractor did not provide on said work.

Respectfully,

AUGUST T. PFLUGH,  
THOMAS J. WREN,  
GEORGE LA POINTE.

Councilmen Delaney and Wren presented the following:

Whereas, Considerable doubt has been expressed by the Board of Education as to whether the contractor on the work of the new High School is obliged under the plans and specifications relating to said work to provide sidewalks, without extra cost, and the said Board having announced its determination that the contractor is not required to do said work without extra compensation therefor; and

Whereas, Said Board is about to re-advertise for proposals for said work;

Resolved, That the Corporation Attorney be and he is hereby directed to examine the plans and specifications and contract for said work, and report to the Council whether in his opinion the said contractor is obliged to

perform the aforesaid work without extra cost.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Duffy presented the following:

Whereas, It has come to the attention of the Council that the Board of Education, by resolution passed at a meeting, have given orders to remove all children from School No. 1, and distribute them in other schools on half time on and after May 1, thereby working great injustice to the scholars, many of whom can ill afford to lose the time from school as provided by the said ruling of the Board of Education; and

Whereas, The examinations will be held for the aforesaid pupils the latter part of May and the early part of June, we respectfully submit that it would be a most unwise action to break up the school year of the pupils of No. 1 School; therefore

Resolved, That we, the members of the Common Council, do sincerely protest against the proposed action of the Board of Education and request that they rescind the resolution adopted by them which will work great loss to many families of the city, and a great inconvenience to the smaller children of No. 1 School, until such time as the building will be examined by a competent architect and builder or by the State Inspector of School Buildings, as provided by recent legislation; and be it further

Resolved, That the City Clerk be directed to forward a copy of this preamble and resolution to the President of the Board of Education at once.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Wren presented the following:

Whereas, Edward Braden, Assistant Park Keeper, recently rescued two children from drowning in the meadows at Madison and Ninth streets, at the risk of his life, and in effecting such rescue destroyed the apparel which he was then wearing;

Resolved, That the sum of twenty-five dollars be and is hereby ordered to be paid to said Edward Braden, to reimburse him for his loss of said wearing apparel, and the City Clerk be and he is hereby directed to draw a warrant therefor on the Contingent Fund.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Wren presented the following:

Resolved, That the within claim of Mrs. M. Clark, No. 7999, for \$26, for shoeing horses, be and the same is hereby paid from the Contingent Fund.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Wren presented the following:

Resolved, That the Board of Tax Commissioners be and they are hereby requested to make an appropriation of \$500 for a suitable display of fireworks in Hudson Square Park on Independence Day.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

The following communication from His Honor the Mayor was presented and read:

The Honorable the Common Council, Hoboken, New Jersey:

Gentlemen—I am confident that the gentlemen comprising the Board of Education are capable and that they will do only what is of most benefit to the children of the city.

I therefore return the enclosed resolution.

Respectfully yours,

GEORGE GONZALES,

Mayor.

May 1, 1911.

Whereas, It has come to the attention of the Common Council that the Board of Education, by resolution passed at a meeting have given orders to remove all children

from School No. 1, and distribute them in other schools on half time on and after May 1, thereby working great injustice to the scholars, many of whom can ill-afford to lose the time from school, as provided by the said ruling of the Board of Education, and,

Whereas, The examinations will be held for the aforesaid pupils the latter part of May and the early part of June, we respectfully submit that it would be a most unwise action to break up the school year of the pupils of No. 1 School; therefore,

Resolved, That we, the members of the Common Council, do sincerely protest against the proposed action of the Board of Education and request that they rescind the resolution adopted by them, which will work great loss to many families of the city and a great inconvenience to the smaller children of No. 1 School, until such time as the building will be examined by a competent architect and builder or by the State Inspector of School Buildings, as provided by recent legislation, and be it further

Resolved, That the City Clerk be directed to forward a copy of this preamble and resolution to the President of the Board of Education at once.

P. H. DUFFY.

Councilman Wren moved that the resolution be passed, notwithstanding the veto of His Honor the Mayor.

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

The following communication from His Honor the Mayor was presented and read: The Honorable the Common Council, Hoboken, New Jersey:

Gentlemen—I return without my approval the enclosed claims of Joseph Cummings and Michael Dorsey.

Respectfully yours,

GEORGE GONZALES,  
Mayor.

May 1, 1911.

Resolved, That the City Clerk be and he is hereby directed to draw a warrant on the Contingent Fund for the sum of \$50, in favor of Joseph H. Cummings, to pay balance of salary as Inspector of Buildings for the month of April, 1911.

AUGUST T. PFLUGH.

P. H. DUFFY.

Resolved, That the City Clerk be and he is hereby directed to draw a warrant on the Contingent Fund for the sum of \$100, in favor of Michael F. Dorsey, to pay salary as Assistant Inspector of Buildings for the month of April, 1911.

AUGUST T. PFLUGH.

Councilman Wren moved that the resolutions be passed, notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:

The Honorable the Common Council, Hoboken, New Jersey:

Gentlemen—The enclosed resolution that Charles Fall be appointed to examine School Number 1 is returned without my approval. I would ask that your Honorable Body refer same to the Corporation Attorney to determine the rights of the Council to make such examination.

I also return without my approval the resolution directing the Corporation Attorney to examine the plans and specifications of the new High School. This resolution should also be referred to the Corporation Attorney to determine the legality of same.

Respectfully yours,

GEORGE GONZALES,  
Mayor.

May 1.

Whereas, Considerable doubt has been expressed by the Board of Education as to whether the contractor on the work of the new High School is obliged under the plans and specifications relating to said work to provide sidewalks, without extra cost, and the said Board having announced its determination that the contractor is not required to do said work without extra compensation therefor, and

Whereas, Said Board is about to readvertise for proposals for said work.

Resolved, That the Corporation Attorney be and he is hereby directed to examine the plans and specifications and contract for said work and report to the Council whether in his opinion the said contractor is obliged to perform the aforesaid work without extra cost.

JOHN J. DELANEY.  
THOMAS J. WREN.

Resolved, That Charles Fall be and he is hereby appointed in accordance with a resolution of the Council, passed April 12, 1911, and now duly operative, to make a thorough examination of Public School No. 1, and report immediately as to the actual strength of the walls and general condition of the rest of the structure and as to the advisability of altering this building in order to make it more useful for school purposes, and report back to this Council as soon as

possible.

JOHN J. DELANEY.  
T. J. WREN.

Councilman Delaney moved that the resolution be passed, notwithstanding the veto of His Honor the Mayor, and if the Mayor still insists in not allowing Mr. Fall to make examinations of the Public School No. 1, or the Corporation Attorney to examine the plans and specifications of same, that the members of the Council go before the Grand Jury and compel the Mayor to do so.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nays—None.

Declining to vote—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:

The Honorable the Common Council, Hoboken, New Jersey.

Gentlemen—The enclosed claim is returned without my approval. The work was not properly performed. After the building was erected it was found that there was no sewer to connect to. This necessitated the expenditure of over five hundred dollars and showed that the architect did not do his duty.

Respectfully yours,

GEORGE GONZALES.

Mayor.

May 1, 1911.

Claim of estate of Robert J. Jordan, for services as architect on building in Elysian Park, \$217.

Councilman Larkin moved that the claim be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

The following communication from His Honor the Mayor was presented and read:

Hoboken, N. J., May 1st, 1911.

Co the Council.

Gentlemen—At a meeting of your Council held on April 26th, ult., there was a report received from your committee on the piling necessary for the First street sewer, according to plans and specification. This report is evasive, so much so that I do not consider it as a writing possessing the dignity of a report. The Chairman of the Street and Sewer Committee was in charge of this particular work, and is a resident nearby, and it seems to be impossible that he should have allowed the contractor to omit the piling for two blocks ordered and required

by the plans and specification, and from information I have obtained I cannot believe that our City Engineer did instruct the contractor to violate the plans and specifications. I therefore return without my approval claims of Thomas Cavanagh for \$7,200 and \$3,070; also claims of Patrick Landrigan, as inspector, for \$195, and Eugene Smith, as engineer, for \$179.95, and until we have other than a whitewashed report and this matter is thoroughly investigated and exposed I shall oppose the payment of all claims presented for this work.

Respectfully,

GEORGE GONZALES.

Mayor.

Councilman Wren moved that the resolutions be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Communication from His Honor Mayor Gonzales, enclosing a communication from the Mayor of Philadelphia, extending an invitation to attend the Third Conference on City Planning, to be held in said city on May 15, 16 and 17; also a communication from the West Hoboken Semi-Centennial Celebration Committee, that this city be represented in the industrial parade, to be held on Friday afternoon, June 2, 1911, was presented, read and referred to the Committee of the Whole.

The following communication was presented, read and received:

Hoboken, N. J., May 10, 1911.

Hon. Mayor and Council.

Gentlemen—The attached is a copy of communication submitted by me through Mr. Fall, the architect appointed by your Honorable Body, to Mr. Arthur Clayton, Business Manager of the Board of Education.

Respectfully submitted,

JAMES H. LONDRIGAN,

City Clerk.

Hoboken, N. J., May 9, 1911.

Mr. Arthur Clayton.

Dear Sir—The following resolution was adopted by the Council at a stated session held on April 12, 1911, and presented to His Honor the Mayor for his approval or disapproval on April 13, 1911. His Honor Mayor Gonzales having failed to approve or disapprove the said resolution and file the same with and to the City Clerk within ten days after he had received the same duly certified, the said resolution became oper-

ative according to law.

I therefore request you to allow Mr. Fall, who has been appointed by the Council by virtue of said resolution, to enter and make such examination as said resolution calls for.

Whereas, The Public School Commissioners are seriously considering the erection of a new building in place of the one now occupied by Public School No. 1; and

Whereas, There have been objections as to the advisability of purchasing additional land for this purpose; and

Whereas, Some of our taxpayers believe that the walls of the present building are in good condition and that the building could be altered and made into an up-to-date school; and

Whereas, This Honorable Body will be requested to raise the necessary funds for the erection of a new building, the purchase of land or for alterations of the old building; therefore be it

Resolved, That a competent builder be appointed to make a thorough examination of Public School No. 1, and report immediately as to the actual strength of the walls and the general condition of the rest of the structure, and as to the advisability of altering this building in order to make it useful for school purposes.

(Signed) ANTHONY J. VOLK.

In witness whereof, I have hereunto set my hand and caused the seal of the city to be affixed, this ninth day of May, A. D. 1911.

JAMES H. LONDRIGAN.

City Clerk.

The following report was presented, read and received:

Hoboken, N. J., May 9, 1911.

To the Honorable Mayor and Council.

Gentlemen—I herewith most respectfully report to your Honorable Body that from the fiscal year beginning May 2, 1910, and ending May 1, 1911, I have collected for excise liquor license fees, issued by the Board of Excise Commissioners, the sum of \$114.-417.17; for miscellaneous licenses fees, issued by the Mayor and Council, the sum of \$4.955; for licenses badges for preceding year, the sum of \$74.50; for return of insurance premium, the sum of \$4.37; for sale of old stove, \$2; making in all a total of \$119.-453.04; all of which I have turned over to Mr. James Smith, City Treasurer, whose receipts for same are in my possession, and certified to as correct on my books by the Comptroller.

Respectfully submitted,

JAMES H. LONDRIGAN.

City Clerk.

The following communication was sent, read and received:

Hoboken, N. J., May 8th, 1911.

To the Honorable the Mayor and Council of the City of Hoboken.

Gentlemen—I have been served with a summons issued from the United States Circuit Court, District of New Jersey, in a suit between Otilie Obst and Charles Obst, her husband, plaintiffs, vs. George Gonzales, individually, and the Mayor and Council of the City of Hoboken, defendants. The summons is returnable before said court on May 22nd, 1911. The action is in tort and the amount of damages claimed is \$10,000. I have not obtained up to this writing a copy of the declaration in said action, and I am not therefore cognizant of the nature of the suit. The officer who made service of the summons upon me informed me that he believed the suit arises out of a condition of the sidewalk on River street in front of the premises of George Gonzales. I am at a loss to understand why the Mayor and Council of the City of Hoboken should be made a party defendant to the suit, but I will inquire in regard thereto and report to you later the result of my inquiry.

Respectfully,

JOHN J. FALLON.

Corporation Attorney.

The following report was presented, read and received:

Hoboken, N. J., May 9, 1911.

To the Honorable Mayor and Council.

Gentlemen—I beg leave to present to your honorable body the following report of the receipts and disbursements of this office for the fiscal year, commencing 12 m., May 2, 1910 to 12 m., May 1, 1911.

The following report was presented, read and received:

Office of Collector of Revenue,

Hoboken, N. J., May 10, 1911.

To the Honorable Mayor and Council.

Gentlemen—I have this day filed with the City Clerk a statement of the assessment filed in my office, April 14, 1910, for the improvement of Madison street, between Eighth and Ninth streets, being for grading, curbing, paving, etc., which assessment was confirmed by your Honorable Body, on April 13, 1910, and duly approved by Mayor George Gonzales, on April 14, 1910, the total of which assessment amounted to \$9,761.21, and of that amount I have

collected the sum of \$9,761.21, and turned the same over to Mr. James Smith, Treasurer, City of Hoboken, taking his receipts for same, which leaves no delinquency due and owing on said improvement.

Respectfully submitted,

RICHARD BOWES,  
Collector of Revenue.

The following report was presented, read and received:

HOBOKEN, N. J., May 10, 1911.

To the Honorable Mayor and City Council,  
Hoboken, N. J.:

Gentlemen—I beg to submit my preliminary report of receipts and disbursements for the fiscal year ending May 1st, 1911.

The receipts are classified into divisions of city revenue for and on account of which they were received.

The disbursements are classified in conformity to the requirements of the Departments of Commerce, Bureau of the Census, U. S. Government, and as approved by the National Association of Municipalities.

The accounts are taken from my ledger, are in balance and will enter into my annual report as part of the detail thereof.

This is the first time in the administration of affairs in Hoboken, and probably in the State of New Jersey, that the classification of accounts have been made to conform to the most approved modern method, and the result seems most encouraging.

The balance of cash, as at May 1, 1911, belongs to the tax arrearage fund, and is to be transferred to the sinking fund cash for redemption of balance of bonds.

The report follows.

Respectfully submitted,

FRED'K KAUFMANN,  
Comptroller.

The following communication was presented, read and ordered spread in full on the minutes:

May 10, 1911.

To the Hon. Mayor and Council of the City of Hoboken:

Gentlemen—I beg to report that in accordance with the resolution of your Honorable Body appointing me as architect to examine into the condition of School No. 1, I visited the office of the Board of Education, accompanied by Councilman Delaney, and asked permission of the Business Manager, Mr. Clayton, to enter the building. Such permission was refused by him and also the Superintendent of Schools, Mr. A. J. Demarest. I then visited the school building and asked the janitor for permission to examine the building, but he also refused to allow me to enter, saying that it was the orders of the Committee on School Government to permit no one to enter the building.

Respectfully submitted,

CHARLES FALL,  
Architect

On motion of Councilman Wren, the report was received and the claims ordered paid by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Delaney presented the following:

Whereas, At a meeting of the Common Council held on April 12th, last, there was regularly passed a resolution that had been

submitted by Councilman Volk, that a competent builder be appointed to make a thorough examination of Public School No. 1 and report immediately as to the actual strength of the walls and the general condition of the rest of the structure and as to the advisability of altering this building in order to make it useful for school purposes; and,

Whereas, Said resolution became operative, the Mayor having failed to veto the same within ten days' time;

Whereas, The intent, purpose and spirit of said resolution was to furnish to the general public and the taxpayers of this city information, by an impartial and competent expert, whereby they might know whether their money should be wasted by the unnecessary demolition of said building and whether the same was fit for school purposes; and,

Whereas, The Council has, by resolution, vigorously protested against the removal of the school children from School Building No. 1, before the termination of the present school year, a period of but several more weeks; and,

Whereas, The Committee on School Government of the Board of Education, in order to prevent an examination of said school building by such competent expert, and to prevent the general public and taxpayers of the city from obtaining actual knowledge as to the condition of said school building, did, on the very next day following the passage of the resolution to appoint such expert examiners, give a written order to the janitor of No. 1 School, forbidding him to permit anyone to enter said building or to make the aforesaid examination, which, if the building proved to be unsafe and unfit for school purposes, would have strengthened the position of the Board of Education and satisfied the general public; and,

Whereas, Said school building cost the taxpayers, according to the report of the Board of Education as to the valuation of school buildings, \$75,000; and,

Whereas, It is most unfair and almost criminal to ruthlessly destroy and demolish a building and asset of the city, of the aforesaid value, if a careful test and examination of said building reveal the fact that the same is safe and fit for school purposes; and,

Whereas, The Council did select and appoint Mr. Charles H. Fall, one of the foremost architects in the State of New Jersey, a builder of many years' experience, a large taxpayer of the City of Hoboken, a president of a banking institution located

in the city, and a man qualified by every known experience, both by technical knowledge of the professional man and by the actual knowledge of a taxpayer and builder, to give to the public the honest information which it should have before \$75,000 worth of their property is taken from them; and,

Whereas, The Board of Education has failed and neglected to have said building examined by any such competent expert, but in a hurried attempt to spend the taxpayers' money, has demanded of the Council an issue of bonds for \$70,000, to acquire additional lands, as appears by the demand of the State Superintendent of Schools, C. J. Baxter, which amount said Board of Education later determined as being extravagant, and then presented an application, signed by the Mayor, John H. Sheridan and E. F. Muzzi, asking for \$60,000; and,

Whereas, The Board of Trade, evidently appreciating the contemplated waste of the taxpayers' money, secured options for the purchase of adjoining land more desirable than that contemplated by the Board of Education, for the sum of \$32,000; and

Whereas, The Board of Education, as appears by the reports of their recent meetings in the public press, has determined to purchase the land for which the options were obtained by a committee of the Board of Trade for the sum of \$32,000, so that there is no earthly reason for complying with the request of the Mayor and Messrs. Sheridan and Muzzi for \$60,000, under the date of April 3, 1911; therefore, be it

Resolved, That the application, signed by the Mayor and Messrs. Sheridan and Muzzi, composing a majority of the Board of School Estimate, asking the Council to appropriate \$60,000 for the purchase of lands that can be bought for \$32,000, be and the same is hereby refused and rejected; and, be it further

Resolved, That the Board of Education be most humbly requested and respectfully petitioned to refrain from demolishing the \$75,000 School Building No. 1; and be it further

Resolved, That the Council request and demand the Board of Education to permit Mr. Charles H. Fall to enter said School Building No. 1, and make such necessary examinations, tests and experiments as will, in his judgment, enlighten the public and establish the true condition of said building; and, be it further

Resolved, That the Clerk be directed to forward a copy of this resolution to the Board of Education.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Delaney presented the following:

Be it resolved, That the Committee on Alms be and they are hereby directed and empowered to prepare for submission to the authorities of St. Mary's Hospital a specification covering the matter of the care of the city's sick and indigent poor, and surgical attendance, and that they request said authorities of St. Mary's Hospital to submit a price and specification for such care and surgical treatment, which should include the furnishing of an ambulance, with a doctor attending the same, for all calls, at any hour of the day or night, that may be sent in to said hospital from the city.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Delaney presented the following:

Be it resolved, That the Corporation Attorney be and he is hereby directed to take the necessary legal steps to obtain, in behalf of the Mayor and Council, injunction to prevent the demolition and destruction of Public School Building No. 1 and to take any and all legal steps to prevent the waste and tearing down of said building.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Wren presented the following:

Whereas, The Mayor has been accustomed to hold, and is holding resolutions, which, by law, he must either sign or return the same with his objections, and file the same with the Clerk within ten days after he has received the same, which practice is prejudicial to the interests of many business men and is impairing the credit of the city; therefore, be it

Resolved, That the City Clerk be and he is hereby directed to purchase a stamping clock, and that hereafter he stamp the date and time on all papers when filed in his office, and of all papers, resolutions and ordinances when submitted to the Mayor, and the time and date when the same are returned by the Mayor to the City Clerk.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk,

Wren and Chairman Anderson.

Nays—None.

Councilmen Belloff, Duffy and Larkin presented the following:

Your Committee on Fire and Water, to whom was referred the requisition from the Board of Fire Commissioners for the sum of \$4,891.05, to pay salaries of the Fire Department for the first half-month of May, 1911, report the same correct, and therefore offer the following:

Resolved, That the City Clerk be and he is hereby directed to draw a warrant on the Fire Fund for the sum of \$4,891.05, in favor of George Gonzales, Mayor; James Smith, Treasurer, and Richard C. Greten, President of the Board of Fire Commissioners, to pay salaries of the Fire Department for the first half-month of May, 1911.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilmen Belloff, Duffy and Larkin presented the following:

Your Committee on Police and Militia, to whom was referred the requisition from the Board of Police Commissioners for the sum of \$6,320, to pay salaries of the Police Department for the first half-month of May, 1911, report the same correct, and therefore offer the following:

Resolved, That the City Clerk be and he is hereby directed to draw a warrant on the Police Fund for the sum of \$6,320 in favor of George Gonzales, President of the Board

of Police Commissioners, to pay salaries of the Police Department for the first half-month of May, 1911.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Pflugh presented the following:

Resolved, That the City Clerk be and he is hereby directed to return to George Maguire the sum of fifty dollars deposited with his bid for the purchase of two horses.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Larkin presented the following:

Resolved, That Schneider & Dieffenbach be and they are hereby appointed as architects to prepare plans and specifications as per sketches submitted and approved for the reconstruction and furnishing of the City Hall.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Wren moved that when the Board adjourn, it adjourn to meet on Wednesday, May 17, 1911, at 4 o'clock p. m.

Adopted.

On motion of Councilman Wren, the Board adjourned.

JAMES H. LONDRIGAN,  
City Clerk.

The following communication from His Honor the Mayor was presented and read:	
The Honorable, the Common Council, Hoboken, N. J.:	
Gentlemen—The resolution appointing Messrs. Schneider and Diefenbach, architects, is returned without my approval. The intention of your Honorable Body to keep the upper floor of the City Hall as an Armory, or rather as a basketball court, and so continue the noise and unbusinesslike condition that now exists, and also the placing of wings on the front of the building, thus forcing the	

several offices near the street and its accompanying noises, is to my mind an unnecessary and injudicious expenditure of money. I believe that with the armory floor and with an addition built on the Bloomfield street side, to be used as a City Prison, we would have sufficient room in the City Hall for many years to come. Besides the beauty of the front of the building would not be marred.

Respectfully yours,  
GEORGE GONZALES,

May 17, 1911. Mayor.

Resolved, That Schneider & Dieffenbach be and they are hereby appointed as architects to prepare plans and specifications as per sketches submitted and approved, for the reconstruction and refurnishing of the City Hall.

Councilman Wren moved that the resolution be passed, notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman LaPointe.

The following communication from His Honor the Mayor was presented and read:

Hoboken, N. J., May 17, 1911.

To the Council:

Gentlemen—Enclosed claims for extra help in the city parks I return without my approval. I do not see the necessity for additional help. Sometime ago there were six additional men employed without any explanation, and why this additional expense? There is no doubt that with proper management and care that the help which has been employed in the past would be sufficient for all purposes of the parks.

Respectfully,  
GEORGE GONZALES,  
Mayor.

Claim of James Smith, Treasurer for extra labor in parks..... \$52 00

Claim of James Smith, Treasurer for extra labor in parks ..... 12 00

Councilman Wren moved that the claims be passed, notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman LaPointe.

The following communication from His Honor the Mayor was presented and read:

Gentlemen—The enclosed bills for L. Hanley, of \$73.50, \$88.00, \$81.00, \$75.00, \$50.00,

\$75.00, \$22.50, making a total of \$465.00, are returned without my approval, for the reason that it appears to me that this is an evasion of that section of the charter of the City of Hoboken, which requires the advertisement of all contracts for work, etc., exceeding the amount of \$100.00, and for your Council to countenance a violation of the law which is so apparent would make you liable, and if it can be proved, there is no question but what your committee, or the members of the Council voting for the bill, would be personally liable for the amount, as your Council cannot go on everlastingly in this manner, and ignore the laws governing our city.

GEORGE GONZALES,

Dated May 17, 1911. Mayor.

Councilman Wren moved that the claims be ordered paid, notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman LaPointe.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—The enclosed claim of Clarence Vreeland for services and expenses on tax appeals from December 9, 1909, to January 21, 1910, is returned without my approval. This could have been paid at any time. Certainly your Council has not withheld this claim because the city was unable to pay, and I know, at all times, the city was able to pay this claim.

Unless I know the reasons why this claim was withheld for over a year, Mr. Vreeland will be obliged to prove his claim strictly and prove that he has a legitimate claim against the city. Perhaps it is only fair to infer from the conduct of the committee in holding this claim up for one year or more, that there was some reason for doing it, which naturally causes a suspicion that the claim is not a proper one.

GEORGE GONZALES,

Dated May 17, 1911. Mayor.

Claim of Clarence Vreeland, for services and expenses on tax appeals. \$113 65

Councilman Wren moved that the claim be ordered paid, notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman LaPointe.

Communication No. 5, from His Honor, the Mayor, was presented, and Chairman Anderson referred the same to the Committee on Mayor's Communications and Nominations for office without being read.

Councilman Volk protested against the communication being referred to said committee and moved that the communication be read.

Councilman Wren moved that the Chair be sustained.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman LaPointe.

The following communication was presented, read and referred to the Committee on Schools:

Hoboken, N. J., May 17th, 1911.

To the Honorable, the Common Council of the City of Hoboken:

Gentlemen—The City Clerk forwarded to me on Thursday last a copy of a resolution passed by your honorable body, directing me to apply to the Court of Chancery for an injunction to restrain the Board of Education of this city from demolishing the building known as Public School No. 1. I did not make such application to the court, for the reason that your honorable body would not be entitled to such injunction.

By virtue of the provisions of an act entitled "An act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 19, 1903, the title to all lands, buildings and other property used for school purposes in this city is vested in the Board of Education, and your honorable body has no control thereof.

If the action contemplated by the Board of Education in the demolition of the aforesaid school building may be regarded as unreasonable exercise of the discretionary powers of the Board of Education, the right of said Board in the premises may be questioned before the courts by any taxpayer of the city.

The Board of Education has been serving notices upon the City Clerk and upon myself, of an application to be made to the State Superintendent of Public Instruction, to have said officer determine what the Board of Education has characterized as a controversy between said Board and your honorable body. I am not aware of any such controversy, and therefore I have not paid any attention to such notices.

The Board of Education, through an at-

torney whom it has employed for the purpose, has served notice upon me of an application to be made to the Supreme Court at the June term thereof, for a mandamus to compel your honorable body to appropriate certain moneys which the Board of Education has declared was fixed and determined by the Board of School Estimate, as necessary to be appropriated for school purposes.

I believe that the Supreme Court should determine the question as to the right of two members of the Board of Education, and his honor, the Mayor, claiming to act together as a Board of School Estimate, and ignoring the two members of the Council, who were members of said Board of School Estimate, to require your honorable body to appropriate such moneys as those three persons might determine upon as necessary for school purposes. It seems incredible that your honorable body, being as it is the only body authorized by law to appropriate moneys for school purposes, should have no say whatever as to the propriety or necessity of such appropriation. If your honorable body were to accede, without protestation, to the demands of the Board of Education, as required by his honor, the Mayor, and said two members of the School Board, acting or claiming to act as a Board of School Estimate, and appropriate the amount of money which said board now seeks to have appropriated, amounting in all, as I am informed, to nearly \$250,000, aside from the annual school appropriation, thereby requiring said moneys to be raised by taxation, the taxpayers of our city would be subjected to a grave injustice as a result of the arbitrary action of the aforesaid persons. If the court shall determine that your honorable body is obliged to appropriate the moneys determined upon by the aforesaid parties, I would suggest that such appropriation should be made by the issue of bonds, as authorized by the school law, instead of requiring said moneys to be included in this year's tax budget.

Respectfully,

JNO. J. FALLON,  
Corporation Attorney.

May 16th, 1911.

The following communication was presented, read and referred to the Committee on Finance and Salaries:

The Honorable Mayor and Council, Hoboken, N. J.:

Gentlemen—I beg to notify your Honorable Body that it will be necessary to borrow money from time to time to carry on the government, pending the collection of taxes, etc.

As it will be necessary to have funds on hand to pay Fire, Police and other depart-

ments, and also interest on bonded debt, I therefore request your Honorable Body to authorize me by resolution to negotiate temporary loans in the name of the Mayor and Council in such amounts that may be required.

Respectfully submitted,  
JAMES SMITH,  
Treasurer.

The following report was presented, read and referred to the Committee of the Board of School Estimate of the Council, in conjunction with the Corporation Attorney:

The following communication from His Honor the Mayor was presented and read:

To the Council:

I return without my approval, resolution directing the City Clerk to advertise for the purchase of \$125,000 bonds for the extension, alteration and enlargement of the City Hall.

At this time, this is a willful waste of moneys; a smaller amount would be all that is necessary.

GEORGE GONZALES,

Mayor.

Dated May 24, 1911.

Councilman Wren presented the following:

Resolved, That the resolution of the Council, passed May 17, 1911, directing the City Clerk to advertise for bids for the purchase of one hundred and twenty-five thousand dollars bonds for the extension and alteration of the City Hall, which has been disapproved by the Mayor, be passed over the Mayor's

veto, for the following reasons:

For a long time past the Mayor has time and again urged that proper facilities be afforded for the transaction of municipal business and has complained of the inadequate office room furnished him and other public officers.

When the Corporation Attorney explained to the Mayor and Council that legislation was required to alter and enlarge the City Hall Building, the Mayor then interposed no objection to the introduction of an act in the Legislature, but heartily advocated the enlargement of the City Hall and approved the resolution of the Council passed March 22 last, appointing Schneider & Dieffenbach, as expert architects, to prepare a preliminary sketch of the proposed alteration, with an estimate of the cost therefor, and upon such estimate and sketch being furnished and accepted, no objection whatsoever was made by the Mayor thereto, and when the Council, upon March 29 last, adopted a resolution requesting the Legislature to pass Senate bill No. 316, authorizing Hoboken to expend \$125,000 in enlarging and altering and furnishing the City Hall Building, the Mayor failed to disapprove said resolution, but stood by in silence while effort was being made to obtain the passage of said act.

Furthermore, the Mayor recommended to the architects various changes in their plans, and also sent said architects with a written communication to the architect of the original building, which conduct at that time gave conclusive evidence of the Mayor's then favoring the proposed improvement. It was not until the Council rejected the Mayor's application for \$60,000 to buy \$32,000 worth of land in connection with the destruction of Number 1 School Building that the Mayor changed his mind as to the enlargement of the City Hall without any thought or regard for the welfare of the public.

On motion of Councilman Wren, the above resolution was adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pilgugh, Wren and Chairman Anderson.

Nays—None.

Declining to Vote—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:

To the Council:

I return without my approval the enclosed resolution that the City Clerk advertise for proposals for the improvement of streets, for the reason that the city should know what the Public Service will do, and also know positively that the wires are going to be

underground.

GEORGE GONZALES,

Mayor.

Dated May 24th, 1911.

Resolved, That the City Clerk be and he is hereby directed to advertise according to law for proposals for the repavement of Washington street, from Ferry street to Fourteenth street, and of Fourteenth street, from Hudson street to Park avenue, in accordance with plans and specifications prepared by Eugene Smith, City Surveyor.

Proposals to be submitted for the following classes of pavement: Asphalt block, specification block, bitulithic, and wood block pavement, all to be laid on concrete base.

THOMAS J. WREN.

Councilman Wren presented the following:

Resolved, That the resolution directing the City Clerk to advertise for proposals according to law for the repavement of Washington street, from Ferry street to Fourteenth street, and Fourteenth street, from Hudson street to Park avenue, in accordance with plans and specifications prepared by Eugene Smith, City Surveyor, passed at a regular meeting of the Council held May 17, 1911, and this day returned to the Council without the approval of the Mayor, be passed, notwithstanding such veto or disapproval; and,

Whereas, The matter of the improvement of the aforesaid streets has been much discussed for several years past because of the wretched condition of said streets; and,

Whereas, The said improvements could not heretofore have been undertaken because there was no legislation authorizing the appropriation of moneys for such purpose; and,

Whereas, At the last session of the Legislature an act was passed, and approved by the Governor, authorizing the city to expend an amount not exceeding one hundred thousand dollars per year for a period of three years; and,

Whereas, The Council, in deference to the wishes of the citizens of Hoboken, called a public meeting of the property owners and citizens along the line of said proposed improvements, as well as the Public Service Corporations having privileges of stringing wires and having poles on said streets, to ascertain the best method of making said improvement, and what assistance the said Public Service Corporations would give the city in the premises; and

Whereas, At the meeting called for the aforesaid purpose a large number of citizens were present, as well as the representatives of several Public Service Corporations hav-

ing privileges in said streets, including the Public Service Railway Company, and it appeared to the Council that the consensus of opinion was to the effect that the proposed improvement should be commenced without delay.

Whereas, The representative of the Public Service Street Railway Company, who was present at said meeting, assured the Council that his company would submit to the Council a plan showing the proposed location of its wires, other than trolley or feed wires underground in conduits to be built therefor, which said plans were to be placed as to meet the requirements of the city; and,

Whereas, The aforesaid plan has not yet been submitted to the Council and no reason has been given or assigned for such neglect; and,

Whereas, The said improvement is very necessary, and the necessity therefor has been proclaimed, not only by the Council, but by the Mayor, who now, for some reason of his own not disclosed, but for the suggested reason that he is desirous of ascertaining the attitude of the Public Service Corporation before approving of the aforesaid resolution; and,

Whereas, The Mayor has repeatedly demonstrated that his mind is so fickle and changeable that no person can safely rely upon his declarations from day to day,

Resolved, That the Mayor be requested to inform the Council in writing, at the next regular meeting, his attitude with respect to said proposed improvement and whether he is of opinion that such improvement is necessary, and whether the same should be commenced forthwith, and whether he is of opinion that the Council should await the pleasure of the Public Service Corporations with removal of their poles and wires from the aforesaid streets, and whether he is of opinion that the said corporations should not be required to conform to the requirements of the Council in the laying of its said conduits.

On motion of Councilman Wren the above resolution was adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:

The following communication from His Honor the Mayor was presented and read:

To the Council:

I return without my approval the claim of \$38.00 of Mr. Jas. Smith for extra services in parks.

Your Committee and Board of Council seem to have determined to continue an unnecessary and willful waste of moneys. I have failed to find either the extra men or the necessity for them; therefore I return the resolution without my approval.

GEORGE GONZALES,

Mayor.

Dated May 24, 1911.

Councilman Wren moved that the claim be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication was presented, read and received:

To the Honorable Mayor and Common Council, Hoboken, N. J.:

Gentlemen—I am enclosing for your consideration a communication from Mr. Edmund D. Fisher, Deputy Comptroller of New York City and First Vice President of the National Association of Comptrollers and Accounting Officers.

I think that it would be well for Hoboken to be represented at this meeting in view of our new system and the interest taken in such matters by our citizens, for at such a meeting many things would be discussed that would be of great benefit to our city.

Respectfully,

FRED'K KAUFMANN,

Comptroller.

The following proposal from St. Mary's Hospital was presented, read and referred to the Committee on Alms:

To the Honorable the Common Council of the City of Hoboken:

Gentlemen:

We agree to receive into our institution, (St. Mary's Hospital, Hoboken, N. J.,) and care for as patients, and nurse and render such medical and surgical service and attention as may be required from the physicians and surgeons in attendance in our hospital, all such persons whom the City of Hoboken, through its lawful representatives, shall deem to be in need thereof, and shall require the same, for the period of five years from July 1, 1911, for and in consideration of the

payment to us of the sum of thirty thousand dollars per annum, to be paid in equal monthly payments of twenty-five hundred dollars each. We wish to have it expressly understood, however, that we shall not be required to receive or care for persons suffering from insanity, smallpox, leprosy, venereal diseases, or obstetric cases (confinement).

We further agree to purchase, maintain and operate for the aforesaid period and consideration, at our cost and expense, and without any cost or expense whatever to the City of Hoboken, a modern automobile ambulance wagon or vehicle, and to provide therewith such medical and surgical equipment as may be necessary; we agree also to provide suitable accommodations upon our hospital property for the care and maintenance of said ambulance; we agree also to provide at our expense such chauffeurs as may be necessary for the operation of said ambulance; we agree also to provide at our expense a physician and surgeon who will accompany said ambulance whenever it is called upon for service, and who will render such medical and surgical care and attention as may be required.

If this proposal is accepted by your Honorable Body, a contract in writing to be executed, wherein is to be mentioned not only the aforesaid matters, but also such provisions and conditions as may be mutually agreed upon.

Respectfully,

SISTERS OF THE POOR OF SAINT  
FRANCIS (SAINT MARY'S HOSPITAL).

By SISTER JUSTA,  
Superintendent.

The following communication was presented read and received:

Gentlemen—Your Council passed a resolution directing the City Clerk to advertise for proposals for the repaving of streets—Washington street from Ferry to Fourteenth street, from Hudson street to Park avenue, according to plans and specifications prepared by Eugene Smith, City Surveyor, at the regular meeting of May 17th, 1911.

There is no question about the great need of the repaving of Washington street; it is a work on our principal street which is necessary, but your Council has, as it usually does business and as has done business in the past, (in haste) ordered this expensive work, which should have had at least the care of an ordinary business man. Perhaps your Council and its committee, together with the Street Commissioner, in their anxiety to spend this large amount of money, namely, \$100,000, have been so blinded that they have not taken the usual businesslike precautions to first see that the promises made by the Public Service Corporation are not merely promises.

In your resolution you say: "You have the assurance that the Railway Company will have the necessary wires placed under ground and conduits to be built," which plans are to be filed, and the assurances that they will pave the streets between the tracks and alongside of the tracks, as they are required by the agreements made with the city. This assurance has come from the Public Service Corporation so often without being met, and they have not, in any instance abided by their verbal agreements, and I therefore charge your Council with having them bound in writing properly, so

that when this work is done there will not be a ripping up of the streets for their purposes and the repaving of the streets, as they have done, so as to make Washington street the same old street, full of ruts, nor has the Public Service Corporation abided by their former agreement to repave along their tracks, and it would be a nice position to put the city in as they do and have in the past, treating the city with contempt, knowing their influence, after our work is completed, to have the old tracks remain as they are, or they, the Public Service Corporation, come along and do as they please with our streets, and leave a good street, which has just recently been repaved, in a deplorable state.

You claim that I am inconsistent and fickle in your elaborate resolve. Possibly the fact of my drawing your attention to the First street sewer was inconsistent, and the fact that I have continually drawn your attention to the resolutions of requiring the poles in the city to be painted by the Public Service Corporation, so as to make them presentable, and my objection to Mr. Eugene Smith, as the engineer on this work, was fickle.

Your Council passes numerous resolutions which appear very favorable when passed, but which are never enforced, so that, if I am fickle by drawing your attention to these numerous omissions, the complaint of fickleness will remain with me as long as I am the Executive of the city.

The sixty-day time has expired for the performance of the work by the Public Service Corporation as required by your resolution; that has not been done, nor have they attended to the resolution passed by your Council of properly taking care of the paving along their tracks. The Public Service Corporation also refuses to lay a first class pavement on Fourteenth street, with concrete between its tracks to conform with the work done by the Board of Freeholders at Fourteenth street, and the work they propose to do is not of a character which should match with the work done by the Freeholders, and I now charge your Council with being careful of the city's interest, and have all details of this work and the necessary requirements so bound that there cannot be any questions, as have been raised in the past, upon all city jobs that have been done; and your oath requires you to do it, and not to pass everything and anything, as the asphalt bills and the printing bills, which have been declared by the court illegal, and I charged you at the same time they were illegal.

Perhaps your Council may have in mind it was a fickle mind that saved the city these moneys, but I am of a contrary opinion and will remain so, until I am shown differently.

Respectfully,

GEORGE GONZALES,

Mayor.

Dated Hoboken, N. J., June 1, 1911.

The following was presented, read and referred to the Committee on Finance and Salaries:

Hoboken, N. J., June 7, 1911.

To the Honorable the Mayor and Common Council, Hoboken, N. J.:

Gentlemen—The following represents the amounts of outstanding uncollected taxes as at June 1, 1911:

1903 .....	\$5,479 92
1904 .....	5,233 00
1905 .....	6,563 70
1906 .....	5,366 86
1907 .....	43,193 09
1908 .....	61,483 58
1909 .....	79,272 23
1910 .....	215,762 40

Total ..... \$422,354 78

The money for the appropriated amounts, sinking fund charges, etc., for which said taxes was levied, has been furnished by the city.

In order to conform to law and balance the accounts, it is necessary to issue tax arrearage bonds to reimburse the cash accounts.

The bonds will not require a sinking fund to redeem at maturity, as they will be paid from taxes collected, the interest received on said delinquent taxes taking care of the interest on the bonds.

I ask that you kindly authorize the proper authorities to prepare the necessary bonds to cover said tax arrearages.

Respectfully submitted,

JAMES SMITH,

Treasurer.

The following was presented, read and referred to the Committee on Finance and Salaries:

Hoboken, N. J., June 5, 1911.

To the Common Council, Hoboken, N. J.

To the Honorable, the Mayor and Common Council of the City of Hoboken, New Jersey:

Gentlemen—The Tax Commissioners of the City of Hoboken, New Jersey, who are freeholders and electors in the ward which they respectively represent, to wit:

First Ward—Lawrence Lynch, Arthur Kloeblen, Jr.

Second Ward—David Van Wyk, Robert Pallehner.

Third Ward—Michael Catello, Frank Scutellaro.

Fourth Ward—John A. Cross, Wm. G. Faist.

Fifth Ward—Philip Steuerwald, Andrew F. Van Woert.

having met at the City Hall on the 2nd day of January, Nineteen Hundred and Eleven, and appointed Philip Steuerwald Chairman of the Board, and William G. Faist, Secretary, do hereby certify that they have fixed the amount to be raised by taxation for the current year as follows, to wit:

Gentlemen—There was collected during the year, from May 2, 1910, to May 1, 1911, on account of arrears of taxes, three hundred and two thousand seven hundred and fifty-three dollars and seventy-six cents of principal.

By a former resolution of your Honorable Body, one hundred and forty-eight thousand two hundred and ninety-nine dollars and twenty cents, which included accrued interest on bonds, was turned over to the Board of Sinking Fund Commissioners to redeem temporary loan bonds given for money loaned to the city.

We ask that the balance of money collected on account of arrears of taxes, as shown in the tax arrearage account, amounting to one hundred and fifty-four thousand four hundred and fifty-four dollars and fifty-six cents, be turned over to this Board to redeem additional bonds given for money loaned to the city, with interest thereon.

Respectfully submitted,

THE BOARD OF SINKING FUND COMMISSIONERS,

FRED'K KAUSMANN,

Secretary.

The following communication was presented, read and received:

Hoboken, N. J., June 6, 1911.

To the Honorable Mayor and Council, Hoboken, N. J.

Gentlemen—I herewith enclose communication from John Steneck & Sons, and also from the State of New Jersey Department of Banking and Insurance, Vivian M. Lewis, Commissioner, to John Steneck & Sons; also a certificate of authority from the Department of Banking and Insurance to John Steneck & Sons, showing that they are duly authorized to engage in the business of banking in this State, pursuant to the statutes in such case made and provided.

Respectfully submitted,

LOUIS H. BELLOFF,

Councilman.

Councilman Delaney moved the report be received, spread in full on the minutes, and referred to the Committee on Finance and Salaries, with instructions to said committee to prepare and submit to the Council an ordinance to cover said report.

Adopted.

The following report was presented, read and referred to the Committee on Finance and Salaries:

June 2d, 1911.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—I beg leave to hereby advise you of the disposition made by the State Board of Equalization of Taxes, with reference to the appeals from assessments for taxes for the year 1910.

In the matter of the assessment of the Terminal Building Company vs. City of Hoboken, for assessment on a lot with a three-story brick dwelling thereon, block No. 210, lot No. 28; No. 74 Hudson street, assessed for \$17,000; on appeal to the County Board of Taxation a reduction of

\$1,700 was granted; the appellant sought a further reduction to the sum of \$12,000. The State board reduced the assessment to a total of \$15,000; said reduction was made only as to the building.

In the matter of the assessment of the Terminal Building Company vs. City of Hoboken for assessment on a tract of land with an office building erected thereon, block No. 120, lots Nos. 30 and 31, Nos. 68-70 Hudson street, Hoboken, assessed for \$147,000, reduced by County Board of Taxation to \$128,000, the appellant sought a further reduction to \$124,000, which reduction was allowed by the State board, who assessed the land at \$22,000 and the building erected thereon at \$102,000; total, \$124,000.

In the matter of the appeal of Redmond H. Keresey as to the assessment on a house and lot, No. 627 Willow avenue, new lot No. 41, block No. 168, assessed for \$14,800, the appellant sought a reduction to \$12,000. This appeal was dismissed and the assessment affirmed.

In the matter of the appeal of John Keresey as to the assessment on house and lot No. 58 Garden street, new lot No. 26, block No. 175, assessed for \$13,900, the appellant sought a reduction to the sum of \$12,000. This appeal was dismissed and the assessment of \$13,900 affirmed.

In the matter of the assessment of John Keresey on house and lot No. 56 Garden street, new lot No. 27, block No. 175, assessed for the sum of \$13,900, the appellant sought a reduction to \$12,000. This appeal was dismissed and the assessment of \$13,900 affirmed.

In the matter of the assessment of Hinde & Dauch Paper Company as to the assessment on lots 1 to 9, in block 90, No. 801 Jefferson street, assessed for \$27,200, being \$15,200 on land and \$12,000 on building, the appellant prayed for a reduction to \$15,200 on land, and claimed that as the building erected thereon was dismantled and removed prior to the 25th day of May, 1910, and no building or improvement erected thereon thereafter, the assessment of \$12,000 on the building should be cancelled. The State board assessed the land at \$15,200 and the building at \$1,000, making \$16,200 in all. This was done by consent of the Board of Assessors of the City of Hoboken.

In the matter of the appeal of Maximus A. Lesser as to assessment on one two-story frame building, one one-story brick front building, and diverse one-story stable and shanties, at Garden and Newark streets, known as Nos. 80, 82 and 84 Garden street, block No. 175, new lot Nos. 13 and 15, Folio 69, assessed at \$14,400, the appellant sought a reduction to \$9,700. This appeal was dismissed and the assessment of \$14,400 affirmed.

In the matter of the appeal of Delta Tau Delta Society as to assessment of a tract of land south of Eighth street, containing about 6,000 square feet, plot 1 on the city atlas, property at Castle Point, assessed at \$12,200, the appellant sought a reduction to \$6,000. The State board granted said reduction by consent of the Hoboken Board of Assessors.

In the matter of the appeal of the Morris & Essex Railroad Company, Delaware, Lackawanna & Western Railroad Company, lessee, and Hoboken Ferry Company, the State board adjourned the hearing thereof.

In the matter of the First National Bank of Hoboken as to assessment on petitioner's banking house and the land whereon it is erected and the chattels therein contained, new lot No. 30, block No. 222, Nos. 47-49

Newark street, assessed at \$150,000 for the land and building and \$22,000 for chattels, the appellant prayed for a reduction to \$40,000 on the land and \$77,000 on the building, and requested that an increase be made on the chattels to \$37,000. This appeal, however, was withdrawn, and the assessment as made by the local assessors stands.

In the matter of the appeal of the First National Bank of Hoboken as to assessment on 5,510 shares of stock, assessed for \$66,100, the appellant requested a reduction to \$4.52 per share. The State board determined that the assessment on said shares should be reduced to the sum of \$7.56 per share, thereby making the assessment on said shares \$41,655.

Respectfully,

JOHN J. FALLON,

Corporation Attorney.

Nays—None.

The Committee on Streets and Assessments to whom was referred certificate No. 2 of Eugene Smith, City Surveyor, for the sum of \$6,000, in favor of Richard Lamb, for services as contractor on wood block pavement on First street, between Garden and Marshall streets, reported the same correct.

On motion of Councilman Wren the report was received.

The following report and resolution was presented and read:

To the Honorable Mayor and Council.

Gentlemen—Your Committee on Alms, to whom was referred the proposal of the Sisters of the Poor of St. Francis (operating St. Mary's Hospital), beg leave to report the following:

Whereas, The Sisters of the Poor of St. Francis, a corporation of the State of New Jersey, operating a hospital in the City of Hoboken, known as "St. Mary's Hospital," has submitted to the Common Council of the City of Hoboken a proposal to render medical and surgical care and treatment to persons required by the City of Hoboken to be cared for and treated at public expense, and to furnish a modern automobile wagon or vehicle, properly equipped and furnished with such chauffeurs as may be necessary for the proper operation thereof, accompanied by a physician and surgeon, to make all calls at any hour of the day or night, for treatment of all persons required by the City of Hoboken.

Whereas, The Common Council of the City of Hoboken has duly considered said proposals and deem it advisable and in the best interest of the city that such proposal be accepted in behalf of the City of Hoboken.

Resolved, That the aforesaid proposal be and the same is hereby accepted in behalf of the City of Hoboken, and the Corporation Attorney be and he is hereby directed to prepare a contract between the Mayor and Council of the City of Hoboken and the said Sisters of the Poor of St. Francis, and that the Mayor be and he is hereby directed to execute said contract for and in behalf of the City of Hoboken, and the execution thereof be attested by the City Clerk, and the corporate seal of the city be affixed thereto; and be it further

Resolved, That the sum of thirty thousand (\$30,000) dollars be and the same is hereby appropriated to defray the expenses of such medical and surgical care and treatment for the ensuing year, beginning July 1, 1911, the same to be raised by taxation, and the amount thereof included in the general tax ordinance.

JOHN DELANEY,  
BERNARD McFEELY,  
THOMAS J. WREN,

Committee on Alms.

On motion of Councilman Delaney the report was received and the resolution adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

The following report was presented and read:

To the Honorable Mayor and Council.

Gentlemen—Your Committee on Finance and Salaries, to whom was referred the communication from C. A. Tissot, auctioneer, beg leave to report the following:

Whereas, The Council passed a resolution May 17, 1911, which resolution was duly approved May 22, 1911, authorizing and directing Mr. C. A. Tissot, auctioneer, to auction off to the highest responsible bidder the property owned by the city and formerly occupied by a fire house and annex school and known as No. 557 First street; and

Whereas, Mr. C. A. Tissot did offer the said property and sold the same subject to your approval for the sum of \$11,000; and

Whereas, The title is to pass on the 19th inst., and Mr. Tissot suggests that some immediate action be taken in reference to same, that the purchaser may be either assured of confirmation or have the amount of deposit he has placed with me refunded; and

Whereas, Mr. C. A. Tissot assures this Council that the said sale was extensively advertised, that the attendance was large and such as would warrant the assertion that the price obtained was all that could be secured by your Honorable Body in any other way; therefore offer the following:

Resolved, That the sale by Mr. C. A. Tissot of the aforesaid property, known as 557 First street, be and the same is hereby confirmed by this Council; and be it further

Resolved, That the Corporation Attorney be and he is hereby directed to prepare a deed for the aforesaid property, and that the Mayor be and he is hereby directed to execute said deed for and in behalf of the City of Hoboken, and the execution thereof be attested by the City Clerk, and the corporate seal of the city be affixed thereto, and said deed when executed be turned over by the City Treasurer to the successful purchaser upon payment by Mr. C. A. Tissot to the City Treasurer of the amount of the purchase price, viz, \$11,000, less cost of sale.

AUGUST T. PFLUGH,  
LOUIS H. BELLOFF,  
JOHN DELANEY,  
P. H. DUFFY.

On motion of Councilman Delaney the report was received and the resolution adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

The following report and resolution was presented and read:

To the Honorable Mayor and Council:

Gentlemen—Your Committee on Finance and Salaries to whom was referred the request of the Board of Sinking Fund Commissioners respectfully report the following:

Whereas, The Board of Sinking Fund Commissioners have requested the Council to turn over to said Board the balance of money collected on account of Arrears of Taxes as shown in the tax arrearage account, amounting to One hundred and fifty-four thousand four hundred and fifty-four dollars and fifty-six cents to redeem additional bonds given for money loaned to the City, with interest thereon, therefore

Resolved, That the City Clerk be and he is hereby directed to draw a warrant to the order of the Board of Sinking Fund Commissioners for the said amount of One hundred and fifty-four thousand four hundred and fifty-four dollars and fifty-six cents.

AUGUST T. PFLUGH,  
LOUIS H. BELLOFF,  
JOHN DELANEY,  
P. H. DUFFY.

On motion of Councilman Delaney the report was received and the resolution adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

An ordinance to provide for the assessment and collection of the annual tax for the fiscal year one thousand nine and eleven, in the City of Hoboken.

Councilman Wren moved that the ordinance be taken up for its first reading and read.

Adopted.

Councilman Wren then moved that the ordinance pass its first reading as read.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman McFeely presented the following:

Resolved, That the City Clerk be and is hereby directed to draw a warrant for \$6,000, in favor of Richard Lamb, contractor, on the improvement of wood block pavement on First street, between Garden and Marshall streets, as per certificate of Eugene Smith, City Surveyor, presented May 24, 1911, and reported correct this date.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy,

LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilmen Pflugh and Delaney presented the following:

Resolved, That the Comptroller and the Assistant City Treasurer be and they are hereby directed to attend the Convention of the National Association of Comptrollers and Accounting Officers, to be held at Washington, D. C.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Councilman Angerson.

Nays—None.

Councilman Volk presented the following:

Whereas, The sidewalks on various streets throughout the City are not kept in as good condition as they should by the owners of the property, and in numerous places are very dangerous to life and limb, and

Whereas, The Street Commissioner claims he has not the proper authority to proceed against the property owners, who are allowing these conditions to exist, therefore be it

Resolved, That the Corporation Attorney be instructed to immediately take this matter under consideration, and advise the Council at once as to the proper procedure, so that this condition of the walks can be remedied.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Volk presented the following:

Whereas, The Public Service Corporation is operating cars on their rails on streets over which there is a question as to their rights to the use of same, and

Whereas, They are also operating cars other than passenger cars which is contrary to privileges received from this City, and

Whereas, The pavement between their tracks and eighteen inches outside of same is not kept as it should, and which they are compelled to keep in proper repair, and

Whereas, The repaving which this company does is performed in a very careless

and unworkmanlike manner, and

Whereas, This company charges a five-cent fare from one end of this city to the other, which is a distance of about one mile, and which charge is altogether too high and should be reduced to a three-cent fare, without the privilege of a transfer, therefore be it

Resolved, That the Corporation Attorney be instructed to take up these various matters and give same his careful consideration, and to advise this body at the next meeting, as to how to proceed in order to properly protect the rights of the city and its citizens.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Volk presented the following:

Whereas, The question of proper sewerage and drainage for this city has been taken up and discussed in various ways by the city officials and citizens at numerous times during the past five years, but no definite conclusions have ever been arrived at, and

Whereas, Some decided action must immediately be taken for the introduction of proper and up-to-date sewerage, therefore be it

Resolved, That a public meeting be held for the purpose of discussing the sewerage question on Tuesday evening, June 13, at 8 o'clock, at the City Hall, and at this meeting a Committee of four members of the Sewer Committee of the Council, in conjunction with three property owners, shall be appointed by the Chairman of the Council, for the purpose of suggesting ways and means by which the sewerage question can be properly handled, and report their decision to the Mayor and Council as soon as possible.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

On motion of Councilman Pflugh the Board adjourned.

JAMES H. LONDRIGAN,  
City Clerk.

# COUNCIL PROCEEDINGS

## STATED SESSION.

Stated session of the Council, held at the Council Chamber, City Hall, on Wednesday afternoon, June 14, 1911.

Present—Councilmen Belloff, Delaney, Duffy, McFeely, Volk, Wren and Chairman Anderson.

Absent—Councilmen La Pointe, Larkin and Pflogh.

On motion of Councilman Wren the reading of the minutes of the stated session of the Council, held May 24, and the adjourned stated session held June 7, 1911, were dispensed with and they were approved as printed.

Petition from John M. Hughes Sons Company, to move the two-story frame building from No. 307 Marshall street to No. 601 Monroe street, was presented, read and referred to the Committee on Streets and Assessments.

In the District Court of Hoboken, M. P. Smith & Sons Company, plaintiff, vs. The Mayor and Council of the City of Hoboken, defendant, returnable June 27, 1911, was presented, read and referred to the Committee on Public Grounds and Buildings.

The following communication from Street Commissioner Griffin was presented and read:  
June 13, 1911.

To the Council:

Gentlemen—I beg to submit to your Honorable Body the attached application with maps from the Public Service Corporation, requesting permission to open certain streets in said application mentioned for the purpose of building conduits to place overhead wires underground.

The above permission has been requested in accordance with the provisions of an ordinance passed March 24, 1897.

There appears to be no provision for the issuance by me of such permit, and I accordingly submit the same for your consideration and direction.

Respectfully submitted,

P. R. GRIFFIN,  
Street Commissioner.  
June 13, 1911.

To the Street Commissioner of the City of Hoboken:

Dear Sir—Public Service Electric Company is ready to proceed with the work of constructing subways and underground conduits for a system of underground distribution on Washington street, Hoboken, as follows:

From its station on Bloomfield street to Fourteenth street; on Fourteenth street, from Bloomfield street to Washington street; on Washington street, from Fourteenth street to Ferry street, and on Newark street, from Washington to River street.

These subways are to be built in accordance with the ordinance granting permission to Hudson Electric Light Company by the City of Hoboken, passed March 24, 1897.

The Company is ready to commence work promptly and will take about three months to complete the laying of the ducts and the construction of the manholes. The Company, of course, will protect its opening and assume all responsibility of damage occurring from the prosecution of the work.

Request is hereby made for a permit to open the streets for the purpose of prosecuting the aforesaid work.

Respectfully submitted,  
Public Service Electric Company, by  
DUDLEY FARRAND,  
General Manager.

On motion of Councilman Delaney the communication was referred to the Committee on Streets and Assessments in conjunction with the Corporation Attorney, and that the Committee of the Whole meet on Tuesday evening, June 20, 1911, at 8 o'clock, and the Clerk be directed to notify the officials of the Public Service Electric Company to have their representative present.

Adopted.

The following communication from His Honor the Mayor was presented, read and received:

To the Council:

Gentlemen—Your resolution in which you called the meeting of the property holders to discuss the advisability of having our sewer system improved of the entire system in the lower part of the city is a resolution which I favor, but disapprove of the short time that you have given for this hearing, and would suggest that a notice of the hearing of about two weeks be given, so that all citizens interested may come and discuss the matter, so as to get the proper sense of the feeling of the public, and I would also suggest that the taxpayers having large interests in the city be notified to attend this hearing, in order to get their views in the matter. Also, the Committee on Sewers of the Board of Trade be in-

vited, as they have given this matter a great deal of study, and I am sure they can advance reasons why a sewer shall be built.

Respectfully,

GEORGE GONZALES,

Mayor.

June 14, 1911.

Whereas, The question of proper sewerage and drainage for this city has been taken up and discussed in various ways by the city officials and citizens at numerous times during the past five years, but no definite conclusions have been arrived at; and

Whereas, Some decided action must immediately be taken for the introduction of proper and up-to-date sewerage; therefore be it

ANTHONY J. VOLK.

Councilman Pflugh appeared and took his seat.

The following communication from His Honor the Mayor was presented and read: To the Council.

Gentlemen—The resolution by which the Common Council proposes to bind the city to a contract with St. Mary's Hospital for a period of five years at thirty thousand dollars per year, for the care of the injured and sick of the city, I return without my approval, and my reasons for doing so are that for the city to bind itself to pay, as per contract, the sum of thirty thousand dollars per year at the present time it ill-advised and not warranted, as you will see by the following amounts paid from 1902 to 1911, by the city to St. Mary's Hospital, viz:

1902.....	\$7,415.25
1903.....	8,997.71
1904.....	9,018.32
1905.....	9,934.63
1906.....	10,744.50
1907.....	8,999.67
1908.....	15,242.96
1909.....	13,983.80
1910.....	18,377.20
1911.....	17,436.00

And I believe that the city should have its ambulance service properly equipped so as

to render sufficient service by having surgeons at hand with the ambulance, and in this way so assist St. Mary's Hospital that the expenses to them will decrease.

Respectfully,

GEORGE GONZALES,  
Mayor.

June 14, 1911.

To the Honorable Mayor and Council.

Gentlemen—Your Committee on Alms, to whom was referred the proposal of the Sisters of the Poor of St. Francis (operating St. Mary's Hospital), beg leave to report the following:

Whereas, The Sisters of the Poor of St. Francis, a corporation of the State of New Jersey, operating a hospital in the City of Hoboken, known as "St. Mary's Hospital," has submitted to the Common Council of the City of Hoboken a proposal to render medical and surgical care and treatment to persons required by the City of Hoboken to be cared for and treated at public expense, and to furnish a modern automobile wagon or vehicle, properly equipped and furnished with such chauffeurs as may be necessary for the proper operation thereof, accompanied by a physician and surgeon, to make all calls at any hour of the day or night, for treatment of all persons required by the City of Hoboken,

Whereas, The Common Council of the City of Hoboken has duly considered said proposal and deem it advisable and in the best interest of the city that such proposal be accepted in behalf of the City of Hoboken.

Resolved, That the aforesaid proposal be and the same is hereby accepted in behalf of the City of Hoboken, and the Corporation Attorney be and he is hereby directed to prepare a contract between the Mayor and Council of the City of Hoboken and the said Sisters of the Poor of St. Francis, and that the Mayor be and he is hereby directed to execute said contract for and in behalf of the City of Hoboken, and the execution thereof be attested by the City Clerk, and the corporate seal of the city be affixed thereto; and be it further

Resolved, That the sum of thirty thousand (\$30,000) dollars be and the same is hereby appropriated to defray the expenses of such medical and surgical care and treatment for the ensuing year, beginning July 1, 1911, the same to be raised by taxation, and the amount thereof included in the general tax ordinance.

JOHN DELANEY,  
BERNARD McFEELY,  
THOMAS J. WREN,

Committee on Alms.

Councilman Delaney moved the communication be received and offered the following:

Whereas, It is essential that a proper ambulance service should be furnished in the City of Hoboken, and the proposed service as submitted by the authorities of St. Mary's Hospital is one most beneficial to the city and at the same time economical; and

Whereas, The expenses for the city to provide and maintain a similar ambulance service, with three chauffeurs and three surgeons to work at eight hour shifts and to cover the attendant repairs and up-keep of said ambulance, would be far in excess of the amount for which St. Mary's Hospital would provide the same; and

Whereas, The taxpayers appreciate what it would cost if the city were obliged to construct and maintain a hospital and greatly appreciate the great blessings furnished and bestowed to the suffering humanity of our city by St. Mary's Hospital; and

Whereas, The city does not demand charity from the Sisters of St. Mary's Hospital, but is enabled and inclined to pay a fair amount for the services it will receive under the proposed ambulance service; be it

Resolved, That the said resolution vetoed by the Mayor be passed over the veto of the Mayor and notwithstanding the same.

Communication from Joseph W. Obrieter, civil engineer, submitting maps of the election districts of the city, was presented, read and received.

The following communication from City Treasurer James Smith was presented, read and referred to the Committee on Finance and Salaries.

Hoboken, June 21, 1911.

To the Honorable Mayor and Council, Hoboken, N. J.

Gentlemen—I beg to present to your honorable body a statement with check attached from C. A. Tissot, auctioneer, in the matter of the sale of the old fire house property on First street.

Awaiting your further instructions, I am

Very truly yours,

JAMES SMITH,

City Treasurer.

The following communication was presented, read and on motion of Councilman Larkin referred to the Committee of the Whole and ordered entered at large in the minutes. Hon. Mayor and Council, City of Hoboken.

In accordance with a resolution of your honorable body appointing me as architect to examine school building No. 1, beg to report as follows: I have already reported the refusal of the Honorable Board of Education to admit me upon your request to this building, and the following is based on a casual inspection made by me when visiting the building as a member of a committee from the Grand Jury. Structurally the building appears safe, the walls plumb, the floors level, and the building generally in good condition. I believe the Board had this building examined by an architect a few years ago, who reported it safe and sound. The Board does not claim to-day that it is not safe and sound. In regards to toilets, this building is equipped the same at Nos. 2, 3, 4 and 5, that is, with separate outside toilets, which comply with the law. In regards to ventilation, this building is vented by means of windows the same as Nos. 2, 3, 4 and 5. A ventilating system could of course be installed. The yard space seems to be as good as at some of the other school buildings. The building has seven separate inside stairs and two outside stairs. The law requires three flights of stairs. The floor space per pupil is not up to the standard, neither is it in any other school building in Hoboken. The cubic feet of space allowed each pupil is not up to the standard; neither is it in Nos. 2, 3, 4, 5 or 9. These two last items could be improved by decreasing the

number of pupils per room or decreasing the number of rooms, so as to accommodate 670 pupils, which would bring it up to the average of all schools in this city. The ceiling heights are less than in any other school in Hoboken, thus affecting the cubic feet of space per pupil. This could only be improved by increasing the floor space per pupil, as suggested above. The heating is very inferior, being by means of stoves, which could of course be remedied by installing a heating plant. The lighting in one-half of the rooms is excellent, and in the other half could be readily improved to comply with modern requirements. Most of the above report is from data as supplied by the Board of Education to the "Budget Exhibit." Ventilated wardrobes could be installed.

I believe I have touched upon all the modern requirements of a school building, but do not want your honorable body to take this report as final, as it is based on a very casual inspection, and not such an examination, measuring and figuring, as would be required to determine the exact steps necessary to improve this building. This can only be done upon your honorable body securing proper authority for me to enter the building to make the necessary surveys.

Respectfull submitted,

CHARLES FALL.

The following communication from His Honor Mayor Gonzales was presented and read:	

Mayors Office.

To the Honorable the Common Council.

Gentlemen—The enclosed resolution directs the City Clerk to readvertise for the repaving of Second street, from Willow avenue to Madison street; Sixth street, from Madison to Monroe streets, and Willow avenue, from Eleventh to Thirteenth streets, is disapproved by me. The following are a few of my reasons:

I believe that the practice of the past, whereby the paving blocks were merely taken out and then put back again, should be

stopped.

In some of the streets that you propose to repair there are no sewers, and, besides, the sidewalks are in such a condition that to repave without attending to all such details, such as sewers, sidewalks and wires (if possible), would be a willful waste of money.

I am also of the opinion that Monroe street, from Sixth to Fifth streets, and Willow avenue, from Eleventh to Thirteenth streets, can be repaired without taking up the entire streets. There are a few ruts that can be attended to and thereby await a more favorable time for repaving.

If repaving must be done, I would call your attention to Ferry street, also Willow avenue from Fifteenth street north. You will find these streets in a much worse condition than the one upon which you propose to throw money away.

Respectfully,

GEORGE GONZALES,

Mayor.

Dated June, 1911.

Councilman Duffy moved that the communication be received and the resolution be passed, notwithstanding the veto, of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Duffy, La Pointe, Larkin, Pfuggh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilmen Delaney and McFeely.

The following communication from His Honor Mayor Gonzales was presented and read.

Mayor's Office,

Hoboken, N. J.

To the Honorable the Common Council.

Gentlemen—The enclosed ordinance is returned to you without my approval.

Respectfully,

GEORGE GONZALES,

Mayor.

June 19, 1911.

An ordinance providing for the extension, alteration and enlargement of the City Hall Building in the City of Hoboken and the furnishing and equipment thereof, and authorizing the issuance of bonds of said City in the sum of One hundred and twenty-five thousand dollars for such purpose.

Councilman Larkin moved that communication be received and that the ordinance, entitled "An ordinance providing for the extension, alteration and enlargement of the City Hall Building in the City of Hoboken and the furnishing and equipment thereof, and authorizing the issuance of bonds of said City in the sum of One hundred and

twenty-five thousand dollars for such purpose," do now pass, notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Duffy, La Pointe, Larkin, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilmen Delaney and McFeely.

The following communication from His Honor Mayor Gonzales was presented and read:

To the Council.

Gentlemen—The annual tax budget which you have before you for final passage, I have taken the matter up and have carefully scrutinized the whole of the tax budget, and I find that the Tax Commissioners have appropriated money throughout the budget which is not sanctioned by law, and therefore is illegal.

For the past eighteen months I have called the attention of your Council to numerous matters, and among others the unlawful payments of money, without any success and without even a respectable excuse for passing over my veto numerous claims and other resolutions, and I call your attention to the fact that the tax budget is largely in excess of what it should be, and warn you of a number of illegal and unlawful appropriations made. You should heed this, be careful, and go over the matter thoroughly before the final passage of this budget.

Respectfully,

GEORGE GONZALES,

Mayor.

Dated June 21, 1911.

An ordinance to provide for the assessment and collection of the annual tax for the year nineteen hundred and eleven, in the City of Hoboken.

Councilman Larkin moved that the communication be received and that the ordinance, entitled "An ordinance to provide for the assessment and collection of the annual tax for the year nineteen hundred and eleven, in the City of Hoboken," do now pass, notwithstanding the veto and objections of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Duffy, La Pointe, Larkin, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilmen Delaney and McFeely.

The following communication from His Honor Mayor Gonzales was presented, read and received.

To the Council.

Gentlemen—I desire to call your attention to the contract which was passed over my veto, by which you have agreed to pay for five years at the rate of thirty thousand dollars the care of the sick and emergency cases of the city of Hoboken. The mis-statements or ignorance exhibited on the part of the members of your honorable body, who spoke in favor of this contract which was passed over my veto, should be corrected.

It is evident that no member of this Council has taken the pains to inquire into the amounts expended in the past and paid to the St. Mary's Hospital, and Mr. Delaney's statement that the city has sought favors and has not paid its way and has received charity from the hospital is an erroneous statement, and it appears that the Councilman, after four years, has just woke up to the fact that the city has asked for charity from an institution which has always been paid, to my knowledge, and that the mis-statements made by the Clerk, by which he tried to impress upon the Council that there had been an expenditure of twenty-five thousand dollars for a single year, should be corrected. At no time has the demand been made by the hospital authorities for more than eighteen thousand five hundred dollars, and I am sorry to see that the representative from the Second Ward (who has been the exponent of economy) has taken up this cause in a manner in which he has, without any knowledge of the exact state of affairs.

From the knowledge of the representative from the First there is no question, but his forgetfulness, as has been shown by the resolutions introduced in this Council and not followed up and performed, that his watchfulness of the city's interests cannot be taken seriously, and at any time he desires I will call his attention to the city's business which has been neglected because of inattention from him.

I again call your attention before signing this contract binding the city to one hundred and fifty thousand dollars, that the city has an ambulance service which can be for little outlay made efficient, and which will save the expense to the hospital of purchasing this additional equipment for the purposes of this contract, and notwithstanding what I have said, I realize the good work which has been done by the hospital in the past, when we required just such services as it is rendering, and no other persons other than the hospital rendered same, and I am willing to give them all the credit that is due and pay fully for everything they may do in the discharge of the services to the City of Hoboken, with-

out the city asking for charity. I fully believe that the hospital authorities would cheerfully work with the city, as they have done in the past, provided we would furnish them with the necessary ambulance and its accessories, and that the matter of binding the city as suggested, could be so arranged upon a conference that the hospital authorities and the city would be satisfied and at the same time save unnecessary expenditure.

Respectfully,  
GEORGE GONZALES,  
Mayor.

Dated June 16, 1911.

Absent—Councilmen Delaney, McFeely and Volk.

Chairman Anderson announced that Councilman Volk was excused from the meeting.

The following report from the Committee on Finance and Salaries was presented and read:

June 21st, 1911.

To the City Council, Hoboken, N. J.

Gentlemen—The Committee on Finance and Salaries to whom was referred the communication from James Smith, Treasurer, in reference to the issue of tax arrearages bonds to be secured by the balances of uncollected

taxes for the tax years of 1903-04-05-06-07-08-09-10, beg leave to submit the following report:

The money covered by the total balance of uncollected taxes, viz, \$422,354.78, has been used in the operation of the city government and has been furnished from within its own collections, etc., and should be returned to the funds from which borrowed.

There has been collected since the beginning of this current year quite an amount of arrears of taxes, for which it will not be necessary to now issue bonds.

The interest on said bonds should be made good from the collection of taxes on account of which said bonds were issued, and therefore will not be a charge against the general taxpayers, but against the delinquent taxpayers.

We therefore recommend that the necessary bonds be issued by the proper authorities to cover the balance of uncollected taxes at this date, and that said bonds, or as many of said bonds as may be possible, be sold to the Sinking Fund Commissioners, and that the balance of said bonds be sold according to law.

Respectfully submitted,

AUGUST T. PFLUGH.

PATRICK H. DUFFY,

LOUIS H. BELLOFF.

On motion of Councilman Pflugh the report was received and the action of the committee concurred in, and the Clerk be directed to forward copy of same to the Sinking Fund Commissioners.

The following communication from His Honor the Mayor was presented and read:	
To the Honorable the Common Council:	

Gentlemen—The enclosed resolution is returned without my approval. Of all the legislation ever passed by any Board of Councilmen since Hoboken has been a city, this is the most vicious. It is hardly conceivable that a Board having ordinary intelligence could be guilty of passing such a resolution. You ask the Police Board to vacate and find room for police and ambulance service simply to make more club room for an association, knowing full well that the tax budget makes no provision for the extra expense. I doubt very much if this resolution is a legal one. If your Honorable Body had the interest of the city at heart, I am inclined to think you would do business differently.

Respectfully,  
GEORGE GONZALES,  
Mayor.

July 1, 1911.

Whereas, The building located at No. 213 Bloomfield street is in an unsanitary condition, and in no way fit for the Exempt Firemen's Association as headquarters, and recognizing the claims of this Association for the valuable service rendered in the past of Volunteer Firemen in this city; therefore be it

Resolved, That the City Clerk be directed to communicate with the Honorable Board of Police Commissioners and request them to remove their patrol wagon, horses, etc., from said premises on or before July 30, 1911, in order that the building may be put in proper condition for the use of the Exempt Firemen's Association of the City of Hoboken.

Councilman Belloff moved that the resolution be passed, notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, La Pointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nays—None.

Declining to vote—Councilman Volk.

Absent—Councilman Duffy.

The following communication from His Honor the Mayor was presented and read:

July 5, 1911.

To the Common Council:

A return without my approval the enclosed resolution.

This resolution is intended to provide for the payment of services rendered in transcribing and preparing the names of voters of the 26 old election districts into the 45 new election districts.

While I grant that it was necessary to transcribe the names, I feel that the amount charged for these services is exorbitant.

The resolution shows that thirteen men

worked on an average of eight days each in rearranging the names and in copying the same into the new books.

This work involved two operations:

1. The rearrangement and classification of the names of the voters from the 26 old election districts into the 45 new ones.

2. The copying of the names so rearranged.

There were approximately 9,500 names on the election books.

Considering the classification and manner in which the names were arranged in the old 26 books, one man of average ability could rearrange them into the 45 new districts in from two and a half to three days' time.

As to the copying of 9,500 names, this operation could be completed by two men of average ability within eight days.

But allowing a liberal amount of time for this work, it cannot be said that the rearrangement of the names (the first operation), would take more than five days, nor would the copying of 9,500 names (the second operation) take more than twenty days, a total, therefore, of 25 days.

Allowing \$4.00 a day for the man rearranging the names, \$20, and \$3.00 a day for the other men for 20 days, \$60, it would make a total of \$80 for the entire work, instead of the outrageously high figure of \$325.00.

For the reasons above presented, I find it impossible to approve the said resolution.

Respectfully,  
GEORGE GONZALES,  
Mayor.

Resolved, That the City Clerk be and he is hereby directed to draw warrants in favor of the following named persons for services rendered in transcribing and preparing the names of voters of the 26 old election districts into the 45 new election districts in accordance with Sections 1 and 2 of the Geran Election Act:

Thomas Sharkey, 7 days.....	\$21 00
William O'Toole, 8 days.....	24 00
Benjamin Benidix, 8 days.....	24 00
William Vilar, 8 days.....	24 00
David Walsh, 7 days.....	21 00
Henry Spohr, 8 days.....	24 00
James J. Farrell, 8 days.....	24 00
Louis Martin, 8 days.....	24 00
Alex. McCabe, 8 days.....	24 00
Harold Mallen, 9 days.....	27 00
Philip Marnell, 8 days.....	24 00
John Bock, 5 days.....	15 00

The following report of Eugene Shinn & Co., of the audit of the accounts of the city, was presented and read:

New York City, June 28, 1911.

To the Honorable Mayor and Common Council, Hoboken, N. J.:

Gentlemen—We beg to submit our final report of the audit of the accounts of your city, from May 6, 1906, to May 2, 1910, and of the system and method of operation devised and installed in the various Departments.

Before going into detail, we think it best to incorporate herein our first preliminary report as best showing the conditions existing at the beginning of our work.

The report follows:

#### PRELIMINARY REPORT.

Hoboken, N. J., June 10, 1910.

To the Honorable Mayor and Honorable City Council, Hoboken, N. J.:

Gentlemen—After a partial examination of the records, methods and system in the offices of the City Treasurer, City Comptroller, Collector of Revenue and Sinking Fund Commissioners, we submit the following preliminary report:

The same methods are in use to-day in the Treasurer's and Comptroller's office, that have been used in the said offices for many years past.

The Comptroller is the chief financial officer of the city, and as such should have an absolute record of all the affairs of the city, so as to control them in the manner directed by law.

He has not received all data in the past, and does not now have the necessary control.

There will be a complete remodeling of the method and system in this office.

The Treasurer's records partially combine the duties of the Treasurer and Comptroller. The methods and system will be remodeled in this office.

The records of the Sinking Fund Commissioners show no entries of value.

The records of the Revenue Collector are the most complete of any that have been examined, and will require but little adjustment.

It will be necessary to make a thorough audit and adjustment of the affairs of the city, but after an exhaustive preliminary examination, the opinion formed the first day of said examination, and which was expressed to some of the officials of the city, is more than confirmed, viz.: That the credit of the city is good; that there is absolutely no cause for alarm as to the results of operation of the municipality, or as to any deficits that may exist, as said deficits would be subject to adjustment under the law; that the results of operation as shown on the books of the Treasurer, as indicated by "Unexpended Balances" and "Overdrafts," have been caused by wrong interpretation of the law and improper methods used, as will be noted further on, all being considered without reference to fraud.

The fundamental principal of municipal accounting is that all municipal accounts are based exclusively on appropriated amounts.

The sum total of appropriations for the annual operation of all municipal departments, plus appropriations for Sinking Funds, Interest Charges, etc., less estimated revenue from all sources, is the annual charge against the ratables of the city, and is known as taxes for the specific year under consideration.

Appropriated Amounts can never exceed taxes charged, if the accounts are in balance.

Appropriated Amounts is the liability of the city under due operation of law, to the various departments or branches of government, and the taxes or total annual charge against the ratables or taxpayers is the asset to balance the liability incurred.

One cannot be considered without the other.

The taxes and appropriations for each year are as separate and distinct as if they were the taxes and appropriations of two different municipalities, and the accounts and cash representing the said taxes and appropriations come under the same rule, and each year's operation is open and closed within itself.

It is well to bear in mind this fact, viz.: The non-compliance with this rule has caused practically all the irregularities that may be found in the operation of the affairs of the city, as evidenced by the records and cash.

The collection of cash by the Revenue Collector has been properly distributed on the records of his said office, and have been so distributed on the Cash Book of the Treasurer, but have not been entered into proper accounts on the Ledger of the Treasurer.

The most serious error of principle in the Treasurer's office is that it has carried all Cash Accounts, and held all actual cash as one account and one sum, to be drawn upon and paid from, at will.

This fact has caused most of the trouble in the financial affairs of the city.

Had the Cash Accounts and Cash been segregated and held separately for Tax Arrearage Account, Assessments, Sinking Fund, Interest, General and other purposes, no overdraft or transfer could have been made, and the city would have been compelled legally to provide Cash for operating expenses or other purposes as it became necessary and due, and not have borrowed from the Assessment and Sinking Funds.

The law confers ample power upon the Council in the handling of its affairs, but we are led to believe that the Council has not been properly notified of the financial affairs of the city, and naturally, by reason of the omission, could not act as directed by law.

The Treasurer's books, being the most complete of the affairs of the city, show that the accounts as entered are in balance.

The Treasurer's Ledger in Sundry Accounts show overdrafts in the payment for construction of assessable improvements, amounting to \$158,680.57.

It also shows balances of collections in Sundry Accounts from assessable improvements, amounting to \$7,973.10.

Investigation of the Assessments Maps and Accounts in the office of the Revenue Collector show a most remarkable condition of the assessments for improvements, viz.:

Every assessment was promptly collected, and is closed with the exception of five (5) improvements as follows:

MADISON STREET, between Eighth and Ninth streets, for grading, paving and sewer-ing, is not due until June 12, 1910.

MADISON STREET, between Eighth and Fifteenth streets, for grading, curbing and sidewalks, due May 25, 1909, has been largely paid, the balance due being \$377.20.

The total cost of this improvement was \$31,839.70, and the small balance due indicates how closely the assessment was collected in a short time.

ADAMS STREET, between Sixth and Eighth streets, for grading, paving, etc., due April 16, 1906.

The total cost of this improvement was \$6,044.93, and the balance uncollected is \$412.72.

MADISON STREET, between Fifth and Eighth streets, for grading, paving, curbing and flagging, due March 20, 1908, and the balance due being \$782.88.

The total cost of this improvement was \$12,629.87.

ADAMS STREET, between Eighth and Ninth streets, for sewer, grading, paving, curbing and flagging, due January 14, 1908.

This assessment was certiorated by the Hinde & Dauch Paper Co.

The balance due on this improvement is \$2,736.64.

The total cost of the improvement was \$14,458.89.

The total due on all uncollected assessments amounts to only \$4,300.44.

This condition is most unusual and speaks well for the credit of the city, and its taxpayers.

The condition would be difficult to duplicate in a large percentage of municipalities.

The Mayor and Council under the law, at various times, on account of, and for unpaid taxes, have bought in property, but every piece has been redeemed, and the city, through its proper officers, does not hold a piece of property sold for taxes or assessments.

This is another very unusual condition, and speaks well for the credit of the city and its taxpayers.

The loss by reason of the acts of the Adjustment Commissioners will have to be adjusted with the other affairs of the city.

The assessments being properly collected there should not have been any difficulty in meeting the payment of the Certificate of Indebtedness for said improvements.

The collections by the Revenue Collector have apparently been given proper credit on the Treasurer's books, but will be checked in full for proof.

However, the Cash Accounts of the collections from assessments have been considered as a General Cash receipt, and deposited accordingly. As stated, this is apparently the cause of the overdraft.

Cash deposited in the various banks should be deposited to the credit of a specific account in said bank, and should be treated by each bank as a specific fund or account.

Direction has apparently never been given the banks to properly segregate deposits into accounts or funds.

Had the collection of assessments been deposited and credited as an assessment cash

account, money could have been drawn from it for the payment only of preliminary expenses of improvements or Certificates of Indebtedness issued for payment of contract for improvement.

There would undoubtedly have been sufficient money at all times to meet outstanding certificates, providing the total cost of improvement had been charged into the assessment by the Commissioners of said improvement, and they apparently provided for all legal first cost of improvement, but not interest for the first two years.

The interest on certificates in excess of time calculated on, usually two years, was an added liability also not contemplated.

Drawing regular interest under the law, the certificates were not presented by the holder until finally called in by the authorities, and enormous sums of interest, amounting in some cases to nearly the face value of the certificate was paid by the city.

Provisions for the payment of the enormous additional amount of interest had not been made or charged into the cost of the improvement or otherwise, and consequently could not be collected from the property, and as the error was apparently that of the system of the city, it must be made good by the city.

Had proper method been used in the handling of the Cash and Accounts, the interest charge would have accrued on loans from Assessment Account to city.

Again, the annual appropriations through the operation of the budget must be placed to the credit of the Departments, and paid on demand within the year.

If the taxes levied each year are not collected within the required time, the law makes ample provision for raising the necessary amount by the issue of Temporary Loan Bonds, in anticipation of the collection of taxes.

If sufficient money is not received from Uncollected Taxes to redeem the Temporary Loan Bonds at maturity, then the Tax Arrearage Bonds are issued for the amount remaining uncollected.

Reductions or cancellations of taxes by the legally constituted Board or Court order resulting in a deficit of taxes in any specific year, is legally provided for in the next annual budget, or by the issue of a bond issue, as the law directs.

Advantage has not been taken of the law, which covers every possible emergency, but the city has financed its operation and obligations within itself, by the use of its Sinking Fund and Assessment money.

This financing within itself has saved some interest, but has also been the cause of loss to the Sinking and Assessment Funds, from which funds the money was principally taken.

After detailed audit of all tax budgets, as represented in the ordinary accounts or appropriated amounts, and of the various public improvements, as represented in the assessment accounts, and the proper adjustment of said accounts, the loss will fall principally upon the Assessment Accounts, but even this may be small, for if the city borrowed from these funds they are entitled to interest, which will offset excess interest paid on the certificates.

The net deficit to the city will depend upon the adjustment of Uncollected Taxes, deductions and cancellations by lawful authority, and "Unexpended Balances," as represented in the accounts of the city.

If there is sufficient gain from the amount added by law to make good deficits, and from excess interest received from arrears of taxes over interest paid on loans, the loss will be balanced. If not, it must be made good according to law.

This extra charge made to take care of deficits has never been recognized and entered into specific accounts by either the Treasurer or Comptroller.

It undoubtedly now amounts to an enormous sum.

The exact amount collected or charged on account of this item will have to be determined and entered as a surplus account, it being in excess of all appropriated amounts each current year.

The deficits of taxes and any other deficits resulting from legal deductions and cancellations mentioned in this report, from 1897/98 to date, amounting to \$340,683.40, which have never been entered in the accounts of the Treasurer and Comptroller, will have to be properly entered by said offices, and offset by the collections received for making good said deficits.

There apparently will be quite a sum remaining in the Surplus Account which may be used to offset the excess interest paid on Certificates of Indebtedness.

The Sinking Fund Accounts have not been properly kept, and are minus much information which we have worked out.

The books of the Treasurer show that there is a balance due Sinking Funds by the

city on principle alone of \$291,835.00.

We find that there was loaned by the Sinking Fund in 1903 to the city, for the purpose of paying claims, \$15,000.00.

The loan was made from "Uptown Street Improvement, Series A" fund.

When repaid, it was credited on the books of the Treasurer to the "General Sinking Fund" account, instead of "Uptown Street Improvement, Series A" account.

This inflated the "General Sinking Fund" account \$15,000.00, and on May 2, 1910, it showed a balance of \$18,956.36, instead of \$3,956.36, which legally belongs to it.

The balance being reported as \$18,956.36, there was taken from the "General Sinking Fund" account, through the operation of the budget, \$6,286.55 for the tax fiscal year 1910-11.

This would make an overdraft in the "General Sinking Fund" of \$2,330.19, when we consider the balance as being only \$3,956.36.

This is not legal, and should be corrected by an adjustment of the tax budget before the rate is declared.

The addition of \$15,000.00 to "Uptown Improvement Series A" would increase the total due the Sinking Funds to \$306,835.00.

The Sinking Fund Commissioners have invested by deposit in bank drawing interest, \$14,000.00 of Sinking Fund money belonging to School No. 8, and this is the only sum which is regularly drawing interest, except as noted further on.

This investment added to the \$306,835.00 makes a total of \$320,835.00 of installments belonging to the Sinking Fund, this being divided into twenty-two (22) accounts.

The annual installments for Sinking Fund purposes, provided through the operation of the budget, should have been immediately turned over to the Commissioners for investment at the beginning of each year so that they could at once commence to work and earn the interest calculated upon, which should have been sufficient to redeem the bonds at maturity.

This was not done.

The Sinking Funds on a basis of investment of three and one-half per cent. (3½%) for each installment provided, calculated according to Sinking Fund investments, was entitled to \$60,859.47 interest at the close of the fiscal year, May 2, 1910.

The books of account show that there was \$36,000.00 of authorized installments in the Sinking Fund for "School House No. 6."

On this sum there was accrued interest of \$12,701.74, which sum is included in the total interest accrued of \$60,859.47.

To the \$36,000.00 in said Sinking Fund there was added in the budget of the present current year \$4,000.00, making a total of \$40,000.00 in installments to redeem the \$100,000.00 of School No. 6 Bonds, due July 1, 1910. \$60,000.00 of said bonds are to be refunded.

Should the \$12,701.74 accrued interest not be entered in the accounts, on account of the \$100,000.00 being provided for as above, the accrued interest due the Sinking Funds as calculated would be reduced to \$48,157.73.

This matter should be determined by the Sinking Fund Commissioners.

If not used, the Sinking Fund installments, plus accrued interest, would amount to \$368,992.73.

If used, the Sinking Fund installments, plus accrued interest, would amount to \$381,694.47.

In addition to the \$14,000.00 deposited in bank, the Sinking Fund holds Temporary Loan Bonds amounting to \$26,712.83, on which there is accrued interest and payments of \$2,109.36.

If the Sinking Fund money, as well as money received from assessments was necessary to pay operating expenses, it should have been asked for by Council, granted by the Sinking Fund Commissioners, and when loaned, bonds to cover the loan should have been issued by the city at a specified rate of interest.

In this manner, semi-annual interest on the loans would have been regularly collected and subject to reinvestment, and the law requiring the Sinking Fund Commissioners to invest in City, County and Government bonds would have been complied with.

We would suggest that the various Sinking Fund installments, plus accrued interest to date for each separate fund, be made good by the issue of bonds, signed by the proper officers of the city, and these bonds be turned over to the Sinking Fund Commissioners.

Annual interest will then have to be provided through the budget, and the Sinking Funds will receive proper returns.

In the past sufficient provisions has not been made through the budget to redeem some of the bonds when due.

In other cases an excess has been provided.

There was provided in the budget of 1910-11 for Sinking Fund purposes, \$54,000.00, which includes \$3,500.00 for retirement of Bonds for Cleaning Sewers. Said Sewer Installment to be included in the Annual Budget for four years.

Our data worked out shows that there must be an annual Sinking Fund installment provided from 1911-12 into the future, amounting to a net increase of \$42,205.00.

In other words, instead of a net installment for Sinking Fund purposes amounting to \$54,000.00, as provided the current year, there will have to be provided \$96,205.00 next year, and succeeding years, and changed annually thereafter as bonds are redeemed or issued.

This data is now ready for consideration by the proper authorities.

There are debit balances on the Treasurer's Ledger of \$234,082.27, presumably representing cash balances of appropriated amounts, bond issues, etc.

The balances are misleading.

Up to the tax year 1896-97 the apportionment of taxes collected was entered in the accounts and was actual cash received.

From the tax year 1897-98 to the present year the method of procedure was changed.

The appropriated amount of each account for each tax year was debited to the account and credited with payments on account for each particular fund.

The balances of accounts was carried forward from year to year, so that the balances of accounts as shown on the Treasurer's books, May 2, 1910, represent balances of appropriated amounts as entered in the annual budget for thirteen (13) years.

It is true that the law allows the transfer and use of Unexpended Balances, but it is also true that the law should have been complied with, and actual cash provided to meet appropriated amounts, which in every year must be expended or disposed of under the law.

Cash was not provided and the Unexpended Balances are in part book entries, and not regular cash entries, as presumed under the law.

It must be understood that we are considering the Treasurer's Accounts, and his accounts should represent cash items, which they do not in their entirety.

The Comptroller's Accounts should deal with and include both cash and appropriated amount accounts, but these are not complete on the Comptroller's books.

As the accounts of the Treasurer's books should be Cash, but are not, they are subject to much adjustment.

The Cash entries in the "Unexpended Balances" accounts are as follows:

\$8,029 04	from Hoboken Cemetery Fund and subject only to uses specified.
3,956 36	actual balance for General Sinking Fund, and used for Sink-Funds only.
98,248 94	from bond issues, and to be used for specific purposes.
1,237 69	from Building Inspector.

Total.....\$111,472 02

This leaves a balance of \$122,610.25 of Appropriated Amounts on the Treasurer's books carried forward, and apparently not represented by cash collected in regular form.

If this balance, \$122,610.25, of Appropriated Amounts apparently not represented by specific cash transactions, proves to be so after the necessary audit, and if all liabilities against each specific fund are paid, then these balances are subject to adjustment, and may possibly be closed out according to law, without further obligation on the part of the city. This will reduce what appears to be a deficit on the books of accounts.

With the question of "Unexpended Balances" will also have to be considered the question of "Tax Deductions and Cancellations."

The controlling account on the Treasurer's Ledger is the "Floating Fund" account.

This shows a credit balance of \$499,194.96 carried forward year by year since 1897-98.

Into this account has been credited the "Appropriated Amounts" during the period under consideration.

Cash Collected on Account has been debited to the "Floating Fund" account, and the credit balance of \$499,194.96 represents the excess of "Appropriated Amounts" over collections, etc., providing it develops by analysis that no omissions have been made.

In the adjustment of the affairs of the city, if all "Appropriated Amounts" have been carried into the "Floating Fund" as a liability, we must consider the balance of "Uncollected Taxes" as the asset account for the same period.

This is according to law, and the well recognized principle that assets and liabilities, or receipts and disbursements, must be for the same period.

As previously shown, "Appropriated Amounts" is the basis of municipal accounts, and must be in absolute balance with taxes.

The uncollected taxes for the period 1897-98 to date is \$521,821.65, mostly collectable.

As all appropriations are included in the balance shown in the "Floating Fund" we must also consider taxes deducted or cancelled legally, until we can adjust the account.

The taxes deducted and cancelled during the same period as shown on the books of the Revenue Collector is \$340,683.40.

This makes a total of \$862,505.05 to be considered in the adjustment as the asset of all accounts.

In the adjustment of the Credit Balance or Liability Account, as shown by the "Floating Fund," amounting to \$499,194.96, and the asset of uncollected and cancelled taxes of \$862,505.05, must be considered the amount added to the budget under the law which has varied from four to ten per cent., and which was collected for the purpose of making good any losses or deficiencies.

There must also be considered the excess interest collected.

No liability of the city could even be mentioned, let alone considered, without bringing in the asset of uncollected taxes.

It is practically the only current asset the city has.

It is the most valuable and tangible asset under the law.

Apparently the railroads have paid to the State for taxes due the city a balance of \$47,836.24 for 1907 taxes; \$53,388.29 for 1908 taxes; and \$85,039.27 for 1909 taxes; or a total of \$186,263.80, which sum we would suggest the proper authorities to get from the State at once, as it has not been turned over to the city.

We would finally suggest that all collections from taxes from this date be placed into a proper account and not disbursed except for the liquidation of the liabilities to the Sinking Fund, Assessment, or other proper account as audited.

As the city is required to borrow money for operating expenses between the beginning of the fiscal year, viz.: the first Monday in May to December of said year, that your Honorable Body take up the question of temporary loans for operating expenses at once.

If bonds to cover amounts due to the Sinking Funds be issued, they can be redeemed from collections as above as fast as possible, and the Sinking Fund Commissioners can then reinvest in other legal bonds, and the financial affairs of the city will commence to run in their proper channel at once.

After due consideration of all matter which legally enter into the question, it is not possible to say that there is a deficit in the financial affairs of the city.

Should there be, it probably was legally created, but not legally taken care of each current year, as directed by law.

Respectfully submitted,

(Signed) EUGENE SHINN.

#### THE CITY TREASURER.

The books of account of the City Treasurer were found to be in balance May 2, 1910.

As a basis of all future calculations, we drew off the Trial Balance of said Treasurer's Ledger.

A Trial Balance of the City Comptroller's Ledger was also drawn at the same time.

The Treasurer's Ledger was not in accord with the Comptroller's Ledger, and could not be readily reconciled on account of the difference in classification of accounts.

It was found, as stated under another caption, that the Treasurer entered and combined as one account a number of the appropriated amounts, while the Comptroller had practically a separate account for each appropriated amount.

To reconcile the accounts as between the Treasurer and Comptroller, a detailed analysis of the entries of both offices was necessary.

All warrants issued were distributed numerically, carefully analyzed as to date, amount, payee, signatures, countersignature and endorsement, and checked into the Cash Books and Ledger, and the Ledger accounts balanced.

We transferred the entry of many warrants from one account to another in order to reconcile the accounts.

We submit "Treasurer's Exhibit No. 1" showing the Trial Balance of the Treasurer's Ledger.

## TREASURER'S LEDGER—TRIAL BALANCES.

## TREASURER—IMPROVEMENT CERTIFICATES.

It will be noted in the fore part of the Exhibit showing Debit Balances that the total of all Street Improvement items amount to the large sum of \$158,680.57.

These items are not charges for original cost of construction of sundry special improvements which are assessable against the property benefited, but is money paid out in excess of the collection of assessments levied for the construction of said special improvements.

While our special examination in detail was only for the four-year period above enumerated, we examined all the assessment accounts entered rather thoroughly, and found that practically all assessments levied had been promptly collected by the Collector of Revenue, who turned the money over to the City Treasurer to be credited to the assessment account for which levied.

The Treasurer did not deposit the money so received in a Special Assessment Cash Fund, but deposited said money in a general cash fund, along with collections from all other sources, the same to be drawn upon for any purpose upon order of Council.

During the construction of an assessable improvement, acting under the law, the engineer in charge of the work upon said improvement issued estimates upon completed parts of said construction, or for services or other expense for which certificates of indebtedness were issued by the proper city authorities.

The money received by the Collector of Revenue on account of assessable improvements should have been used to redeem said outstanding Certificates of Indebtedness, or other indebtedness created by reason of the construction of said improvement.

The assessments were uniformly promptly approved by the Mayor and Council, and filed with the Collector of Revenue, who was most prompt in their collection.

The assessments not collected as at May 2, 1910, amount to about five thousand dollars, as enumerated in our first preliminary report, which is a part of this report.

The fact that assessments were levied for all assessable improvements, and the same collected, with the exception of the small amount just stated, probably one-half of which will still be collected, in fact all except the assessment against the Hinde & Dauch property, which was set aside by the Court over which the city has no jurisdiction, would lead one to infer that all Certificates of Indebtedness, with accrued interest thereon, should have been paid from assessment money collected, without creating the large overdraft of \$158,680.57.

We will probably have to go back to the tax years 1892 and 1893 for the beginning of the operations leading up to this overdraft.

We find in Ordinance Book B, Folio 688, the approved record of the tax ordinance for the year 1892, passed by Council June 29, 1892.

We quote from said ordinance as follows:

"To meet the principal of maturing bonds amounting in the aggregate to the sum of one hundred and sixty-six thousand five hundred (\$166,500.00) dollars, as follows:	
6% Volunteer Bounty Bonds—Series 1—Due Jan. 1/93.....	\$4,000 00
7% City Judgment Bonds, issued 1872, due Oct. 1/92.....	119,500 00
7% Park Improvement Bonds, issued 1875, due Sept. 1/92.....	5,000 00
7% School No. 4 Bonds, issued 1877, due Oct. 1/92.....	32,000 00
7% Water Bonds, issued 1872, due July 1/92.....	6,000 00

\$166,500 00

"It is hereby directed and ordained that the proceeds of the adjusted taxes, assessments and water rents, where not specially pledged, be applied to the payment of the same."

We also find in Ordinance Book B, Folio 708, the approved record of the tax ordinance for the year 1893, passed by Council June 14, 1893.

We quote from said ordinance as follows:

"Special Appropriation—The sum of two hundred and fifty dollars for repairing plumbing work and sewers in the City Hall (\$250.00).

To meet and pay the interest on bonds falling due during the years 1893-94, amounting to \$58,737.50, and for principal of bonds falling due during the year, \$6,750.00, and for deficiency on bonded indebtedness of years 1892 and 1893, \$29,330.47, amounting in all to the sum of \$153,817.97.

The following amounts are hereby appropriated.

The balance on hand in the Sinking Fund of \$4,556.55, and the receipts from the Railroad and Corporation taxation, amounting to \$14,000.00, and amount due from the County to the City as a refund from the proposed County Park assessment, \$13,000.00, and the

estimated amount to be collected during the current year under the provisions of the Martin Act, \$100,000.00, and such other sum or sums as may be collected under the provisions of said Act."

In other words, there was \$166,500.00 in 1892, and \$100,000.00 in 1893, or a total of \$266,500.00 ordered to be taken from money received from the adjustment of Taxes, Assessments and Water Rents, under the Martin Act, and used to redeem outstanding bonds, interest thereon, and other obligations, through the operation of the Budget.

The money should not have been so used, for the bonds to be redeemed, as per the Tax Budget quoted, had no connection whatsoever with current operations of the government or special improvements.

All taxes, assessments and water rents adjusted under the Martin Act were originally levied or assessed in the current year charged, for the purpose of meeting departmental appropriations, current Sinking Funds, interest, etc. The money actually used to pay these said annual appropriations and other obligations, although not collected through taxes at the time used, came from some source within the City Government, and should have been treated as a loan and returned to the fund from which borrowed as soon as the adjusted taxes and assessments had been collected. In this manner the money would have been legally loaned, used and returned.

The said collections should have been segregated and deposited in a General Cash Fund, in a Tax Arrearage Cash Fund, and an Assessment Cash Fund. Then the money could not have been used to reduce the tax levy until after all obligations for which the levy was created had been redeemed or paid.

To subject the money received from adjusted taxes, etc., to draft for any or all general purposes was not legal, and although the tax ordinance of 1892 (as see) says:

"It is hereby directed and ordained that the proceeds of the adjusted taxes, assessments and water rents, where not specially pledged, be applied to the payment of the same," it does not appear of record that an attempt was made to analyze or segregate the account to ascertain whether there was any obligations that should be paid from the collection of adjusted taxes and assessments or not, before its use for the purpose specified in the tax ordinance, for had there been such analysis, it is most certain that the outstanding Certificates of Indebtedness for improvements would have been found.

The city having profited in 1892 and 1893 by reason of the use of the collection of adjusted taxes, assessments and water rates, to reduce the rate of taxation, and in consequence, the amount of money to be provided for Budget purposes, will have to make good the necessary amount at this late date, in case it may be found necessary upon FINAL ADJUSTMENT, although the amount required to make good may be small compared to the total of \$266,500.00 appropriated during the two years above named.

Referring to the Certificates of Indebtedness, it is apparent that the agreement embodied thereon, was not lived up to, although this may be on account of a wrong interpretation of said Certificates.

..The blank certificates read as follows:

#### IMPROVEMENT CERTIFICATE.

This certificate entitles ..... or order, to receive of the Treasurer of the City of Hoboken ..... Dollars.

For ..(Name of improvement inserted).. with interest thereon at the rate of five per cent. per annum, computed from ..... In such amounts AS THE MONEY OF THE SAID ASSESSMENT SHALL COME TO THE HANDS OF THE SAID TREASURER.

And this Certificate shall be received by the Collector of Assessments, in payment for the assessment upon which it is drawn, and shall be transferred by endorsement.

And the Mayor and Council of the City of Hoboken do hereby bind themselves, and their successors, to use due diligence in making and collecting the said assessment, and in case the said assessment is not collected to meet this Certificate within two years from the date of the confirmation of the assessment for said improvements, that they will pay the said sum of ..... dollars, with interest, as above stated, to the holder upon thirty days' notice of default in the collection of the assessment."

One of the conditions of the Certificate of Indebtedness stated that the payee of each Certificate was entitled to receive from the City Treasurer all money collected on account of the improvement for which Certificate was issued "in such amounts as the money on the said assessments shall come to the hands of the said Treasurer."

At a stated session of the Council, June 14, 1899, the following resolution was adopted by said Council:

"Resolved, That after the passage and approval of this resolution, all Improvement Certificates issued by the Mayor and Council shall cease to bear interest after TWO YEARS FROM THE DATE OF ISSUE, and the City Clerk is hereby directed to so insert in all Improvement Certificates hereafter issued."

Prior to the adoption of this resolution the Certificates of Indebtedness had inserted in them "Date of Issue," when referring to the interest payable on said Certificates, making the interest clause read, "with interest thereon at the rate of five per cent. per annum computed from DATE OF ISSUE, in such amounts as the money on the said assessments shall come to the hands of the said Treasurer."

After the adoption of the above resolution, the Certificates read, "with interest thereon at the rate of five per cent. per annum, computed FOR TWO YEARS FROM DATE OF ISSUE," etc.

Both before and after the adoption of the resolution quoted above, the *modus operandi* was apparently in direct conflict with the terms printed in said Certificates in relation to paying the payee as money came into the hands of the Treasurer. In one case interest was computed from "Date of Issue," and left the payment subject to the call of the Certificate; in some cases the said Certificates not being called for fourteen or fifteen years. In the second case, the interest ran for two years straight, although usually the assessment was collected within sixty days.

The law directs that the payer of all delinquent assessments shall be charged interest for the delinquent time at the rate of seven per centum per annum.

The law as expressed in reference to the rate of interest to be charged on delinquent assessments, and the conditions as expressed upon the Certificates, that the payee is entitled to a specific sum of money at a given rate of interest, "in such amounts as the money on the said assessments shall come to the hands of the said Treasurer," are harmonious, and were intended to cover equitably the charges for interest.

All assessments paid within sixty days from date of confirmation by Council and the approval of the Mayor, bore no interest.

If not paid within sixty days from approval thereof, interest was computed from date of approval by the Mayor and Council.

Had the Certificates been called in as the money "comes to the hands of the said Treasurer," the five per cent. interest which the certificates carried would have ceased upon all amounts collected, and turned over to the Treasurer.

All delinquents being compelled to pay seven per cent. and the delinquent assessments being practically the same amount as the balance of outstanding Certificates, the interest received from said delinquent assessments would have at least balanced the amount due on the balance of said Certificates, and there would have been no necessity for the payment of the large excess overdraft as shown upon the records of the city.

The law and certificates are plainly expressed and the collections should have harmoniously redeemed all outstanding obligations.

Evidently the law was wrongly interpreted, and this, with the wrong transfer of collections of adjusted assessments, caused the excess payments.

Each specific improvement is supposed to pay all cost for its construction, interest, etc., and the general taxpayers should not be compelled to pay any part of said improvements, such as has been the case, except such as may be charged for street intersections or similar cost.

Whatever money must be made good by the city will be probably directly chargeable and attributable to the overdraft for Certificates of Improvements, and could have been avoided in a number of ways.

#### THE TREASURER'S OFFICE—GENERAL.

The audit of all of the accounts of the City Treasurer has been exhaustive. We have been given every facility for analysis by Treasurer Smith and Assistant Treasurer Hunter.

The method used in the Treasurer's office, while satisfactory for the Treasurer's purpose to enable him to balance his cash accounts, and while meeting the requirements of the receipt and disbursement of cash in any city before the date of special improvements and special appropriations, does not meet the requirements of to-day.

In some cases the Treasurer was performing work that should have been performed by the Comptroller, and in many instances, has done more work than was necessary for him to do. In the system devised, we have cut out all unnecessary work, provided a system complete, modern, safe and accurate, and divided the work properly.

The system devised is of such elasticity and capacity that it will cover the requirements of your city, no matter to what extent it may grow in population, or what its Budget provisions will amount to.

It is daily self-balancing, and the Treasurer can at all times be in absolute control of the finances of the city, and of his accounts in the various banks of deposit in the city.

The Cash Balances in the various banks of deposit at the beginning of the period, May 7, 1906, as checked with the Treasurer's Cash Book, is shown in the following "Cash Exhibit No. 1":

First National Bank .....	\$11,988 05

Cash available and subject to draft by warrant..... \$54,116 28

NOTE.—A difference of \$5.00 was shown between the balance entered on the pass book of the Second National Bank and the account of the Second National Bank on the books of the Treasurer.

This was due to the bank charging \$5.00 for the collection of a \$5,000.00 draft, which was disputed by the Treasurer.

It was subsequently adjusted and carried into the accounts.

NOTE.—The detail of the outstanding warrants deducted in the above statement is as follows:

For the purpose of comparison of cash book receipts with the amount of said receipts deposited in the various banks, we again submit exhibit of actual receipts for the four year period audited. Note: (Does not include the balance of cash on hand at beginning or close of period.)

In addition, we will give an exhibit of cash received from sale of school bonds, which was entered in the Treasurer's cash books as a receipt, and then arbitrarily transferred to the Custodian of School Account, without issuing warrants for same, the same upon transfer being properly credited to the School Account by the Custodian of School Funds in the School Cash Book and Ledger.

The receipts on account of school bonds will be deducted from total receipts during the period, and an exhibit made which will give the actual receipts available for use by the city, which should have been deposited in the banks.

The exhibit of total annual receipts per Treasurer's cash book is shown in the following "Cash Exhibit No. 4":

Total cash from sale of School Bonds, entered in Treasurer's Cash Book .....	\$219,988 50

The entry of receipts from School Bonds in the regular Cash Book of the Treasurer's Department was correct, but instead of being arbitrarily transferred, the amounts should have been deposited in bank, and drawn out by warrant in order to have a better check on the money handled.

The city having issued the bonds, and having to provide the Sinking Funds to amortise the same, it was perfectly proper that the Treasurer should enter the receipts and

disbursements in total on his books, although the money was not available for city use proper.

The following "Cash Exhibit No. 6" shows total annual receipts of cash per cash book entries: Transfers to the Custodian of School Accounts; Balance cash available and subject to draft by warrant for each year of the period of four years under consideration, and is a recapitulation of Exhibits Nos. 4 and 5:

## CASH EXHIBIT NO. 6.

The following "Cash Exhibit No. 7" shows the total receipts available per cash book, exclusive of School Funds for each of the four year period considered, and the cash deposited in bank for each of the said four year:

## CASH EXHIBIT NO. 7.

Period.	Total Receipts available per Cash Ex. No. 6.	Deposited in Bank per Pass Books of Six Banks, etc.	Excess Deposit.	Short Deposit.
May /06 to May /07.....	\$1,332,997 16	\$1,332,619 19		\$377 97
May /07 to May /08.....	1,293,948 56	1,327,104 30	\$33,155 74	
May /08 to May /09.....	1,690,167 87	1,689,836 98		330 89
May /09 to May /10.....	1,593,243 00	1,602,829 58	9,586 58	
	\$5,910,356 59	\$5,952,390 05	\$42,742 32	\$708 86

This Exhibit shows excess deposits in bank over recorded departmental cash book receipts of the difference between \$42,742.32 excess deposits in the tax years 1907-08 and 1909-10, and \$708.86 short deposits in the tax years 1906-07 and 1908-09, or a net excess deposit of \$42,033.46.

This excess bank deposit is probably attributable to the fact that the Treasurer, working under an ordinance and a former resolution adopted by the Council, has from time to time during the entire period advanced money due on the pay rolls of the Street Commissioner, and held such pay rolls as collateral until said pay rolls were approved and ordered paid by Council, which was as soon as the money was available for use.

But in many cases the pay rolls were held for weeks or months before they were ordered paid, and the money refunded to the Treasurer.

Sometimes, to meet the said pay rolls, the Treasurer was compelled to take money from the current daily receipts, thus causing a short deposit of cash in bank for that day.

At other times not having cash in hand from current department receipts, he would cash the warrants authorized by Council to pay and refund the pay rolls, and not deposit all of the same issued to his order as City Treasurer.

Analysis of the street pay roll warrants issued during the four years considered, payable to the order of the City Treasurer, is shown in the following:

## CASH EXHIBIT NO. 8.

May /06 to May /07 .....	\$22,021 79
May /07 to May /08 .....	27,277 04
May /08 to May /09 .....	27,766 35
May /09 to May /10 .....	23,263 61
Total .....	\$100,328 79

These warrants were all endorsed by the Treasurer, "For deposit to the account of the City Treasurer of Hoboken, N. J.:"

As the net excess deposits in bank over accredited cash book receipts was only \$42,033.46, it shows that the difference of \$58,295.33, while deposited "For deposit to the account of the City Treasurer of Hoboken, N. J.," had a duplicate amount drawn from

some other source at the time it was used in payment of the pay rolls during the period considered.

As the law directs and contemplates that all receipts of money should be deposited in the designated banks of deposit, it is fair to assume that it should be done in such manner as to easily reconcile the receipts with departmental records and bank accounts.

It has not been possible to correctly check the deposits to the order of the Treasurer, and the said Treasurer has been practically forced by ordinance to handle his cash in a manner certainly not contemplated by law.

However, this could have been obviated by a change in method, but was not so obviated.

It is an almost imperative necessity that the street laborer be regularly paid, but the Treasurer should not be forced into the position which he has been placed in during the past.

While we could not, on account of above conditions, accurately reconcile receipts of Cash with deposits in bank, we proved the correctness of the Treasurer's Cash Receipts, Disbursements, Balances and Bank Balances, by an exhaustive audit of his Cash Book, seeing that all departmental receipts were debited to Cash, and that all Disbursements of Cash credited was upon a regularly authorized, approved and authentic warrant.

Then to obviate the difficulty and make it possible to keep the cash of the Treasurer correctly and reconcile promptly, we drew and submitted to your Honorable Body the following resolution, which you approved March 8, 1911.

#### TREASURER—PETTY CASH.

Whereas, It is necessary to pay the street laborers upon weekly pay rolls; and

Whereas, Council meets regularly upon the second and fourth Wednesday of each month; and

Whereas, Under the law the Treasurer has no funds to meet the demand of said pay rolls; and

Whereas, It has been the custom of the Treasurer to meet the pay rolls as presented according to law by the Street Department, by withholding and not depositing part of the collections of the Collector of Revenue, City Clerk and other departments; and

Whereas, The law directs that the Treasurer deposit within twenty-four hours all monies received from whatsoever source; and

Whereas, It has not been possible to readily audit the receipts and deposits of money by the method formerly in use; and

Whereas, The Treasurer is under a sufficient surety bond to meet all requirements of the proposed change in method of handling the cash to meet the said pay rolls; and

Whereas, It has been necessary in the past for the Treasurer to hold the accumulated pay rolls for quite a length of time before being reimbursed for the cash advanced;

Now, therefore, in order that the Treasurer may be able to conform to law and at once deposit all receipts, thus giving absolute safety to the city's money, and in order to meet the necessity of promptly paying the pay rolls under consideration, be it

Resolved, That a warrant be drawn to the order of the City Treasurer for the sum of seven thousand dollars, the same to be charged on the books of the Comptroller to the account of the said City Treasurer, to be held as a fixed charge against him until returned by him to the city, the same to be considered as a Petty Cash Fund to pay the amounts due on the pay rolls of the Street Commissioner or other properly authorized claims when presented to the City Treasurer in accordance with the ordinance; and be it further

Resolved, That the City Treasurer shall present the said pay rolls to the City Council as now provided by ordinance, and when Council authorizes a warrant to be drawn to reimburse the said Treasurer, he shall deposit the same to his Petty Cash Fund, so that it will be possible to at all times readily audit this account in which must be either the full amount of seven thousand dollars, or properly receipted vouchers for money paid out by him as above.

In the past the Treasurer has advanced sums varying from a few dollars to a total of thousands of dollars, always difficult to prove, and the wonder is that he has not been a large loser by the system.

It was neither safe for the Treasurer or for the city.

To further facilitate the handling of cash, we drew and submitted to your Honorable Board the following resolution, which you approved March 8, 1911:

#### TREASURER—BANK DEPOSITS.

Whereas, The receipts of moneys from the Collection of Taxes, Assessments, Licences and other sources was formerly deposited in the banks as one Cash Account, without

reference to the funds or specific purpose for which it was received, said moneys being drawn upon by warrant without due consideration as to the legal right to use the same; and

Whereas, In order to bring the handling of cash better under the control of Council, this method has been changed, and receipts are now deposited in the designated banks of deposit to the credit of the proper funds and kept by said bank in special accounts, such as:

First.—General Cash—From which is paid all claims and salaries for the current operation of the government.

Second.—Tax Arrearage Cash—From which is paid all claims on account of temporary loan bonds or other obligations, principally under the control of the Sinking Fund Commission.

Third.—Assessment Cash—From which is paid all claims for assessable public improvements.

Fourth.—Excise Cash—From which is paid all obligations on account of the Excise Department, and for transfer of funds to other City Departments.

Fifth.—Hoboken Cemetery Cash—From which is paid all claims against said Cemetery.

Sixth.—Special Accounts—From Bond issues.

Seventh.—Money received from any other special source; and

Whereas, The Collector of Revenue gives his own check for collections to the Treasurer, and the remaining departments give their collections to the Treasurer as received; and

Whereas, It is necessary to regulate, facilitate and confirm the handling of Cash, so as to further control it; and

Whereas, It is necessary to carry out the law on the subject, and divide and deposit the money received as per the Cash Books and Receipt Books now in use; now therefore be it

Resolved, That the Collector of Revenue be and he is hereby directed to give to the City Treasurer

First—A separate check for the money collected on account of current yearly tax from the beginning of the collection of said current taxes in November or December of each year to the close of said fiscal year in the following May, so that the money may be deposited in the General Cash Account for the operation of the City Government during that period.

Second—A separate check for the money collected on account of taxes for all other tax years, so that said money may be deposited in the Tax Arrearage Cash Account.

Third—A separate check for all money received on account of assessable improvements, so that said money may be deposited in the Assessment Cash Account; and be it further

Resolved, That all other departments deposit with the City Treasurer receipts on account of their departments in the manner now in use; and be it further

Resolved, That the City Treasurer deposit the said money in the banks to the credit of these said funds, taking from the said banks a duplicate receipted slip of deposit, and deposit the same with the City Comptroller, and that the said Treasurer balance his accounts with the banks under this classification of cash at the close of each month.

This method has worked most successfully since its adoption, and it is always possible to prove every transaction entered into by the city, so far as it relates to cash handled.

#### TREASURER—INTEREST ON BONDED DEBT.

Another very unsatisfactory procedure was the method of handling the payment of and accounts for interest on Bonded Debt. To correct the defect, we submitted the following resolution which your Honorable Body approved March 8, 1911:

Whereas, The method of paying interest on the Bonded Debt of the city now in use does not give the greatest degree of safety to the city, in that the coupons are not checked by the bank, but are paid by the bank on the certificate of the City Treasurer that the coupons are in the envelope presented by the holder of the coupons, which cannot be entirely satisfactory to the banks; and

Whereas, At the present time the payment of interest is not under the control of the Common Council, in that all payments of registered interest are made on checks signed by the Mayor, Chairman of the Finance Committee, City Treasurer and City Comptroller, and coupon interest paid on order of the City Treasurer only, the Common Council not directing any of the payments by resolution, the Treasurer acting under the provisions of the old charter, which says, "No money shall be paid out of the Treasury, except on warrants signed by the Mayor or Acting Mayor, and countersigned by the City Clerk, except for the payment of bonds for the city, and Certificates of Indebtedness for improvements given by

the city and interest on the same, and moneys paid into the City Treasury for the redemption of property sold for taxes and assessments," and

Whereas, The law also says, "That the Treasurer shall receive, safely keep and disburse, under the direction of the Council, all moneys belonging to or under the control of the city," and also

"And no warrants shall be drawn on the Treasurer, by said officers (signed by the Mayor and countersigned by the City Clerk), except in pursuance of an order of the Council, passed at a stated meeting of the Board, and entered in their minutes"; now, therefore, be it

Resolved, That the City Treasurer shall each month report to the Common Council the amount due for interest on the bonded debt for the next ensuing month, and that the Common Council then direct that a warrant be drawn for the required amount, dated the first day of the next ensuing month, payable to the order of the City Treasurer, to pay said interest; and be it further

Resolved, That the City Treasurer shall deposit the said warrant in a separate account in one of the authorized banks of deposit and draw special checks signed by the City Treasurer and countersigned by the City Comptroller, to pay interest on registered bonds, and that upon the presentation of coupons at the office of the City Treasurer, the said Treasurer shall draw a special interest check, signed by the City Treasurer, and countersigned by the City Comptroller, for the amount of the coupons so presented, and shall then cancel the coupons.

All checks shall be charged against the separate cash account for the month's interest, and the account must be balanced at the end of each fiscal month."

This portion of the system has been installed since March 8th, and is working very satisfactorily.

We submit herewith a schedule of interest for the fiscal year ending May 1, 1911.

A similar schedule was submitted to the Board of Tax Commissioners for the tax year 1911 and 12, and the matter is now under consideration.

Under the above system of paying interest, Council has control of the matter.

They authorize the full payment of interest each month, and the money provided is always in bank subject to demand upon presentation of properly authenticated check of the Treasurer.

### THE COLLECTOR OF REVENUE.

The audit of the books of the Collector of Revenue during the four years considered has been most thorough.

We have been given every facility for analysis by Collector Bowes and his assistants.

The annual ward tax books turned over to the Collector by the Commissioners of the Assessment of Taxes were first proven and balanced by the said Commissioners of Taxes and the Clerk of that body.

We analyzed and checked each payment and receipt of cash by the Collector of Revenue upon each of the said five annual ward books for each of the four years from May 6, 1906, to May 2, 1910, and balanced the same with the Collector's Cash Book credits and receipts from the City Treasurer.

All items in arrears in the said tax books were checked and transferred into the Delinquent Tax Records of the Collector, and each and every item entered as paid in said Delinquent Tax Record by the Collector was checked into the Collector's Cash Book.

The balances of uncollected taxes in the Delinquent Tax Records as at May 2, 1910, was checked into the Ledger of the Collector and found to be correct.

No other department of the city has kept an account with taxes and consequently there was no check upon the said Tax Account, as kept by the Collector, but his entries practically prove the correctness of his work.

The examination of the tax years from 1906 to 1910, inclusive, has been exhaustive.

Prior to the four years named above, by reason of the partial examination made (we not having the authority to go into a detailed examination), we have been led to assume that the balance of uncollected taxes as shown upon the books of the Collector from the year 1884 to 1905, inclusive, is correct.

"Collector's Exhibit No. 1," following, gives the balances of the uncollected taxes as at May 2, 1910:

For the Year 1909 .....	308,019 72

Totals ..... \$578,128 32

The taxes shown in the above schedule, is one of the most valuable floating assets of the city.

If the law is strictly adhered to, all collections made on account of said taxes should be deposited in a Tax Arrearage Cash Fund by the Treasurer, to be used to redeem whatever Temporary Loan Bonds may have been issued in anticipation of the collections of current taxes for each and all years contained in the Tax Arrearage Account.

The balance, if any, to be used to pay obligations incurred and held as a floating debt during the period of the tax arrearage account.

We have since found additional uncollected taxes for the year 1907, which must be added to the balance as at May 2, 1910.

Collector's Ledger B, Folio 33, shows the following deduction by the Board of Equalization of Taxes:

Bill No. 1251—2nd Ward,

Bill No. 2,131—5th Ward ..... \$45,615.44

This deduction was on account of Morris and Essex R. R. second class property.

After carrying the above deduction into the account, the balance of uncollected taxes for the year 1907, as at May 2/10, was entered in the Collector's Ledger as \$43,953.84, as per Collector's Exhibit No. 1.

This was brought about as follows:

Suit was brought and according to the decree the State Board of Equalization ordered that the amount considered above be cancelled as second class railroad property, and the Collector of Revenue of Hoboken was ordered to cancel said amount from his records, which was done, and the collection of the account was left to the State Comptroller of the Treasury.

On March 7, 1911, the State Comptroller of the Treasury paid to the City Treasurer by warrant on account of taxes of 1907 for Morris and Essex R. R., \$37,742.51, together with a payment on account of taxes from said railroad for the years 1908 and 1909.

The entry of the accounts of 1908 and 1909 is different from that of 1907.

Consequently the account of 1907 will need special adjustment, as shown in our work.

The \$37,742.51 paid was part of the deduction of \$45,615.44 above referred to, and this amount will have to be re-added to the balance of uncollected taxes for 1907 as at May 2, 1910, increasing the 1907 balance "Collector's Exhibit No. 1" to \$81,696.35, and the grand total of all uncollected taxes on said exhibit to \$615,870.83.

The collection of Arrears of Taxes by the Collector of Revenue since the beginning of the fiscal year, May 2, 1910, has been large, as will be seen by Collector's Exhibit No. 2."

This leaves the uncollected taxes of the city in remarkably good condition, and it is to be hoped that the collection of the balance will be as successful as the above record.

The deductions and cancellations of taxes made by the County Board of Appeals, the State Board of Equalization, the City Council, and by order of various courts, which we have considered upon the books of the Collector of Revenue, which must enter into the account, and which have been carried into the books of the City Comptroller, is as follows, per:

------------------------	--------------

The above deductions were not entered upon the books of the Treasurer or Comptroller prior to May 2, 1910, but we have carried the same into proper accounts, as will be noted in the books of the Comptroller.

To offset and take care of this deduction in the collection of taxes, the charter of the city provides that a certain fixed percentage shall be added to the total taxes levied annually for department and other purposes.

This has been in full force and operation since 1855.

As there are uncollected taxes entered upon the Collector's books from the tax year 1884 to date, we have considered the additional tax charge for the same period.

There was eight (8%) per cent. annually added from the year 1884 to 1906 inclusive, and four (4%) per cent. from 1907 to 1909 inclusive, as per "Collector's Exhibit No. 4," following:

The above account should be known as a "Surplus Account" (Current), and should have appeared upon the books of the Treasurer and Comptroller, but did not so appear.

The Collector had the amount annually included in his account and kept the only record of charges against it, made on account of deductions.

The following "Collector's Exhibit No. 5" is a resolution adopted by your Honorable Body Nov. 30, 1910; the amount considered being a charge against this Surplus Account, but in the final adjustment of the accounts, the amount may have to be readjusted.

Resolved, That the uncollected taxes remaining open upon the books of the Collector of Revenue and the Comptroller, from the year 1884 to and including 1902, be and are hereby authorized to be cancelled of record, the same being taxes upon chattel property, and considered as uncollectable, the amounts to be carried into the Surplus Account.

Said "Collector's Exhibit No. 6" shows the total collection of the Collector of Revenue for the four years inclusive, May 8, 1906, to May 2, 1910.

The Collector's Cash Books, Nos. 14-15-16, were audited and analyzed thoroughly, and extensions and additions proven to be correct. As a result "Collector's Exhibit No. 6," for each year shows first, the result of collections as represented in detail upon the said Cash Book, said amount being carried into said Exhibit in totals.

The Collector balanced his Cash Book by crediting the account with amounts as deposited with the City Treasurer.

All Treasurer's receipts were audited and found to be in balance with the entries in the Collector's Cash Book.

The Collector has followed strictly the law requiring him to show in detail upon his cash books in separate columns the collections made on account of current and arrears of taxes.

Then follows upon the cash book, in separate columns, the collections made on account of Assessments, Franchise Tax, etc., etc.

It is not a difficult task to audit the accounts of the Collector, though a very long and tedious one.

The Collector's records are in excellent condition, and show much ability in design and form.

They are always in balance, and the condition of affairs as shown thereon, is very commendable.

#### THE BUDGET

The Budget needs most careful consideration, analysis and entry in the books of record of your city, for it is the foundation of annual operation.

It has been the custom to enter the appropriated amounts desired by the Departments, and financial requirements of the city, into schedules controlled more by the title of the said schedule, than by the proper grouping into departmental requirements, then submitting said schedules for approval to the legally constituted authorities.

Salaries for all departments were carried into a general salary account against which was charged indiscriminately all warrants authorized to be paid on account of salaries.

No segregation of the account was made to see whether one department was charged with more money for salaries than was appropriated for it.

This salary account was treated more as a general account than any other account entered, and required the most work to analyze.

Some of the remaining accounts were grouped by the Treasurer, but not to so great an extent by the Comptroller.

The Comptroller practically kept an account with each appropriated amount, except with salaries.

The Budget of 1910-11 was formulated and submitted for approval to the Board of Tax Commissioners before we were authorized to examine into the condition of affairs of the city.

We did not get to the examination of the said Budget and the necessary accounts to control it until long after its final approval by your Honorable Body.

Notwithstanding the fact that it was prepared as to form after the old method, we assumed that the law sufficiently authorized the City Comptroller to segregate the various appropriations into proper accounts.

We journalized each item that entered into the appropriated amounts as a credit, and as a debit those that were charged against the taxpayers, the State of New Jersey, prospective collection from Excise operation, and the unexpended balances of certain funds, in order to have a balanced account for the operation of the said financial year 1910-11.

We then classified the Budget into proper divisions, so as to conform to the system prepared, and herewith submit the accounts prepared in Budget Exhibit No. 1, following.

The entries conform strictly to approved method, and have been properly recorded in the Comptroller's Ledger as a basis of operation.

All debits and credits during the year 1910-11 have been made according to the same modern method, and the result will be shown in the annual report of the Comptroller.

#### SINKING FUNDS AND THE SINKING FUND COMMISSIONERS.

The question of Sinking Funds is one of the most important that concerns the authori-

ties and taxpayers of your city..

The authority granted by statute to issue bonds and to expend the money received from the sale thereof, usually carries a proviso, as follows:

"Provided, That in order to redeem the bonds issued in pursuance of this Act at their maturity, it shall be the duty of the governing body of such city, town, township or borough to establish a Sinking Fund, which shall be created by a special tax of not less than two or three per centum upon the issue herein provided for, to be raised in the annual tax levy, or from the collections of assessments for improvements in cases where the indebtedness was originally incurred to pay for local improvements assessable upon lands benefited, or both, at the option of the governing body thereof."

This Sinking Fund provision has been carried out in practically all bond issues of the city, the Sinking Fund requirements being passed into the Budget at the minimum rate of installment provided by the law, without reference to the actual amount which should accrue at maturity of the bonds on account of which the fund was created.

Instead of this method, each annual Sinking Fund requirement should have been accurately calculated, so that the accrued value of the said annual installments provided would have amortised the indebtedness at maturity of the bonds.

The City Treasurer kept a record of the amounts set aside and appropriated through the operation of the Budget, without reference to the interest which should have accrued under Sinking Fund investments.

The Sinking Fund Accounts, as entered May 2, 1910, upon the Treasurer's Ledger, are shown in the following "Sinking Fund Exhibit No. 1."

\$305,835 00

There was diverted from the Uptown Street Improvement Certificates "A" to the General Sinking Fund..... 15,000 00  
(This item was transferred back to the account in our adjustment.)

It makes the total set aside for Sinking Fund requirements \$320,835 00

The Sinking Fund Commissioners invested in a Savings Account of the Second National Bank, on account of the School Funds for School No. 8..... 14,000 00

This leaves a balance of Sinking Fund requirements set aside and appropriated through annual Budgets of.... \$306,835 00

For which cash must be in the hands of the Sinking Fund Commissioners.

The Sinking Fund Accounts consisted of book entries in the Treasurer's Ledger, but no actual cash was passed into the keeping of the Sinking Fund Commissioners, nor was any entry made in the Sinking Fund Commissioners Books of Account of the Sinking Fund in-

stallments provided through the operation of the Budget.

The cash for the annual installments should have been turned over to the Sinking Fund Commissioners for investment in City, County, State or National bonds, as directed by law.

Instead, the cash was retained in the City Treasury and kept in a general cash account, thus being placed beyond the control of the Sinking Fund Commissioners.

The law directs the prompt transfer of the money appropriated to the said Commission to be deposited in bank in a Sinking Fund Account, to be drawn only upon warrant signed by the President and Secretary of the said Commission.

The money provided was used for operating or other expense of the city.

It would have been proper to use the money in this manner, providing said money had been borrowed by the city in anticipation of the collection of taxes and temporary loan bonds issued therefor, payable to the Sinking Fund Commission.

In order to correct the defect and provide the Sinking Fund Commission with the temporary loan bonds necessary to balance the Sinking Fund cash borrowed and used by the city, including the compounded interest on the said Sinking Fund cash, which should have accrued, had the same been properly invested, we had your Honorable Body on July 13, 1910, authorize the issue of temporary loan bonds to cover the Sinking Fund installments and accrued interest on investments as per "Sinking Fund Exhibit No. 2," as follows:

Name of Bond.	Amount of Bond per Sinking Fund.	Interest on Same.	Total of Temporary Loan Bond Issued.

The Sinking Fund installments provided through the operation of the Budget to May 2, 1910, amounted to \$36,000.00, on which there was accrued interest to the above date of \$12,701.74. This issue was due and payable July 1, 1910, and the cash was provided to balance the Sinking Fund installments of \$36,000.00, plus the \$2,000.00 regularly due in the Budget of 1910-11, plus an extra installment of \$2,000.00 in said Budget, or a total of \$40,000.00. This matter was adjusted prior to the date of the action of Council, viz.: (July 13, 1910), authorizing temporary loan bonds to be issued for all Sinking Fund Cash loaned to the city, and consequently does not appear regularly in this schedule.

Uptown Improvement Certificates "C and D".....	24,000 00	3,155 07	27,155 07
School No. 8 .....	2,765 33		2,765 33

The total installment provided for this issue through the operation of the Budget is \$16,800.00. \$14,000.00 of the said sum is invested in a Savings Account in the Second National Bank, leaving the balance of \$2,800.00 not invested. The Treasurer has credited to this account for interest \$1,575.10. The actual interest accrued to May 2/10 was \$1,540.43. This should stand as an investment against the Sinking Fund installment,

making the Bond to be issued for the balance of the loan on the said "School No. 8" \$2,765.33.

It appears that the Mayor and Council and the Board of Tax Commissioners were not fully advised as to proper Sinking Fund requirements, inasmuch as the minimum rate was furnished through the departments responsible for the amounts to be provided through the Budget, and no record appears as to calculations made to determine the correct amount necessary to amortise the debt at maturity.

The Budget of all past years being closed, and the ratables charged with specific amounts apparently sufficient to liquidate annual obligations, it is not possible to open up said Budget Accounts to correct errors in calculations for any of the years passed.

Bonds could not now under any legal consideration be authorized to meet the full Sinking Fund requirements as correctly calculated.

The law was complied with when the minimum rate was provided, and there has never

appeared during any of the years considered any apparent charge which has not be provided for.

As the law directs that money shall be raised to pay all annual obligations through a charge against ratables for each specific year, it is a most absurdly advanced idea which contemplates the issue of bonds to now meet past Sinking Fund requirements; inasmuch as no legal charge can be made against the ratables for the same.

The question is one of future adjustment, and two courses are open.

The first, to increase the annual Sinking Fund requirements from the present time to the due date of each obligation.

This will very materially increase the annual appropriation for Sinking Fund purposes. The second course is to refund at due date any balances not provided for.

In order that a comparison may be made of the amount set aside in the past for Sinking Fund requirements, and the amount that would be necessary to set aside in the future to amortise the debt at due date, we submit "Sinking Fund Exhibit No. 4":

Police Dept. (Sub-Station)..... 11/1/12      24,000 00

The \$24,000 00 4½% Police Department (Sub-station) Bonds issued Nov. 24, 1892, and due Nov 1, 1912, had no Sinking Fund installments provided for the amortising of said debt until the tax year 1910-11, when \$2,400 00 was set aside and appropriated for said purpose.

There will be \$2,400.00 set aside for the tax year 1911-12.

There can be a further installment of the same amount which would be available for the tax year 1912-13, but the balance will probably have to be refunded, as will be noted in our recommendations as to Sinking Funds to be soon taken up.

There is a balance in the bond issue for "Cleaning and Repairing Sewers" of \$14,000.00.

These said bonds are due and payable as follows:

\$3,500 00.....	Nov. 25, 1910.—Since paid.
3,500 00.....	Nov. 25, 1911.
3,500 00.....	Nov. 25, 1912.
3,500 00.....	Nov. 25, 1913.

The original issue was for \$35,000 00, payable in ten (10) years.

Each year there has been, and there will be, included in the Annual Budget a sum sufficient to redeem the bond due in that year.

The money invested in this said fund has been principally provided through the "General Cash Account," and apparently never has been raised for a specific purpose, and we are of the opinion that it should be considered as a loan from General Cash, held by the Sinking Fund Commissioners.

The bonds were issued in November, 1903, dated Nov. 15, 1903, and \$3,500.00 was due and payable each year to and including Nov. 15, 1913.

Each year, beginning with the Budget of 1904-05, there has been raised \$1,400.00 to pay interest on the full amount of the original issue.

To and including the tax year 1909/10, there has been raised on account of said interest \$8,400.00.

There should have been but \$6,300.00 raised.

This makes an excess interest raised of \$2,100.00.

On account of the excess raised, there was no interest for the balance of the bond account placed in the Budget of 1910/11.

In addition there are three temporary loan bonds due and payable as follows:

Hudson Fulton Tercentenary.....	\$5,000 00—Due Dec. 15, 1910.
Water—30" Main .....	4,217 83—Due Dec. 15, 1910.
Removing Ashes .....	3,495 00—Due Dec. 15, 1910.

The money from the payment of the four above bonds, amounting to \$16,212.83, will be taken into account in the adjustment of the Assets and Liabilities of the city. The said money being provided principally through the General Cash, it should be treated as a loan from General Cash held by the Sinking Fund Commission.

We think it advisable to suggest the course to be pursued with reference to Sinking Fund requirements, and beg to submit the following:

#### SINKING FUND RECOMMENDATION.

The Sinking Fund to pay \$10,000.00 4% "Park Bonds" due April 1, 1916, received installments of \$1,000.00 each year, beginning with 1908. On May 2, 1910, there was three installments in the Sinking Fund.

In the Tax Budget of 1910-11 it was ordered that \$1,000.00 be jointly provided for the above "Park Sinking Fund," and the Sinking Fund to pay \$12,850.00 4% "Park Bonds," due Jan. 1, 1925, for which, up to the Tax Budget of 1910-11, there was provided each year \$1,285.00 for four (4) years.

Therefore, in the Budget of 1910-11 these two Sinking Funds were consolidated, and it is the apparent intention to continue the joint payments of \$1,000.00 until the last Park Bonds become due, on Jan. 1, 1925.

This sum will be more than sufficient to pay the Bonds, and it is recommended that the installment be reduced to \$700.00, and continued until 1924-25.

If the sums are properly invested at 3½%, there will be sufficient money to pay the Bonds.

The Sinking Fund to pay \$50,000.00 4% "Free Public Library Construction Bonds," due March 1, 1917, will only have \$27,957.35 in the Fund to pay the Bonds when due, providing the investments are properly made.

In view of the short time these Bonds have yet to run, it would require an increase of \$1,115.00 to each of the remaining installments to redeem the Bonds when due. This is con-

sidered too great an increase, and it is recommended that the installments remain as now provided, and that one-half ( $\frac{1}{2}$ ) of the issue, or \$25,000.00, be paid when the Bonds become due, and the remaining \$25,000.00 be refunded.

The Sinking Fund to pay \$100,000.00 4% "Main Outlet Sewer Bonds," \$10,000.00 due March 1, 1917, and \$10,000.00 each succeeding year to and including March 1, 1926, will not have sufficient funds to redeem all of the Bonds as they mature. There will only be sufficient to pay those up to and including March 1, 1923.

As it will require but an increase of \$1,300.00 each year to have sufficient money to redeem the bonds when due, and in view of the fact that it would be almost impossible to refund any of this issue, on account of the manner in which the bonds mature, it is recommended that the yearly installment be \$3,300.00, instead of \$2,000.00, as now provided.

The Sinking Fund to pay \$90,000.00 4% Bonds, due March 1, 1917, and \$13,000.00 4% due June 1, 1918 (School No. 7 Bonds) will have to its credit \$81,436.60 in 1917, when the first issue of \$90,000.00 becomes due. In view of the short time remaining to make up the difference, the cost would be \$3,250.00 per year, in addition to the \$5,000.00 as now provided.

In this connection, it should be noted that up to the Budget of 1910-11, only \$2,000.00 was provided each year for a Sinking Fund.

It is recommended that \$80,000.00 of the \$90,000.00 coming due March 1, 1917, be paid, and that the remaining \$10,000.00, together, with the \$13,000.00 due June 1, 1918, be refunded.

The Sinking Fund to pay \$25,000.00 4% "Fire Engine House Bonds," due Oct. 1, 1917, will have \$26,357.18 in the Fund in 1917, when the Bonds mature. This would be an excess of \$1357.18, which can be saved in the next six installments.

It is recommended that the succeeding installments be made \$800.00 each year, instead of \$1,000.00, as now provided.

The Sinking Fund to pay \$312,000.00 4% "Redemption of Uptown Street Improvement Certificate Bonds A," due Dec. 1, 1918, will have in the Fund in 1918, when the bonds mature, \$164,468.77. The added yearly cost to bring this Fund up to the required amount would be \$18,970.00. This would be an excessive amount to be paid by the taxpayers during the next seven (7) years. It is therefore recommended that \$162,000.00 of said Bonds be paid when due, and that the remaining \$150,000.00 be refunded.

The Sinking Fund to pay \$75,000.00 4% "Redemption of Uptown Street Improvement Certificate Bonds B," due Feb. 1, 1919, will have to its credit only \$39,535.75. In order to bring this Fund to the required amount, it will be necessary to increase the annual installment by \$4,560.00, making the installment \$6,060.00, instead of \$1,500.00, as now provided.

It is recommended that \$40,000.00 of the issue be paid when due, the remaining \$35,000.00 to be refunded.

The Sinking Fund to pay \$25,000.00 4% "Fire House No. 6 Bonds," due August 1, 1926, and \$20,000.00, due August 1, 1927, will have an excess amount of \$5,933.89 after the Bonds have been paid, and this can be saved by reducing the amount of the yearly installment.

It is therefore recommended that the yearly installment be \$1,620.00, instead of \$1,900.00, as now provided.

The Sinking Fund to pay \$67,000.00 4½% "Funding Bonds," due Sept. 1, 1927, will have in the Fund at date the Bonds mature \$52,977.92. The long time which the Bonds have to run will reduce the yearly cost of making up the difference to \$670.00.

In view of the slight added annual cost, it is recommended that the yearly installment to the Sinking Fund be \$2,680.00, instead of \$2,010.00, as now provided.

The Sinking Fund to pay \$150,000.00 4% "Street Repairing Bonds," due May 2, 1928, will have \$92,581.26 in the Fund at the time of maturity of the Bonds. It would cost \$2,740.00 a year additional to bring this Sinking Fund up to \$150,000.00 in the given time.

It is recommended that an amount sufficient to make \$100,000.00 on May 2, 1928, be placed in the Fund each year, viz.: That the Sinking Fund Installment be \$2,360.00 each year, instead of \$2,000.00, as now provided.

The Sinking Fund to pay \$50,000.00 4% "Street Repairing Bonds," due Oct. 1, 1928, by reason of the fact that it will receive but twenty-nine (29) instead of thirty (30) installments, will have only \$48,910.80 to pay the \$50,000.00.

It is recommended that \$50.00 be added to each annual installment, making said installment \$1,050.00 each year.

The Sinking Fund to pay \$196,000.00 3½% "Uptown Street Improvement Certificate Bonds, C & D," due Nov. 15, 1931, will have \$146,732.40 in the Fund when the Bonds mature.

In view of the fact that these are 3½% Bonds, and would have to be refunded at a higher rate, it would be advisable to increase the installment so as to have a sufficient sum

in it, to redeem the Bonds when due.

It is therefore recommended that the yearly installment be \$4,750.00, instead of \$3,000.00, as now provided.

The following Sinking Funds will have sufficient funds to meet their respective Bonds when due:

Sinking Fund to pay \$140,000 00—4% "School No. 8 Bonds," due  
March 1, 1934.

Sinking Fund to pay 52,000 00—4% "Refunded Judgment Bonds,"  
due Feb. 1, 1935.

Sinking Fund to pay 219,665 00—4% "School No. 9 Bonds," due  
Jan. 1, 1937.

If the Sinking Fund installments to pay \$21,500.00 5% "Funding Bonds, due May 1, 1938, were continued as now provided, it would result in a surplus of \$10,047.47. This can be saved by reducing the annual installment, and it is recommended that the installment be \$405.00, instead of \$645.00, as now provided.

The Sinking Fund to pay \$7,454.00 4½% "Extension to School No. 2 Bonds," due May 1, 1938, will have \$11,004.93 to meet the Bonds when due. The surplus can be saved by reducing the yearly installment, and it is recommended that the installment be \$140.00 instead of \$225.00, as now provided.

The Sinking Fund to pay \$95,000.00 5% "Water Bonds," due May 1, 1936, and 8, will have \$139,395.78 to pay the Bonds when due.

The surplus can be saved by reducing the installment \$1,070.00 each year, and it is recommended that the installment be \$1,780.00 each year, instead of \$2,850.00, as now provided.

The Sinking Fund to pay \$50,000.00 4% "Playground Bonds," due May 1, 1939, which formerly received \$1,000.00 each year, and which in the Budget of 1910-11 received \$1,500.00, should receive but \$1,025.00 annually.

It is recommended that the installment hereafter be \$1,025.00 per year.

The Sinking Fund to pay \$125,000.00 4% "Repaving Street Bonds," due July 1, 1939, the first installment of which \$3,125.00, is provided for in the Budget of 1910-11, should receive but \$2,425.00, and it is recommended that the installment hereafter be \$2,425.00.

The Sinking Fund to pay \$22,000.00 4% "Water Bonds—Laying Mains," due July 1, 1939, the first installment of which, \$660.00, is provided for in the Budget of 1910-11, should receive but \$430.00.

It is recommended that the installment be made \$430.00 in the succeeding Budgets.

There has been no provision for a Sinking Fund to pay \$15,000.00 4% "Erection of two (2) Engine Houses," due March 1, 1924, until the Budget of 1910-11, when \$1,000.00 was provided. As \$930.00 will be sufficient, it is recommended that the succeeding Budget provide \$930.00 each year.

The Sinking Fund to pay \$100,000.00 4% "High School," and \$10,500.00 4% "School House No. 9" Bonds, due Jan. 1, 1939, should have an additional installment of \$50.00 each year.

It is recommended that said installment be \$2,260.00, instead of \$2,210.00, as now provided.

As previously stated, no detailed entries were made in either the books of the Comptroller, or of the Sinking Fund Commission.

We have prepared and made the necessary entries in the books of the Comptroller, who by law is also the Secretary of the Sinking Fund Commission.

The General Exhibit of Sinking Funds show the total amount to be annually raised, and the total of the interest to be earned, which is offset by the outstanding Bond issues, and a surplus in the Sinking Fund Account, which is to be closed out.

The Sinking Fund requirements are to be annually closed into the Budget, and it is practically impossible to omit any installment.

These said installments are a valuable asset of the City under the law, and is an obligation which the taxpayers must annually promptly meet, in order to protect the credit of the city.

The record is complete.

Any changes in the amount of any installment, either an increase or decrease, is taken care of through the Unearned Interest Account.

The total installment and Bond Exhibit, followed by the annual installments, is here submitted:

Total Credit Bonds and Sinking Funds ..... \$2,221,842 83

The above, "Exhibit B, Sinking Funds," is that portion of the Balance Sheet which relates to the Bonded Debt of your city, and the contra entries to said Bonded Debt.

Every law that now authorizes the issue of bonds for a specific purpose, provides a Sinking Fund to amortize the debt at maturity.

These Sinking Fund requirements are an absolute charge against the ratables of the city, and are annually automatically closed into the taxes for that year, and are recognized by law and the Courts as being the only asset to offset the bond obligations.

The Courts under no circumstances would authorize the sale of School, Fire, Police, City Hall or other property of the city to compel the payment of bonds defaulted in by a city, but would take steps to see that the Sinking Fund charge originally created was assessed against the ratables and collected.

The tangible, physical fixed property values of a city are the permanent fixed assets or the property surplus of the city, and represent capital value invested in, in the past. But the bonded indebtedness of the city is balanced in the accounts by the Sinking Fund Cash, Sinking Fund Investment, Sinking Fund Requirements, and Unearned Interest, as we have set up the accounts in "Exhibit B" above, and in detail as shown on the following pages.

A CIRCULAR RECENTLY DISTRIBUTED TO OFFICERS OF THE CITY apparently sets up lands, buildings, equipments and other permanent improvements as an asset or debit account, and the credit entry, which includes Funded Debt, Sinking Funds, Surplus cash and Surplus Properties over Net Funded Debt.

IN ORDER TO CORRECT ANY ERRONEOUS IMPRESSION LEFT BY THIS CIRCULAR, WE DESIRE TO QUOTE THE LAW AND AUTHORITIES ON THIS SUBJECT.

The constitution of the State of New Jersey, Article 1, Section 6, Part 4, says:

"The Legislature shall not, in any manner, create any debt or debts, liability or liabilities of the State, which shall singly, or in the aggregate, with any previous debts or liabilities at any time exceed \$100,000.00, except for purposes of war, or to repel invasion, or suppress insurrection, unless the same shall be authorized by a law for some single object or work, to be distinctly specified therein; WHICH LAW SHALL PROVIDE THE WAYS AND MEANS, exclusive of loans, TO PAY THE INTEREST OF SUCH DEBT OR LIABILITY AS IT FALLS DUE, AND ALSO TO PAY AND DISCHARGE THE PRINCIPAL OF SUCH DEBT OR LIABILITY, within thirty-five years, etc., etc., etc."

The constitutional requirement for debts created by the State has been carried into all State enactments for debts created by municipalities.

Under no circumstances could the Legislature of this State enact a law for one of its municipalities in conflict with the constitution, which, as quoted, specifically says in reference to debt, that none shall be created "UNLESS THE SAME SHALL BE AUTHORIZED BY A LAW FOR SOME SINGLE OBJECT OR WORK, TO BE DISTINCTLY SPECIFIED THEREIN; WHICH LAW SHALL PROVIDE THE WAYS AND MEANS, EXCLUSIVE OF LOANS TO PAY THE INTEREST OF SUCH DEBT OR LIABILITY AS IT FALLS DUE, AND ALSO TO PAY AND DISCHARGE THE PRINCIPAL OF SUCH DEBT OR LIABILITY WITHIN THIRTY-FIVE YEARS."

When authority is given by a specific enactment to issue bonds for some purpose allowed by law, there is a provision incorporated in said law as follows:

"Provided, that in order to redeem the bonds issued in pursuance of this Act at their maturity, it shall be the duty of the governing body of such city, town, township or borough to establish a Sinking Fund, which shall be created by a tax of not less than two (generally) per centum upon the issue herein provided for, to be raised in the annual tax levy, etc., etc."

To carry out the provisions of this proviso, there should be entered an account upon the books of the Comptroller, after the following form, the original entry being made by us, and which we copy from the records.

The above entries are posted to accounts in the Ledger known as "Sinking Fund Requirements 1910-11," "Sinking Fund Requirements, 1911-12," etc., etc.

By this method the "Sinking Fund Requirements" of each particular current year is a matter of record, ready of reference, and an easily ascertained and recorded unit of the Balance Sheet.

Each current year the account is credited, and the amount automatically closed into the Taxes of said current year through the Budget.

An examination of "The Sinking Funds" portion of this report shows how we have recorded the specific sinking funds for each bond liability into its prospective tax year.

Each specific sinking fund cash account is debited by the Comptroller each specific tax year when the money is turned over to the Sinking Fund Commissioners after becoming available for use and following the collection of same.

This should by law be invested in bonds and transferred to a Sinking Fund Investment Account.

As interest is received on bond investments, the unearned interest account is credited. The debit balance of said unearned interest account shows the amount to be still earned to date of maturity. The total interest earned with Sinking Fund Cash received from requirements should be sufficient to redeem the bonds at maturity.

Returning again to the legality of the accounts as entered by us.

While each specific enactment carries a similar proviso to the law quoted, there are general laws covering practically every necessary issue of bonds.

Chapter 54, of the Laws of N J., 1904, is as follows:

"An Act to authorize any city of this State to raise money either by temporary loans, or

by the issue or issues of bonds for any sum not exceeding fifteen per centum of the taxable value of the real and personal property rated for assessment in such city, and to use the same for the purpose of retiring the floating or matured bonded indebtedness for the enlargement and improvement of the public buildings, water works, sewerage system, and for other lawful purposes of the City."

In this law, Section 2 reads as follows:

"Section 2—It shall be the duty of the City Council, or other governing body, to provide by taxation in the annual tax levy of such city, such sum as will be sufficient in every case to provide for the annual interest of the bonds so issued, and a sinking fund for the redemption thereof, which shall not be less than two per centum of the amount so issued."

Chapter 16 of the Laws of N. J., 1905, is as follows:

"An Act to authorize cities in this State to issue and dispose of bonds to take up and pay off other bonds about to mature, to pay which no funds have been otherwise provided:

"Section 1—Where, in any case, bonds have been heretofore lawfully issued by any city or by any board of any city in this State, and such bonds are about to fall due, and no provision has been made for the payment of the same, it shall be lawful for such city to make provision for the payment of the same by issuing for that purpose other bonds of the city," etc., etc., etc.

"Section 2—It shall be the duty of the city in which any bonds shall be issued under the authority of this Act to provide for the payment of the same by establishing a Sinking Fund sufficient to pay off the principal and interest thereof, and shall provide by taxation for raising the money for this purpose, and shall place the money derived therefrom under the control of the Sinking Fund Commissioners of such city," etc., etc., etc.

It can be readily seen that specific and general laws require the redemption of all bonds to be provided for by Sinking Funds.

This necessitates the opening of accounts as set forth on the third page preceding this.

The Sinking Funds and Unearned Interest charges are legal valid contingent assets which become current assets through the operation of the annual Budgets. The law does not recognize the physical property provided through a bond issue as the asset to offset the liability created.

Whenever a bond issue is to be provided for some capital value, each dollar of value of assessable property immediately becomes pro rata liable for the full amount of the liability created, no matter if the same be not fully provided for thirty or more years.

While the matter is clearly stated under the laws of New Jersey, the legal authorities just as clearly indicate the same general principal.

"Simonton on Municipal Bonds" says:

"Municipal Debts are paid by Taxation."

"The debts of a municipal corporation are paid by taxation. Their form may be changed, as when the general debts are funded, and bonds issued to pay them, or bonds falling due when the municipality is unable to meet them, are renewed, yet in the end all the debts are to be paid by taxes levied upon the property of the inhabitants of, or situate within the Corporation."

"Usually the Charter incorporating the municipality or some special or general law authorizes the corporation to levy taxes to pay its debts, and this provision is sufficient to include the levy of taxes to pay the principal and interest of bonds or other evidence of municipal indebtedness, and it is not necessary that the statutes authorizing the issue of bonds or other paper by a municipal corporation should expressly provide that the paper, so authorized to be issued, should be paid by the levy of taxes, because the power to pay is inherent in the power to borrow, and in order to pay the municipal corporations must impliedly have the power to tax, in order to raise the money to pay with."

"This proposition is well stated in the case of *Loan Assoc. v. Topeka*, 20 Wall 655, where the Court said:

"The proposition is a very broad one, that debts contracted by municipal corporations must be paid, if paid at all, out of taxes which they may lawfully levy, and that all contracts creating debts, to be paid in the future, not limited to payment from some other source, imply an obligation to pay by taxation."

"It is therefore to be inferred that when the Legislature of the State authorizes a county or city to contract a debt by bond, it intends to authorize it to levy such taxes as are necessary to pay the debt unless there is in the act itself, or some general statute, a limitation upon the power of taxation which repels such inference."

Then follows citation of cases and reference to other authorities.

The Sinking Fund Accounts are all recently entered, and each specific item can be traced through said account from the beginning to the close of the period for which the bonds were issued, and there is little possibility of missing them in the annual tax levy, now that they are a matter of record.

### THE COMPTROLLER.

#### Fundamental and Other Accounts Described.

The duties of the Comptroller as imposed by law makes it necessary for him to keep an absolute check upon the finances of the city.

He is required to keep a double entry set of accounts, to have them at all times in balance, and be able legally to approve or disapprove of a draft upon the cash funds of the city, providing they are not otherwise appropriated, and for other reasons.

In times past, the Comptroller has not been able to assume the authority given him by law, as data was not furnished him, but this has been changed by the new method installed, and he now takes the position in the affairs of the city which by law belongs to him.

The conditions under the former method have been dwelt upon as recorded in our first preliminary report, which is made a part of this final report, so that we need only to refer to the changed condition.

The trial balances of the Comptroller's General Ledger, as at May 2, 1910, has been adjusted with the Treasurer's Ledger as at the same period.

We refer you to the Treasurer's trial balance under the caption "The Treasurer," "Treasurer's Ledger, Trial Balances," for the general outline and value of the accounts, and for purposes of comparison. (See index for the Treasurer's folio reference).

It must be understood that municipal accounts are created wholly by the operation of the law, and no board, officer or individual can assume any control or authority over said accounts not expressly granted by law. Herein municipal accounts differ from commercial accounts.

The duties of the Treasurer require the record of the accounts in one form, and those of the Comptroller in a different form, both being in harmony and capable of being reconciled.

CIRCULARS AND CIRCULAR LETTERS HAVE BEEN FORWARDED TO OFFICERS AND DEPARTMENTS OF THIS CITY REFERRING TO THE MANAGEMENT OF MUNICIPAL AFFAIRS, THE SUBJECT MATTER OF WHICH WE BELIEVE TO BE WRONG CONCLUSIONS ARRIVED AT, AND INCORRECT TEACHING AND METHOD, AND BY REASON OF THIS FACT WE ARE LED TO GO INTO A MORE OR LESS EXTENDED ANALYSIS OF THE METHOD OF ACCOUNTING USED IN ORDER TO CORRECTLY INFORM THOSE INTERESTED OF THE LEGAL METHOD TO BE USED IN THE CONDUCT OF AFFAIRS OF THE CITY.

This wrong method especially applies to the question of the liability of the bonded indebtedness and its contra assets, and we have taken the subject up in an extended manner under "Exhibit B, Sinking Funds—Unearned Interest—Bonds—Surplus Sinking Funds." (See

index under Sinking Funds for folio reference.)

This criticism also applies to the fundamental accounts for the current operation of the corporation which are provided through the annual Budget.

The form of entry of these accounts for the tax year 1910-11 is shown in this report under the caption of "The Budget." (See index for folio reference of "The Budget.")

The credit entry of said accounts indicate the amount set aside, and finally approved and appropriated by the financial body of the city for the current operation of each unit and division of each department under the accepted classification of the method installed.

Or in other words, the credit entry represents the **LIABILITY OF THE CITY** to furnish annually to each unit and division of each department the amount set aside and appropriated in the annual Budget.

Therefore the basic liability is on the part of the city to furnish the approved sum appropriated.

Once approved, the financial body cannot change the appropriation, and a given department can contract obligations to the full amount of the appropriation.

The secondary liability, always controlled by law, is on the part of the department, not to contract obligations in excess of appropriated amounts.

The estimate of expenditure is by law determined in advance by the department, but is of absolutely no value until the final approval of the financial body which fixes the said liability of the city to furnish the money.

The contract or debit entry of the fundamental accounts, as shown in this report under the caption of "The Budget," indicates the amount which is to be charged against the ratables of the city, that to be charged against the State, the anticipated collection and transfer of specified moneys, sundry transfers of unexpended balances, etc., or in other words, is the obligation of the ratables to furnish money to run the City Government.

Upon these accounts are based all other accounts.

There can be no profit and loss account in a municipal corporation, for said corporations are never organized for the purpose of gain, but to administer the civil interests of a community of individuals or interests.

Money received in excess of anticipated revenues from licenses, sale of bonds, sale of old property, etc., should be kept in a separate fund, and used to reduce taxes to be raised the following year, unless otherwise distributed by law.

Emergency Items are by law taken care of through succeeding annual Budget operations.

In your city, as you well know, a provision exists, Section 44, of the Charter, to assess a certain definite rate per cent. to be applied to the supply of any deficiency by reason of losses of taxes not collectable, the remainder to be applied as Council shall direct, and will be noted as follows.

It is a surplus revenue used as directed by law, but has been without full record of operation until we made skeleton entries of the same. Section 44 says:

"And be it enacted, that the several assessors shall, in addition to the whole amount of taxes authorized to be laid, assess, to cover losses and expenses, such sum or sums as will cover their own, and the collector's fees, as allowed by law, and five per cent. additional upon the whole sum to be raised, **TO BE APPLIED TO THE SUPPLY OF ANY DEFICIENCY BY REASON OF LOSSES OF TAXES NOT COLLECTABLE**, and to defray the necessary cost of collection, the **SURPLUS**, if any, shall be applied to such purpose as the Council may direct."

The above 5% was amended to 15%, to 10%, to 8%, and at present there is only 4% added annually.

**IT CAN BE SEEN THAT THE SURPLUS OF THIS ACCOUNT CAN BE USED TO SUCH PURPOSE AS COUNCIL MAY DIRECT**, and we have acted under the law, as will be noted further on. Council approved some of the items by resolution, and we will ask to have all approved.

The Comptroller, under the law, is required to approve of all expenditures, and to certify by reason of his said approval, that there is money in the specific fund to pay the liability presented for payment.

It is therefore clearly within the power of the Comptroller to prevent overdrafts of appropriated amounts.

This necessitates the keeping of an account with each appropriated amount.

There can be no **PROPER TOTAL OR GENERAL CONTROLLING** account covering the appropriated amounts, for each unit and division must come within its own specified amount, and is controlled within itself.

If there was a general controlling account without specific controlling accounts, it would be possible to overdraw one account to the detriment of other accounts, so long as the total of disbursements did not exceed the total of appropriated amounts.

With the fundamental debit and credit accounts entered as above, the current operation of the government can proceed.

There can be no audit of a direct specific charge against the appropriated amount of any unit by the Comptroller until the liability has been properly approved and ordered paid by the financial body, and approved by the Mayor.

Then if the liability is audited and approved by the Comptroller, he countersigns the warrant and charges the specifically appropriated amount with the claim, be it of whatever character.

The credit balance of the said appropriated amount is available for use of the unit, division or department.

After approval and charge against the appropriated amount, the claim is passed to the Treasurer for acceptance and entry.

It is the duty of the Comptroller to keep secondary accounts of contractual obligations, assessable improvements and general accounts payable, in order to properly control the available appropriated amounts, but this is not obligatory under the law, for as stated, the law does not recognize a claim until approved and paid. The law provides the appropriated amount necessary, and does not allow an overdraft except in emergencies.

In order to record the opening entries upon the Comptroller's Ledger as at May 2, 1910, it was necessary to determine the warrants approved by the Comptroller, and not as yet accepted by the Treasurer as at that date.

In preparing the trial balance of the Comptroller, we again refer to the trial balance of the Treasurer, under the caption of "The Treasurer," for detail of the debit and credit entries on account of "Certificates of Indebtedness," and beg to use in the trial balance of the Comptroller the total debit entry for said certificates of \$158,680.57, and total credit entry of \$7,998.10.

We also give this detail under the title "The Comptroller," under Accounts closed into Surplus. The trial balance follows:

#### THE COMPTROLLER.

Debit and Credited Balances Closed Into Surplus.

At the close of business, May 1, 1911, we found after our analysis certain credit accounts which we considered advisable to close into the Surplus Account.

As stated in our preliminary report, the City did not show May 2, 1910, any temporary loans in anticipation of the collection of taxes secured by temporary loan bonds, or any money borrowed from bank.

All money disbursed had been provided for operating expenses from within the corporation, and there was a large balance of uncollected taxes.

As stated under the caption, "The Treasurer," all money was entered in a general account, and used as needed.

Certain moneys should have been used for specific purposes so as to close both the Cash and its Credit Account, but this was not done. The cash was used and entered in the account, but the credit account for and on behalf of which the money was received, remained an open credit.

The liabilities or credit balances of accounts were closed and transferred into Surplus, as per the following Journal entry, and we ask that the same be ratified and approved:

JOURNAL NOTE.—The amount represents credits as recorded on the books of account of the city, some of them being continuous for a long period of time. While the amounts should have cash as the contra entry on said books, the said cash was used in the operation of the city government in various forms, without a proper record being made of it on the books of account.

At the time the money should have been transferred to proper Sinking and other Funds to pay interest charges and sundry expense items. As the money for Sinking Funds, Interest Charges and Expense Items was paid instead from the General Cash Fund, these items are

now transferred and recorded on the books of account as a Surplus Item Account, (under the existing conditions, a purely bookkeeping transaction), the same to be charged with losses that may accrue in the future from uncollectable taxes, the money actually used, coming from the four (4) and eight (8) per cent. added to total taxes levied for the purpose of a Surplus Account.

#### FLOATING FUND.

The Treasurer's Ledger had a closing account known as the "Floating Fund."

The Treasurer credited this "Floating Fund," with the total appropriated amount, as per the Annual Budget, with refunder of taxes, etc., and opened accounts and charged them with the individual appropriations, or a combination of the said appropriations.

He credited the separate appropriation accounts with disbursements.

He charged the Floating Fund with collection of taxes.

May 3, 1910, this "Floating Fund" showed a credit balance of \$499,194.96.

In other words, there was \$499,194.96 more appropriated than was collected from regular taxes by the Collector during a long continuous period.

This "Floating Fund" account was a controlling account on total appropriated amounts and collections from taxes to pay said appropriated amounts.

We have seen fit to change the method as stated under another caption, and enter uncollected taxes as the asset against appropriated amounts, instead of the bookkeeping title of "Floating Fund."

On May 2, 1910, there was on record in the Collector of Revenue's office \$578,128.32 of uncollected taxes, from the years 1884 to 1909 inclusive.

In setting up our accounts we have substituted and used the said valuable asset of uncollected "Taxes" instead of the bookkeeping entry, "Floating Fund," to the amount of the balance of said recorded "Floating Fund," viz., \$499,194.96.

This amount should furnish the necessary cash upon collection to make good all appropriated amounts, leaving any excess taxes over said amount, as additional working capital, or as a means of transfer to replace book assets of no value.

The balance of uncollected taxes, amounting to \$78,933.36 we have charged as an asset, and credited to Surplus Account, as per the Journal entry, Folio 48, following.

There was paid into the City Treasury, March 8, 1911, by the D. L. & W. Railroad, \$37,742.51 of taxes of 1907, which had been deducted from taxes and did not appear as part of the balance of taxes, as at May 2, 1910.

This amount of taxes we again charged as an asset, and credited to Surplus Account, as per the Journal entry, Folio 48, following.

We have also charged to taxes and credited to Surplus Account \$1,793.68 excess of rate levied on ratables above amount appropriated, all entries as per the Journal entry following, for the year 1910-11.

Also excess of taxes as credited at beginning of year May 2, 1910, over amount of Floating Fund upon Treasurer's Ledger, viz.: \$78,933.36.

		Cr. Entry.
Surplus Account, 1910-11 .....		\$1,793 68

NOTE—Excess of rate levied on ratables above amount appropriated for all purposes.

In addition, we charged to Surplus Account, the debit balances resulting from the payment by the Treasurer of Certificates of Indebtedness, and interest thereon, fully described under the caption of "The Treasurer," and which at the beginning of the year May 2, 1910, entered into the trial balances of the Treasurer and Comptroller.

This transfer was approved by resolution of Council, as per Journal entry, Folio 36.

We also charged off per Journal entry, Folio 48, uncollectable taxes from the year 1884 to 1902 inclusive, amounting to \$92,385.57, as per resolution of Council.

We also charged off sundry assets of no value amounting to \$1,806.81, as per Journal entry, Folio 53, and \$500.00 on Account of Bounty Bonds, as per Journal entry, Folio 51.

We also charged to Surplus Account, in order to bring upon the records, outstanding Certificates of Indebtedness amounting to \$2,824.95.

#### SURPLUS ACCOUNT—ANNUAL OPERATIONS.

We now show the total value of the additional eight and four per cent. added to total taxes appropriated, as a Surplus Fund, "to be applied to the supply of any deficiency by reason of losses of taxes not collectable, etc.," the surplus, if any, to be "applied to such

purpose as the Council may direct."

The total for the years 1884 to 1909 inclusive amounted to \$709,300.85, but of this sum we only carried into the General Ledger account \$413,037.06, the amount deducted by lawful Boards, as will appear from the following Exhibit.

The "surplus" was used during the period in which received, as Council from time to time directed in a general way, but not by specific action.

Not having the authority to go back over the entire period, we must assume that all receipts and disbursements have apparently been in balance, for we come down to May, 1906, with an established "cash balance," and during the period of 1906 and 1910 have recorded more deductions per the records than receipts from the said 8% and 4%.

The Exhibit follows:

Surplus Account, 1884 to 1909 inclusive.....	\$709,300 85

The above account shows the total amount of the Surplus Account (Uncollectable Taxes), from the year 1884 to 1909 inclusive.

No account was kept in the book of said Surplus Account.

There were deductions by the County and State Boards, Courts, Mayor and Council, of \$413,037.36, as per the Account on Journal, Folio 35. (See deductions followings.)

Therefore, in order to keep the double entry form of accounts, it is possible to use the Surplus Account only to the amount actually deducted, which amount adjusts the appropriation of the various tax years to that extent.

NOTE.—The balance of the Surplus Account (Uncollectable Taxes), \$296,263 79 was used during the above period without record, and as we were not authorized to audit prior to May 1906, we are compelled to accept the account as in balance, as per the Treasurer's Ledger, May 7, 1906.

## THE COMPTROLLER.

As to Receipts and Disbursements.

For the year ending April 30, 1911.

Under the new system installed, formulated according to the classification of the Bureau of the Census, United States Government.

On May 10, 1911, the Comptroller submitted an annual Exhibit showing receipts and disbursements of cash.

The work for the year was in balance on the books of the Comptroller as soon as the year closed, viz.: April 30, 1911.

All that was necessary to do was to rule off the accounts, bring down balances, and formulate the report herewith submitted.

Being the first report under the new system, it was very satisfactory to the department to be able to submit the report so soon after the close of the year.

As stated under another caption, the Budget for the year considered, had been formulated and approved under the old method, but we classified the said Budget and entered the appropriated amounts under the new method.

It was tedious work, but we are well satisfied with the result.

The report of the Comptroller follows:

Hoboken, N. J., May 10, 1911.

To the Honorable Mayor and City Council, Hoboken, N. J.:

Gentlemen—I beg to submit my preliminary report of receipts and disbursements for the fiscal year ending May 1st 1911.

The receipts are classified into divisions of City Revenue for and on account of which they were received.

The disbursements are classified in conformity to the requirements of the Department of Commerce, Bureau of the Census, U. S. Government, and as approved by the National Association of Municipalities.

The accounts are taken from my Ledger, are in balance, and will enter into my annual report as part of the detail thereof.

This is the first time in the administration of affairs in Hoboken, and probably in the State of New Jersey, that the classification of accounts have been made to conform to the most approved modern method, and the result seems most encouraging.

Practically the total balance of Cash as at May 1, 1911, belongs to the Tax Arrearage Fund, and is to be transferred to the Sinking Fund Cash for redemption of balance of Temporary Loan Bonds, as soon as the definite amount is determined.

The report follows.

Respectfully submitted,

Comptroller.

#### THE COMPTROLLER.

#### The Report of the Tax Commissioners and the Budget for the Year 1911-12.

After the various departments had submitted estimates for the operation of their departments for the year 1911-12, as directed by law, and after said estimates had been considered and approved by the Board of Tax Commissioners, we formulated with the Comptroller, who acts as clerk to said Commission, the report of said Commission.

The classification used in the report was in accordance with the new method installed.

The report was submitted to the City Council for necessary legal action, and the drafting of the required tax ordinance, which we formulated.

This ordinance was presented to Council at its meeting June 7, 1911.

The classification of departmental requirements was under the new method, and is the first time submitted in that form.

As the same classification and amounts were formulated and used in the report of the Tax Commissioners and the ordinance passed by Council, we reproduce the tax ordinance formulated to show the method used, and to provide a record for future use.

If necessary, the amounts appropriated will be still further classified on the books of the Comptroller, by using a proper card of accounts, with required symbol and range.

The ordinance follows:

AN ORDINANCE PROVIDING FOR THE ASSESSMENT AND COLLECTION OF THE  
ANNUAL TAX FOR THE YEAR NINETEEN HUNDRED AND ELEVEN,  
IN THE CITY OF HOBOKEN.

The Mayor and Council of the City of Hoboken do ordain as follows:

The monies collected from fines in the Recorder's Court, and the fees collected in the District Court, less fifteen hundred dollars (\$1,500.00) for salary of the First Assistant to Collector of Revenue, are appropriated to the Contingent Fund.

The balances in the different funds not otherwise appropriated are reappropriated to their respective funds.

Section 2. That the said Commissioners of Assessment of Taxes shall in addition to the sum of five hundred and ninety-one thousand, one hundred and forty-four dollars and thirty cents (\$591,144.30), above mentioned, assess to cover the losses and expenses four per centum additional upon the whole amount to be raised, to be applied to supply any deficiency by reason of losses of taxes not collectable, and to defray the necessary expenses of the Free Public Library, so fixed by law, to wit: the sum of one-third of a mill on every dollar of assessable property.

Section 3. That the sum of five hundred and ninety-one thousand, one hundred and forty-four dollars and thirty cents (\$591,144.30) shall be assessed upon the real estate, chattels and other property and things taxable by law in said city, both on resident and non-residents by valuing the same at their full value, designating the number and parcels of land and the value of the same, and the value of the personal property and other property and things assessed to each person.

Section 4. That said Commissioners of Assessment of Taxes, making said assessment, shall assess each lot of land separately, and shall assess buildings separate and apart from the land upon which the same stands, and when two lots shall be sub-divided and shall be described accurately, each lot and its subdivision; and shall state the street number of each lot of land in the city by and according to the last official numbering of record in the office of the City Clerk, and shall complete their assessment on or before the third Monday of August next.

Section 5. That every male inhabitant of said city over the age of twenty-one years, and not a pauper, and not exempt by law from said assessment, shall be assessed the sum of one dollar as a poll tax for the use and support of the public schools of the city, which sum shall be assessed in addition to the sum of money mentioned in the first section of this ordinance, and when collected shall be paid over to the City Treasurer for the purpose aforesaid.

Section 6. That the Commissioners of Assessment of Taxes shall deliver to the Collector of Revenue of the city, within thirty days after the first Tuesday in August next, a transcript or duplicate of their assessments, made according to law, with affidavits thereunto annexed, as required by law, and shall deliver another such transcript or duplicate with the like affidavits annexed to the City Clerk, who is hereby directed to produce the same be-

for the Council at the next regular meeting thereafter, for approval and confirmation.

Section 7. The City Clerk is hereby directed to transmit a copy of this ordinance to the Hudson County Board of Taxation before the third Tuesday of August next.

Section 8. All appeals from taxation shall hereafter be presented to the Hudson County Board of Taxation, such appeals to be taken and heard prior to December 20th, next, and public notice of that fact shall be given by the City Clerk in form as heretofore.

#### THE COMPTROLLER.

With Reference to the Board of Education.

The question as to the duties of the City Comptroller with reference to the examination and audit of claims, and the countersigning of warrants drawn upon order of the Board of Education, came up during our work, and we satisfactorily explained the law as between Treasurer Smith, Comptroller Kaufman and Secretary Kerr, of the Board of Education.

Section 62 of the School Laws says: "All disbursements of the Board of Education shall be by warrant drawn on the Custodian of the School Moneys of the District, signed by the President of said Board, and countersigned by the Secretary.

"All warrants drawn in accordance with the provisions of this section, accompanied by itemized statement of claims or demands that have been drawn, shall be forwarded by said Secretary to the Comptroller, Auditor, or other officer, if there be one, authorized by law to audit claims and demands against the municipality in which such district shall be situate.

"Said Comptroller, Auditor, or other officer, shall be the Auditor of the School District, and shall receive such compensation therefor as the Common Council or other governing body of said municipality shall determine, and the bonds given by such Comptroller, Auditor or other officer for the faithful performance of his duty to such municipality, shall be held to cover the performance of his duty as Auditor of the School District.

"Such Auditor shall examine and audit such warrants and statements, with a view of ascertaining whether the sum or sums are proper, and if he shall find them to be correct, he shall countersign the said warrants and forward them to the City Treasurer, who, by virtue of his office as City Treasurer, shall be the Custodian of the School Moneys of the School District.

"Said Auditor shall, whenever he shall deem it to be for the best interests of the School District, examine under oath any person presenting a bill or claim against said School District, and also examine witnesses and investigate by other evidence and inquiry, all the facts relating to said claim, which in his opinion are necessary to establish the accuracy and good faith of said claim, and to ascertain the School District's liability therefor; if said Auditor shall have reason to believe that the claim or demand for which any such warrant shall have been issued is incorrect, or for any cause should not be paid, he shall return such warrant and statement to the Secretary of the Board of Education, with a statement of the reasons why the same should not be paid, and said Secretary shall correct said warrant and statement, or present them to the Board of Education at its next meeting; if said Board shall find that the claim or demand for which said warrant was issued is correct and just, it shall by a vote of a majority of all the members of said Board, order that it be paid, and said Auditor shall, upon receipt of the warrant and statement thereof, together with a statement of the action of the Board of Education thereon, countersign the warrant and forward it to the Custodian of School Moneys; said Auditor shall, whenever he shall deem it necessary, examine all books, papers and vouchers of the Board of Education, or any officer thereof, and shall have free and unrestrained access to them for that purpose."

It is perfectly clear that the City Comptroller is the Auditor of this School District, viz.: HOBOKEN.

As such "Auditor" of the Hoboken School District he has certain specific duties to perform, and a non-performance of these duties would invalidate all acts to which the law applies.

The Secretary has sent warrants approved by the President and Secretary to the "Auditor," sometimes accompanying them with a statement, and sometimes not.

The "itemized statement of claims or demands that have been drawn," which the law requires, has not been forwarded to the Auditor in the proper form.

Apparently, the name, number of warrant, and amount of warrant only have been given under a general heading such as "Printing," "Supplies," etc.

The "itemized statement" required by law should give the facts just named, and in addition should give the itemized details of purchase.

Bills are not required to be forwarded to the Auditor for him to examine, and thereby

acquire knowledge to enable him to approve or reject the claim, but the law requires the "itemized statement" to be forwarded, so that the said Auditor can "examine and audit such warrants and statements, with a view of ascertaining whether the sum or sums are proper."

This has never been done, so that all warrants countersigned by the Auditor, have been signed in a perfunctory manner.

The law cannot be evaded in this respect, for the Auditor can "examine under oath any person presenting a bill or claim against said School District, and also examine witnesses and investigate by other evidence and inquiry all the facts relating to said claim, etc."

If the law does not require bills to be forwarded to the Auditor, but does require an "itemized statement," then the Board of Education, through its Secretary, should furnish the same to the Auditor, so that the Auditor's countersignature may be legal, otherwise bills are paid illegally.

While the law says, under the head of Custodian of School Moneys, that "Nothing in this article shall be construed as giving to the Township Committee, Common Council or other governing body of any municipality, any control over moneys belonging to the School District in the hand of the Custodian of the School Moneys of said District," and further says:

"Any ordinance, by law or resolution of a Township Committee, Common Council or other governing body of any municipality attempting to control such moneys, or which shall in any way prevent the Custodian of School Moneys of the School District from paying the orders of the Board of Education, as and when they shall be presented for payment, shall be absolutely void and of no effect," it also says how the finances and accounts shall be handled within its own body, and the City Comptroller, the financial officer of the Common Council, is the duly designated Auditor of the Board of Education, and must exercise all functions of office specified by law.

The law says how money for school purposes shall be levied and collected.

Additional capital for the erection of new school buildings is provided by the issue of bonds by the Common Council, the legal financial body of the city.

Section 184 of the School Laws says: "The Collector or Treasurer of each municipality in which a school district shall be situate, shall pay to the Custodian of the School Moneys of such School District the amount ordered to be assessed, levied and collected in such municipality for the use of the public schools therein, exclusive of the State School Tax, on the requisition or requisitions of the Board of Education."

If said requisition is honored, it can only be through the issue of a legally drawn warrant authorized by the Common Council of the city.

The necessity of action by the financial body of the School District, which in this District is the Common Council, makes it apparent that the City Comptroller, the financial officer of the financial body of this city, is the Auditor of the Board of Education, for the purpose of keeping a proper check on its operations, and that the financial body of the city must be in such position as to be constantly in touch with the financial transactions of the said Board of Education, even though the Board of Education is one with co-ordinate powers equal in a measure to the Common Council.

The Board of Education can and must exercise the distinctive powers granted it.

At the same time, it must recognize its Auditor, who is the financial officer of the city.

The Auditor of the Board of Education should require a classification of expenditures, so that the cost of operation of each school would have separate and distinct accounts for purposes of comparison.

The accounts, seemingly, are not now so classified.

All requisitions for money should have proper data back of it.

The law governing schools, and your charter, and statute law, must be considered as a whole, not by sections.

The Auditor should insist on complete data, and the power the law gives him.

#### THE COMPTROLLER.

With Reference to the Water Department.

In the examination of the methods and accounts of the City Comptroller's office, we have noted that the Comptroller countersigns all receipts of the Water Department, acting under the provisions of an ordinance which says:

"That in addition to the duties prescribed in the ordinance to which this is a supplement, the Comptroller shall examine and countersign all receipts for Water Rents, or Arrears of Water Rents, given to any person paying on the same by the Water Register of the city, and countersign all such receipts and keep a correct and complete record of such pay-

ments in a book or books to be provided for the purpose."

While the above ordinance refers to receipts only, as issued by the Water Department, and while the Comptroller does countersign said receipts, and keep the record of said receipts in a record known as a countersignature book for Water Rents, the said Comptroller has no record of disbursements or regularly entered accounts of the said Water Department.

There is no section of the ordinance relating to the duties of the Comptroller that specifically directs the Comptroller to keep a record of disbursements made by the Water Department.

There has been no objection by the Water Commissioners to having the Comptroller keep a full set of accounts of the Water Department for purposes of audit and control, but the matter never has been taken up.

However, it is evidently intended that the Comptroller shall keep full accounts of the Water Department, as will be noted further on, but probably it would be better to specifically say, in a supplemental section of the ordinance relating to the duties of the Comptroller, that it was his duty to keep a record of disbursements, and thus be able to formulate a double entry set of accounts of the said Department.

The authority to act as provided and noted above, is practically all the control and supervision the Comptroller has over the Department, except such as he obtains when acting under the provisions of the ordinance, which says:

"That it shall be the duty of the City Comptroller to examine the books and accounts of the Water Register and Treasurer of the Board of Water Commissioners at least once a year, or oftener, if deemed necessary."

Under this section, any examination made by the Comptroller would be a one-sided, unbalanced affair, so far as a comparison with his own records is concerned.

No examination or audit of accounts of any department should be made by the Comptroller, unless the results obtained can be compared with his own records.

The Comptroller should receive original detailed data from all departments and enter the same in skeleton form at least upon his own records, so as to not be dependent in any manner or form upon a department.

We further find in the ordinance prescribing the duties of the Comptroller that:

"He shall supervise the fiscal concerns of all Departments and Officers of the City."

Evidently part of the fiscal concerns, and a most important part, are the disbursements made by a department or officer, and the necessary accounts dependent upon a record of said disbursements.

To further show the authority of the Comptroller in the affairs of the city, we find the following among his general duties:

"He shall keep a regular set of books by double entry in which shall be opened and kept as many accounts under appropriate titles as may be necessary to show distinctly and separately ALL THE RECEIPTS AND EXPENDITURES OF THE CORPORATION, and all debts due it from others, and all record debts, etc."

We further find that the ordinance directs that:

"He shall compare quarterly the accounts of the Treasurer and all city officers with the vouchers to the same, WITH THE BOOKS OF HIS DEPARTMENT."

It is an omission not to have ordained that the Comptroller shall keep a record of disbursements and have the resulting double entry set of accounts with the Water Department. The authority should be given him at once, for as chief financial officer of the city, he acts for the Mayor and Common Council—the body having control of the financial affairs of the city.

That the Mayor and Common Council have some authority and control over the Water Department, it is further set forth in the law that the Water Department shall submit an annual report to the Common Council, which report is always filed with the City Clerk, and becomes a part of the minutes and proceedings of the Common Council.

To further show the evident intent of the law, the Chairman of the Common Council is ex-officio a member of the Board of Water Commissioners, with power to vote in the said body.

The Common Council in 1882 and 1897, when the contract with the Hackensack Water Company was considered, took the following action:

"The action of the Board of Water Commissioners of the City of Hoboken in making two certain contracts with the Hackensack Water Company, be and the same is hereby ratified, confirmed and adopted as the act of the corporate authorities of said city."

Whenever it is necessary to issue bonds for extension of mains, or other capital account, for and on behalf of the Water Department, the authority to so issue is given by law to the Common Council.

The said Council must provide the necessary Sinking Funds to amortise the debt, and the cash to pay accrued interest, unless the earnings of the Department is sufficient to pay the fixed charges noted.

If the fixed charges are paid by the department, the said department is self-supporting, and the bonded debt is not counted as a charge against the constitutional debt limit.

Otherwise the department is not self-supporting.

Our advice in the premises, is that the Comptroller formulate the necessary accounts and enter the same upon his records, after establishing the balances upon the books of the Water Department, and that the authority to audit disbursements, which is undoubtedly required under the various sections of the ordinance above quoted, be specifically delegated. Also, if necessary, that the matter be considered by the proper committees from the Water Department and Common Council, the intention being to provide the necessary legal check for the benefit of the authorities and taxpayers, and also to provide such accounts for the use of the Council, the financial body of the city, or any subsequent financial body of whatsoever character, to best serve the credit and standing of the city.

The matter does not interfere in any manner with the authority now vested in the Board of Water Commissioners, but provides what has been omitted from the method and system of operation in the past.

#### THE COMPTROLLER.

##### The Health and Vital Statistics Accounts.

The Comptroller keeps a record of the Health and Vital Statistics accounts only so far as they are covered by the per capita tax of five cents raised by taxation.

The estimated income of the said department from licenses, permits, etc., as per the tax ordinance of 1911-12, is \$3,815.00

Properly this money should be deposited with the Treasurer as collected, and entered into the accounts of the said Treasurer and the Comptroller, and be drawn upon by warrant of Council, the same as all other city money is deposited and drawn upon, acting under the general law on said subject.

The duty and power of said department as a co-ordinate branch of the government is fully recognized, but it does not alter the fact that the Treasurer is the keeper of all moneys, that the Comptroller is the Auditor of the Accounts, and that the City Council is the financial body of the city having charge of all its financial affairs.

While the Health Department keep their own records as to receipts and disbursements on account of licenses, we would suggest that the Finance Committee, with the Corporation Counsel, consider this matter, and determine with the proper committee of said Health Department, the rights and duties of all concerned, and bring all accounts upon the Comptroller's books.

#### THE COMPTROLLER.

##### General Supervision of Financial Affairs of All Departments.

All general laws of the State, the Charter provisions and ordinances of the city, fully recognize the Common Council as being the financial body of the city, and seem to establish the fact that its accredited financial officer, the City Comptroller, for and on behalf of said Common Council, must exercise a certain supervision over the financial affairs of all department, notwithstanding the fact that the Boards representing the six co-ordinate branches of the government, to wit: the Departments of Education, Library Board, Water, Health, Fire and Police, have peculiar powers and duties within themselves.

Council, as the financial body alone, has the power to raise money by taxation or bond issue, and is granted authority to reduce taxation by excise collections, and to pass laws concerning revenue to be received from permits or general licenses, which may be appropriated or used to reduce taxation.

To establish proper financial supervision over the said departments, both by the Council and Comptroller, so as to not interfere with the vested rights of the various departments, would necessitate more intimate knowledge by the Council of financial matters than is now furnished them by the said Departments. This can no doubt be readily formulated and determined.

##### Fixed Assets—Capital Investment Values.

The proper method of recording "Fixed Assets," or capital values, would be to make the proper entries at the time the capital was invested.

This not being done at the time, we have accepted assessed, or appraised values, and entered the same upon the books of record of the City, as set forth in the following Journal entry, as on Folio 54.

These entries will appear in the trial balance as of May 1, 1911, and in the Balance Sheet, and they are well within the limit of the cost of replacement.

The entry shows a very acceptable condition of the said assets.

Careful attention should be given to the condition of said assets or values, and all additional assets or values should be entered at the time acquired.

## GENERAL BALANCE SHEET.

We now present the General Balance Sheet for Corporate Purposes.

Having absolutely no foundation to build on in the beginning, we have worked out the condition of affairs down to May 1, 1911, including the business for the fiscal year 1910-11.

Not being able to tabulate the result of the work until completed and included in the books of account, some accounts requiring action by your Honorable Body to transfer balances will be closed in the books this present current year, before beginning the work for the said current year, 1911-12.

Some modifications in the future may be necessary, but the form of classification embraced in said Balance Sheet is substantially correct.

The Balance Sheet follows:

CORPORATE PURPOSES—GENERAL BALANCE SHEET.

- NOTE 1.—Ordered transferred to Sinking Fund Commissioners Account.  
All collected during the year 1910-11.  
Account to be adjusted.
- RULE 2.—Ordered transferred by Budget 1910-11.  
Money actually used for Police Department. To be transferred on Adjustment of  
Uncollected Taxes as ordered by Council.
- NOTE 3.—The book transaction and transfer of \$113,000.00 from Licenses Account, not made  
in tax year 1910-11, but will be done as soon as Accounts are adjusted. The bal-  
ance of this credit item was taken from the Tax Arrearage Cash Fund the fore  
part of the tax year 1910-11, before cash funds were separately entered and  
deposited.  
To be returned to fund on adjustment of the Uncollected Taxes.
- NOTE 4.—This adjusting entry is a Sinking Fund Commission item to be closed out by Tax  
Arrearage Cash Fund.  
The cash has been ordered turned over to the Sinking Fund Commissioners, which  
will be done as soon as final action is taken for the reimbursement of cash ad-  
vanced for operating expenses during the fore part of the year.
- NOTE 5.—Taxes from 1884 to 1902 inclusive cancelled from Tax Ledger as ordered by  
Council.  
A part of said taxes was transferred to the General Ledger and held in suspense  
for the purpose of future adjustment.
- NOTE 6.—The city received \$11,000.00 from the sale of the Fire House property on Hudson  
street.  
The cost of this property, \$6,988.62, is held on the books of account as an Asset.  
The account will be closed and cash properly credited.  
Deducting the expense of sale, \$277.75, it will leave a balance of \$3,733.63 remain-  
ing as a credit to the operating Surplus Account.  
There will probably be an additional credit of \$2,500.00 from the 1907 taxes origi-

nally levied against the M. & E. R. R., which was deducted from the books and subsequently paid on account second class railroad property to the State.

#### THE CITY ENGINEER'S DEPARTMENT.

City Maps—Field Books—Grades—Levels—Specifications, etc.

Acting under the law, the City Engineer in the past has provided plans, specifications, etc., for special improvements.

These improvement maps and data concerning the special improvement are filed and used as directed by law.

All said data is of value only for the special improvement for which it was formulated.

There was paid to the engineers for this special work during the fiscal year:

1906 .....	\$2,128 26
1907 .....	2,507 06
1908 .....	1,714 49
1909 .....	2,870 19

The City does not own or possess the requisite maps and data of all kinds to be able to successfully, accurately and economically manage its physical affairs, or that of public service requirements.

The City SHOULD have maps of the entire City accurately platted, with grades, levels and field notes to cover the requirements for all street, sidewalk, alley or wharf improvements, and that for public service.

The City at one time, according to the Engineer, did possess a map covering some of the necessary detail, but it is twenty or twenty-five years old, and has had many of the grades and levels changed, so that it is practically worthless and is now never used.

The City should have an engineer with proper assistants employed exclusively on its own work, who should provide detailed maps and data covering the requirements for street, and all other surface improvements.

This Department should have grades, levels and specifications so as to be able to furnish full detail for an entire City sewer system—an entire water system—an entire gas system—an entire electric light system—and be able to readily provide any additional system required, so that there would be no conflict or interference with the grades and levels of one separate system as against any or all of the other necessary systems.

These specific, municipal engineering systems are such as should be in possession of any city, and are not outside of ordinary requirements to successfully manage the physical affairs of the City.

The interference in installation of one system or additions to the system, with those of another, is very probable, as has been demonstrated in the past.

It will complicate matters more each year this condition of affairs is allowed to remain.

The City should change this method of procedure at once, and provide the necessary corps.

This corps would provide the data and supervise the work of all improvements as now, and in the interim, provide maps, plans and specifications for all necessary public service systems, so that it would be possible to get the benefit which should accrue to the City by the changed condition in the Engineering Department.

The expense would be little more than is now paid, as the sum paid to the engineers as noted above is only for assessable improvements.

#### THE NEW SYSTEM DESIGNED.

We considered it advisable to correct wrong method and system at once, even before the commencement of the audit of the four-year period authorized, from May, 1906, to May, 1910, inclusive.

The City Treasurer's office and the City Comptroller's office, on account of their working relationship, were jointly examined and systematized.

The entries in the Cash Books of the Treasurer were checked with the warrants and vouchers and the books of the City Comptroller, and many items were found in the Treasurer's books that were not entered in the books of the Comptroller. This applied principally to receipts of Cash from Bonds and Interest.

It indicated that the Comptroller was not receiving full and complete data from all departments. Therefore, he could not properly audit the accounts of the City.

To correct this defect, we designed a uniform set of forms showing receipts of cash from all departments, and herein designated as "Form Exhibit No. 1."

These receipt forms, as you will note from the specimens submitted, are made in triplicate, except that of the Collector of Revenue, which is made in quadruplicate.

All copies for the Treasurer are printed on pink paper, perforated, and are to be torn from the books.

All copies for the Comptroller are printed on blue paper, perforated, and are to be torn from the books.

All department copies are printed on white paper, and are bound so as to remain in the book of receipts.

The department, after making out the triplicate receipts by the use of carbon paper, takes the said receipt book to the Treasurer for his audit and receipt.

If the entry is found to be in balance with the cash deposited with the Treasurer, the triplicate copies are receipted.

The Receipt Book is then taken to the City Comptroller, who audits the account, and if correct, and the money is receipted for by the Treasurer, he approves of the same.

The Comptroller then takes his copy from the book and places it upon his own file.

The department returns the copy for the Treasurer to his office, who places it upon his own file.

The Comptroller and Treasurer make entries from the said receipts upon their specially designed cash books, and it is practically impossible for cash to be received through any department, without both the Comptroller and Treasurer auditing the same and making proper entry.

These duplicate receipts furnish original data from the departments.

They are of the greatest importance to the Comptroller, who formerly never received a copy of any receipt and could not control the affairs of the City.

At the end of each fiscal year, the Treasurer and Comptroller will have the receipts bound, and thus have a complete record of the year's work furnished by the departments.

All cash was formerly deposited by the Treasurer in one general account in the banks.

This was not legally correct, or in accordance with proper method.

It has resulted in many of the errors that have crept into your municipal system in the past.

Cash collected on account of current taxes should be deposited in a "General Cash" fund, to take care of the current obligations of the City, as approved each year through the operation of the Budget.

Cash collected on account of taxes in arrears should be deposited in a "Tax Arrearage Cash" fund, to pay obligations of the city, which have been created by reason of the non-collection of taxes in each and every current tax year.

Cash collected on account of assessments for improvements, should be deposited in an "Assessment Cash" fund, to pay for the cost of the improvement for which the assessment was levied, whether it be a direct payment for expense, or to redeem outstanding Certificates of Indebtedness issued in payment of the cost of any part of the improvement.

Cash received from the sale of Bonds should be deposited in a specifically designated "Cash Fund," to pay obligations created on account of which it was necessary to issue said Bonds.

The Premium and Accrued Interest received from the sale of Bonds must not be disbursed on account of the original obligation for which the bonds were issued, but deposited in a separate Cash Fund.

This cash may be used during the succeeding years to pay the amount of the Sinking Fund installments necessary to be provided to redeem the bonds at maturity.

The Accrued Interest may be used during the succeeding years to pay the semi-annual interest on the bonds on account of which it was received.

The Cash Fund for all Premium and Accrued Interest accounts may be kept in one Cash Fund, providing complete data is kept of each separate transaction.

The "Hoboken Cemetery Cash" fund must be kept in a separate account.

All other special cash funds must be kept in separate accounts.

If cash is kept in this manner it will be impossible to use money for any other purpose than that for which it was specifically received or collected.

The law makes ample provision for taking care of any liability created, and the enactments must be strictly adhered to in order to properly safeguard the money of the City.

In order to properly control the cash in the Treasurer's office we designed a Cash Book as shown in "Form Exhibit No. 2."

There is recorded first the "Total Cash Controlling" Account, showing total receipts and disbursements, to be used continuously for a year.

Then follows the "Date" column.

The "Description" column then records from whom and the purpose for which money was received.

Next follows the "Name of Miscellaneous Account to be Credited," which is used in connection with the "Miscellaneous Cash" column, the first of the series of five columns following, which indicate the "Cash Received and Credited on Account of" sundry miscellaneous purposes.

In these two columns would be given, for instance, the "Hoboken Cemetery" fund, and amount received; or the name of the Bond issues and amount received, etc., etc.

Each miscellaneous fund would require a separate posting.

The four columns following, viz.: "General," "Tax Arrearage," "Assessment" and "Excise," clearly indicate according to the description heretofore given the purpose for which they are to be entered and used.

They are posted in total once a month.

The total cash received to any given date, as shown in the "Receipts" column of "Total Cash" must balance the total credits to the same date in each and all of the five columns in the "Cash Received and Cr. on Account of" column.

In the "Daily and Monthly Receipts" column is entered the total receipts for each day, and collectively for the current month.

In this manner the Treasurer can control the daily, monthly and yearly receipts of money.

At the same time, and on the same line, the Cash is carried into its proper cash fund in the Bank in the "Bank Account Dr." column.

Under the name of the bank will be entered the amount deposited, and also in the blank column, the Treasurer will be charged daily with any amounts not deposited.

It is the intention to have all money received by the Treasurer deposited daily in the banks, so as to have an absolute check on receipts and deposits.

All money needed by the Treasurer is to be drawn on warrant, as the law directs.

Then follows the "Skeleton account of disbursements through warrants and bank."

Under the column "Bank Account Cr." will be entered the date of disbursement and the Warrant Book and Folio, and the folio to which the amount is posted.

Under the column "Title of City and Bank Fund" will be entered the name of the "account" and under the bank drawn upon will be credited the amount drawn by warrant.

The amount chargeable to the City Fund will be entered under the column "Amount City Fund, Dr."

The working of this Cash Book to date has proven highly satisfactory.

Each bank of deposit is required to balance its pass books on the last day of each month, or oftener, if necessary.

Since the beginning of the present fiscal year the Treasurer's Cash Book has been in balance with the banks' pass books, and the Treasurer now has at any minute of the day an absolute check on each and all of the banks, whereas formerly he had no control.

The detail of the disbursements entered in total in the credit column of each and all banks is furnished through the Warrant Books of each separate bank, as shown in "Form Exhibit No. 3."

Formerly the record of each warrant disbursed was entered in three different books.

At present the warrant is entered in but one book. Each bank has its own Warrant Book.

"Form Exhibit No. 3" gives "Date" of warrant, "Name" of payee, "For what purpose issued," the "Warrant Book" title, the "Warrant Number," the "Cash Book Folio" to which posted, the "Amount of Warrant," and the "Daily and Monthly Total" of said warrants issued.

Opposite the "Cash Account" is entered the title of the account drawn upon in each of said banks as "General," "Tax Arrearage," "Assessment," "Hoboken Cemetery," "Excise," etc., etc.

The one entry is sufficient, and saves two-thirds the time of former entry, and has proven entirely satisfactory.

The method keeps the various cash funds within themselves, and there is no difficulty in tracing a warrant.

The designing of the books of record has been reduced to the simplest method and form, so as to cover every requirement of the municipal government of your City.

To complete the record of warrants in the Treasurer's office, "Form Exhibit No. 4," covering outstanding warrants, was designed. This record gives "Date of Warrant," "Warrant Book," "Warrant Number," "Amount of Warrant," and "Date of Return from Bank."

The balance of the outstanding warrants was taken by the Treasurer, as at May 2, 1910,

and entered in the new record.

Since that date, the outstanding warrant record has been operated under the new method.

At the end of each month, when the bank books are balanced, they are reconciled with the books of the Treasurer. and all outstanding current warrants entered in the outstanding warrant book.

If any previously entered outstanding warrants are redeemed during the month, the said warrants are cancelled of record in the "Date Returned by Bank" column, by drawing a line through the item. The balance is carried forward to the following month.

It is an easy matter to balance the account, and at any time during the month it is possible to determine the condition of the account.

By regularly reconciling the balance, as shown in the Treasurer's Cash Book, and his outstanding warrant book, with the balance of the bank pass books, it is practically impossible for an error of the bank cash account to be made.

The Treasurer's office has during the current fiscal year, beginning May 2, 1910, regularly, easily and correctly controlled and balanced the accounts with the banks and outstanding warrants.

"Form Exhibit No. 5" is the General Ledger of the Treasurer's office.

Under the title of "Debit Account" is shown the "Date" of the receipt or charge to a specific cash account, the "Description" of the entry, the Cash Book "Folio," from which posted, and the "Amount" posted.

Under the title of "Balance Account" is shown the "Debit Balance" or the "Credit Balance," as it may appear each day.

There cannot properly be a "Credit Balance," as this would indicate an overdraft of cash, which is illegal.

Under the title of "Credit Account" is shown the "Date" of the disbursement or credit to a specific cash account, the "Description" of the entry, the Cash Book "Folio" from which posted, and the "Amount" posted.

The Treasurer's office should deal entirely with cash, and it is not necessary for the Treasurer to keep the large number of accounts that he has kept in the past.

The details of all cash accounts should be, and are now kept by the Comptroller, who is thus enabled to keep an accurate check upon the records of the Treasurer and all Departments.

By keeping proper records of Cash, the Treasurer can prevent the use of money for any purpose except that for which it was specifically levied and collected.

The law makes ample provisions for the operation of the City government during the period of time from the beginning of the fiscal year in May, to the date when taxes are collected and available in December following, by borrowing in anticipation of the collection of taxes.

There is no other legal way in which funds for the current operation of the government during the period named can be obtained, but this provision was not lived up to strictly in the past, and if money was in the Treasury, it was used for any purpose whatsoever.

The former method of using money in possession of the Treasurer without the formality of law which requires temporary loan bonds to be issued therefore, in case of Sinking Fund money, has been difficult to adjust and balance.

"Form Exhibit No. 6A" is the Comptroller's Cash Book of Receipts, giving the general distribution of all money received, viz.: "General Cash," "Tax Arrearage Cash," "Assessment Cash," "Excise Cash," "Hoboken Cemetery Cash," etc., etc.

The general distribution of Cash Funds is the same as that entered by the Treasurer.

Under the "General Cash Account" the "Debit" column shows the total daily deposits from all sources.

Under the "Credit" distribution of this account there is enumerated practically every item that entered into the City's "General" or current cash, with blank columns for additional items that may be received.

"The Hoboken Cemetery Fund" has been taken from the "General" fund and placed in a special cash account, under the blank columns, "Debit" and "Credit," in "Form Exhibit No. 6B."

"Form Exhibit No. 6B" shows the "Tax Arrearage" Cash Fund.

The "Debit" of the account shows total daily receipts.

The "Credit" of the account shows the amount in total credited for payment.

The detail of the "Tax Arrearage" account is entered in the Tax Ledger, which is described further on.

The "Assessment Account" in "Form Exhibit 6B" shows the total receipts to the debit

of the account, and the specific assessment is entered in the blank account column.

The "Excise Account" in "Form Exhibit 6B" shows the total receipts to the debit of the excise cash.

The "Credit" of the account shows the distribution into the various forms of excise licenses for which the cash was received.

The blank "Debit" and "Credit" columns allow the entry of any special funds, such as the "Hoboken Cemetery," "Bonds," etc.

The authority for entry of any item recorded in any fund of the Comptroller's Cash Book is received from the original data furnished by the various departments on "Form Exhibit No. 1," previously referred to.

The Comptroller, although the chief financial officer of the City, has never been furnished with properly recorded data from the departments.

On account of not receiving proper data from the departments, he has never been able to properly audit or check the accounts of the City.

Therefore, we have designed the books of all departments so that the Comptroller will be furnished with a copy of all data necessary to audit and control the financial affairs of the city.

"Form Exhibit No. 7" is a record of Disbursements as entered by the Comptroller.

It gives the "Date" that warrants are countersigned by the Comptroller, the "Name" of the person or corporation to whom paid, "For What Purpose," the "Warrant Book" paid from, the "Amount of Warrant" and the "Check Column" for posting.

Under the "Debit" account section is also shown the "Accounts Debited," and the ledger "Folio" to which posted, and the "Amounts Debited."

Under the section "Credit Cash Accounts" are the cash accounts credited for payment, viz.: "General," "Tax Arrearage," "Assessment," "Excise," and a blank column for special funds.

"Form Exhibit No. 8" is the Comptroller's Tax Ledger.

The Comptroller did not formerly keep an account with taxes, and there never has been a check on the receipts of the Collector of Revenue.

Taxes are the largest available asset of the City, and should be recorded in such form as to be readily balanced at all times during the day, month or year.

The Tax Ledger shows first the "Description" column, which includes balances, current collections, current deductions and additions during each day of the month, one page being used for a month's business.

Then follows the amount of "Total Balances and Total Daily Current Collections," meaning collections for the current month operating in.

Then follows columns showing balances, collections, etc., of each of the tax years that go to make up the total account.

At present we are using every column in the Ledger, the taxes recorded covering each fiscal year, from 1884 to 1910 inclusive.

The total cross footing of each and all tax years must daily balance the total amount of current collections, additions or deductions.

Collections may be made daily covering one or twenty years, and the entire day's business is entered upon one line only.

Under each specific year is entered the taxes paid on account of that year, the total of all years being entered in the total column.

Under the "Description" column and the subdivision, "Additions During the Month," would be totaled and distributed according to fiscal years, all additions made during the month, in the same manner that collections are entered.

Under the "Description" column and the subdivision "Deductions During Month," would be totaled and distributed according to fiscal year all deductions made during the month, in the same manner that collections are entered.

The result of the Comptroller's work is recorded in the "General Ledger," which is shown in "Form Exhibit No. 9."

The first column gives "Date" of entry; then follows the "Description" of the entry, the "Folio" from which posted, and the "Amount Debited."

Then is shown the credit entries, giving the "Date" of entry, "Description" of the entry, "Folio" from which the entry was posted, and the "Amount Credited."

At the top of each page is entered the

ACCOUNT—

DIVISION— (Of Account).

GENERAL DIVISION—(Of Account).

The proper basis is established, and we have every reason to believe that the City will be greatly benefited by it, and that the possibility of error will be reduced to the minimum.

In order to further control the handling of Cash, to classify the same in the various banks of deposit of the City, and to compel the payment of obligations from their proper cash funds, we changed the form of bank warrants used, as see "Form Exhibit No. 10."

The Mayor, Clerk and Comptroller sign and approve of the said warrants in the same manner as formerly.

The Treasurer formerly used a hand stamp across the face of the warrant to designate the bank from which the said warrant was payable, endorsing his own name and title thereon within the limits of the hand stamp.

This had a tendency to obliterate the name of the payee and amount paid, and was objected to by the banks.

To correct the fault, we have the Treasurer designate the bank drawn upon, and accept the warrant across the end of the left hand face of said warrant.

We also placed across the same end of said warrant the Cash Fund from which the same is payable, and the banks honor said warrant by payment only from cash deposited in the fund designated.

We drew the resolution authorizing the drawing upon and payment of warrants by the banks from specific cash funds, and if the method is carried out as at present, there never will be an overdraft of cash for any purpose, which is what the law directs.

The banks now understand what the City requires in the handling of cash, and are working in harmony with the Treasurer.

The law authorizes the Street Commissioner to draw an order upon the City Treasurer in favor of persons employed in the Street Department for work performed by them for the City, upon the signing of proper payroll.

It is the duty of the Treasurer to pay the orders issued by the Street Commissioner, and to keep a proper record of the account.

To reduce the work to a minimum, we designed a combination order, payroll and book of record for joint use of the Treasurer and Street Commissioner, as see "Form Exhibit No. 11."

The record is kept in duplicate, the duplicate copy being for use of the Treasurer, the original being kept by the Street Commissioner.

The Treasurer posts from his copy of the payroll to his Cash Book.

Both the Treasurer and Street Commissioner will annually have bound all current payrolls.

The payrolls are used in connection with the Petty Cash item of \$7,000.00 recently furnished to the Treasurer, and further described under the title of "The Treasurer's Office."

The Comptroller, as previously stated, now receives a copy of receipts of cash from all departments, as per "Form Exhibit No. 1."

This is the basis of entry in his accounts.

In order to assist in the control of the deposit in bank of all cash received, the Treasurer now makes out a duplicate deposit slip, designating the fund or funds to which said deposit is to be credited, as per "Form Exhibit No. 12."

After checking the deposit, the bank approves and receipts the duplicate deposit slip, returns it to the Treasurer, who files the same with the Comptroller. This gives the Comptroller proof that all receipts have been deposited in bank in the proper fund. The Comptroller keeps and has bound all deposit slips.

"Form Exhibit No. 13" shows requisition for supplies, for use of the various departments, and the order of purchase issued through the City Clerk, after approval by the Committee of Council under whose control the purchase or order belongs.

"Form Exhibit No. 14" shows the Voucher Record for use of the Comptroller in the keeping of the accounts payable.

This is a secondary and supplemental record of accounts payable, the fundamental account under the law, being that with the appropriated amounts.

All forms are made plain and simple, but sufficiently comprehensive to meet the requirements, and not increase to a great degree the labor of recording the same, as the Comptroller has no assistant.

#### GOVERNMENT AND PRESENT BUDGET CLASSIFICATION—

It has been only in recent years that a general attempt has been made to systematize and improve the records of recording operations in municipal corporations.

During the earlier history of all municipal corporations, practically all the entries necessary was to record the receipt and disbursement of money.

When public improvements, public service corporations, public parks and all other

modern municipal innovations became a necessity, some more comprehensive method of conducting the operation of the government was necessary.

The change in method has developed rapidly in the last few years, and will continue to develop for a long period of time.

Statistics are required by the "United States Government through the Department of Commerce and Labor, Bureau of the Census," of all cities with a population over thirty thousand.

At the first analysis of the records of most cities by the U. S. Government, it was compelled to compile from the City's record the information required, and the data was found to be far from satisfactorily entered in the records of the various cities.

Gradually the subject was developed, but practically all work is still compiled by the Government, as very few cities have systemized their work and accounts.

The National Association of Municipalities within the past ten years have taken up the subject, and the joint efforts of the Government and National Association have succeeded in developing a system of accounts and method of conducting the operation of municipal government that are most satisfactory.

This subject has also been taken up by several States of the Union during the same period, all efforts being made to reorganize the system and method of all municipalities of the State, along the same uniform lines, and placing the system under the control of the State.

On this same basis we have designed the system for your City, the results being recorded in the Comptroller's General Ledger.

The Budget for the year 1910-11 was made up before we began our work, and it has taken additional work to make the same conform in detail to the work mapped out.

Briefly stated, the accounts are divided into "General Divisions" as follows:

- A.—General Government.
- B.—Protection of Life, Health and Property.
- C.—Public Charity and Corrections.
- D.—Public Works.
- E.—Public Industries.
- F.—Public Education, Recreation, etc.
- G.—Public Debt.
- H.—Interest.
- I.—Taxation—Assessment.
- J.—Trust Funds.
- K.—Temporary Accounts.
- L.—Miscellaneous.
- M.—Cash.

Each of the "General Divisions" accounts have been divided into the following "Divisions":

The General Ledger of Hoboken is designed so that it will be possible to enter any or all of the "Divisions" of account above enumerated, or to add any additional classified account that may be desirable to open during the year.

The Budget classification of your City is such that it is not necessary to open accounts with all divisions designed, but the scope of the accounts is made complete.

Adjustments may be made without difficulty.

More elaborate detail could have been incorporated in the system, but we have incorporated in the system, but we have incorporated only such detail as will be necessary to a thorough understanding and control of the affairs of the City.

A bill was introduced into the New Jersey Legislature at the last session to provide for a uniform system of accounts in municipalities, the provision of the bill being similar to the bill enacted and in complete operation in Ohio, California, etc.

Apparently it will be but a short period of time until there will be a State law governing the method of operation of municipalities in this State, and when that time does come, Hoboken will have practically the system which is sure to be introduced, as there is no question but what it will be modeled after the methods now in operation, and approved by the U. S. Government.

The City will thus have the advantage of having the system installed, which is sure to be adopted by the State.

The system designed places the records and accounts in such form that they can be used under any form of government, whether it be the commission form or otherwise.

#### COMPARISON OF COMMISSION FORM OF GOVERNMENT AND GOVERNMENT CLASSIFICATION OF ACCOUNTS.

In considering the classification, method and system provided for your City, designed as to classification according to the requirements of the Department of Commerce, Bureau of the Census, U. S. Government, said government classification being approved by the National Association of Municipalities, it may be well to here insert the divisions of the so-called Commission Form of Government, known as the "Des Moines Plan for Civic Government by a Mayor and Four Councilmen," inasmuch as a law was enacted during the session of the New Jersey Legislature just closed, which authorized the adoption of the Commission Plan after certain requirements have been complied with.

The "Des Moines" form of government show divisions as follows:

The Mayor is "Superintendent of Department of Public Affairs, Legal Department, Police Court, City Clerk, Library."

One Councilman is "Supintendent of Department of Public Safety, Police Department, Fire Department, Health Department."

One Councilman is "Superintendent of Streets and Public Improvements, Engineering, Public Utilities, Bridges, Paving, Sewers, Street Lighting, Grading, Sidewalks, Curbing, Streets and Alleys, Street Cleaning, Culverts."

One Councilman is "Superintendent of Department of Accounts and Finances, Treasurer Auditor, Markets, Assessor."

One Councilman is "Superintendent of Parks and Public Property, Cemeteries, Public Buildings.

The divisions under the Des Moines plan are neither so comprehensive nor as elastic as the divisions approved by the U. S. Government.

At the same time a Commission Form of Government in any City can adopt the divisions and classifications best suited to its requirements, and could most easily make necessary additions or corrections, so as to be in accord with the U. S. Government, whose judgment will no doubt ultimately prevail.

The intention of the Government is to cause to be provided a uniform classification of

municipal accounts and operations in every City of over thirty (30,000) thousand inhabitants, and in order to provide this, it may be necessary for each State to enact laws requiring its municipalities to conform to a State supervision of the affairs of each separate municipal corporation, though this is not demanded by the U. S. Government.

The tendency is all in one direction, viz.: to provide uniform legal methods of operation, and to uplift old, time-worn, obsolete and totally unfit business methods to a plane with the modern and improved methods of a well-organized, legally and equitably operated and well-administered commercial body.

We understand that the U. S. Government authorities are closely considering the Commission Form of Government, presumably with relation to its own specially constructed and classified method, and have no doubt that any modification necessary will be made.

The Department of Commerce employs some thirty specialists who annually go to every City in the United States having a population of 30,000 or more, and they also have about the same number of specialists in Washington, who tabulate and analyze the work of the field force.

They are constantly improving their own methods and classification, and are certainly in a position to work out the best results for all cities.

The Commission Form of Government does not in any sense interfere with the work done by the U. S. Government.

Nothing can or will benefit the management or control of affairs in your City, as will the present system installed, based on U. S. Government requirements.

The Commission Form of Government is a means toward an end, but is not a principal factor towards the best method of operation and control as has been determined by those factors which are best qualified to judge.

Working in harmony, they would produce better results probably, but the determining factor is the classification and control by Government methods.

Your City will have the proper foundation for correct work, whether it adopts an entirely new Charter, or the Commission Form of Government, or retain the old form.

Either one can be made to easily conform to the methods and classification we have prepared for you, and which are now in operation.

#### FISCAL YEAR OF THE CITY AND COUNTY.

The fiscal year of the City begins the first Monday in May of each and every year.

The fiscal year of the County begins the first day of December of each and every year.

The Budget of the City provides money for operating and other expenses during its own fiscal year, including the annual tax for County purposes to be provided through said Budget.

The City is compelled to borrow money for said operating expenses, from May to December of each year, in anticipation of the collection of taxes which become due and payable in December of each year.

There was borrowed during the fiscal year 1910-11, on account of said operating expenses, \$432,000.00.

This matter was not optional with the City authorities, but compulsory, and cost the said City \$7,020.69 for interest on the temporary loans.

If the fiscal year of the City and County covered the same period, the City would save the interest on borrowed money which each year must be made good through the Budget of the succeeding year.

There is also a serious question raised as to the period for which the county tax is provided, as compared with receipts and disbursements of cash by the City for its own fiscal year purposes.

The special legislative committee appointed last year to examine into school matters, brought up the same question in regard to the fiscal year of the Board of Education and suggested that the said fiscal school year should be made the same as the County and State, instead of beginning in July of each year.

If the question of the fiscal year of the City and County was definitely determined and fixed for the same period, it might very materially change the amount due the County for the period of the City fiscal year.

The said question is of such importance to this City, and other Cities of the State, as to merit inquiry and definite settlement, and a final change to one period for all departments of government in the State.

## CONCLUSION.

In conclusion, we beg to say that we have been assisted in many ways by the kind attention of every Department of the City.

Absolutely no hindrance or obstruction has been placed in our way by any employee of the City.

There has been an under-current of opposition from some sources outside of the Departments that should not have been advanced, as the reasons therefor were plain and apparent.

The findings are the result of our own labor and knowledge. No advice or suggestions have been asked for or received from any officer or Department of the City that did not refer to the legal working and practical technical operation of the City Government. Personal interest in the same was not sought for, or desired by any Department.

No advice or suggestions have been asked, or sought for, from outside civic bodies or associations, and none have been accepted, though offered in one form or another.

The letter of the law and the best modern practice have been our guide alone, and not how is this or that individual or interest affected.

IT IS NOT NECESSARY TO ISSUE BONDS TO MAKE GOOD ANY SHORTAGE OR DEFICITS, FOR NONE EXIST. ASSETS HANDLED PROPERLY AS NOW FORMULATED ARE SUFFICIENT TO MEET ALL OBLIGATIONS, AND THE MATTER IS NOW A QUESTION OF PROPER FINANCIERING.

THE APPARENT ASSAULT OR ATTACK ON THE CREDIT OF THE CITY OF HOBOKEN WAS WITHOUT WARRANT OF FACT, WAS UNJUSTIFIED, WAS LIBELOUS TO THE CREDIT OF THE CORPORATION, AND APPARENTLY COMES WITHIN THE LAW OF SUCH ATTACKS.

WE ARE AWARE OF THE CONDITIONS EXISTING IN YOUR CITY, FROM ITS INCORPORATION TO THE PRESENT TIME, AND THE RESULTS AS NOW SET FORTH IN THE BOOKS OF ACCOUNT, AND THIS REPORT, CLEARS UP AND BALANCES ALL ACCOUNTS AND THE WORKINGS OF ALL DEPARTMENTS, THUS GIVING A FIRM FOUNDATION TO PREDICATE ALL FUTURE OPERATIONS UPON.

THE OPERATION OF THE CITY, AND ITS FINANCIAL CONDITION, REQUIRE ATTENTION IN THE FUTURE IN ORDER TO RETAIN THE GOOD RESULTS NOW SECURED.

PROPER ADVICE SHOULD BE AT COMMAND AT ALL TIMES. THIS DOES NOT MEAN THEORETICAL ADVICE BASED UPON CONCLUSIONS ARRIVED AT WITHOUT PROPER LEGAL FOUNDATION, AS HAS BEEN OFFERED IN SOME CASES.

Respectfully submitted,

EUGENE SHINN,  
HARRY F. SHINN.

Councilman Larkin moved that the report be received, spread in full on the minutes, and that the Clerk be directed to have five hundred copies printed for distribution.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, La Pointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman Duffy.

On motion of Councilman Wren the report was received and the claims ordered paid by the following vote:

Ayes—Councilmen Belloff, Delaney, La-Pointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman Duffy.

The following report and resolution was presented and read:

To the Honorable the Mayor and Council of the City of Hoboken, N. J.

Gentlemen—Your Committee on Finance and Salaries, to whom was referred the several bids for the purchase of one hundred and twenty-five thousand (\$125,000) dollars, bonds of the City of Hoboken, for the extension, alteration, enlargement, furnishing and equipment of the City Hall, beg leave to report that they have carefully examined the same and find the one of Estabrook & Co., 24 Broad street, New York, the highest and most advantageous, and in the judgment of your committee it is in the best interest of the city to accept the same, and would therefore offer the following:

Whereas, The Common Council did upon May 17, 1911, pass a resolution directing the City Clerk to advertise according to law for the purchase of bonds of the City of Hoboken to the amount of one hundred and twenty-five (\$125,000) dollars, for the purpose of the extension, alteration and enlargement of the City Hall, and the necessary furnishing and equipment thereof, which resolution was vetoed by the Mayor upon May 20, 1911, and his veto submitted to the Council upon May 24, 1911, and which resolution was upon said May 24, 1911, taken up by the Council and passed over said veto; and

Whereas, Due public notice was given in accordance with the terms of said resolution, and bids for the purchase of the aforesaid bonds were duly submitted to the Council upon June 28, 1911, and the bid of Estabrook & Co., of 24 Broad street, New York, was

the highest bid submitted; therefore be it

Resolved, That the one hundred and twenty-five thousand (\$125,000) dollars, bonds of the City of Hoboken, authorized by an ordinance entitled "An ordinance providing for the extension, alteration and enlargement of the City Hall building in the City of Hoboken, and the furnishing and equipment thereof, and authorizing the issuance of bonds of said city in the sum of one hundred and twenty-five thousand (\$125,000) dollars for such purpose, passed by the Council June 14th, 1911, which ordinance was vetoed by His Honor Mayor Gonzales June 19th, 1911, and which veto was presented to the Council June 20th, 1911, and which was taken up by the Council and passed over said veto and also by an Act of the Legislature of the State of New Jersey, entitled "An Act to enable cities in this State to extend, alter, enlarge, furnish and equip city hall buildings," approved May 1st, 1911( be and they are hereby awarded to Estabrook & Company, of 24 Broad street, New York, at their bid of 105,851 and accrued interest for each one hundred dollars par value thereof, and the Treasurer is hereby authorized and directed to deliver said bonds when duly executed to Estabrook & Company on the receipt of the amount of their bid therefor and accrued interest.

AUGUST T. PFLUGH,  
LOUIS H. BELLOFF,  
JOHN DELANEY.

On motion of Councilman Wren the report was received and the claims ordered paid by the following vote:

Ayes—Councilmen Delaney, Duffy, La Pointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman Belloff.

The following communication from His Honor Mayor Gonzales was presented and read:

To the Council.

Gentlemen:—

I return herewith without my approval resolution directing the Street Commissioner to notify the New York Switch and Crossing Company to remove their tracks on Madison street, between Fifteenth and Sixteenth streets, and on Fifteenth street.

If this company using that short track is not entitled to the use of that dead end of the street, certainly the Junction Railroad and the Erie Railroad are not entitled to use the whole of Seventeenth street, and it is a pity that your council cannot find anything other than that, and not have your city attorney bring a proper ejectment suit against the railroad companies in the Seventeenth street property, which they have no claim to. Why is it this small business concern is selected on tracks which are of no interference to anybody in the city, and the Junction Railroad Company allowed to occupy blocks of streets?

Respectfully,

GEORGE GONZALES,  
Mayor.

Dated July 12, 1911.

Councilman Delaney moved that the communication be received and the resolution

be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Delaney, Duffy, La Pointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman Belloff.

To the Council.

Gentlemen:—

I return without my approval resolution directing the city clerk to draw a warrant to his own order for the sum of \$2,240, for the payment of election officers and rent of polling places for the special election held on June 27 last.

Also resolution directing the city clerk to draw a warrant to his own order for the sum of \$200 for the payment of services rendered in the conduct of the special election held June 27, 1911.

Respectfully,

GEORGE GONZALES,  
Mayor.

Dated July 12, 1911.

Councilman Larkin moved that the communication be received and that the resolution directing the City Clerk to draw a warrant to his own order for the sum of \$2,240 for the payment of the election officers and rent of polling place for the special election, held June 27, 1911, be passed notwithstanding the veto of His Honor the Mayor.

The following communication from His Honor Mayor Gonzales was presented and read:

To the Council.

Gentlemen:—

I return without my approval resolution

from the Committee on Finance awarding to Estabrook & Company the purchase of the City Hall improvement bonds.

Respectfully,

GEORGE GONZALES,

Mayor.

Dated July 12, 1911.

Councilman Wren moved that the communication be received and the report and resolution be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Delaney, Duffy, La-Pointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman Belloff.

The following communication from His Honor Mayor Gonzales was presented and read:

To the Council.

Gentlemen:—

The enclosed claims are returned without my approval.

The claim of Louis Bender for goldfish furnished the parks, dated June 28, 1909, I would call your attention to the date. If this claim were a just one, why should it not have been paid long ago? Why wait until now for the payment of a just claim? Over two years.

The claim of the assessors for carriage hire I return without my approval, and extra clerk hire, viz: carriages, \$128, and extra clerk hire, \$27.

Hoboken at one time was assessed by one assessor, who assessed the whole of the property. It has not grown in area since, and this clerk and carriage hire is a modern innovation which should not be approved of. If the assessors intend enlarging upon this principle, I expect the next bill will be for perambulators to wheel the assessors around through the streets and sidewalks. We have five assessors and one clerk, drawing one hundred dollars per month each the year round, and I believe that each one of the assessors is engaged and has engagements which occupy most of their time at their private business, and it appears that there are but a few weeks in which they make this periodical assessment, and for the short time they are in actual service there is no need for this extravagance. There is not one of the assessors who would hire a horse and carriage to take him around on his own business at any time through the city of Hoboken, covering a few blocks, and I also disapprove of the bill because I find the date of one way back on June 23, 1908.

The assessors should pay this bill for hire

of carriages and extra clerk.

The claim of James Smith, extra laborer in parks, I return without my approval, as I do not consider it right that the city of Hoboken should pay for men who are good only for political workers. This \$48 per week is a wilful waste.

I also return without my approval the claim of William P. Smith Sons Co., for failing to raise the public bath. I understand that this matter is litigated by the city and is now in the District Court for trial, and if there is a just defense, or any defense, is it not the duty of the Council to call upon the corporation attorney to defend this case?

Respectfully,

GEORGE GONZALES,

Mayor.

Dated July 12, 1911.

Councilman Wren moved that the communication be received and that the claim of Louis Bender, for \$7, for gold fish, etc., furnished Church Sq. Pak, be paid, notwithstanding the veto of His Honor the Mayor.

The following report of the Board of School Estimate of the Council, was presented, read and received:

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—The members of the Common Council appointed by the Council to serve upon the Board of School Estimate do hereby report to your Honorable Body that the sum of \$427,856.96, fixed and determined as necessary for the use and maintenance of the Public Schools of the City of Hoboken for the year commencing July 1, 1911, and ending June 30, 1912, by Mayor George Gonzales and his two appointees to the Board of Education, Messrs. John H. Sheridan and E. F. Muzzi, is grossly excessive, and if appropriated by your Honorable Body would be a shameful waste of the city's moneys.

The amount of \$301,286.96, fixed for teachers' salaries, covers and includes a proposed increase in the salary of City Superintendent A. J. Demarest. He is now being paid the adequate salary of \$3,500 per annum. The Board of Education has not formally and legally increased his salary for the fiscal year commencing July 1, 1911, a month of which has practically ended now. If the contemplated increase was a meritorious one, the Board of Education should have openly gone on record and passed the requisite resolution, instead of trying to surreptitiously sneak through an increase of \$500 in the salary of the City Superintendent, trusting that it would not be noticed in the aggregate amount fixed as aforesaid.

We are heartily in accord with the increased salaries of the teachers included in the increased amount for teachers' salaries, because they do the actual work and are entitled to the most liberal consideration in return for the splendid services rendered by them.

The amount to be raised by taxation for teachers' salaries should therefore be \$300,786.96 instead of \$301,286.96.

The amount fixed for janitors and officials \$27,620, should be reduced \$2,400, and there should be raised by taxation but \$25,220 for

that purpose, instead of \$27,620. This excessive amount fixed by the Mayor and his two appointees is doubtless an oversight and due to forgetfulness. The Mayor has probably forgotten that, with a blast and much noise, under the pretense of economy, he abolished the positions of two truant officers who were each paid a salary of \$1,200 per annum. True it is that when he thus pretended to save the city the amount formerly paid the truant officers, he immediately created the positions of five additional policemen and two detectives to do the work of the two truant officers, without any demand from the public for such additional officers, thereby creating and spending the aggregate salaries of \$7,500 to save \$2,400.

The Mayor has doubtless forgotten that the truant officers were abolished and has inserted their salaries, which, of course, must now come out, and the amount of the salaries, in truth and in sincerity, be saved to the city.

The amount as fixed for coal and wood, \$9,500, is entirely too much for heating nine school buildings for four months during the school hours. The sum of \$8,000 is sufficient for that purpose.

The amount for repairs, \$17,000, is grossly excessive. What need can there be to expend that enormous sum of money during this year? The school buildings numbers 7, 8 and 9 and the High School Building are new, and surely they do not contemplate making repairs to new buildings. The sum of \$10,000 is amply sufficient for repairs.

The amount of \$2,000 for equipment should be omitted. What does equipment mean? Whatever it may be, it is surely covered by the other items of expense.

The amount for assistant help at High School, \$5,500, is excessive by the sum of \$1,000.

We figure that in addition to the janitor and to assist him there should be four cleaners at \$50 per month, one engineer at \$1,200 per annum, and one fireman at \$900 per annum, making in all \$4,500 instead of \$5,500.

The sum of \$3,000 for supplies to the High School should be omitted. The sum of \$17,000 for supplies for the schools includes the supplies for the High School. \$17,000 was the amount appropriated last year for supplies for the schools and the High School, and such contemplated increase of \$3,000 for supplies is very improper and wasteful.

The sum of \$12,000 for appointments is a new one and should be entirely omitted. The teachers' salaries have been provided for

47 the sum of \$300,786.96, the salaries of janitors and officials have been provided for in the sum of \$25,220 and there is no need for any further appointments, especially to the tune of \$12,000

We have the same number of school buildings as last year and practically the same number of pupils, and yet Mayor Gonzales and his two appointees, Messrs. Sheridan and Muzzi, comprising amajority of the Board of School Estimate, demand an increased appropriation of \$53,623 over the amount required last year for similar purposes.

After giving the entire matter serious consideration, and comparison with the figures of former years, we respectfully report that the sum of \$29,400 should be saved to the people from the items we have enumerated, and that the increase then still remaining of \$24,000 is a sufficient increased appropriation for the cost of the school government in Hoboken in any one year.

JAMES G. LARKIN.

GEORGE LA POINTE,

The following resolution was presented and read:

Resolved, By the Mayor and Council of the City of Hoboken, that there be and there is hereby appropriated for the use and maintenance of the public schools of the City of Hoboken for the fiscal year commencing July 1st, 1911, and ending June 30th, 1912, the sum of \$156,482.27, which amount is to be raised by taxation, and is made up and comprised of the following items, viz.:

June, 1911 .....	262.00

\$11,765.00

And be it further resolved that the Corporation Attorney be directed to prepare a supplemental tax ordinance providing for the assessment and collection of the aforesaid amounts of money by taxation as a part of the annual tax for the year 1911, in the City of Hoboken, in addition to the amounts provided for in the ordinance passed June 28th, 1911.

(Signed) JOHN J. DELANEY.

On motion of Councilman Larkin, the above resolution was adopted by the following vote:

Ayes—Councilmen Belloff, Duffy, Delaney, Larkin, LaPointe, McFeely, Pflugh and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman Wren.

A supplement to an ordinance entitled "An ordinance to provide for the assessment and collection of the annual tax for the year nineteen hundred and eleven, in the City of Hoboken, passed June 28, 1911.

Councilman Larkin moved that the ordinance be taken up for its first reading and read.

Adopted.

Councilman Larkin then moved that the ordinance pass its first reading as read.

Adopted by the following vote:

Ayes—Councilmen Belloff, Duffy, Delaney, Larkin, LaPointe, McFeely, Pflugh and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman Wren.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—I return without my approval resolution directing the City Clerk to advertise for bids for alterations and enlargement

of the City Hall, and call the attention of your Council again to the fact that the alterations as proposed to be made are such as not only to destroy the effect of the architecture of the building at present, but also will, if allowed to go to the extent of expending the amount of money which has been appropriated, be an extravagance.

The attention of your Council has been called from time to time to the fact that the basketball room, called the Armory, that the persons there can be removed therefrom and sufficient room made throughout the City Hall at little cost and expense.

Respectfully,

GEORGE GONZALES,  
Mayor.

Dated July 25th, 1911.

Councilman Larkin moved that the communication be received and the resolution relating to the map, plans and specifications for the extension, alterations and enlargement of the City Hall be accepted and adopted, also directing the City Clerk to advertise for bids for the same, be passed, notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Duffy, Delaney, Larkin, LaPointe, McFeely, Pflugh and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman Wren.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—I return without my approval, resolution directing the City Clerk to draw warrant for the sum of seventy dollars to pay expenses incurred by the Legislative Committee.

Expenditures of this kind should be itemized, and I will not sign the warrant until a proper bill of particulars is furnished.

Respectfully,

GEORGE GONZALES,  
Mayor.

Dated July 20th, 1911.

Councilman Larkin moved that the communication be received and that the resolution directing the City Clerk to draw a warrant for the sum of \$70, in favor of John A. Cross, for to pay expenses incurred by the Legislative Committee of the Council, be passed, notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk and Chairman Wren.

Absent—Councilman Wren.

The following communication from His

Honor the Mayor, was presented and read:  
To the Council.

Gentlemen—I return without my approval, the report and the resolution of the Committee on Sewers accepting the improvement on the First street sewer, between Park avenue and Marshall street.

Your Council, and in fact every citizen knows that the sewer on First street was not built according to plans and specifications on file and to which the contractor agreed and bonded himself to do, and a committee to report in the face of all the agitation, and the fact that there were two blocks left without piles in a section known as the meadows, where piling was an absolute necessity to hold the sewer in place, as a previous sewer, which was a wooden box sewer had become humped, and now to put down a cement sewer and leave out two blocks of piling seems to be such an outrageous offense against the community that there is no excuse for the committee of this Council to report accepting such a piece of work; but, I suppose it is consistent with the way the Council has performed its duties since I have been in office, but I am unable to allow this matter to pass without comment. The usual votes will pass it over my veto, I expect.

Respectfully,  
GEORGE GONZALES,  
Mayor.

Dated July 25, 1911.

Councilman LaPointe moved that the communication be received and that the report and resolution of the Committee on Sewers, accepting the improvement on First street sewer, between Park avenue and Marshall street, be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilman Wren.

The following communication from His Honor the Mayor, was presented and read:  
To the Council.

Gentlemen—The enclosed claim for automobile hire, I return without my approval.

The impertinence of the parties who put in a claim for automobile hire to take them about at election time is beyond my comprehension and your Council to pass a bill of this kind seems to have lost all sense of decency, to deliberately pass this illegal claim.

Respectfully,  
GEORGE GONZALES,  
Mayor.

Dated July 25, 1911.

Councilman Belloff moved that the communication be received, and that the claim of George Capelli, for \$40, for use of automobile for Special Election held June 27, 1911, be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk and Chairman Anderson.

Nays—None.

Absent Councilman Wren.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—I return without my approval, resolutions that the Committee on Streets be directed to engage a civil engineer to make a survey of all tracks on the streets of the city at grade and report same to the Council.

If anybody can read between the lines of this resolution and know the extent—the parties who had this resolution introduced will go to—it is evident it was not done for a good purpose, because there is upon record at the City Hall in the City of Hoboken, every evidence which can be had or obtained now, of all tracks which are upon grade line in the City of Hoboken, and the additional expenses of a civil engineer, making grade tracks is an extravagant waste of money.

Respectfully,

GEORGE GONZALES,

Mayor.

Dated July 25, 1911.

Councilman Delaney moved that the communication be received, and that the resolution, that the Committee on Streets be directed to engage a City Engineer, to make a survey of all tracks on the streets of the city at grade, and report same to the Council, be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk and Chairman Anderson.

Nays—None.

Absent—Councilman Wren.

ing:

Resolved, by the Common Council of the  
City of Hoboken that we do hereby renew  
our request to the Board of Education of  
the City of Hoboken that they permit either  
Architect, Charles Fall to inspect and make  
an examination of school building number  
one to the end that, if possible, the building  
may be saved from demolition and be prop-  
erly repaired for the accommodation of the  
city's school children, or such other com-  
petent architect as said Board of Education  
may select to make such examination, and  
that we do further request said Board of  
Education to reconsider its pending applica-  
tion for the sum of \$150,000 to be used for  
the erection of a new school building and  
for the sum of \$60,000 for the purchase of  
lands whereon the same may be erected, as it  
is clearly apparent that public opinion is op-  
posed to any such expenditure at the pres-  
ent time, and be it further

Resolved, That should the report of such  
architect show that, said building may be

properly and adequately repaired, that he  
approximate and estimate the cost of mak-  
ing such repairs, and that we hereby sig-  
nify our willingness to appropriate and raise  
such reasonable amount of money as may  
be necessary to suitable repair school build-  
ing number one in order that the same may  
be ready next September, if possible, for at-  
tendance by our school children, and be it  
further

Resolved, That the City Clerk send a copy  
of this resolution to the Board of Education  
to be presented at its next meeting, and that  
said Board of Education be requested to  
make a reply thereto forthwith.

presented, read and referred to the Board of School Estimate.

The following communication was presented and read:

To the Honorable the Common Council of the City of Hoboken, N. J.:

Gentlemen:

Recently, His Honor Mayor Gonzales went out of his way in a communication to your honorable body to criticize my actions as a member of the Council in connection with a proposition for the Council to enter into a five years' contract at \$30,000 a year with St. Mary's Hospital for the care of the city's sick, and an up-to-date automobile ambulance service.

If before making that criticism the Mayor had taken the precaution to familiarize himself with the facts, the criticism probably would not have been made. Among other things, the Mayor said:

"At no time has the demand been made by the hospital authorities for more than \$18,500, and I am sorry to see that the representative from the Second Ward, who has been the exponent of economy, has taken up this cause in the manner in which he has, without any knowledge of the exact state of affairs."

To be charitable, this misstatement must be attributed to ignorance. I did not vote for the contract until I had fully acquainted myself with the facts and conditions which are set forth in the following table:

May, 1909, to May, 1910.	City Charity Patients Admitted.	Attended and Treated Free of Charge.	Charged to City.	No. of Days Attendance Charged.
May..... 1909	96	44	52	1,574
June..... 1909	110	43	62	1,644
July..... 1909	111	40	71	1,634

November 1909	97	34	63	1,726
December. 1909	102	25	77	1,666
January.. 1910	123	63	60	1,717
February. 1910	129	75	54	1,530
March.... 1910	132	73	59	1,491
April.... 1910	132	77	55	1,428
	1,356	558	793	19,830

May, 1910, to  
May, 1911.

May..... 1910	135	80	55	1,490
June..... 1910	104	51	53	1,360
July..... 1910	107	38	69	1,407
August... 1910	105	37	68	1,603

September 1910	102	46	56	1,417
October... 1910	88	36	52	1,325
November. 1910	103	39	64	1,578
December. 1910	114	53	61	1,613
January.. 1911	124	61	63	1,789
February. 1911	124	67	57	1,553
March.... 1911	117	49	68	1,540
April.... 1911	95	28	67	1,798
	1,318	585	733	18,473

The above figures are taken from the official records of the hospital, and are therefore authentic. These records also show that bills from May, 1909, to May, 1910, amounted to \$19,830, and from May, 1910, to May, 1911, they amounted to \$18,473. Patients were charged for at the rate of one dollar per day since June 25, 1908.

The records show that of the 1,318 charity patients admitted to the hospital from May, 1910, to May, 1911, 733 were charged to the City and 585 were cared for gratuitously. Of the 1,356 patients admitted from May, 1909, to May, 1910, 793 were charged to the city and 558 were cared for gratuitously.

The records of the outdoor department (clinic) show an average of from twenty to thirty minor dressings daily, which makes the total treated about 9,000 annually. No pay is received for this treatment.

In addition to this work, the hospital provides about twenty-five poor families with food three days each week, except during the months of June, July and August. The hospital also cares for from thirty to thirty-five orphan girls, the parents of nearly all having died in the hospital. These orphans are in a wing of the institution.

What the Council has agreed to pay St. Mary's Hospital for the care of the sick is about one dollar a day. It costs \$1.88 a day for the same attention at Christ Hospital, Jersey City, and at the Presbyterian and Roosevelt Hospitals in New York the cost is \$3 and \$3.50 per day. Dr. Lampson, superintendent of the Jersey City Hospital, reports the cost of maintenance is \$1.83 per day, including all expenses except interest on the plant.

In its annual report, the Paterson General Hospital Association states that it costs the hospital \$1.66 per day for each patient, and the total cost of maintenance for 1910 was \$60,801.46.

It will be seen by the reports of the cost of maintenance at other hospitals that the City of Hoboken has been exceedingly fortunate in making a five years' contract for \$30,000 a year, which is less than one half what the City of Paterson pays and nearly one-half of the rate of cost of maintenance

at Christ and the Jersey City Hospitals.

In conclusion, I would respectfully suggest that hereafter where His Honor the Mayor desires to criticise members of this Council, that he first possess himself of all the facts in the matter that troubles him.

Respectfully,

ANTHONY J. VOLK.

Councilman Delaney moved that the communication be received and entered in full on the minutes.

The following communication from His Honor the Mayor was presented, read and received:

To the Council:

Gentlemen—Enclosed resolution is returned without my approval. This resolution, like a number of others that have been passed by this Board, I do not believe were passed by your Honorable Board in good faith.

The expenses which the city has been put to in the past, and in particular in relation

to the actions of your Board on this resolution have been great, and if the individual members of this Board were obliged to pay for expenses of this kind they would certainly go slow, but as the taxpayers are obliged to pay for it and you go under the supposition that it is a nine-days' wonder and will be forgotten.

Respectfully,  
GEORGE GONZALES,  
Mayor.

Aug. 1, 1911.

JOHN J. DELANEY.

The following communication from His Honor the Mayor was presented and read:

August 1, 1911.

To the Council.

The enclosed resolution I return without my approval.

GEORGE GONZALES,  
Mayor.

Resolved, By the Common Council of the City of Hoboken that we do hereby renew our request to the Board of Education of the City of Hoboken that they permit either Architect Charles Fall to inspect and make an examination of school building No. 1, to the end that, if possible, the building may be saved from demolition and be properly repaired for the accommodation of the city's school children, or such other competent architect as said Board of Education may select to make such examination, and that we do further request said Board of Education to reconsider its pending application for the sum of \$150,000 to be used for the erection of a new school building, and for the sum of \$60,000 for the purchase of lands whereon the same may be erected, as it is clearly apparent that public opinion is opposed to any such expenditure at the present time; and be it further

Resolved, That should the report of such architect show that said building may be properly and adequately repaired, that he approximate and estimate the cost of making such repairs, and that we hereby signify our willingness to appropriate and raise such reasonable amount of money as may be necessary to suitably repair school building No. 1 in order that the same may be ready next September, if possible, for attendance by our school children; and be it further

Resolved, That the City Clerk send a copy of this resolution to the Board of Education, to be presented at its next meeting, and that said Board of Education be requested to make a reply hereto forthwith.

JOHN J. DELANEY.

Councilman Delaney moved that the communication be received and the resolution be passed notwithstanding the veto of His Honor the Mayor.

Requisition from the Board of Fire Commissioners for the sum of \$5,881.75, to pay salaries, etc., of the fire department for the last half month of August, 1911, was presented, read and referred to the Committee on Fire and Water.

Requisition from the Board of Fire Commissioners for the sum of \$4,786.89, to pay salaries of the fire department for the first half month of September, 1911, was presented, read and referred to the Committee on Fire and Water.

Requisition from the Board of Playground Commissioners for the sum of \$105.21, to pay current expenses of said Board, was presented, read and referred to the Committee on Finance and Salaries.

Requisition from the Board of Playground Commissioners for the sum of \$495.53, to pay current expenses of said Board, was presented, read and referred to the Committee on Finance and Salaries.

Requisition from the Board of Playground Commissioners for the sum of \$178.50, to pay current expenses of said Board, was presented, read and referred to the Committee on Finance and Salaries.

Requisition from James Smith, City Treasurer, for the sum of \$9,407.50, to pay interest on bonded debt due on September 1, 1911, was presented, read and referred to the Committee on Finance and Salaries.

Requisition from the Board of Health for the sum of \$500, to pay current expenses of

said Board, was presented, read and referred to the Committee on Finance and Salaries.

The following report and resolution of the Board of School Estimate of the Council was presented and read:

Whereas, Mayor Gonzales and his two appointees to the Board of School Estimate, Messrs. Sheridan and Muzzi, fixed and determined the amount of money to be raised by the Mayor and Council for school purposes at the sum of \$185,882.27, for the fiscal year commencing July 1, 1911, which sum was grossly excessive, as was pointed out by the minority members of the Board of School Estimate, Messrs. Larkin and LaPointe, in their report submitted to the Council at its meeting on July 26, 1911, which important fact and truths set forth and contained in said report were never denied or in any manner contradicted by Mayor Gonzales; and

Whereas, The Common Council endeavored to save to the people of Hoboken the sum of \$29,400, by passing an ordinance on its first reading providing for a bond issue of but \$156,482.27, instead of \$185,882.27, as requested by Mayor Gonzales and his members of the Board of School Estimate; and

Whereas, The Board of Education of the City of Hoboken instituted mandamus proceedings to compel the Council to raise the sum of \$185,882.27, as fixed by the Mayor and Messrs. Sheridan and Muzzi; and

Whereas, At the hearing of the mandamus proceedings before the Justice of the Supreme Court hearing the same, the extravagant and wasteful items pointed out in the report of the Councilmanic members of the Board of School Estimate, constituting and making a clear waste of \$29,400, were urged by the Assistant Corporation Attorney, appearing for the Council, in opposing the application for said mandamus, and were duly considered by the Court; and

Whereas, The Court in announcing its opinion and decision held that, allowing that the Council was correct as to the facts and assuming that the amount appropriated and fixed by Mayor Gonzales and his appointees Sheridan and Muzzi was extravagant, wasteful and excessive by the sum of \$29,400, nevertheless the school law was so framed by the Legislature that the Council was not permitted to modify or set aside the action of the Board of School Estimate, and that according to the school law it was necessary for the Council to raise the exact amount of money fixed by said Board; and

Whereas, A writ of mandamus has been issued out of the Supreme Court directing the Council to raise the amount of money

fixed by Mayor Gonzales and Messrs. Sheridan and Muzzi, and although the Council greatly deplores the waste of \$29,400 of the taxpayers' money, and although the Council has done all that it could do to save the city's money, yet it now becomes necessary for the Council to obey the writ of mandamus obtained by the Board of Education as aforesaid, but nevertheless the unnecessary waste of at least \$29,400 is pointedly and directly brought home to the only persons responsible therefor, viz., the Mayor and his two appointees, Messrs. Sheridan and Muzzi; therefore be it

Resolved, That the Corporation Attorney be directed to prepare such ordinance or ordinances as will carry out the direction of the various writs of mandamus issued against the Mayor and Council of the City of Hoboken at the suit of the Board of Education, and submit the same for passage at the next meeting of the Council.

JAMES G. LARKIN,  
GEORGE LAPOINTE.

Absent—Councilman Pflugh.

Councilman Wren presented the following:

Whereas, Various prominent citizens of Hoboken engaged Mr. Samuel A. Besson as counsel to make application to the Court to restrain the Board of Education from demolishing School Building No. 1, which application was made and denied; and

Whereas, We commend and appreciate the spirit and efforts of said citizens in expending their own money to save the city's property; and

Whereas, Said citizens are desirous that further legal steps be taken by their counsel,

Mr. Besson, to save the city's property from destruction; and

Whereas, We feel it just and proper that the costs and expenses involved in saving the public property should be paid by the city and not by any individuals, therefore be it

Resolved, That Mr. Samuel A. Besson be and he is hereby retained and engaged as special counsel to act with the Corporation Attorney to take any legal steps he may deem advisable to prevent the destruction of No. 1 School Building, and that his bill for services and costs be paid by the Mayor and Council.

Adopted by the following vote:

Whereas, The Mayor and Council of the City of Hoboken, by ordinance dated June twenty-eight, one thousand nine hundred and five, did, at the request of the Stevens Institute of Technology, vacate a portion of River street north of Sixth street, of Seventh east of Hudson street, and of a certain alley running easterly from Hudson street, between Sixth and Seventh streets, which said lands are fully described in the said ordinance, to the use of the said Stevens Institute of Technology; and,

Whereas, It appears that in and by the said ordinance under which the said grant was made to the said Stevens Institute of Technology that the said lands would be used for the purpose of the said Institute in accordance with certain plans filed at that time by the said Stevens Institute of Technology with the City Clerk of the City of Hoboken, and that by accepting the terms of the said ordinance the said Stevens Institute of Technology agreed that there would be no modifications or change from the use of the lands as outlined in said ordinance and shown by said sketch without the submission of such proposed modifications to the Mayor and Council of the City of Hoboken and subject to their consent and approval; and,

Whereas, It appears from plans submitted by the said Stevens Institute of Technology to the Inspector of Buildings of the City of Hoboken that it, the said Institute, intends to build on part of the said lands a large and unsightly grand stand, which said purpose is a variation of the plans submitted as aforesaid, and which said variations has not been submitted to or approved by the Mayor and Council of the City of Hoboken; and

Whereas, The erection of such a structure would be injurious as affecting the property values of neighboring property and be of itself in a nature of a public nuisance; therefore, be it

Resolved, That the Corporation Counsel be and is hereby instructed to take such steps as may be necessary to compel the Stevens Institute of Technology to abide by the terms of the ordinance above referred to; and it is further

Resolved, That the Building Inspector of the City of Hoboken be and he is hereby directed to withhold from the said Stevens Institute of Technology a permit for the erection of the proposed structure or grand stand until the plans therefor shall first have been submitted to and approved of by the Mayor and Council of the City of Hoboken.

To the Honorable the Mayor and Council:  
Gentlemen—Your Committee on Public Grounds and Buildings, to whom was referred the several proposals for the alterations and new additions to the City Hall Building beg leave to report that they have carefully examined the same and find the one of Paul J. Exner Company, the lowest and would therefore offer the following:

Resolved, That the contract for the alterations and new additions to the City Hall Building be and the same is hereby awarded to Paul J. Exner Company, at the price named in their proposal, viz., One hundred and fourteen thousand six hundred dollars; and further

Resolved, That the Corporation Attorney be and he is hereby directed to prepare the necessary bond and agreement for doing said work, and also that the City Clerk be directed to place all other proposals for doing said work on file.

JAMES G. LARKIN,  
GEORGE LA POINTE,

L. H. BELLOFF,

Committee.

On motion of Councilman Larkin the report was received and the resolution adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following report and resolution was presented and read:

To the Honorable the Mayor and Council:

Gentlemen—Your Committee on Public Grounds and Buildings, to whom was referred the several proposals for the furnishing of coal and wood to the Mayor and Council, beg leave to report that they have carefully examined the same and find the one of W. L. Kamena the lowest and would therefore offer the following:

Resolved, That the contract for the furnishing of coal and wood to the Mayor and Council be and the same is hereby awarded to W. L. Kamena, at the price named in his proposal, viz., \$5.15 per ton, and \$13.50 per cord wood; and further

Resolved, That the Corporation Attorney be and he is hereby directed to prepare the necessary bond and agreement for doing said work, and also that the City Clerk be directed to place all other proposals for doing said work on file.

JAMES G. LARKIN,  
GEORGE LA POINTE,

L. H. BELLOFF,

Committee.

On motion of Councilman Wren the report was received and the resolution adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Lapointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

The following agreement between the Mayor and Council and Sisters of the Poor of St. Francis, was presented, read and received:

This agreement, made this first day of July, in the year of Our Lord one thousand nine hundred and eleven, between the Mayor and Council of the City of Hoboken, a municipal corporation, of the first part, and Sisters of the Poor of Saint Francis, a corporation of the State of New Jersey, operating a hospital in the City of Hoboken, County of Hudson and State of New Jersey, known as "Saint Mary's Hospital," of the second part, witnesseth:

That the said party of the second part, in consideration of the sum of one (\$1.00) dollar, and the price hereinafter agreed to be paid for rendering service and furnishing the appliances and equipment hereinafter specified, hereby agrees with the said party of the first part as follows:

1. To render medical and surgical care and treatment, as far as the capacity of its hospital will afford, to persons required by the City of Hoboken to be cared for and treated at public expense, as may be required from the physicians, surgeons and attaches in attendance in the hospital of the party of the second part, by the party of the first part through its lawful representatives for the period of five years from July first, nineteen hundred and eleven; and to furnish a modern automobile ambulance and provide therewith such medical and surgical equipment as may be necessary; also to furnish with said automobile ambulance such chauffeurs as may be necessary for the proper operation thereof; also to provide suitable accommodations upon the property of the party of the second part for the care and maintenance of said ambulance; also to provide a physician and surgeon who will accompany said ambulance whenever it is called upon for service and who will render such medical and surgical care and attention as may be required; all of which in accordance with a proposal presented to the party of the first part by the party of the second part, on the seventh day of June, nineteen hundred and eleven, and now on file in the office of the City Clerk of the City of Hoboken.

2. It is hereby agreed that the party of the second part shall not be required hereunder to receive or care for persons suffering from insanity, smallpox, leprosy, venereal diseases, obstetric cases (confinement), nor chronic or incurable diseases.

3. And the party of the first part hereby agrees to pay, and the party of the second part hereby agrees to receive, as full compensation for the rendering of medical, surgical and other care and treatment as hereinabove mentioned, and for providing the automobile ambulance hereinabove mentioned, and for providing suitable accommodations for the care and maintenance thereof, and for providing such chauffeurs as may be necessary for the operation thereof, and for providing a physician and surgeon to accompany said ambulance whenever it is called upon for service, as hereinabove mentioned, the sum of thirty thousand (\$30,000) dollars per annum, to be paid in equal monthly payments of twenty-five hundred (\$2,500) dollars, for the period of five years, from the first day of July, nineteen hundred and eleven.

In witness whereof, the said party of the first part has caused these presents to be signed by the Mayor of the City, and the seal of the city to be affixed hereto, and attested by the City Clerk, and the party of the second part has caused these presents to be signed by its President, and its corporate seal affixed hereto, and attested by its Assistant Secretary, the day and year first above written.

Witness:

GEORGE GONZALES,  
Mayor.

Attest:

JAMES H. LONDRIGAN,  
City Clerk.

Sisters of the Poor of Saint Francis, by

SISTER DESIDERIA,  
President.

Attest:

SISTER M. ALACOQUE,  
Assistant Secretary.

State of New Jersey,)
   
County of Hudson, )ss.

Be it remembered, that on this 20th day of September, in the year of our Lord one thousand nine hundred and eleven, before me, the subscriber, personally appeared, Sister M. Alacoque, who, being by me duly sworn, doth depose and make proof to my satisfaction that she well knows the corporate seal of Sisters of the Poor of Saint Francis, a corporation of the State of New Jersey, the

corporation named in the foregoing agreement; that the seal thereto affixed is the proper corporate seal of said company; that the same was so affixed thereto, and the said agreement signed and delivered by Sister Desideria, who was at the date and execution thereof the President of said corporation, in the presence of said deponent, as the voluntary act of said corporation, and that the said deponent thereupon signed same as subscribing witness.

Sworn and subscribed to before me this twentieth day of September, A. D. 1911.

The Committee on Public Grounds and Buildings, to whom was referred the specifications for labor and material required for the alterations and the erection of new additions to the present City Hall, reported in favor of adopting and approving the said specifications.

On motion of Councilman Larkin the report was received and the recommendation adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—Enclosed resolution is returned by me for the purpose of havin you reconsider the purchase of the horses and sweeper.

My object in doing so is at the present the funds are short and we will be obliged to borrow money for this purchase, and if the Council would postpone the purchase of the horses and sweeper, as there is no immediate need for them, and the cold weather will soon be here, which will necessitate the laying up of the horses and sweeper for no purpose, and I thought it advisable to wait until the city has collected the taxes, at which time the purchase could be made at a saving to the city.

Respectfully,

GEO. GONZALES,  
Mayor.

Sept. 1, 1911.

Resolved, That the Committee on Streets and Assessments be and they are hereby authorized to purchase a two-horse sweeper for use of the Street Department.

THOMAS J. WREN.

Resolved, That the Committee on Streets and Assessments be and they are hereby authorized to purchase two horses for the use of the Street Department; and be it further

Resolved, That the said Committee be authorized to sell the two old horses now

used by the Street Department.

THOMAS J. WREN.

Councilman Wren moved that the communication be received and the resolutions be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—None.

The following communication from His Honor the Mayor was presented and read:

To the Honorable the Common Council:

Gentlemen—I return without my approval the resolutions by which you were to pave Second street, between Willow avenue and Madison streets; Monroe street, between Fifth and Sixth streets, and Sixth street, between Madison and Monroe streets.

The queer part of this resolution is that you provide for Hoboken to be paved in patches, therefore it is almost apparent that there must be some particular favor to be granted to this company for their bitulithic pavement. You see the resolution does not state whether this particular company is to receive additional work, or if it is showing samples of its work. It is rather difficult to understand why paving should be done as called for in the resolution without some inducement.

Respectfully,

GEO. GONZALES,

Mayor.

September 1, 1911.

Councilman Wren moved that the communication be received and the report and resolutions be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—None.

The following communication from His Honor the Mayor was presented and read:

To the Honorable the Common Council:

Gentlemen—The resolution providing for the employment of extra counsel to prevent the destruction of School No. 1 is returned without my approval. It is evident to me, and no doubt to the citizens of Hoboken, that your liberality in employing additional counsel is consistent with your government of the city during the past year.

I call your attention to the fact that the city employs a counsel who is called the Corporation Attorney, and another attorney,

called the Corporation Attorney. These attorneys, to my knowledge, have not been overworked for the amount of pay they receive.

It is almost time that your Honorable Body realized the fact that the public funds are not at the disposal of any political party to bolster their political schemes.

Respectfully,

GEO. GONZALES,

Mayor.

September 1, 1911.

On motion of Councilman Wren the communication was received.

The following communication from His Honor the Mayor was presented and read:

To the Honorable the Common Council:

Gentlemen—The enclosed resolution authorizing the Committee on Streets and Assessments to purchase 300 feet of hose for the Street Department is returned without my approval. I believe hose that has outlived its usefulness in the Fire Department would answer the purpose.

Respectfully,

GEO. GONZALES,

Mayor.

September 1, 1911.

Resolved, That the Committee on Streets and Assessments be and they are hereby authorized to purchase 300 feet of hose for use of the Street Department.

THOMAS J. WREN.

Councilman Wren moved that the communication be received and the resolution be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

The following communication from His Honor the Mayor was presented and read:

To the Honorable the Common Council:

Gentlemen—The enclosed claims of James Farrell, for \$36 and \$36, for services to the Board of Assessors, also claims of James Smith, for \$72, \$72, \$72, \$66, \$60, for services in the parks, are returned without my approval. My reasons are that the positions are unnecessary and are merely sinecures.

Respectfully,

GEO. GONZALES,

Mayor.

September 1, 1911.

Councilman Wren moved that the communication be received and that the claims be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Honorable the Common Council:

Gentlemen—The enclosed claims of the Typewriter Sales Company for \$112 and \$100, are returned without my approval. The claims are illegal, as they should have been advertised.

Respectfully,  
GEORGE GONZALES,  
Mayor.

Councilman Wren moved that the communication be received and that the claims be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Excused—Councilman Belloff.

The following communication from His Honor the Mayor was presented, read and referred to the Board of Playground Commissioners:

To the Council:

Gentlemen—The enclosed communication was received by me. I refer same to your Honorable Body for such action as you may deem advisable.

Respectfully,  
GEORGE GONZALES,  
Mayor.

Hoboken, N. J., Sept. 19, 1911.

Mayor Gonzales:

Dear Sir—We have a bill standing since Dec. 20, 1910, for work done at Recreation Centre Playgrounds, Jefferson street, Hoboken, N. J. We would like to know what the trouble is in collecting the same. Who will we refer to in this matter. Would you kindly give us some information. The amount is \$27.50. By doing so you will greatly oblige,

Yours truly,  
O. K. ELECT. EQUIP. CO.,  
C. A. OTTEN, Prop.

Councilman Wren moved that the communication from His Honor the Mayor vetoing the resolution that Samuel A. Besson be engaged as special counsel to prevent the destruction of No. 1 School building be reconsidered and rescinded.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Councilman Wren moved that the resolu-

tion be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Councilman Wren moved that the ordinance be taken up for its second reading and read.

Adopted.

Councilman Wren then moved that the ordinance pass its second reading as read.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

On motion of Councilman Wren the Board took a recess subject to the call of the chair.

#### ON REASSEMBLING.

Ayes—Councilmen Belloff, Delaney, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilmen Duffy and LaPointe.

The following communication from His

Honor the Mayor was presented and read: October 4, 1911.

To the Council.

Gentlemen—The enclosed claim I return for your further consideration. The amounts paid for the removal of ashes and garbage exceed the appropriation, also the contract price, without this claim, and I would recommend that this matter be adjusted before any more payments are made.

Respectfully,

GEORGE GONZALES,

Mayor.

Claim of Hudson Contracting Company for removing ashes and garbage from September 14 to 27, 1911, \$480.

Councilman Wren moved that the communication be received and the claim be referred back to the Committee on Streets and Assessments.

Adopted.

The following communication from His Honor the Mayor was presented and read: To the Council.

Gentlemen—I return without my approval the claims of James Farrell, \$18 and \$54 respectively, for services to Assessors.

I also return the claims of James Smith for the following amounts, respectively, \$72, \$72, \$72, \$72 and \$72, for services of extra help in the parks.

In the past I have vetoed similar claims for political help, and, as usual, I suppose your Council will do the proper thing in its mind by passing it over my veto.

Respectfully,

GEO. GONZALES,

Mayor.

Dated Hoboken, N. J., September 28, 1911.

Councilman Wren moved that the communication be received and that both claims of James J. Farrell be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilmen Duffy and LaPointe.

Councilman Wren moved that the five claims of James Smith, Treasurer, for \$72 each, for extra labor in parks, be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilmen Duffy and LaPointe.

The following communication from His Honor the Mayor was presented, read and received:  
To the Council.

Gentlemen—The enclosed resolution, introduced by one of your members, is in line with a former resolution introduced by a member of this Council, to have the telegraph poles numbered and painted and iron plates placed thereon.

The resolutions upon the face of them are apparently for good purposes, but as the resolutions have not been enforced after they have been passed, and there being sufficient power in the police department to regulate all such matters without resolutions, now it is done for some ulterior purpose.

Respectfully,

GEO. GONZALES,  
Mayor.

Dated, Hoboken, N. J., October 3, 1911.

Whereas, Much complaint has been made from time to time about the obstructions of our sidewalks and streets by peddlers, and showcases, display of goods and the like.

Resolved, That the Street Commissioner and the Chief of Police be directed to cause such nuisance to be abated forthwith; and be it further

Resolved, That a copy of this resolution be forwarded by the City Clerk to the Street Commissioner and the Chief of Police.

(Signed)

P. H. DUFFY,  
JOHN DELANEY,  
T. J. WREN.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—I return without my approval resolution awarding the contract to Messrs. Paul J. Exner & Company.

Respectfully,

GEO. GONZALES,  
Mayor.

Dated Hoboken, N. J., September 28, 1911.

Councilman Wren moved that the communication be received, and the resolution awarding the contract to Messrs. Paul J. Exner & Company, for the alterations and new additions to the City Hall, be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Larkin, McFeely, Plugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—Councilmen Duffy and LaPointe.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—The enclosed claim of the Knickerbocker Trust Co., for \$310.25 for printing, appears to be an item which is small, but it occurred to me that items of this kind should be attended to at the time, and a proper supervision and competition for the printing of bonds is necessary, because there are but one hundred and twenty-five City Hall bonds issued, and the printing of about to cost \$2.50 each looks to me as if the Board hadn't used proper judgment in guarding the city's interests.

Therefore, it is returned without my approval.

Respectfully,

GEO. GONZALES,  
Mayor.

Dated Hoboken, N. J., September 28, 1911.

Claim of Knickerbocker Trust Co., for \$310.25, for preparing \$125,000 City Hall bonds.

Councilman Wren moved that the communication be received and the claim be passed, notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Larkin, McFeely, Plugh, Wren and Chairman Anderson.

Nays—None.

Declining to vote—Councilman Volk.

Absent—Councilmen Duffy and LaPointe.

Report of Street Commissioner Griffin, on the collection of street opening fees for the months of August and September, 1911, was presented, read and ordered on file.

Report of Building Inspector Cummings for the month of September, 1911, was presented, read and ordered on file.

Report of Recorder McGovern, on the collection of fines for the month of September, 1911, was presented, read and ordered on file.

On motion of Councilman Wren, the Board adjourned.

JAMES H. LONDRIGAN,  
City Clerk.

Said bonds to be coupon bonds with the privilege of registration; two hundred and sixty-three of said bonds to be of the denomination of \$1,000 each, and one bond to

be of the denomination of \$550.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, Larkin, McFeely, Pflugh, Volk and Chairman Anderson.

Nays—None.

Absent—Councilmen LaPointe and Wren.

Councilman LaPointe appeared and took his seat.

Councilman Volk presented the following:

Whereas, Garbage and ashes has and is being brought into this city from outlying towns by garbage contractors, and they are unloading same in the meadow districts; and

Whereas, These contractors bring all kinds of decaying vegetable matter, which is obnoxious to the residents in the vicinity, and also the occupants of the factories in the neighborhood, from whom numerous complaints have been received; and

Whereas, These odors have become so unbearable that this Council was put to the expense of purchasing disinfectants on account of the numerous complaints made; therefore be it

Resolved, That the Corporation Attorney be and he is hereby instructed to immediately draw the necessary ordinances in order to have proper control of the filling of the meadow district with ashes and garbage and the necessary disinfection of same by the contractors doing the filling.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk and Chairman Anderson.

Nays—None.

Absent—Councilman Wren.

Councilman Volk presented the following:

Whereas, Complaints are made continually by the citizens of our city and also from visitors regarding the wretched and dangerous condition of our sidewalks and streets, and also the pavement between the rails over which the Public Service Corporation operate their cars; and

Whereas, Several resolutions in reference

to these matters have been referred to the Corporation Attorney for his opinion; and

Whereas, The Corporation Attorney has not up to this time made any report regarding same; therefore be it

Resolved, That the Corporation Attorney be instructed to immediately investigate the laws and ordinances as to our rights of compelling the owners of property where the sidewalks are not kept in a proper and safe condition, also as to our rights to compel the Public Service Corporation to keep the space between the tracks properly paved; and be it further

Resolved, That if there are no laws or ordinances covering these very important matters, that the Corporation Attorney shall immediately have drawn a bill or bills for introduction at the next session of the Legislature in order that the city authorities will have the necessary power to enforce the keeping of the sidewalks and streets in proper and passable condition.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk and Chairman Anderson.

Nays—None.

Absent—Councilman Wren.

Councilman Delaney moved that the Clerk be directed to communicate with Freeholder Cooke to have the space beneath the Fourteenth street viaduct, from Clinton to Adams streets, transformed into a resting place and playground for the women and children of the western section of the city, and to lay the matter before the Board of Freeholders and see what can be done in reference to having the plan carried out.

Adopted.

Councilman Belloff moved that when the Board adjourns it adjourn to meet on Wednesday, October 18, 1911, at 4 o'clock p. m.

Adopted.

On motion of Councilman Belloff the Board adjourned.

JAMES H. LONDRIGAN,  
City Clerk.

The following communication from His Honor the Mayor was presented, read and referred to the Committee on Finance and Salaries in conjunction with the Corporation Attorney:

## To the Council:

Gentlemen—On June 5, Mr. C. A. Tissot, auctioneer, by a resolution of the Council, sold the premises known as 557 First street, the old fire house, to Julius Lichtenstein, who deposited the sum of \$550 and agreed to pay the balance of \$10,450 on the 19th day of June, 1911, at 10 o'clock in the A. M. at the office of the City Attorney, 51 Newark street, when a deed was to be delivered to said Julius Lichtenstein, and when the balance of the purchase money, amounting to \$10,450 was to be paid; if not paid on that day, the property was to be readvertised and sold again.

I have since called upon the City Treasurer and I am informed that the title to this property has not been passed, nor has the payment been made according to the conditions of sale upon that day. The amount of \$10,450 which should have been in the Treasurer's hands four months ago is not there. It is, to say the least, an unbusinesslike method to allow this large amount of money to remain, and this delay of four months will likely cause complications of some kind. There is no reason why the terms of the sale should not have been complied with and the city have the benefit of the money on which it is paying interest. The city is borrowing

money and paying interest for same.

Respectfully,

GEO. GONZALES,

Mayor.

Dated Hoboken, N. J., Oct. 24, 1911.

The following communication from His Honor the Mayor was presented, read and referred to the Committee on Public Grounds and Buildings:

Mayor's Office, Hoboken, N. J.

## To the Council:

Gentlemen—I desire to call your attention to the fact that work on the alteration of the City Hall has begun. I fail to find in your resolution appointing an architect, or anywhere else, just what is to be the compensation paid for supervision. You have paid five hundred dollars to date for preliminary plans, and I believe that some definite price should be set for the services of architect. It seems to me that this oversight is only another evidence of the way your Honorable Body does business.

Respectfully,

GEO. GONZALES,

Mayor.

The following communication from His Honor the Mayor was presented and read:

Mayor's Office,

Hoboken, N. J., Oct. 18, 1911.

## To the Council:

Gentlemen—I return without my approval the claim of James J. Farrell, for \$36, for 12 days services as Clerk to Board of Assessors.

Respectfully,

GEO. GONZALES,

Mayor.

Councilman Wren moved that the communication be received and the claim of James J. Farrell be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pfugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:

Mayor's Office,

Hoboken, N. J., Oct. 17, 1911.

## To the Council:

Gentlemen—It has been suggested to me by the Street Commissioner that I recommend to your Honorable Body an increase of salary for him. In looking over the amounts appropriated in the past as compared with this year's appropriation, it occurs to me that if wilful extravagance entitles a man to an increased salary, then the Street Commissioner is entitled to your consideration. I find that

the appropriation which included all expenditures for salaries and expenses in the Street Department according to the financial statement published by the Comptroller in 1901-1902 amounted to the following sums:

Street cleaning .....	\$12,300
Street repairing .....	1,200
Sewers and receiving basins.....	5,500
Street Commissioner's salary.....	1,200

Total for 1901-1902..... \$20,200

The appropriation for the same department in 1902-1903 amounted to:

Street cleaning .....	\$12,300
Street repairing .....	1,200
Sewers and receiving basins.....	5,500
Street Commissioner's salary.....	1,200

Total for 1902-1903..... \$20,200

The appropriation for the same department for 1903-1904 amounted to:

Street cleaning .....	\$13,000
Street repairing .....	1,000
Sewers and receiving basins.....	5,000
Street Commissioner's salary.....	1,200

Total for 1903-1904..... \$20,200

I desire that your Honorable Body compare the foregoing items and totals with the sums asked for and appropriated by the Tax Board this year, as follows:

Hose for Street Commissioner.....	\$300
Repairing streets and crossbridge laying .....	2,000
Purchase of two (2) lots for city stables, and the reappropriation of \$1,000 for repairing city stable, now in fund .....	4,000
Cleaning ditches .....	500
Salary of Street Commissioner.....	2,000
Salary of Assistant Street Commissioner .....	1,500
Foreman on streets .....	750
Driver on sweeper.....	720
Three (3) cart drivers.....	2,160
Stableman .....	720
Assistant stableman .....	600
Men cleaning streets.....	20,000
Uniforms for men on streets.....	210
Uniforms for drivers.....	200
Painting and lettering carts.....	126
Feeding horses .....	1,500
Shoeing horses .....	400
Street sprinkling for sweepers.....	800
Cylinder brooms .....	500
Hand brooms .....	500
Upkeep of carts .....	400
Veterinary services .....	100
Can carriers and cans.....	100
Horses to be used in connection with balance of \$250 which was reappropriated .....	700

Snow plow .....	150
Six (6) men cleaning receiving basins .....	4,680
New street sweeper.....	400
Uniforms and caps for sewer men....	52.50
New manhole rings and covers.....	400
Boots and oilskins.....	100
Supplies .....	200
Repairing sewers and rebuilding manholes .....	500
Iron pipe connection.....	450
Receiving basins and heads.....	1,000
Horse and wagon furnished by ash and garbage contractor and charged to that fund .....	

Total for 1910-1911.....\$48,728.50

Respectfully,

GEO. GONZALES,  
Mayor.

Councilman Duffy moved that the Clerk be directed to return the communication to His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Plugh, Wren and Chairman Anderson.

Nays—None.

Declining to vote—Councilman Volk.

The following communication was presented, read and the Clerk directed to send a copy to the Board of Health:

October 23, 1911.

To the Honorable the Mayor and Council of the City of Hoboken.

Gentlemen—I have before me the resolution adopted by your honorable body on October 11, 1911, relative to the deposit of garbage, decaying vegetable matter, noxious odors, and the like, wherein you direct me to draw the necessary ordinances whereby the nuisances complained of may be abated.

I advise you that the abatement of such nuisances devolves upon the Board of Health.

By virtue of the provisions of public health laws of this State (Act of March 31, 1887, and amendments thereof and supplements thereto), the local Board of Health is authorized and empowered to pass, alter and amend ordinances and make rules and regulations in regard to the public health, and among its specific powers mentioned is to regulate, control or prohibit the dumping of garbage, the filling of sunken lots or marsh lands, and to provide for the filling up of such lots or lands; also to prohibit and remove any offensive matter or abate any nuisance in any public highway, road, street, avenue, alley or other public place, public or private, and to cause the removal at the expense of the owner, also to regu-

late, control and prohibit the accumulation of, offal and all decaying or vegetable substance.

The Board of Health has heretofore adopted ordinances relating to the matters in question. Complaints of violation thereof should be made to the Board of Health who will prosecute the offenders.

Respectfully,  
JOHN J. FALLON,  
Corporation Attorney.

The following communication was presented, read and received:

Hoboken, Oct. 17, 1911.

To the Honorable the Common Council of the City of Hoboken.

Gentlemen—My opinion has been asked as to whether your honorable body may direct payment of the requisition made by the Board of Playground Commissioners for the sum of \$281.36, for expense incurred by said board in preparing and equipping playgrounds out of the money derived from the bonds issued under and by virtue of an act, entitled "An act to amend an act, entitled an act to provide for the establishment of public playgrounds in cities of this State, and for the maintenance, control and management thereof, approved May seventh, one thousand nine hundred and seven," which act was approved April 7, 1908.

Section five of the last-mentioned act expressly authorizes your honorable body to use the moneys derived from the said bond issue, not only for the payment of lands purchased or condemned for playgrounds and recreation places, but also for preparing and equipping the same, from time to time.

I advise you therefore that you may direct payment of the aforesaid sum of \$281.36 from the aforesaid bond issue.

Respectfully,  
JOHN J. FALLON,  
Corporation Attorney.

The following communication was presented, read and referred to the Committee on Printing and Stationery and corporation attorney:

Hoboken, N. J., Oct. 23, 1911.

To the Honorable the Mayor and Council of the City of Hoboken.

Gentlemen—In the case of Lawrence Fagan, prosecutor, vs. the Mayor and Council of the City of Hoboken, respondent, which was argued before the New Jersey Supreme Court, June 6, 1911, the said court rendered an opinion on October 20, 1911, the effect of which is to dismiss the writ of certiorari, which has been obtained by Mr. Fagan, to review the pavement of certain

moneys by your honorable body, to a newspaper published in this city known as "The Inquirer." The attorney for Mr. Fagan this day caused to be served upon me a notice that he would apply to the Supreme Court on Wednesday, November 8, 1911, for a reargument of said suit, and for permission to take further proofs.

Respectfully,  
JOHN J. FALLON,  
Corporation Attorney.

The following communication was presented, read and referred to the Committee on Streets and Assessments:

October 23, 1911.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—I have before me the resolution adopted by your honorable body October 11, 1911, requiring me to investigate the laws and ordinances as to your right of compelling the owners of property where sidewalks are not kept in proper and safe condition, to make repairs thereto, and also as to your right to compel the Public Service Corporation to keep the space between its railway tracks properly paved.

I have examined the various laws and ordinances relating to the matters in question. I find that many of the laws and ordinances relating thereto (except as to the matter of the Public Service Corporation) are obsolete.

By virtue of the provisions of Chapter 193 of the Session Laws of 1908 entitled, "An Act to authorize cities to construct and repair sidewalks and curbs, and to provide for the payment of the cost thereof," approved April 13, 1908, your honorable body is authorized and empowered to pass, amend and repeal ordinances requiring the owner or owners of any lands in this city to pave or curb, or pave and curb or to repair the sidewalks thereof, and to prescribe the kind of material to be used for that purpose, and the manner of constructing the same.

I advise that the Street Commissioner be directed to report to your honorable body, in writing, the location of such sidewalks as may require repairs, whereupon your honorable body may by ordinance require the owner or owners thereof to repair same, and you may in said ordinance prescribe the kind of material to be used for that purpose and the manner in which the repairs should be made. If after the passage of such ordinance, the owner or owners of lands thereby affected shall neglect for the space of thirty days, to make the improvement to the sidewalks thereof by said ordinance directed and required, it shall be lawful for your honorable body to cause such

improvement to be made under the direction and supervision of the Street Commissioner, or to award one or more contracts for making of such improvement upon open competitive bidding, or otherwise, at your discretion.

It is provided by the aforesaid act that before proceeding to make any such improvement or awarding any contract for the making thereof, it shall be incumbent upon you to cause notice of such contemplated improvement to be given the owner or owners of any lands thereby affected; such notice shall contain a description of the property affected sufficiently definite in terms to identify the same as well as a description of the required improvement, and a notice that unless said improvement shall be completed within thirty days after the service thereof, it is the intention of the city to make said improvement or cause the same to be made pursuant to the authority of said act. The manner of the service of such notice is set forth in the aforesaid act.

It is provided by the aforesaid act that when any improvement of the character mentioned shall be made by the city, pursuant to the authority of said act, a true and accurate account of the cost and expense thereof shall be kept and apportioned among the several properties improved in proportion to the frontage of their respective lands, which charges shall be and remain a first lien upon the lands and real estate thereby improved. It is further provided in said act that in case of the non payment of such charge, the lands and real estate subject to such liens may be sold as prescribed in said act.

With reference to your inquiry as to your right to compel the Public Service Corporation to keep the space between their tracks properly paved, I advise you that said company may be required to keep the space between their tracks, and to the extent of eighteen (18) inches on either side thereof, in good repair. If any part thereof is not kept in good repair by the railway company, the Street Commissioner should be directed to notify said company thereof and requiring that such repairs be made forthwith. In the event of the failure of the railway company to comply with such a command, application can be made to the court to compel said company to comply with the ordinances of the city relating thereto.

Respectfully,

JOHN J. FALLON,  
Corporation Attorney.

The following report was presented, read and received:

 The following communication from His Honor the Mayor was presented and read:

Hoboken, N. J., Nov. 20, 1911.

To the Honorable the Common Council:  
 Gentlemen—I return the enclosed claim without my approval,  
 Respectfully,

Mayor.

GEO. GONZALES,

Claim of James J. Farrell, \$54, for 18 days' services to Assessors.

Councilman Wren moved that the communication be received and that the claim be passed, notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Ffugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Absent—None

The following communication from His Honor the Mayor was presented and read:  
 To the Honorable the Common Council:

Gentlemen—The enclosed communication from the Jersey City Horse Manure Transportation Company was received by me. I have called the attention of your Honorable Body to matters of this kind on numerous occasions. If this were a claim presented by political workers, such as "Labor on Parks," etc., there is no doubt but that it would have been paid without question immediately. But when a responsible firm that faithfully carried out an agreement and contract with the city presents a bill for services rendered, that bill is pigeon-holed in January. Why?

Respectfully,

GEO. GONZALES,

Mayor.

The following communication from His Honor the Mayor was presented and read:  
 November 20, 1911.

Jersey City, N. J., Nov. 13th, 1911.

Hon. Geo. Gonzales, Mayor of Hoboken, N. J.:

Dear Sir—About a year ago a sub-committee of the Hoboken Common Council made a public call for proposals for furnishing about 100 tons of manure for the parks, and we submitted our proposition, which was that we would supply 100 tons, more or less, at the rate of \$2.95 per ton, which proposition was accepted, and under date of December 24th, 1910, we signed a formal agreement covering the faithful performance of the contract, which agreement was accepted on behalf of the City of Hoboken and attested by Your Honor and the City Clerk.

We wish to respectfully call your attention to the fact that we furnished and delivered 124 tons of manure at the parks designated, and rendered a formal bill for that quantity at the price agreed upon, \$2.95 per ton, in all amounting to \$365.80, on January 30th, 1911, which bill has not been paid as yet.

Will you please have this matter looked into and adjusted so that we can get our money?

Thanking you in advance, and hoping for a favorable response at an early date, we are,

Yours truly,

THE J. C. HORSE MANURE TRANS. CO.,  
CHARLES WAGNER,

President.

Councilman Volk moved that the communication be referred to the Committee on Public Grounds and Buildings and that the Clerk be directed to notify the Jersey City Horse Manure Transportation Co. to send an itemized list of the number of loads delivered to each park.

Adopted.

Hoboken, N. J., Nov. 22, 1911.

To the Council:

Gentlemen—I beg leave to notify your Honorable Body that I have appointed Mr. J. H. P. Reilly a member of the Board of Trustees of the Free Public Library in place of Mr. Ferdinand Kaegbehn, who has absented himself from meetings since February 23, 1910, and who I am informed has moved from the city.

Respectfully,

GEORGE GONZALES,

Mayor.

Councilman Wren moved that the communication be referred back to His Honor the Mayor.

Adopted.

The following communication was presented, read and referred to the Committee on Streets and Assessments in conjunction with the Corporation Attorney:

November 6, 1911.

To the Honorable the Mayor and Council of the City of Hoboken.

Gentlemen—I hereby advise you that the suit of Barber Asphalt Paving Company vs. The Mayor and Council of the Hoboken was tried in the Hudson County Circuit Court on November 1, 1911, and a judgment rendered against the city for the sum of \$17,023.67, representing principal and interest due on the claims of said company against the city. It was proven by said company that a contract had been entered into between the Barber Asphalt Paving Company and the Mayor and Council of the City of

Hoboken, dated May 29, 1908, wherein and whereby the said company agreed to repair the asphalt pavement on divers streets in the City of Hoboken in accordance with the specifications therefor and plans and profiles relating thereto, all of which were made part of said contract, for the prices mentioned in said contract, to wit: For binder and surface only, per square yard, \$1.70; for binder and surface with Belgian block foundation, per square yard, \$2.23; that on June 30, 1909, a bill was presented to the Mayor and Council of the City of Hoboken for work done under said contract during the months of May and June, 1909, amounting in all to \$7,744.17; that a bill was also presented by said company to the Mayor and Council of the City of Hoboken, dated August 23, 1910, for the sum of \$2,100.42; that a bill was also presented by said company against the Mayor and Council of the City of Hoboken, dated December 17, 1910, for the sum of \$5,666.36. The correctness of said bills were certified to by Eugene Smith, City Surveyor, who was the engineer in charge of said work. In addition to the certification by Mr. Smith of the correctness of the bills, proof was offered before the court by various witnesses to the effect that the work in question had been properly performed and bills therefore regularly presented to the Council, which bills were approved by the Council and the claims ordered paid.

Messrs. McCarter & English, attorneys for the Barber Asphalt Paving Company, have inquired of me as to whether your Honorable body will voluntarily take steps to pay said judgment, together with former judgment obtained by said company against the city, or whether further proceedings should be taken by them in behalf of said company to enforce payment of said judgments. I informed Messrs. McCarter & English that I would submit the matter to you for your consideration and advise them later of your determination in regard to said matter.

Respectfully,

JOHN J. FALLON,

Corporation Attorney.

The following communication was presented, read and received:

Hoboken, N. J., Nov. 1, 1911.

James H. Londrigan, City Clerk, City Hall,  
Hoboken, N. J.

Dear Sir—I would thank you to advise me as to what proceedings were taken by the Mayor and Council to comply with the four writs of peremptory mandamus issued by the New Jersey Supreme Court, in the matters of the State ex rel., the Board of

Education of the City of Hoboken, relator, vs. the Mayor and Council of the City of Hoboken, respondent.

If resolutions were passed having for their purpose a compliance with said writs of mandamus, send me a copy thereof, and also a copy of such other proceedings as were had in the matter. I desire the same in order to prepare a formal return to said writs of mandamus to be filed with the Court on or before Tuesday next.

Respectfully,  
JOHN J. FALLON,  
Corporation Attorney.

The following communication was presented, read and referred to the Committee on Finance and Salaries:

Hoboken, N. J., Nov. 9, 1911.

To the Honorable, the Mayor and Council of the City of Hoboken.

Gentlemen—The Supreme Court to-day, on application of Stephen M. Egan, County Collector of the County of Hudson, as relator against the Mayor and Council of the City of Hoboken as respondent, granted a peremptory writ of mandamus requiring your Honorable Body to forthwith pay to the County Collector the balance of \$145,079.44 due and owing to the County of Hudson for taxes for the fiscal year of the County beginning December 1, 1910. The total amount payable by the City of Hoboken to the County of Hudson for such taxes was \$315,079.44.

It will be necessary therefore for your Honorable Body to arrange at once for a temporary loan to meet said obligation in order to comply with the mandate of the Supreme Court.

Respectfully,  
JOHN J. FALLON,  
Corporation Attorney.

An ordinance fixing the salary of the Mayor of the City of Hoboken, N. J.

Councilman Wren moved that the ordinance be taken up for its first reading and read:

Adopted.

Councilman Wren then moved that the ordinance pass its first reading as read.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

Councilmen Wren, Delaney and McFeely presented the following:

Whereas, Bids have been received from various contractors for the removal of ashes and garbage for various terms, and for which the bid of the Hudson Contracting Company appears to be the lowest on their face, and

Whereas, Complaints have been made from time to time by taxpayers and officials that the Hudson Contracting Company has not performed its present arrangement for the removal of ashes and garbage according to the specifications or in a satisfactory manner and is not a responsible bidder, and

Whereas, A desire has been expressed on the part of taxpayers and officials that the best interests of the city and its inhabitants would be subserved by rejecting the bid of the Hudson Contracting Company and awarding the same to the Central Contracting Company one of its bids, being the next lowest bidder.

Resolved, That the question of said bids and the award of a contract be heard before the Council at a special meeting, to be held on Monday evening next, at 8 o'clock, at the City Hall, and that a hearing on said question be given at said time and place to the Hudson Contracting Company and to the Central Contracting Company and to all persons who may desire to be heard.

Resolved, That the City Clerk forward a copy of this resolution to the Hudson Contracting Company and to the Central Contracting Company and to the Chief of Police and the Street Commissioner.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Wren presented the following:

Whereas, The Board of Police Commissioners of the City of Hoboken, have, without proper cause, illegally removed Captain John Flattery, a most capable and efficient member of the police department of this city, and without legal right have appointed other police captains, thereby improperly increasing the city's pay roll, and

Whereas, Captain John Flattery has taken legal steps to have said proceedings set aside, therefor be it

Resolved, That we do direct that the Board of Police Commissioners strictly comply with section nine of the Act entitled "A further supplement to 'An Act to incorporate the City of Hoboken,' approved March 17, 1870," and be it further

Resolved, That until the pay roll shall be made out by the Board of Police Commissioners and submitted to the Common Council, pursuant to the statute in such cases and provided, no warrant shall be drawn therefor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, La Pointe, Larkin, McFeeley, Pflugh, Wren and Chairman Anderson.

Nays—None.

Declining to Vote—Councilman Volk.

Councilman Delaney presented the following:

Whereas, Announcement has been made through the public press that the Hudson and Manhattan Railroad Company operating the tunnels under the Hudson River, is about to increase its rate of fare between the City of Hoboken and Sixth avenue, or uptown, New York, to seven cents, instead of five cents, which has been the fare heretofore, and in its said announcement mentions also that the fare to downtown, New York, will be continued at five cents as heretofore charged; and

Whereas, Said company proclaims that it is and always has been independent, and that no railroad company in New Jersey or elsewhere has ever had any financial interest in this company, or voice in its management; and

Whereas, The imposition of seven cents fare from the City of Hoboken to uptown New York, without regard to the destination of the passengers is manifestly unjust;

Whereas, Said company should be obliged to afford to passengers journeying to and from the City of Hoboken and uptown New York the rate of fare heretofore charged, to wit, five cents, instead of its rate of fare contemplated to be charged, to wit, seven cents, which the Council deems unreasonable.

Resolved, That the Public Utility Commissioners of the State of New Jersey and the Interstate Commerce Commission be requested to investigate the reasons for the proposed change in rate of fare with the view of compelling said company to continue the rate of fare heretofore established; and

Resolved, That a copy hereof, certified by the City Clerk, be forwarded to said Public Utility Commissioners and the Inter-

state Commerce Commission forthwith.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeeley, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Councilman Wren presented the following:

Whereas, The Barber Asphalt Paving Company recovered a judgment against the Mayor and Council of the City of Hoboken on the twelfth day of January, 1911, in the Hudson County Circuit Court, for the sum of seven hundred and forty-nine dollars and fourteen cents (\$749.14), and fifty-three dollars and ninety-five cents (\$53.95) costs of Court, and did recover another judgment in said Hudson County Circuit Court on the first day of November, 1911, for the sum of seventeen thousand and twenty-three dollars and sixty-one cents, and fifty-five dollars and forty-seven cents costs of Court; and

Whereas, There is now due upon said judgments the sum of seventeen thousand eight hundred and ninety-one dollars and seventeen cents (\$17,891.17); and

Whereas, There are no funds available at the present time with which to pay the same; now therefore be it

Resolved, That the Mayor and Council of the City of Hoboken do borrow the sum of seventeen thousand eight hundred and ninety-one dollars and seventeen cents (\$17,891.17), for the use of the city for the purpose of paying such judgments, by the issuance of bond payable twenty years from the date thereof, to be signed by the Mayor, sealed with the city's seal and attested by the City Clerk, and countersigned by the Comptroller, which bond shall be a registered bond and shall bear interest at the rate of five per centum per annum; and be it further

Resolved, That said bond shall be sold at public sale at not less than par, upon sealed proposals, and that that the City Clerk advertise for sealed proposals for the purchase of said bond, and that upon the sale of said bond the proceeds of the sale thereof be paid to the Treasurer of the City of Hoboken, as a fund out of which to pay the said judgments; and be it further

Resolved, That after the sale of said bond the City Clerk do draw a warrant for the sum of seventeen thousand eight hundred and ninety-one dollars and seventeen cents (\$17,891.17), the amount of said judgments, to the order of the Barber Asphalt Paving Company, and that upon the delivery to the said City Clerk of a warrant for the satisfaction of said judgments, duly executed) that the City Clerk deliver said warrant to said

## SPECIAL SESSION.

Special session of the Council, held for the purpose of hearing all persons interested as to the question of bids, as to the awarding of the contract for the removal of ashes and garbage, held at the Council Chamber, City Hall, on Monday evening, November 27, 1911, at 8 o'clock.

Present—Councilmen Belloff, Delaney, Duffy, LaPointe, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Absent—Councilman Larkin.

The Clerk then read the resolution that was adopted at a stated session of the Council held November 22, 1911, calling the special meeting for the purpose of hearing all persons interested as to the question of bids, as to the awarding of the contract for the removal of ashes and garbage.

Assistant Street Commissioner McLaughlin testified that he had received complaints from the police every day, and ashes laying all over Court street at the present time.

Councilman Larkin appeared and took his seat.

Roundsman Cross testified to having received complaints from officers on different posts for the past six months, and that the men removing the ashes were very careless.

Officer Martin Peters testified that the men were careful while he watched them, but had not removed the ashes from Court street from 5 to 7 p. m. this day.

Dr. Schultz of 1252 Garden street, testified that he had seen the garbage cans remain on the sidewalks from 6 a. m. to 10 p. m., and ashes left out from Monday to Wednesday.

Gustav Hauser testified that they had failed to remove ashes, etc., from three days to a week at a time.

Thomas Feeley, driver of sweeper of the Street Department, but now acting foreman on the streets for the past three weeks, testified that carts were not furnished from 8 o'clock to 9:30 a. m., and that they allowed ashes to scatter all over the street.

Julius Hoffmann, of 93 Garden street, testi-

fied that he is the caretaker of the premises at 89, 91, 93 Garden street, that the ash cans had remained on the sidewalks from Friday morning to Saturday night.

Councilman Belloff testified that the wagons were overloaded, but the men paid no attention to him when he told them about it, that paper was thrown all over the streets, and the people were complaining about the way the ashes were removed, and that he had one of the men arrested for not doing the work properly.

Nicholas Sciorsi testified that he was president of the Hudson Contracting Company.

Assistant Street Commissioner McLaughlin testified that he had complained to Mr. Sciorsi on two or three occasions that he was not receiving carts enough from the company to do the work.

James Cunningham, of 93 Palisade avenue, Jersey City, testified that he was the secretary of the Central Contracting Company; said that if his company received the contract they would put a sufficient number of carts to remove the ashes and garbage in eight hours.

C. J. Tahen testified that he was president of the Central Contracting Co., that his company were ready to go ahead at once if they received the contract.

Mayor Gonzales testified that the ashes were removed at the present time better than they ever were.

Corporation Attorney Fallon protested against the granting of the contract to the Hudson Contracting Co., that they were not responsible bidders.

Counselor Julius Lichtenstein spoke in favor of granting the contract to the Hudson Contracting Co.

Counselor William D. Edwards spoke in favor of granting the contract to the Central Contracting Co., as they were responsible people.

Councilman Wren moved that the matter be referred to the Committee on Streets and Assessments, and that they report to the Council at the next meeting, to be held on November 29, 1911.

Adopted.

On motion of Councilman Wren, the Board adjourned.

JAMES H. LONDRIGAN,  
City Clerk.

The following communication was presented and read:

To the Honorable the Common Council:  
Gentlemen—The enclosed claim of \$500,

for election expenses is returned without my approval. Section 180 of the Election Law reads: "All bills before being paid shall be itemized and verified by the oath of the claimant and audited and approved by the clerk who contracted the bill for," this has not been done.

Respectfully,

GEO. GONZALES,

Nov. 25, 1911.

Mayor.

Councilman Wren moved that the resolution directing the City Clerk to draw a warrant to his own order for the sum of \$500, to pay city's share of expense for the conducting of the Primary and General Election for the year 1911, be passed notwithstanding the veto of His Honor, the Mayor.

Adopted by the following vote:

Ayes—Councilmen Delaney, Duffy, La Pointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman Belloff.

The following communication was presented and read:

To the Honorable Common Council:

Gentlemen—I return without my approval the enclosed claim.

Respectfully,

GEO. GONZALES,

November 25, 1911.

Mayor.

Claim of Paul J. Exner Co., for \$6,336 for alterations to City Hall.

Councilman Wren moved that the claim be paid notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Delaney, Duffy, La Pointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman Belloff.

The following communication was presented and read:

To the Council:

Gentlemen—The enclosed claim of B. Braunstein, for \$75 for badges furnished to the Board of Examining Engineers is returned without my approval.

In the past it has been the custom to present officials with badges for the purpose of decorating their persons, and as I have always disapproved of this display at the expense of the city, I have not, at this late day, changed my mind. If this was allowed, there is no limit to what extent your Honorable Body may go in purchasing badges, so, as long as I am in office, bills of this kind will not be paid.

Respectfully,

GEO. GONZALES,

Mayor.

Dated Hoboken, N. J., November 25, 1911.

Councilman Wren moved that the claim be ordered paid notwithstanding the vote of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Delaney, Duffy, La Pointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman Belloff.

The following communication was presented and read:

To the Council:

Gentlemen—I return without my approval enclosed claim of James Smith for the men apparently employed in the parks. It has occurred to me, and, as I have stated in former vetoes that, in such instances, they are political workers, working in the interest of a political party and so-called "leader," and should be paid out of the funds or assessment of the political party.

I also return claim of James Farrell for services to the Board of Assessors, without my approval.

Respectfully,

GEO. GONZALES,

Mayor.

Dated Hoboken, N. J., November 25, 1911.

Claim of James Smith, Treasurer, for extra services in parks, \$72, \$72, \$60, \$60.

The following communication was presented, read and referred to the Committee on Sewers and the Corporation Attorney:

Hoboken, N. J., November 29, 1911.

To the Honorable Mayor and Council of the City of Hoboken:

Gentlemen—A summons issued from the New Jersey Supreme Court has been served upon me in the matter of the suit of the Delaware, Lackawanna and Western Railroad Company against the Mayor and Council of the City of Hoboken. The said summons is returnable December 13th, 1911. The suit is for the recovery of the sum of \$5,000 for labor performed and materials furnished on the reconstruction of the outlet to the Ferry street sewer, belonging to the city, in the City of Hoboken, which the Railroad Company says was agreed to by your Honorable

Body in conference with the officials of said Company, at which conference it was agreed that the Railroad Company should pay \$5,000 and the City pay \$5,000 for said work. With said summons the attorney of the Railroad Company left with me the form of resolution hereto annexed, which you are requested to pass in compliance with the aforesaid agreement, and I am informed by Mr. William D. Edwards, attorney for the Railroad Company, that His Honor the Mayor agrees thereto. The said resolution would direct the Corporation Attorney to enter upon the minutes of the court what is known in law as a reletor, whereby judgment may be entered against the City for said sum of \$5,000, and upon said judgment being entered a judgment bond to be given to the Railroad Company for the amount thereof, payable February 1, 1912. I submit the matter for your consideration, and request that you advise me as to your wishes in the matter.

Respectfully,

JOHN J. FALLON,  
Corporation Attorney.

The following report and resolution was presented and read:

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—Your Committee on Finance and Salaries, to whom was referred the several bids for the purchase of two hundred and sixty-three thousand five hundred and fifty dollars' bonds of the City of Hoboken, designated "School Bonds," beg leave to report that they have carefully examined the same and find the one of Kissel, Kinnicutt & Company the highest and most advantageous, and in the judgment of your Committee it is in the best interests of the city to accept the same, and would therefore offer the following:

Whereas, The Common Council did, on October 11th, 1911, pass a resolution directing the City Clerk to advertise according to law for proposals for the purchase of \$263,550 bonds of the City of Hoboken, which said resolution was approved by the Mayor October 13th, 1911, and

Whereas, Due public notice was given in accordance with the terms of said resolution, and bids for the purchase of the aforesaid bonds were duly submitted to the Council November 22d, 1911, and referred to the Committee on Finance and Salaries and Corporation Attorney, and the bid of Kissel, Kinnicutt & Company, of 37 Wall street, New York, was the highest bid submitted; therefore, be it

Resolved, That the two hundred and sixty-three thousand five hundred and fifty dollars'

bonds of the City of Hoboken, authorized by an ordinance entitled "An ordinance authorizing the issuance of bonds of the City of Hoboken, N. J., in the aggregate sum of two hundred and sixty-three thousand five hundred and fifty dollars, for the purpose of raising money to make provisions for the settlement of the claim of the Calumet Construction Company against the Board of Education of the City of Hoboken for work done on Public School No. 9, and for the costs of the settlement; for the purchase or condemnation of lands to form a part of a plot whereon to erect a building to take the place of School Number One and for the erection and equipment of a school house to take the place of School Number One; for the equipment of the New High School Building, and providing for the payment of said bonds and the interest thereon, passed by the Council September 27th, 1911, and approved by the Mayor September 28th, 1911, and also by the statute in such case made and provided, be and the same are hereby awarded to Kissel, Kinnicutt & Co., of 37 Wall street, New York, at their bid of 105.1813 and accrued interest for each one hundred dollars par value thereof, and the Treasurer is hereby authorized and directed to deliver said bonds when duly executed to Kissel, Kinnicutt & Company, on the receipt of the amount of their bid therefor, and accrued interest.

AUGUST T. PFLUGH.

P. H. DUFFY.

JOHN DELANEY.

Councilman Duffy moved that the report be received and the resolution be adopted.

Adopted by the following vote:

Ayes—Councilmen Delaney, Duffy, La-Pointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

Nays—None.

Absent—Councilman Belloff.

The following report and resolution was presented and read:

Whereas, Bids were received in answer to public advertisements from various bidders for the removal of ashes and garbage for terms of one, three and five years; and

Whereas, It is the opinion of the Council that it is advisable to award a contract for a terms of five years; and

Whereas, The lowest bid received was from the Hudson Contracting Company, for the sum of fifty-two thousand nine hundred and eighty dollars (\$52,980) for said term of five years, and the next lowest bid was received from the Central Contracting Company, for the sum of fifty-six thousand dollars (\$56,000) for the term of five years; and

Whereas, Complaints have been made to this Council that the Hudson Contracting Company, which has been removing the ashes and garbage under arrangement for the past nine months, has performed its work in an unsatisfactory and slovenly manner; and

Whereas, The Council gave a public hearing to said Hudson Contracting Company, relative to the manner in which said work had been performed, and to all other matters connected with the award of the contract, which hearing was attended by said Hudson Contracting Company and the Central Contracting Company and their respective officers and counsel, and also by many complaining citizens and city officials; and

Whereas, This Council is of the opinion, as a result of said hearing, and after careful consideration, that it is not for the best interests of the city to award the contract to the Hudson Contracting Company on their bid of fifty-two thousand nine hundred and eighty dollars (\$52,980), for five years, because of the slovenly and unsatisfactory manner in which they have performed their work; and

Whereas, The Council is of the opinion that the best interests of the city will be subserved by the award of said contract to the Central Contracting Company, who are, in the opinion of this Council, the lowest responsible bidder who has tendered satisfactory bonds or security for the faithful performance of the work; therefore be it

Resolved, That the bids of the Hudson Contracting Company for said work be and the same is hereby rejected, and that the contract be awarded to the Central Contracting Company, upon their bid of fifty-six thousand dollars (\$56,000); and be it further

Resolved, That the Corporation Attorney be instructed to prepare the proper contracts for the execution by the Mayor, under the seal of the city, attested by the City Clerk, and by said Central Contracting Company; and be it further

Resolved, That the certified checks and bonds be returned to the unsuccessful bidders.

BERNARD McFEELY,  
JOHN DELANEY,  
PATRICK H. DUFFY.

The following report and recommendation of the Committee on Police and Militia was presented and read:

To the Council.

Your Committee on Police and Militia, to whom was referred the pay roll and requisition from the Board of Police Commissioners to pay salaries of the Police Department for the last half of the month of November, 1911, hereby report that they had examined

the same and find it to be incorrect in several instances. We find that the Police Commissioners have without warrant or law undertaken to place on the retired list of the Police Department Captain John Flattery, whom the people of the City of Hoboken have always found to be a most capable and efficient official, without his assent and against his will, and notwithstanding that said unlawful and arrogant act of said Commissioners has been removed to the Supreme Court for the purpose of having said action reviewed and set aside, and Captain Flattery restored to his position as Captain in the Police Department. The reckless disregard of the rights of Captain Flattery is but a slight manifestation of the high handed, unlawful, arrogant and outrageous manner in which the vicious combination, consisting of Mayor Gonzales and Police Commissioners Foley and Kuper, have undertaken to impose their nefarious work on the people of this city.

We find also that said Board of Police Commissioners have undertaken to appoint as Police Captain the Clerk of said Board, Daniel J. McCarthy, who is in no wise eligible to or competent for said position.

We find also that said Board have undertaken to appoint as Police Captain Terence Foley, who is in no wise eligible to or competent for said position.

The pay roll submitted by the Board of Police Commissioners evidences that said Board have requested payment for three Police Captains, notwithstanding that but two Police Captains can be lawfully appointed for the two police precincts in our city.

We have revised the pay roll, as submitted by the Board of Police Commissioners, so that each members of the Police Department shall be paid the salary to which he is honestly entitled by law, and we recommend that said revised pay roll be passed by your Honorable body and a warrant directed to be drawn on the Police Fund in payment thereof for the sum set opposite the respective names mentioned therein, aggregating the sum of \$6,287.81, in favor of George Gonzales, President of the Board of Police Commissioners, and we further recommend that if said Board shall use said moneys otherwise than as specifically appropriated by the Council, that those who shall be a party to such illegal action be prosecuted therefor, as for misdemeanor, according to the provisions of the crimes act.

We submit herewith the revised pay roll hereinabove mentioned.

Respectfully,

(Signed)

P. H. DUFFY.

Hoboken, N. J., December 4, 1911.

To the Honorable Common Council of the City of Hoboken.

Gentlemen—The following is a true and correct copy of a resolution duly adopted by the Board of Police Commissioners of the City of Hoboken, at a session held on December 4, 1911.

Whereas, The Board of Police Commissioners of the City of Hoboken, at a session held on Monday, November 20, 1911, ordered paid pay rolls amounting to the sum of \$6,310.03, to pay salaries of the Police Department, etc., for the last half of the month of November, 1911; and

Whereas, True and correct copies of said pay rolls were submitted to the Council of the City of Hoboken, in compliance with Chapter nine of an Act entitled "An Act to incorporate the City of Hoboken," approved March 17, 1870, which Act provides that the Council shall order a warrant drawn on the

City Treasurer, in favor of the President of the Board of Police Commissioners, for the amount of the pay rolls as submitted; and

Whereas, The warrant ordered drawn by the Council on the City Treasurer, in favor of the President of the Board of Police Commissioners, is not for the amount of said pay rolls; therefore be it

Resolved, That said warrant be returned to the Council for correction, together with a copy of this resolution.

Respectfully,

DANIEL J. McCARTHY,

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—I return without my approval resolution increasing the salary of Patrick Byrne, janitor, Second Precinct Police Station, \$1,200 per annum.

There would be some reason to appreciate the services of a man and raise his salary had he been a person who had given attention to his duties in a manner satisfactory to his superiors, but in the past there have been numerous complaints, and the work which has been assigned to him as such janitor has been done in a slovenly fashion, and to place a premium on services of this kind is setting an example for others to neglect and otherwise not give general satisfaction.

It is deplorable to the other employees to think that a man of this kind should have an increase in salary.

Respectfully,

GEORGE GONZALES,

Mayor.

Dated December 12, 1911.

Councilman Wren moved that the resolution be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—I return without my approval resolution increasing the salary of Frank Kennedy, keeper of Public Bath.

This is an unnecessary expense, as there are a number of men who would be perfectly satisfied with the salary which was formerly paid to the Bath Keeper.

Respectfully,

GEORGE GONZALES,

Mayor.

Dated December 12, 1911.

Councilman Wren moved that the resolution be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—I return without my approval resolution increasing the salaries of the city employees.

It has been suggested by Mr. Allen, of the Stevens Fund, as follows:

"That all salary increases be deferred until after all city positions and salaries may be studied.

"That such a study be made of all positions and salaries with a view to installing efficiency tests in city offices and standardizing salaries and wages."

Respectfully,

GEORGE GONZALES,

Mayor.

Dated December 12, 1911.

Councilman Wren moved that the resolution be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented, read and referred to the Committee of the Whole and the Corporation Attorney:

To the Honorable the Common Council:

Gentlemen—The enclosed communication was received by me. I refer same to your Honorable Board for such action as you may deem advisable.

Respectfully yours,

GEO. GONZALES,

Mayor.

December 12, 1911.

Office of the Mayor.

Philadelphia, Dec. 1, 1911.

Hon. George Gonzales, Hoboken, N. J.:

Dear Sir—That the guardianship of child life is of primary and far-reaching importance to the nation is a truth admitted by all open-minded students of national affairs. In municipal administration various departments have been created to cover certain phases of child life, and yet to the present time, as far as I am aware, there has been no department or commission created in any city charged with the special duty of studying and

supervising child life in its broadest sense. Owing to this circumstance no definite information has been available to the Chief Magistrate of a city, by the aid of which he may know whether methods now followed are efficient, or whether, on the other hand, grave omissions in proper guardianship of the city's children take place.

Realizing as a result of more than four years' experience as Mayor of Philadelphia, that a problem of the first importance was not receiving its proper consideration, I was led to appoint a Child Welfare Conference Planning Committee to arrange for a conference and exhibition at City Hall, the object being, first, to show what Philadelphia is doing for children; second, what Philadelphia should do; third, what private agencies are doing. The conference in question was successfully conducted, and out of this conference has developed the opinion that a special commission, charged with the duty of child welfare, should form a part of every city government.

Firm of this opinion, I recommend the adoption of this plan to the authorities of American cities, and would suggest that they get into communication with the Executive Committee of the Philadelphia Child Welfare Planning Conference, from whom they can receive further and more detailed information concerning the hopes and plans of those leading the movement.

Yours very truly,

JOHN E. REYBURN,  
Mayor of Philadelphia.

Executive Committee:

MRS. FREDERIC SCHOFF,  
3418 Baring St.

MR. JACOB GIMBEL,  
DR. ROBERT N. WILLSON,  
MRS. GEO. K. JOHNSON,  
MISS MARY S. GARRETT.

The following communication from His the Mayor was presented and read:

To the Council:

Gentlemen—I return without my approval the resolution giving the contract to the Central Company for the removal of ashes and garbage, etc. The Hudson Company seems to be able to fill every need and furnish the proper security, and is lower in its bid. Why the Central Company should be favored I am unable to understand, and therefore veto the resolution giving it the contract.

Respectfully,  
GEO. GONZALES,  
Mayor.

December 4, 1911.

Councilman Wren moved that the report and resolution be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—I return the enclosed resolution without my approval. In previous vetoes of this First street sewer matter I have given reasons for my vetoes, and if it appears at any time that your Honorable Body or any member of your Honorable Body would like to know my reasons for any vetoes or anything which I have done in my official capacity, I shall be at your call and shall give you such reasons and explanations as I may have, so as not to be mistaken about my presence at your meetings, I shall always be at my office, ready to receive any member or appear on any of the city matters.

Respectfully,  
GEO. GONZALES,  
Mayor.

Dated December 4, 1911.

Councilman Wren moved that the resolution be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Wren and Chairman Anderson.

Nays—Councilmen Pflugh and Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—I return without my approval the claim of Charles Hvass and Company, \$400, for one sweeping machine.

I call your attention to the City Charter, which says: "All claims, contracts in excess of \$100, should be advertised for."

Respectfully,  
GEO. GONZALES,  
Mayor.

Dated December 4, 1911.

Councilman Wren moved that the claim be paid notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—I return without my approval, the enclosed claim of James Crosson, for \$750, the price to be paid for a team of horses for the Street Department. The reason this claim is returned is that the Department has paid an excessive price for this team. The Fire Department has purchased horses for \$600 a team; the Police Department has just contracted for a team for \$580. If the Street Department deems it necessary to have pedigreed horses or blooded stock, and pay the additional price for the pedigrees, that is one reason, if there is any other reason, it will have to be furnished by your Board.

Respectfully,  
GEO. GONZALES,  
Mayor.

Dated December 4, 1911.

Councilman Wren moved that the claim be paid notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—I herewith veto the enclosed claims of Tivy & Smith, of April 10, 1907, for \$300, and also the claim of \$130 for maps.

Why should I give a reason for vetoing this claim, which was presented to the Council in 1907? If there are any more of these musty old claims which can be resurrected, kindly have them so that I may place my veto upon them before my term of office expires.

Respectfully,  
GEO. GONZALES,  
Mayor.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen.—The claim of James Smith, \$60, extra work in parks, I hereby veto, until there is proof of actual work done for this amount.

Respectfully,  
GEO. GONZALES,  
Mayor.

Dated December 4, 1911.

Councilman Wren moved that the claim be paid notwithstanding the veto of His Honor the Mayor.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—I also return the claim of H. Waddington and Sons for \$95.70, \$95.70 and \$95.70, for cross bridging at Newark and River streets.

This is an evasion of the law governing contracts for the City of Hoboken for work. Therefore, clearly illegal.

Respectfully,  
GEO. GONZALES,  
Mayor.

Councilman Wren moved that the claims be paid notwithstanding the veto of His Honor the Mayor.

The following communication was presented, read and received:

Hoboken, N. J., Dec. 13, 1911.

The Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—I filed yesterday with the Clerk of the New Jersey Supreme Court the return of the Mayor and Council of the City of Hoboken to the several writs of peremptory mandamus, issued by said Court, in the matter of the suit of the Board of Education of the City of Hoboken, relator, vs. The Mayor and Council of the City of Hoboken, respondents.

Respectfully,  
JOHN J. FALLON,  
Corporation Attorney.

The following communication was presented, read and referred to the Committee of the Whole and the Corporation Attorney:

December 13, 1911.

The Honorable the Mayor and Council of Hoboken:

Gentlemen—I communicated with your Honorable Body under date of November 24, 1908, and again under date of July 23, 1909, with reference to civil cases in which the City of Hoboken is plaintiff, which have been pending before our courts for many years past and which have undetermined. I refer particularly to the suits of the Mayor and

Council of the City of Hoboken versus Michael H. Murphy, John Bruning, Martin Steljes and Theophilus Butts, which were instituted in the New Jersey Supreme Court on January 5, 1888, to recover the amount of the defalcation of the bond of Michael H. Murphy, former Water Registrar of this city. I referred in my letter of November 24, 1908, to the final report of my predecessor in office, Hon. James F. Minturn (former Corporation Attorney and now Justice of the Supreme Court), to your Honorable Body, dated August 28, 1907, where he says: These cases have been twice before the Supreme Court on appeal. They went before the Supreme Court first upon demurrers to the declaration. After being held by the Supreme Court for some time they were finally decided in favor of the city. After that they were referred to Charles K. Cannon, Esq., as referee, to hear and determine the same. They were tried before Mr. Cannon as referee, the trial taking a long period of time to suit the convenience of both sides, and were finally decided by Mr. Cannon against the city. Exceptions were filed to this report, and the matter was then taken to the Supreme Court, and that Court set aside the report of the referee and referred the case back to Mr. Cannon for retrial as referee.

It was found necessary at this time to employ an additional financial expert in behalf of the city, and Mr. Wise, a competent expert of New York, was employed. The case of the city was again proven before Mr. Cannon, and Mr. Wise gave his testimony showing the amount of defalcation. He promised to return for cross-examination by defendant's counsel, and, although repeated efforts were made to induce him to return, he never returned, and his cross-examination was never completed.

So far as this city is concerned, its case is complete and in the hands of the referee. Just about this time grave charges affecting Mr. Cannon were presented, and he was indicted, tried and convicted, and is now, it is supposed, in the asylum on charge of lunacy. Shortly thereafter Mr. Butts died and Mr. Martin Steljes died. Applications have been made to the Court by me to substitute the executors of both these defendants in place of the deceased defendants, but in view of the unfortunate accident to the referee it will be necessary to have a new referee appointed and the case tried over again before the new referee.

William D. Edwards, Esq., was appointed to assist me in the trial of these cases, and he has joined with me in all my applications that have been made in the matter. The

cases can be continued at the point where they were stopped by Mr. Cannon's troubles by my successor, in conjunction with Mr. Edwards, unless settlement can be effected between the city and the defendants. The question of settlement has come up repeatedly during the trial of the cases, and it may be advisable, owing to the complication now existing, to consider the question of compromising these claims as the most expeditious way of finally disposing of them."

I stated to your Honorable Body in my aforesaid letter that because of many complications, legal and otherwise, confronting the city at that time, which complications are apparent to me at this writing in regard to the said suits, I would join with the former Corporation Attorney in recommending a compromise of the said suits, if such could be effected. I further stated that should your Honorable Body determine that the litigation should be continued, I requested that you authorize me to employ such expert accountant as I may deem advisable to properly prepare the city's case and present same to the Court for final determination.

I have noticed the aforesaid cases for trial from term to term of the Court, so as to keep the suits alive.

I beg leave to refer you again to my former communications, and await your instructions in regard to the said matter.

Respectfully,  
JOHN J. FALLON,  
Corporation Attorney.

The following communication was presented, read and referred to the Committee on Finance and Salaries and the Corporation Attorney:

Hoboken, N. J., December 13, 1911.

Gentlemen—I am in receipt of a letter dated December 12th instant, from Kissell, Kinnicutt & Company, of 37 Wall street, New York City, to whom was awarded by your Honorable body the issue of \$263,550 School Bonds of the City of Hoboken, who enclose therewith a copy of a letter which they received from their attorneys, Hawkins, Delafield and Longfellow, with reference to the issue of said bonds and the legality thereof. I enclose a copy of the letter of said attorneys herewith.

Said attorneys report to their clients, Kissell, Kinnicutt & Co., that they cannot approve of the aforesaid bonds, for the reason that there is included therein a claim of the Calumet Construction Company, for work done on Public School No. 9, in the sum of \$12,550, and for the payment of the costs of settlement of said sum, estimated at \$1,000. It is pointed out that

Section 76 of the School Law of October 19, 1903, under which said bonds are to be issued, authorizes bonds "for the purchase of lands for school purposes, or for erecting, enlarging, repairing and furnishing a school house or school houses \* \* \* and does not authorize the issue of bonds for the payment of costs in a suit against the Board of Education under the contract for the building of a school house.

It is suggested by said attorneys that a new ordinance be passed authorizing the issue of \$250,000 school bonds, and that the moneys for the claim of the Calumet Construction Company, amounting in all to \$13,500, be taken care of by the issue of funding bonds, under the Funding Act of March 23, 1899, as amended, to an amount not exceeding 96 2-3 per cent. of the amount due the Calumet Construction Company for its claim and the costs of the suit.

Your honorable body will appreciate that the sum of \$1,000, which is mentioned as costs of suit incident to the claim of the Calumet Construction Company, is due entirely to the fact that the Board of Education employed special counsel in said matter, notwithstanding that I have repeatedly advised said board that they are without legal authority to expend the public moneys for any such purpose, and that I, as Corporation Attorney, was prepared at all times to represent said board in all legal matters, without extra compensation. Many thousands of dollars have been expended by the Board of Education for lawyers fees, which I consider to be an outrageous imposition upon the people of this city. The Board of Education has referred some legal matters to me which I have been giving attention to, but for some reason best known to themselves they have, from time to time, employed special counsel, thereby needlessly expending the public moneys.

I am informed that two members of the Board of Education and Mayor Gonzales, constituting a majority of the Board of School Estimate, have determined to insist upon a further appropriation of \$25,000 to be added to the aforesaid sum of \$263,500, and I presume that a report thereof will be submitted at this day's session of your honorable body.

The court has declared in the mandamus proceedings recently brought against you, that you are without any discretionary authority or power in the premises, and that it is mandatory for you to appropriate the moneys required of you by the certificate of the majority of the Board of School Estimate.

I therefore recommend that a new ordinance be prepared, so as to include therein all moneys necessary to be raised for school purposes, nearly \$300,000 in all.

Respectfully,

JOHN J. FALLON,  
Corporation Attorney.

The following communication was presented, read and ordered on file:

Hoboken, Dec. 9, 1911.

To the Honorable Mayor and Council.

Gentlemen—In accordance with the resolution of your Honorable Body passed June 7, 1911, and duly approved June 8, 1911, Mayor Gonzales executed and I attested and turned over to Mr. Julius Lichtenstein, the purchaser, the deed to the property No. 557 First street on the receipt of a certified check for the sum of \$10,450.00, being balance due on the purchase price of Eleven thousand (\$11,000.00) dollars.

I have turned over the check to Mr. James Smith, City Treasurer, whose receipt for same is in my possession.

Respectfully,  
JAMES H. LONDRIGAN,

City Clerk.

The following communication was presented, read and ordered on file:

Hoboken, Dec. 11, 1911.

The Honorable Mayor and Council.

Gentlemen—I beg to notify your Honorable Body that I have received from the City Clerk on account of the sale of the First street fire house the following:

December 8, 1911, check of C.	
A. Tissot, Auctioneer, for the	
sum of \$272.25, plus expenses	
and fees, \$227.75.....	\$550.00
December 11, check of Julius	
Litchenstein, .....	10,450.00

Total purchase price of.....\$11,000.00  
The deed for above-mentioned property was delivered to the purchaser on payment of contract price, viz: \$11,000.00.

Respectfully submitted,  
JAMES SMITH,  
City Treasurer.

The following report was presented, read and referred to the Committee on Finance and Salaries and the Corporation Attorney:

Board of School Estimate,  
District of Hoboken, County of Hudson, N. J.  
Hoboken, N. J., Dec. 8, 1911.  
To the Honorable the Mayor and Council.

Gentlemen—This is to certify that, in accordance with Article 7, Section 76, of the State School Law, the Board of School Estimate of the District of Hoboken, County of Hudson, State of New Jersey, met at the

rooms of the Board of Education on Thursday evening, December 7, 1911, and upon the presentation of a statement from the Board of Education, setting forth the necessity of a further appropriation in order to erect and complete the new school building, to be known as Public School No. 1, and embodying an estimate of the amount required for this purpose, and after a careful consideration and deliberation, did fix and determine that a further sum of Twenty-five thousand (\$25,000) dollars is necessary for the purpose named, and we therefore ask your Honorable Body to appropriate and borrow the sum so specified and secure the same by the issue of bonds, to be designated "School Bonds."

By the order of Board of School Estimate,

JOHN H. SHERIDAN,  
GEORGE GONZALES,

President.

E. F. MUZZI.

Attest:

W. A. KERR,

The following report and recommendation of the Committee on Police and Militia was presented and read:

To the Council:

Your Committee on Police and Militia, to whom was referred the corrected pay roll

and requisition from the Board of Police Commissioners to pay salaries of the Police Department for the first half-month of December, 1911, hereby report that they have carefully examined the same and find it incorrect in several instances, as pointed out by us in our report submitted at the session of the Council held Nov. 29, 1911, with reference to the police salaries for the last half-month of November, 1911, the Board of Police Commissioners have illegally attempted to remove Police Captain John Flattery and appoint Police Captains, we refer you to our said report. Police Captain John Flattery has obtained a writ of certiorari to review he high-handed and outrageous action of the Police Board combination.

Annexed herto is a statement of the salaries due to the respective police officers named therein, amounting in all to \$6,083.57, and we recommend that a warrant be directed to be drawn on the Police Fund in payment thereof for the sum of \$6,083.57, in favor of George Gonzales, President of the Board of Police Commissioners, and we further recommend that if said Board shall use said moneys otherwise than as specifically appropriated by the Council, that those who shall be a party to such illegal action be prosecuted therefor, as for misdemeanor, according to the provisions of the crimes act.

The following communication from His Honor the Mayor was presented and read:

To the Council:

Gentlemen—I return without my approval resolution that the Comptroller be directed to transfer moneys in the following funds:

Sixth street, Madison to Monroe streets .....	\$1,350 00
Monroe, between 5th and 6th streets .....	3,600 00
Second street, Willow avenue to Madison street .....	3,500 00
Willow avenue, 11th to 13th streets .....	11,650 00

It appears to me that if the members of your Council try to cloud matters so, by resolutions of this kind, that no matter how many assistants we have, we will be unable to unravel the mess you are now apparently making a grab bag fund for somebody to have access to expenditures at his or their own will, so there cannot be any possible check on the amount of expenditures, however it will take the usual course, I expect.

Respectfully,

GEORGE GONZALES,

Mayor. •

Councilman Wren moved that the resolution be passed notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented, read and referred to the Committee on Finance and Salaries, Streets and Assessments and Corporation Attorney:

To the Council:

Gentlemen—After the appointment of the present Building Inspector there was a license fee charged of ten dollars to each and every permit issued out of his office, which, at the time, was in accordance with the building code, and he was obliged then to collect ten dollars for a permit of any character. The collection of the ten dollars from each and

every person, in a great many instances, was a hardship because of the small improvement made, and in a number of instances the liveness to make improvement were not worth the sum of ten dollars, and this was to be adjusted by the Corporation Counsel and a Committee. It has remained in that state for one year, and the different citizens of the City of Hoboken have obtained no satisfaction from your Committee nor the Corporation Counsel. It would be well if something was done to adjust this matter which seemingly was unreasonable at the time.

I also call your attention to the fact that the present state of the removal of the ashes and garbage through the actions of your Council have now brought about a condition whereby the streets in the lower part of the City of Hoboken are in a deplorable condition. Unless there is immediate action taken by your Council, so as to bring about a rapid removal of the refuse, there is likely to be cause for an epidemic.

Respectfully,

GEO. GONZALES,

Mayor.

December 20, 1911.

Seventeen communications from His Honor the Mayor was presented and laid over until the next meeting.

Adopted.

The following report and recommendation of the Committee on Police and Militia was presented and read:

To the Council:

Gentlemen—Your Committee on Police and Militia to whom was referred the pay roll and requisition from the Board of Police Commissioners to pay salaries of the Police Department for the last half-month of December, 1911, hereby report that they have examined the same and find it to be incorrect in several instances, as pointed out in our report submitted November 29, 1911, with reference to the police salaries for the last half month of November, 1911, the Board of Police Commissioners have illegally attempted to remove Police Captain John Flattery and appoint police captains. We refer you to our said report. Police Captain John Flattery has obtained a writ of certiorari to review the highhanded and outrageous action of the Police Board combination.

Annexed hereto is a statement of the sal-

aries due to the respective police officers named therein, amounting in all to \$6,083.57, and we recommend that a warrant be directed to be drawn on the police fund in payment thereof for the sum of \$6,083.57, in favor of George Gonzales, President of the Board of Police Commissioners, and we further recommend that if said Board shall use said moneys otherwise than as specifically appropriated by the Council, that those who shall be a party to such illegal action be prosecuted therefor, as for misdemeanor, according to the provisions of the Crimes act.

1 The following report and resolution was presented and read:  
To the Council.

Your Committee on Finance and Salaries, to whom was referred the bid of R. M. Grant & Company, for the purchase of seventeen thousand eight hundred and ninety-one dollars and seventeen cents bonds for the purpose of paying judgments due to the Barber Asphalt Paving Company, beg leave to report that they have carefully examined the same and consider said bid to be advantageous, and in the judgment of your Committee it is in the best interests of the City to accept the same, and would therefore offer the following:

Whereas, The Common Council did on the 22nd day of November, pass a resolution directing the City Clerk to advertise according to law for the purchase of seventeen thousand eight hundred and ninety-one dollars and seventeen cents bonds of the

City of Hoboken, which said resolution became operative according to law by reason of the Mayor having failed to approve or disapprove thereof within the time prescribed by law and

Whereas, Due public notice was given in accordance with the terms of said resolution, and only one bid was submitted to the Council this 20th day of December, 1911, which was referred to the Committee on Finance and Salaries, and the said bid of R. M. Grant & Company being the only bid submitted; therefore be it

Resolved, That the seventeen thousand eight hundred and ninety-one dollars and seventeen cents bonds of the City of Hoboken, authorized by an ordinance entitled "An ordinance to provide for an issue of bonds for the purpose of paying judgments against the City of Hoboken," which said ordinance became operative according to law by reason of the Mayor not having approved or disapproved thereof within the time prescribed by law, in the aggregate sum of seventeen thousand eight hundred and ninety-one dollars and seventeen cents, for the purpose of raising money to pay the judgments due and payable to the Barber Asphalt Paving Company, be and the same is hereby awarded to R. M. Grant & Company, of 31 Nassau street, New York, at their bid of 100.51 and accrued interest for each \$100 par value thereof, and the City Treasurer is hereby authorized and directed to deliver said bonds, when duly executed, to said R. M. Grant & Company on the receipt of the amount of their bid and accrued interest.

The following communication from His

Honor the Mayor was presented and read:  
To the Council:

Gentlemen—You have passed an ordinance which I hereby veto, by which you have increased the Mayor's salary from the present salary of two thousand to four thousand dollars, which is to be paid to the Mayor hereafter.

The ordinance which you have passed is clearly illegal. The Mayor's salary is fixed by statute at two thousand dollars a year, and for that reason you have no right to increase the salary of the Mayor by ordinance or otherwise, and furthermore, a salary cannot be increased in excess of the appropriation made for the term of the ensuing year.

You have in the past ignored my votes, and notwithstanding that, your Council is liable, and I draw your attention to, and this is notice to you that if you pass this ordinance over my veto, after this warning to you, that you will be unable to plead ignorance or obtaining the sympathy of anybody when you are brought to account.

Respectfully,

GEO. GONZALES, Mayor.

December 20, 1911.

Councilman Wren moved that the communication be received and presented the following:

Whereas, A veto received from the office of Mayor of our city should ordinarily be entitled to receive the dignity attached to it by virtue of the office from which it emanates, yet we must consider the source from which this veto now before the Council for action comes.

After the most disastrous and expensive administration that Hoboken has ever experienced, after the distressing spectacle afforded in the closing hours of his administration, without law or reason, Mayor Gonzales increases the burden of the Police Department to the extent of twenty thousand dollars per annum, and appoints three police captains and three more policemen; after a period of ridiculous conduct such as Mayor Gonzales has furnished our citizens, after displaying an absolute inability to do anything for the improvement of Hoboken, and his demonstration that in constructive statesmanship he is not even a pigmy but a totally negative character, does he point out the statute under which he retired Captain Flatery, and without any appropriation having been made therefor and despite the examinations and certificates of ten reputable physicians increases the police department, appointing three police captains and a like number of policemen.

When he dismissed two truant officers, and appointed five policemen and two detectives,

did he point out the statute, and later on when he appointed his cousin a truant officer did he point out the statute?

While the members of the Council, whom he is ever abusing, appeared before their constituents for re-election and were honored by such re-election, did he dare to stand upon the merits of his administration and seek a re-election as Mayor, or did he fear the visitation of the wrath of the people for his failures?

If sympathy is to be sought by anyone, then Mayor Gonzales is the one to whom it should be extended for the unenviable position he now occupies in the closing hours of his term of office.

Did he point out the statute under which he reduced the salary of the Clerk of the Police Board from \$1,700 to \$1,500 per annum and now raised it to \$2,000 by the subterfuge of giving the Clerk the empty title of Captain and assigning him to perform the duties of Clerk, and

Whereas, We believe that upon strictly business principles and upon the rules of merit, that if Mayor Gonzales was worth two thousand dollars per annum for the extravagant administration and increased tax rate he gave to the city, our new Mayor, the Honorable Martin Cooke, will be worth a salary of four thousand dollars per annum for the progress he will make and the advancements he will accomplish for our city; therefore be it

Resolved, That the veto of the Mayor, together with said ordinance, be taken up and that said ordinance be passed notwithstanding the veto of His Honor the Mayor.

THOMAS J. WREN.

On motion of Councilman Wren the above preambles and resolution were adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duñy, LaPointe, Larkin, McFeely, Pflugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—The raising of the salaries of the Collector and his assistants, and also the Treasurer and his assistant, as it so happens, can be raised.

You possibly have power under the Act of the Legislature of 1908 to increase the salaries, but you have not power to make an ordinance to increase and pay the salaries beginning the first of the year, because you will exceed the appropriation for salaries. There is no appropriation made for the increase of these salaries, and you had

better be advised on this matter by your counsel. Therefore, I veto these ordinances.

Respectfully,

GEO. GONZALES,

Mayor.

December 20, 1911.

Councilman Wren moved that the communication be received and that the ordinances be passed notwithstanding the veto of His Honor the Mayor.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—I hereby veto the ordinance increasing the salary of the Comptroller. As you will find upon proper reference to the law that his salary cannot be increased during the term of his office.

Respectfully,

GEO. GONZALES,

Mayor.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—I hereby veto the ordinance increasing the Street Commissioner's salary. There is no warrant of law nor is there any necessity for the increase of this salary. The present Street Commissioner is amply paid for the duties that he performs, which are merely political, and the amount of time which he employs in supervising the Street Department is not worth one-fifth of the salary that he is paid now.

Respectfully,

GEO. GONZALES,

Mayor.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council.

Gentlemen—I hereby veto the ordinance increasing the salary of Assistant Street Commissioner. There is no more necessity for an Assistant Street Commissioner than there is for Hoboken supporting a white elephant; although the Assistant Street Commissioners is actually in command of all the work, while the Street Commissioner, his superior, attends to the political advancement of his friends, and at the session of the Legislature to the advancement of his political party.

There is no doubt that the employment of this assistant was made for the purpose of giving the Street Commissioner time and leisure to perform political duties.

Respectfully,

GEO. GONZALES,

Mayor.

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pfugh, Wren and Chairman Anderson.

Nay—Councilman Volk.

The following communication from His Honor the Mayor was presented and read:  
To the Council:

Gentlemen—I return without my approval payment of \$5,730 for Schneider & Dieffenbach, architects.

These architects have been paid \$500 on a previous bill. They are now demanding the above sum. There is no contract upon record, and there is nothing to show the amount of charges that these architects are going to make. I would advise that unless there is some fee to be charged here, and that we know what the architects are going to receive for their labors in the alteration of the City Hall, as should have been done in all undertakings heretofore in the city, and which any ordinary person would do, know the price before entering into same, so that they may not charge excessive fees.

Respectfully,  
GEO. GONZALES,

Mayor.

Whereas, Henry Mather was, on or about the first day of May, 1875, and up until the time of his death, the owner of the premises known as old street number 136 Bloomfield street, in the City of Hoboken, and that said property, since the time of his death, has been owned by his widow, Caroline S. Mather; and

Whereas, It appears by the records in the possession of the City Clerk of this city that an assessment was made against the said Henry Mather, for water rents from May 1, 1875, to November 1, 1875, amounting to \$9.80, on his property at 136 Bloomfield street aforesaid, which assessment was duly paid on May 15, 1875, and that it also appears by said books that an assessment was made against one John Sattig, for water rents on property owned by him at 166 Bloomfield street, from May 1, 1875, to November 1, 1875, amounting to \$14.54, which was the same period covered by the above assessment against the property of the said Henry Mather, and which said latter assessment against the said John Sattig was never paid; and

Whereas, It also appears by the book of sales for assessments on page 172, that on

July 22, 1876, by virtue of an assessment against John Sattig, amounting to \$14.54, number 136 Bloomfield street, was sold to D. H. Goodrich, for arrears of water rents from May 1, 1875, to November 1, 1875; and

Whereas, It appears that there were no water rents due on the premises 136 Bloomfield street, for which said property could have been sold, as aforesaid, but that \$14.54 was due on the property of John Sattig, 166 Bloomfield street, and that the intention was to sell 166 Bloomfield street, instead of 136 Bloomfield street; it is therefore

Resolved, That the City Clerk be and he is hereby authorized and empowered to cancel the sale aforesaid of record against said premises, old number 136 Bloomfield street.

Adopted by the following vote:

Ayes—Councilmen Belloff, Delaney, Duffy, LaPointe, Larkin, McFeely, Pflugh, Volk, Wren and Chairman Anderson.

The following communication was presented, read, received and entered in full on the minutes:

Hoboken, N. J., December 29th, 1911.

To the Members of the Common Council:

Gentlemen—When the voters of the Second Ward elected me to the office of Councilman as their representative, they no doubt did so with the idea that I, as a business man of this city, would use my best endeavors to assist in giving the City of Hoboken a good business administration. This I have endeavored to do, and it was through no fault of mine that it was not accomplished. From time to time during the past two years I have introduced resolutions that were, to my way of thinking, of vital importance to this city, and would have accomplished good results, but these were, as a rule, referred to various committees when they were accepted, and never acted upon.

I trust that the incoming administration will be more active and take up matters of importance that will be for the general public good, such as: A new charter, a better condition of our streets and sidewalks, improvement of the sewerage system, especially in the lower section of our city, and have the general administration of affairs in the various departments performed in a more up-to-date and systematic manner than it is now being done.

The State law which at the present time governs our school system needs a change, because we should have the right to say how, when, where and in what manner our own moneys should be spent.

Believing that the incoming Mayor, Mr. Martin Cooke, will do his utmost to give our city a businesslike administration, founded on a business basis, I would therefore appeal to all the members of the next Board of Council to give their united support and thereby assist him in all improvements that he should desire to make, that will be for the general welfare of the city.

In conclusion, I wish to thank the members of this Board for the courtesy shown me during the past year. I also wish to thank the Chairman, Mr. Anderson, for his many courtesies as a presiding officer. I have never had cause to complain of any actions of his toward me as the minority member of this Council.

In wishing the members of this Board, also the Clerk and his assistants, a happy and prosperous new year, I also wish for the City of Hoboken a businesslike administration for the future.

Yours very truly,

ANTHONY J. VOLK.

The following communication was presented, read and received:

Hoboken, N. J., December 29, 1911.

To the Honorable the Mayor and Council

of the City of Hoboken.

Gentlemen—I have received from Edwards & Smith, attorneys for the Delaware, Lackawanna & Western Railroad Company, a warrant for the satisfaction of judgment in the matter of the suit instituted by said company in the New Jersey Supreme Court against the Mayor and Council of the City of Hoboken, in which matter you passed a resolution directing that a relitta be entered.

Said attorneys have acknowledged the receipt from the City Clerk of the judgment bond for \$5,000, issued by the city in settlement of the aforesaid matter.

I am at this time forwarding the warrant for satisfaction of judgment to the Clerk of the New Jersey Supreme Court, so that he may cancel the judgment of record.

Respectfully,

JOHN J. FALLON,  
Corporation Attorney.
